

LB Tax Reform

Petition Results

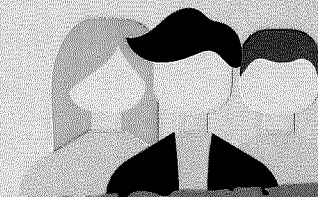

UFCW has been petitioning in Long Beach's cannabis shops to tie a tax break that will incentivize cannabis employers to offer better worker benefits such as wages that are at least 115% of minimum wage, better job training, more paths for career advancement, cannabis delivery driver reimbursement at the IRS rate and more. We want good cannabis employers to be rewarded for treating their workers right.

From our cannabis worker-led outreach, we've gotten 203 signatures out of our 242 unionized cannabis workers in support of this tax reform. We talked to workers from Catalyst, Chronic Long Beach, LB Green Room, Long Beach Wellness Center, The Lift, The Station, The Corner, The Circle, Medmen Broadway, and Show Grow.

We were able to collect an additional 29 signatures from non unionized Long Beach Cannabis shops in spite of the challenges in worker outreach to those shops.

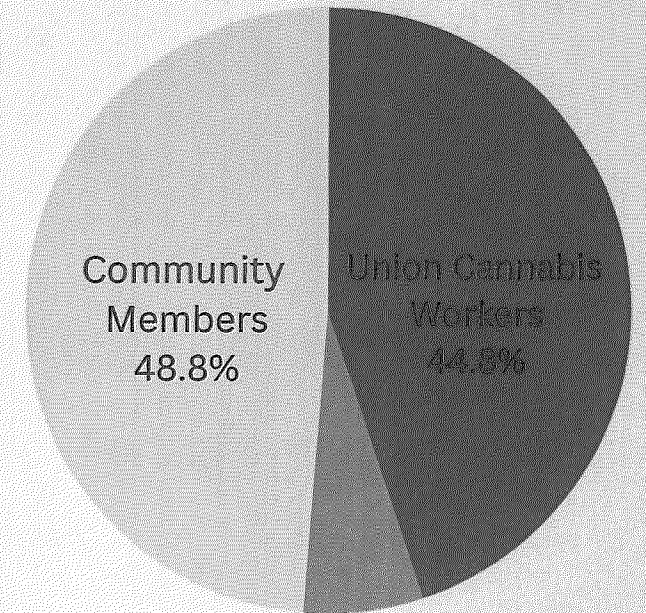

With a huge thank you to our Chronic Long Beach stewards, we were able to collect a whopping 221 signatures from community members, showing solidarity in cannabis workers and consumers supporting reform for the industry. Let's make the Long Beach cannabis industry a better place for our workers to thrive!

Item 30

In our outreach to our unionized cannabis shops, we were able to gather signatures from 83.9% of our cannabis workers!
