RE: **Business License Application # 20543920**
Business Name: Quality Aluminum Forge
Business Address: 1410 Cota Avenue

Dear Sir:

Thank you for your interest in establishing a business in the City of Long Beach. Unfortunately, your application to operate a manufacturing business cannot be approved at this time due to noncompliance with applicable laws and regulations, pursuant to LBMC 3.80.421.1(B). The Department of Planning and Building (see attached letter) has recommended that the business license application be denied for the following reasons:

This business has not submitted plans, obtained approvals, permits and inspections for Tenant Improvements to include a change of occupancy from Auto Repair Garage (S-3) to Manufacturing (F), for new electrical for bandsaw, sanding machines, grinding stations and new circuits installed for the break room. These corrections are listed on the Notice of Inspection dated September 9, 2005.

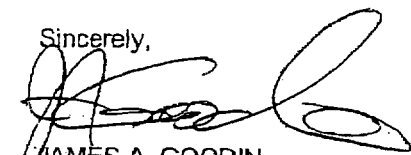

You are required to cease business operations within 10 days of receipt of this letter. To continue business operations would be a violation of the Long Beach Municipal Code. Written notice was provided to you on November 28, 2005 that your business license application would be denied if required inspections were not completed by February 22, 2006.

When this business has been brought into compliance with the applicable laws and regulations governing the operation of a manufacturing business in the City of Long Beach, you may reapply for a business license. Following approval by City departments, the Department of Financial Management will issue a business license.

Should you wish to appeal the denial of your business license application to the Long Beach City Council, you may do so by filing a notice of appeal with the Director of Financial Management within ten days of receipt of this letter. The notice of appeal should state the reason for the denial and the grounds for such appeal. It should be sent to the undersigned along with a nonrefundable filing fee of \$1,050.00.

Please direct any questions to this matter to Jeannine Montoya, Business License Supervisor, at (562) 570-6211.

Sincerely,

JAMES A. GOODIN
Business Services Officer

Director of Planning and Building

CITY OF LONG BEACH

DEPARTMENT OF PLANNING AND BUILDING

333 W. Ocean Blvd. - Long Beach, CA 90802 - 562/570-6651 - FAX 562/570-6205

Date: February 22, 2006

To: Director of Financial Management

From:  Mark I. Sutton, Inspection Officer, Planning and Building Department

Subject: Rejection of Business License Application

The Department of Planning and Building recommends the Director of Financial Management deny the application for a business license by Gel Industries Inc., DBA Quality Aluminum Forge, 1410 Cota Ave., Long Beach, California. The reason for this recommendation is that the applicant has failed to comply with applicable laws and regulations, pursuant to LBMC 3.80.42.1(B).

Specifically, this business has not submitted plans, obtained approvals, permits and inspections for Tenant Improvements to include a change of occupancy from Auto Repair Garage (S-3) to Manufacturing (F), for new electrical for bandsaw, sanding machines, grinding stations and new circuits installed for the break room. These corrections are listed on the Notice of Inspection dated September 9, 2005.

The Planning and Building Department, therefore, recommends that the Director of Financial Management deny Gel Industries Inc., Quality Aluminum Forge's application for a business license.

Re: Business Licence Application # 20543920
Quality Aluminum Forge
1410 Cota Avenue.

3-14-2006.

Dear Mr. Goodin,

In reply to your letter dated 3-3-06 and received on 3-6-06.

This letter to appeal the denial of the business license application on the grounds
That we had already presented the electrical plans on 2-6-06 and we have applied
For the change of occupancy on 3-2-06 and pulled the electrical permit on 3-3-06.

In addition to the above our machinery has been inspected for the purposes of
U/L certification by Power Engineering Services, Inc. and work has been scheduled
To satisfy all requirements.

It is unfortunate that having hired an architect on the same day of the inspection,
That is Sept 9, 2005 and after numerous visits to his office and phone calls
the earliest he could produce and file the electrical plans was on 2-6-06.

Please find enclosed filing fee for \$ 1,050.00 check # 10832.

Sincerely,

Tristano Caracciolo
President
