Alexis,

Writing to have voice heard regarding YMCA at united grace Methodist church. I. am against any our door play area in parking lot. I am not against day care. The noise will be factor, and we already have parking issues in CP. I feel there could be better area for this YMCA!!!! we have owned property for over 40 yrs. our home is on historic register, built 1910. I live out of area or would attend meeting to night at 5. My tenants are very concerned about this & their quality of life. I do worry about my property values, too. I pride myself in picking good tenants for my neighbors/friends. Never had a property manager. This will make it more difficult.

Please let this be for the record.
Susan & William Grove
