cityclerk@longbeach.gov

Hi my name is Jenny Cuevas

I own Taco Shore on 2nd st

I'm grateful we have the opportunity to have parklets, mine is always full and people love it!

I'm, sure there are more happy people than unhappy, allow us to collect signatures from the happy customers that are also residents to see both sides of the coin

Also I keep them clean and try to keep the homeless out

Please let us keep the parklets we also have a voice in this we are also residents

We the restaurants should have only one parking spot not 3 or 4

And maybe it should be another solución for parking like having the city open up the city beach parking for residents that live close to the beach to open up space on the e street

Thank you for your time

Jenny Cuevas
