The team has gone out of their way to keep all parties informed and I think they have done a great job. please Approve this item as it is a long time coming to finally get this moving forward. Thank you Frank Elizondo	9/17/17
(17-0804) Adopt resolution amending the City's Local Coastal Program, an Element of the City's General Plan (GPA 17-002), related to the boundaries and regulations for the Southeast Area Specific Plan;	Dianne Sundstrom	dianne.sundstrom@verizon.net			Long Beach	California	90814	I support the changes made to the DEIR in relation to the "reduced intensity alternative", whereby no more than 2500 housing units will be added to the SEASP area. However, I do not support a 7 story height limit. Please consider limiting building height to 5 stories and 3 stories for buildings adjacent to the wetlands. I also urge including a "non-negotiable" buffer of 100 ft between the wetlands and any buildings.	9/19/17
