1. (13-0843) Recommendation to receive supporting documentation into the record, conclude the public hearing, consider the Mitigated Negative Declaration, and declare ordinance changing the zoning at 3800 Willow Street from Two-Family Residential (R-2-N) to Institutional (I), relating to the renovation of the Schroeder Hall U.S. Army Reserve Center to serve as the Long Beach East Division Police Department Substation read the first time and laid over to the next regular meeting of the City Council for final reading; and Accept the Mitigated Negative Declaration (MND 02-13). (District 5)	Gary Shelton	mrgshelton@yahoo.com		Downtown	Long Beach	California	90802	The Mitigated Neg Dec sections are each silent in any commentary related to Cumulative Effects arising from development of the 1955-1965 Long Beach Bl. site (MHA - homeless services component of project). It is worthy of Council discussion and determination that, under CEQA, there is or there is not a nexus of environmental effects between these two sites, there clearly being a nexus of genesis between them. The MHA site development would not occur were it not for Schroeder Hall development.	9/28/13
9. (13-0852) Recommendation to request City Attorney to draft a resolution in support of the completion of the I-710 Freeway extension.	Mauna Eichner	melf@charter.net		Wrigley	Long Beach	California	90806	I think it's premature to be make this stand for the City. The communities to the North of are opposed to the current plans. Metro has been misleading the public, for example, they will not commit to saying that this road is for goods movement. Finally, Metro admits it will be a toll road which will severely impact the area. We want the best possible 710 here in Long Beach, let's wait on this so our neighbors to the North can get the right 710 up there. Please vote no. Let's not be in a rush.	10/1/13

9. (13-0852) Recommendation to request City Attorney to draft a resolution in support of the completion of the I-710 Freeway extension.	Lee Fukui	leefukui@yahoo.com		Wrigley	Long Beach	California	90806	I request you remain neutral on this until more facts come in. For example, will the extension be a toll road? This would be a deterrent for trucks and others from using it, making it ineffective. Other options of zero emission goods movement has not been fully vetted yet. Let's not act on this prematurely until better options are weighed in. Please vote no. Thank you.	10/1/13
