4. [06-1359](#)

Recommendation to forward to the City Council the following recommendations on Noise Pollution and Abatement:

1. Modify hours when construction may start during weekdays from 7:00 a.m. to 8:00 a.m. in the City's Noise Ordinance (Health and Safety, Chapter 8.80.202);
2. Modify Entertainment Permit requirements so that a permit would not be based on the number of band members or amplifiers, but rather on the noise limits set by the City's Noise Ordinance;
3. Modify hours when power tools such as saws, sanders, lawn mowers or other garden tools may begin operating on weekends from 7:00 am to 9:00 am on Saturdays and 11:00 am on Sundays, similar to current language regarding leaf blowers. (Health and Safety, Chapter 8.80.200); and
4. Review efficacy of enforcement efforts in the marinas and harbor to control excessively loud noise impacting "live-aboard" residents and waterfront businesses. Specifically, noise from stationary sources such as Events Park or the Queen Mary and mobile sources such as "cigarette" boats (engine and stereo noise). If necessary, legislative recommendations should be made to modify current State Code regarding enforcement of noise on our waterways.
