**Importance:** High

Hi there,

Please see below:

This initiative will take what the community has been advocating for, which is expanding inclusion and accessibility to its fullest potential. All means all, it is necessary; it is essential. Thank you to Councilwoman Mary Zendejas for bringing this forward and I ask that the rest of the city council support this item. I look forward to working with each of you to help the disability community be a before-thought and not an after-thought.
