

Opposition to The Illegal AT&T Cell Tower

We the residents, of the 7100 Block of Atherton Dr., are opposed to the illegal AT&T cell tower located at the end of the street. We the residents request that this cell site be consolidated as a mono pine pole with the legal AT&T owned T-Mobile site. The receiver and equipment that AT&T wants to install on the existing LA Department of Water and Power Transmission Super Structure is not acceptable due to the negative visual blight this would create in our neighborhood.

Name and Address

1. MIKE ROMBERG 7120 ATHERTON DR. Mike Romberg
