

**eComments Report for City Council Meeting Agenda of December 11, 2018**

Item	Name	E-mail	Street	Neighborhood	City	State	Zip	Comment	Received
15. (18-0950) Recommendation to receive and file the Parking Study for Downtown and Alamitos Beach. (Districts 1,2)	Michael Clemson	mclemsen@gmail.com					90804	When considering any plans around parking, I would like to encourage the city council keep in mind the research that shows adding additional parking will encourage more people to drive. The report, under 4.2.4, says "If parking spaces were more readily available, the vehicle ownership rate would likely have been higher." Only offering alternatives to driving can solve this problem, anything else is just an expensive and unfair subsidy to more driving.	12/11/2018
25. (18-1104) Recommendation to declare ordinance amending the Long Beach Municipal Code by amending Sections 8.68.020, 8.68.060, 8.68.065, 8.68.075, 8.68.090 and Subsection 8.68.110.A; all relating to smoking in public places, read the first time and laid over to the next regular meeting of the City Council for final reading. (Citywide)	Melinda Cotton	mbcotton@hotmail.com					90803	Please approve a simple, straightforward Ordinance designating all outdoor dining patios smokefree at all times. No exceptions, please! Smoking on outdoor patios after 11 pm endangers all those living in apartments & condos above the smokers, especially those with asthma and breathing disorders. 'Special Permits' for twenty-days per year allowing outdoor smoking would endanger everyone nearby - children, adults, visitors and servers -- even pet dogs suffer from second hand smoke!	12/11/2018
