Any such examination may not be conducted by a third party, except for a certified public accountant that is not working on a contingent fee basis. Records Licensee deems confidential and or trade secret shall also be subject to examination. Any records disclosed to the Airport pursuant to this License shall not be subject to disclosure to a third party, including through a request submitted pursuant to the California Public Records Act or the Federal Freedom of Information Act unless otherwise required by local, State, and or Federal law. Testing and sampling methods may be used by City to verify reports submitted by Licensee. Deficiencies ascertained by the use of such testing and sampling methods, by applying the percentage of error obtained from such testing and sampling to the entire period of reporting under examination will be binding upon Licensee and to that end shall be admissible in court to prove any amounts due City from Licensee. In the event there is any net deficiency in the amount of ten percent (10%) or greater of the compensation payable to City hereunder, Licensee agrees to pay City for the cost of the Audit as well as any other deficiencies, payments and liquidated damages due under this or any other provision of this License.

Section 16. City’s Agent. City may at its sole discretion use a third-party agent (“Agent”) to collect streaming operations data from Licensee as described within this License, and to perform additional functions on City’s behalf, including, but not limited to, the collection of Trip Fees from Licensee, and the preparation of reports for City staff necessary for the ongoing operations, accounting, and enforcement of this License.

Section 17. Representative of Licensee. Licensee shall provide Airport with name, address, telephone and email address for at least one (1) qualified representative authorized to represent and act for it in matters pertaining to its operation, and shall keep Airport Director informed in writing of the identity of each such person.

ARTICLE 2. STANDARD TERMS AND PROVISIONS

Section 1. Limitations on Use of Airport.

1.1. Licensee shall not use Airport, nor any portion thereof, for any purpose other than that hereinabove set forth above, without first having had and obtained the written consent of the Airport Director, which consent may be withheld in the Airport Director's sole discretion.

1.2. There is hereby reserved to City, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of Airport. This public right of flight shall include the right to cause in said airspace any noise inherent in the operation of any aircraft used for navigation or flight through said airspace or landing at, taking off from, or operating on Airport. Licensee agrees not to make any claim or institute legal action against City under any theory of recovery for any interference with Licensee's use and enjoyment of Airport which may result from noise emanating from the operation of aircraft to, from, or upon Airport.

1.3. Licensee, by accepting this License, agrees for itself and its successors and assigns that it will not make use of Airport in any manner which would interfere with the landing and taking off of aircraft from Airport or otherwise constitute a hazard to such operations. In the event the aforesaid covenant is breached, City reserves the right to take all action it deems necessary to cause the abatement of such interference at the expense of Licensee.

1.4. Licensee shall conduct its operations on Airport in such manner as to reduce as much as is reasonably practicable, considering the nature and extent of said operations, any and all activities which interfere unreasonably with the use of other premises at Airport, including, but not limited to, the emanation from Airport of noise, vibration, movements of air, fumes, and odors.

Section 2. Insurance.

2.1 Licensee and City recognize that individual TNC Drivers' underlying auto insurance may vary based on times of "personal use," ownership status, and other underwriting variables. In recognition of this, Licensee warrants that it requires TNC Drivers to maintain underlying personal auto policies ("**PAP**") or other policies equivalent in coverage scope to ISO PAP with limits equal to or exceeding California financial responsibility requirements.

2.2 The TNC Drivers' PAP may or may not include medical payments, UM/UIM coverage for the TNC Driver or passenger(s) or physical damage coverage. Licensee further warrants that, in the event its TNC Drivers' PAP lapses or does not provide the required coverages for any reason, Licensee's insurance shall apply and provide the required coverage as set forth in Section 2.9 of Article 2.

2.3 Licensee agrees that it shall not operate on Airport property at any time the required insurance is not in full force and effect as evidenced by a certificate of insurance and necessary endorsements or, in the interim, an official binder being in the possession of Airport Director. In

no case shall assurances by Licensee, its employees, agents, including any insurance agent, be construed as adequate evidence of insurance. Airport Director will only accept valid certificates of insurance and endorsements, or in the interim and in no event a period longer than ninety days, an insurance binder as adequate evidence of insurance.

2.4 Licensee also agrees that upon cancellation, termination, or expiration of Licensee's insurance, City may take whatever steps are necessary to interrupt any operation from or on the Airport property until such time as the Airport Director reinstates this License.

2.5 If Licensee fails to provide Airport Director with a valid certificate of insurance and endorsements, or binder at any time during the Term, City and Licensee agree that this shall constitute a material breach of this License. Upon City's notice of this alleged breach, Licensee shall have fifteen (15) days to cure the alleged breach ("**Cure Period**"). Following expiration of the Cure Period, City may take whatever steps necessary to interrupt any operation from or on the Airport property, and to prevent any persons, including, but not limited to, members of the general public, and Licensee employees and agents, from entering the Airport property until such time as Airport Director is provided with adequate evidence of insurance required herein. Licensee further agrees to hold City harmless for any damages resulting from such interruption of business and possession, including, but not limited to, damages resulting from any loss of income or business resulting from City's action.

2.6 All self-insured retentions (SIRs) shall be clearly stated on the Certificate of Insurance. If no SIRs apply, indicate this on the Certificate of Insurance with a zero (0) by the appropriate line of coverage. A self-insured retention (SIR) or deductible in excess of \$5,000 for Commercial Automobile liability shall specifically be approved by City's Risk Manager.

2.7 If Licensee fails to maintain insurance as provided herein for the full Term, City may terminate this License.

2.8 Qualified Insurer

The policy or policies of insurance must be issued by an insurer with a minimum rating of A- (Secure A.M. Best's Rating) and VIII (Financial Size Category as determined by the most current edition of the **Best's Key Rating Guide/Property-Casualty/United States or ambest.com**). It is preferred, but not mandatory, that the insurer be admitted to do business in the State.

If the insurance carrier does not have an A.M. Best rating of A-:VIII or higher, the City's Risk Manager retains the right to approve or reject a carrier after a review of the company's performance and financial ratings.

The policy or policies of insurance maintained by Licensee shall be Primary Commercial Auto Liability insurance coverage and provide the minimum limits and coverage as required by California law and CPUC Regulation currently in effect, but shall not fall below the coverage and limits outlined below. Insurance coverage and limits shall be in place prior to operation on

Airport property and subject to airport review for verification.

2.9 Coverage Minimum Limits

CPUC defines TNC services as having three periods:

- Period One: TNC Mobile App open – waiting for a match
- Period Two: Match accepted – but passenger not yet picked up (i.e., driver is on his/her way to pick up the passenger)
- Period Three: Passenger in the vehicle and until the passenger safely exits the vehicle.

Period One Limits: \$50,000 death/bodily injury per person.
 \$100,000 death/bodily injury per incident.
 \$30,000 property damage.
 \$200,000 excess liability per occurrence.

Period Two and Three Limits: \$1,000,000 death/bodily injury/prop damage.
 \$1,000,000 uninsured/underinsured motorist.

Workers Compensation/Employers Liability Statutory/\$1,000,000 per occurrence

2.10 Required Coverage Forms. The Business Auto Liability coverage shall be written on ISO form CA 00 01 10 13 or an equivalent form providing liability coverage as broad.

2.11 Required Endorsements. An Additional Insured via blanket endorsement using ISO form CA 2048 or a form equivalent providing the City of Long Beach, its elected and appointed officials, departments, officers, employees, and agents as Additional Insureds.

2.12 All insurance policies required by this License shall waive all rights of subrogation via blanket endorsement against the City of Long Beach, its elected and appointed officials, officers, agents and employees when acting within the scope of their appointment or employment.

2.13 Licensee shall notify City in writing within thirty (30) days of any policy cancellation and ten (10) days for non-payment of premium and provide a copy of the cancellation notice to City. Failure to provide written notice of cancellation may constitute a material breach of this License, upon which City may suspend or terminate this License.

2.14 Insurance certificates should be forwarded to City or to an address provided by Airport Director. Licensee has ten (10) business days to provide adequate evidence of insurance or this License may be cancelled.

2.15 City expressly retains the right to require Licensee to increase or decrease insurance of any of the above insurance types throughout the Term and no more than once annually and as authorized by law. Any increase or decrease in insurance will be as deemed by City of Long Beach Risk Manager as appropriate to adequately protect City.

2.16 City shall notify Licensee in writing of changes in the insurance requirements. If Licensee does not deposit copies of acceptable certificates of insurance and endorsements with City incorporating such changes within thirty (30) days of receipt of such notice, this License may be in breach without further notice to Licensee, and City shall be entitled to all legal remedies.

2.17 The procuring of such required policy or policies of insurance shall not be construed to limit Licensee's liability hereunder or to fulfill the indemnification provisions and requirements of this License, nor in any way to reduce the policy coverage and limits available from the insurer.

Section 3. City Held Harmless.

3.1 In addition to the requirements of Section 2 of Article 2, Licensee shall, to the fullest extent permitted by law, defend, indemnify and hold harmless City and any and all of its boards, commissioners, officers, directors, agents, employees, assigns and successors in interest (collectively "**City Defendants**") from and against any and all allegations, suits, claims, causes of action, liability, losses, damages, demands or expenses (including, but not limited to, attorney's fees and costs of litigation) (collectively "**Claims**"), prosecuted by anyone (including Licensee and/or Licensee's agents, former and current employees, or competitors) by reason of, arising out of, related to, connected with or pertaining to (1) injury to, or death of, any person(s) (including Licensee and/or Licensee's agents or employees), or (2) damage to, or destruction of, any property (including property of Licensee and/or Licensee's agents or employees), or (3) Licensee's (and/or its employees' or agents') performance under this License, or (4) City's selection of Licensee over its competitors as the awardee of this License; whether or not contributed to by any act or omission of City, or of any of City's Boards, officers, agents or employees.

3.2 In Licensee's defense of City, including but not limited to the negotiation, compromise, and settlement of any action, City shall retain discretion in and control of the litigation, negotiation, compromise, settlement, and appeals therefrom.

3.3 Survival of Indemnities. The provisions under this Section 3 of Article 2 shall survive the termination of this License. Rights and remedies available to City hereinabove shall survive the termination of this License. Further, the rights and remedies are cumulative of those provided for elsewhere in this License and those allowed under the laws of the United States, the State of California, and the City of Long Beach.

Section 4. Restrictions and Regulations.

4.1 Licensee agrees to abide by any and all: (i) applicable rules, regulations, orders and restrictions, as revised pursuant to this License with respect to the operations of Airport; (ii) orders, directives or conditions issued, given or imposed by Airport Director with respect to the use of roadways, driveways, curbs, sidewalks and parking areas in and about said Airport; (iii) applicable laws, ordinances, statutes, rules, regulations or orders of any governmental authority, Federal, State or municipal, lawfully exercising jurisdiction over Airport or Licensee's occupation or use of Airport; and (iv) applicable rules and regulations of City related to commercial passenger vehicles

operating at Airport.

4.2 Nothing herein contained shall be deemed to impair Licensee's right to contest any such rules, regulations, orders, restrictions, directives or conditions or the reasonableness thereof. City shall not be liable to Licensee for any damage to, or for any diminution or deprivation of, Licensee's rights hereunder on account of the exercise of any such authority, or as may arise from Airport development or operation during the Term.

4.3 Subject to this section, Licensee, its employees, agents and representatives shall not in any manner pay, extend or give any type of consideration, compensation, gratuity or reward to any Airport skycap, porter, starter, ticket or information booth person at Airport, or other curbside or terminal personnel at Airport.

4.4 Nothing in this License shall be construed as authorizing Licensee to place starters, skycaps, porters, booth personnel, agents, or other personnel on the curbs or sidewalks or in the terminal at Airport without first having obtained the written consent of Airport Director.

4.5 Licensee shall be solely responsible for any and all civil and/or criminal penalties assessed as a result of its failure to comply with any of these rules, regulations, restrictions, ordinances, statutes, laws, orders, directives and/or conditions.

Section 5. Assignments and Encumbrances.

5.1 Licensee shall not, in any manner, directly or indirectly, by operation of law or otherwise, assign, transfer or encumber this License, or any portion thereof or any interest therein, nor shall Licensee license or otherwise authorize the use of, in whole or in part, the rights granted by this License, without the prior written consent of the Airport Director. Any attempts to assign, transfer or encumber this License, or any licensing or authorizing the use of, in whole or in part, the rights granted by this License, shall be void and shall confer no right, title or interest in or to this License, upon any such assignee, transferee, or encumbrancer. Consent to one assignment, transfer, or encumbrance shall not be deemed to be a consent to any subsequent assignment, transfer or encumbrance. This License shall not, nor shall any interest therein, be assignable as to the interest of Licensee by operation of law without the prior written consent of the Airport Director.

5.2 When proper consent has been given by the Airport Director, the provisions of this License shall be binding upon, and shall inure to the benefit of, the heir(s), successor(s), executor(s), administrator(s) and assign(s) of the parties hereto.

5.3 The sale or other transfer of a controlling percentage of the capital stock or membership interests of Licensee, whether by merger, stock sale, or otherwise, or the sale or transfer of more than fifty percent (50%) of the value of the assets of Licensee relating to the TNC application shall not be subject to the restrictions in Sections 5.1 and 5.2 of Article 2. The phrase “**controlling percentage**” means the ownership of, and the right to vote, stock or interests possessing more than fifty percent (50%) of the total combined voting power of all classes of Licensee’s capital stock or interests issued, outstanding and entitled to vote for the election of directors.

Section 6. Nondiscrimination and Equal Employment Practices/Affirmative Action Program.

6.1. Federal Non-Discrimination Provisions.

6.1.1. Licensee for itself, its heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that in the event facilities are constructed, maintained, or otherwise operated on Airport property, for a purpose for which a Department of Transportation program or activity is extended or for another purpose involving the provision of similar services or benefits, Licensee shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, and as said Regulations may be amended.

6.1.2. Licensee does hereby covenant that: (1) no person on the grounds of race, color or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land and the furnishing of services thereon, no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that Licensee shall use Airport in compliance with all other requirements imposed by or pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, and as said Regulations may be amended.

6.1.3. Licensee assures that it will comply with pertinent statutes, Executive Orders, and such rules as are promulgated to assure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or handicap be excluded from participating in any activity conducted with or benefiting from Federal assistance. This provision obligates Licensee or its transferee for the period during which Federal assistance is extended to the airport program, except where Federal assistance is to provide, or is in the form of personal property or real property or interest therein or structures or improvements thereon. In these cases, the provision obligates the party or any transferee for the longer of the following periods: (a) the period during which the property is used by the sponsor or any transferee for a purpose for which Federal assistance is extended, or for another purpose involving the provision of similar services or benefits; or (b) the period during which the airport sponsor or any transferee retains ownership or possession of the property.

6.1.4. Licensee shall furnish its services on a reasonable and not unjustly discriminatory basis to all users, and charge reasonable and not unjustly discriminatory prices for each unit or service, provided that Licensee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

Section 7. Taxes, Fees and Licenses.

7.1 Licensee shall pay all taxes of whatever character that may be lawfully levied or

charged upon Licensee's operations at Airport.

7.2 Licensee shall also pay for, and cause to be maintained in full force and effect during the Term, all licenses or permits necessary or required by law or regulation for the conduct and operation of Licensee's business authorized herein, or for use of Airport. Such licenses and permits shall cover not only Licensee, but also all TNC Drivers and TNC Vehicles.

7.3 If a claim is made against City for any of the above charges, City shall notify Licensee in writing and Licensee shall promptly pay said charges; provided, however, that failure by City to give such notice shall not constitute a waiver of Licensee's obligation to pay such taxes, license and/or permit fees.

7.4 The obligations of Licensee under this section, however, shall not prevent Licensee from contesting the validity and/or applicability of any of the above charges and, during the period of any such lawful contest, Licensee may refrain from making, or direct the withholding of, any such payment without being in breach of the above provisions. Upon a final determination in which Licensee is held responsible for such taxes and/or fees, Licensee shall promptly pay the required amount, plus all legally imposed interest, penalties and surcharges. If all or any part of such taxes and/or fees, penalties, or surcharges are refunded to City, City shall remit to Licensee such sums to which Licensee is legally entitled.

Section 8. Disabled Access.

8.1 Licensee shall be solely responsible for fully complying with any and all applicable present and/future rules, regulations, restrictions, ordinances, statutes, laws, and/or orders of any Federal, State, and/or local governmental entity and/or court regarding disabilities and disabled access, including any services, programs, improvements or activities provided by Licensee. Licensee shall be solely responsible for any and all damages caused by, and/or penalties levied as the result of, Licensee's noncompliance. Further, Licensee agrees to cooperate fully with City in its efforts to comply with the Title II of the Americans with Disabilities Act of 1990, as amended by the final rule published on September 15, 2010, and any amendments thereto, or successor statutes. Licensee shall comply with 49 CFR 37. Special attention shall be given to: 49 CFR §37.5, §37.105; §37.161; §37.165; §37.167; § 37.171; §37.173; §37.207. In addition to Federal requirements, Licensee shall also be required to comply with Title III of the Americans with Disabilities Act, as amended and any amendments thereto, or successor statutes, and disabilities laws of the State. Among these, though not all inclusive are the Unruh Civil Rights Act, Civil Code §54; Civil Code § 54.1; Civil Code §51.5; and Government Code § 12948.

Licensee shall ensure a disabilities training course complying with 49 CFR 37.173, is implemented for drivers serving Airport(s). Licensee shall ensure that TNC Drivers taking the course complying with 49 CFR 37.173, are proficient in their understanding of disability etiquette and regulations pertaining to service animals, transportation of wheelchairs, and other assistive processes used by persons with disabilities. Licensee shall make available to City's Office of the Coordinator for Disability Services, a copy of the training material used to comply with 49 CFR 37.173.

Licensee shall keep records of all trips made by drivers to and from the Airport.

8.2 Should Licensee fail to comply with Section 8.1 of Article 2, then City shall have the right, but not the obligation, to perform, or have performed, whatever work is necessary to achieve equal access compliance. Licensee will then be required to reimburse City for the actual cost of achieving compliance, plus a fifteen percent (15%) administrative charge.

Section 9. Waiver. The waiver by either party of any breach of any term, covenant, or condition herein contained shall not be deemed to be a waiver of any other term, covenant, or condition, or of any subsequent breach of the same term, covenant, or condition. The subsequent acceptance of compensation hereunder by City shall not be deemed to be a waiver of any preceding breach by Licensee of any term, covenant, or condition of this License other than the failure of Licensee to pay the particular compensation so accepted, regardless of City's knowledge of such preceding breach at the time of acceptance of such compensation.

Section 10. City's Right to Contract With Others Regarding License Rights. The rights granted hereunder by this License are not exclusive in nature, and City specifically reserves the right to enter into similar additional license agreements at Airport, at any time.

Section 11. Business Tax Registration. Licensee represents that it has registered its business with the City of Long Beach; and has notified its TNC Drivers of such requirement for independent contractors in the City of Long Beach; and Licensee has obtained and presently holds from that office a Business License. Licensee shall maintain, or obtain as necessary, all such certificates required of it under said ordinance and shall not allow any such certificate to be revoked or suspended during the Term.

Section 12. Default and Right of Termination.

12.1 In the event Licensee fails to abide by any of the terms, covenants and conditions of this License, including but not limited to any default in the payment by Licensee of the Trip Fees or any other fees, City may immediately terminate this License. City's election to terminate shall not be construed as a waiver of any claim City may have against Licensee consistent with such termination.

12.2 In case of the bankruptcy of Licensee, or the appointment of a receiver for Licensee, or if a receiver is appointed to take possession of Licensee's business operations as a result of any act or omission of Licensee, or if Licensee makes an assignment of this License for the benefit of creditors, City, at its election, may, without notice, terminate this License.

12.3 A material default or breach of the terms of any other license, permit, lease, or contract held by Licensee with City shall constitute a material breach of the terms of this License and shall give City the right to terminate this License for cause.

Section 13. Attorney's Fees. If City shall, without any fault, be made a party to any litigation

commenced by or against Licensee arising out of Lessee's use or occupancy of the Airport, then Licensee shall pay all costs, expenses, and reasonable attorney's fees incurred by or imposed upon City in connection with such litigation. Each party shall give prompt notice to the other of any claim or suit instituted against it that may affect the other party.

Section 14. Miscellaneous Provisions.

14.1. **Fair Meaning.** The language of this License shall be construed according to its fair meaning, and not strictly for or against either City or Licensee.

14.2. **Section Headings.** The section headings appearing herein are for the convenience of City and Licensee, and shall not be deemed to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of this License.

14.4. **Two Constructions.** It is the intention of the parties hereto that if any provision of this License is capable of two constructions, one of which would render the provision void and the other of which would render the provision valid, then the provision shall have the meaning which renders it valid.

14.5. **Laws of California.** This License shall be construed and enforced in accordance with the laws of the State of California and venue shall lie at Airport.

14.6. **Gender.** The use of any gender herein shall include all genders, and the use of any number shall be construed as the singular or the plural, all as the context may require.

14.7. **Exclusivity.** It is understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of an exclusive right within the meaning of 49 U.S.C. 40103(e).

14.8. **Rights of United States Government.** This License shall be subordinate to the provisions and requirements of any existing or future agreement between City and the United States relative to the development, operation, or maintenance of Airport.

14.9. **War or National Emergency.** This License and all the provisions hereof shall be subject to whatever right the United States Government now has or in the future may have or acquire affecting the control, operation, regulation, and taking over of Airport or the exclusive or nonexclusive use of Airport by the United States during the time of war or national emergency.

14.10. **Time.** Time shall be of the essence in complying with the terms, conditions, and provisions of this License.

14.11. **Integration Clause.** It is understood that no alteration or variation of the terms of this License shall be valid unless made in writing and signed by the parties hereto, and that no oral understanding or agreement, not incorporated herein in writing, shall be binding on any of the parties hereto.

14.12. **Approvals.** Any approvals required by City under this License shall be approvals of City acting as Licensor and shall not relate to, constitute a waiver of, supersede or otherwise limit or affect the governmental approvals or rights of City as a governmental agency, including the approval of any permits required for construction or maintenance on Airport and the passage of any laws including those relating to zoning, land use, building and safety.

14.13. **Conflicts in this License.** If there are any direct conflicts between the provisions of Article 1 and Article 2 of this License, the provisions of Article 1 shall be controlling.

14.14. **Days.** Unless otherwise specified, “days” shall mean calendar days.

14.15. **Deprivation of Licensee’s Rights.** City shall not be liable to Licensee for any diminution or deprivation of Licensee’s rights under this License which may result from Licensee’s obligation to comply with any and all applicable laws, rules, regulations, restrictions, ordinances, statutes, and/or orders of any Federal, State and/or local government authority and/or court hereunder on account of the exercise of any such authority as is provided in this Subsection, nor shall Licensee be entitled to terminate the whole or any portion of this License by reason thereof.
