Quick Background:

Please pass and vote Yes on STR-10

- SJR 10 reaffirms California's dedication to protect civil liberties by:
 - Urging congressional candidates to repeal the unconstitutional portions of the U.S.A PATRIOT Act, such as "sneak and peak", the search of financial and medical records, the wire tapping of home phones, and other subsequent legislation.
 - Preventing state resources from being spent to enforce any unconstitutional legislation.

The measure "resolves" that California will ensure no state resources be provided for any action that would violate the US or CA constitution "even if authorized in the USA PATRIOT ACT", and urges its congressional delegation to "repeal any provisions of the U.S.A. PATRIOT Act that limit or impinge on rights and liberties" protected by the U.S. and state constitutions, and to "oppose any pending and future federal legislation to the extent that it would infringe on Americans' civil rights and liberties."

WE, the undersigned, support the Bill of Rights and the Constitution of the United States of America in times of peace and war. We wish to express our concern about the manner in which the City Attorney has sued five peace activists in connection with the March 22, 2003 March & Rally and fear that this will have a chilling effect on Free Speech in Long Beach. We ask the City Council to take all steps necessary to ensure that our First Amendments rights are respected within the City of Long Beach.

WE, the undersigned, support the Bill of Rights and the Constitution of the United States of America in times of peace and war. We wish to express our concern about the manner in which the City Attorney has sued five peace activists in connection with the March 22, 2003 March & Rally and fear that this will have a chilling effect on Free Speech in Long Beach. We ask the City Council to take all steps necessary to ensure that our First Amendments rights are respected within the City of Long Beach.
