Executive Summary

Community Interest Citizen Survey

Executive Summary of Citizen Survey Results

Overview of the Methodology

The Redevelopment Agency of the City of Long Beach conducted a Community Interest Citizen Survey during April and May of 2005 to help establish priorities for the future development of community services and facilities in the North Long Beach area. The survey was designed to obtain statistically valid results from households throughout the 90805 zip code. The survey was administered by a combination of mail and phone.

Leisure Vision worked extensively with Long Beach Redevelopment Agency officials as well as members of the Ballard*King and Associates project team in the development of the survey questionnaire. This work allowed the survey to be tailored to issues of strategic importance to effectively plan the future system.

A total of 2,503 households in the 90805 zip code were randomly selected to receive the survey. Each of these households received a letter from the Redevelopment Agency written in both English and Spanish informing them about the survey and encouraging participation. One (1) week later each of these households received two copies of the survey, one in English and one in Spanish. Within 1-2 days of receiving the mailed survey, each household received an electronic voice message encouraging their participation. Approximately two weeks after the survey was mailed, residents who received the surveys were contacted by phone. Those who indicated they had not returned the survey were given the option of completing it by phone.

The goal was to obtain at least 400 completed surveys. This goal was accomplished, with 412 surveys having been completed. Of these 412 completed surveys, 347 were completed by mail, and 65 were completed by phone. The results of the random sample of 412 households have a 95% level of confidence with a precision of at least +/-4.8%.

The following pages summarize major survey findings.

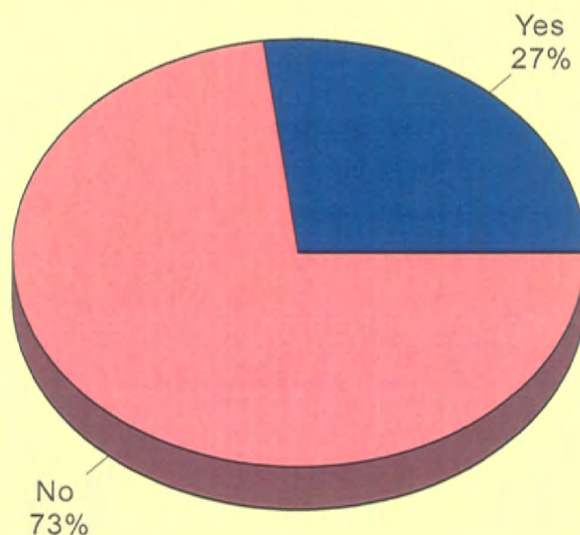

Use of Houghton Park

Respondents were asked if they or other members of their household have used any indoor or outdoor facilities in Houghton Park during the past 12 months. The following summarizes key findings:

- **Twenty-seven percent (27%) of respondent households have used indoor or outdoor facilities in Houghton Park during the past 12 months.**

Q3. Have Respondent Households Used Any Indoor or Outdoor Facilities in Houghton Park During the Past 12 Months

by percentage of respondents

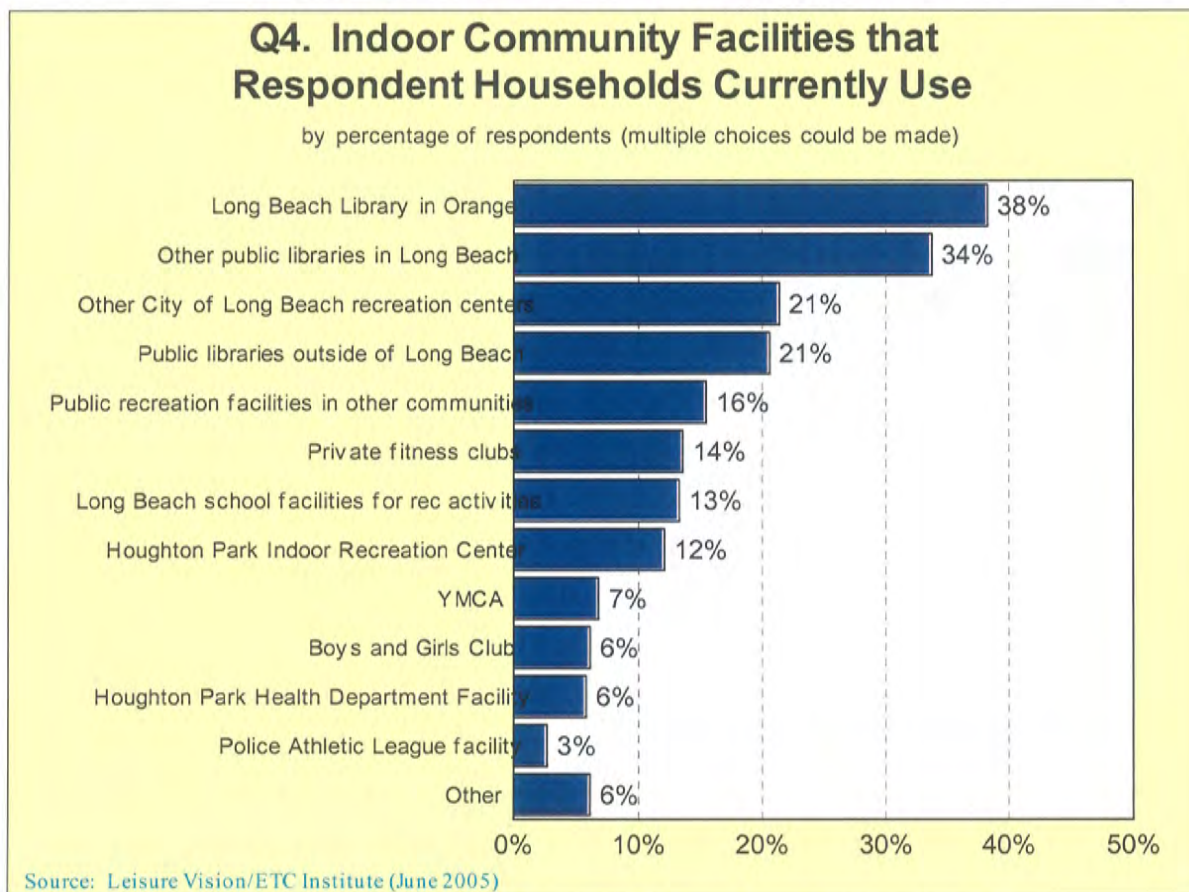

Source: Leisure Vision/ETC Institute (June 2005)

Current Use of Indoor Community Facilities

From a list of 12 various indoor community facilities, respondents were asked to indicate all of the ones that they or members of their household currently use. The following summarizes key findings:

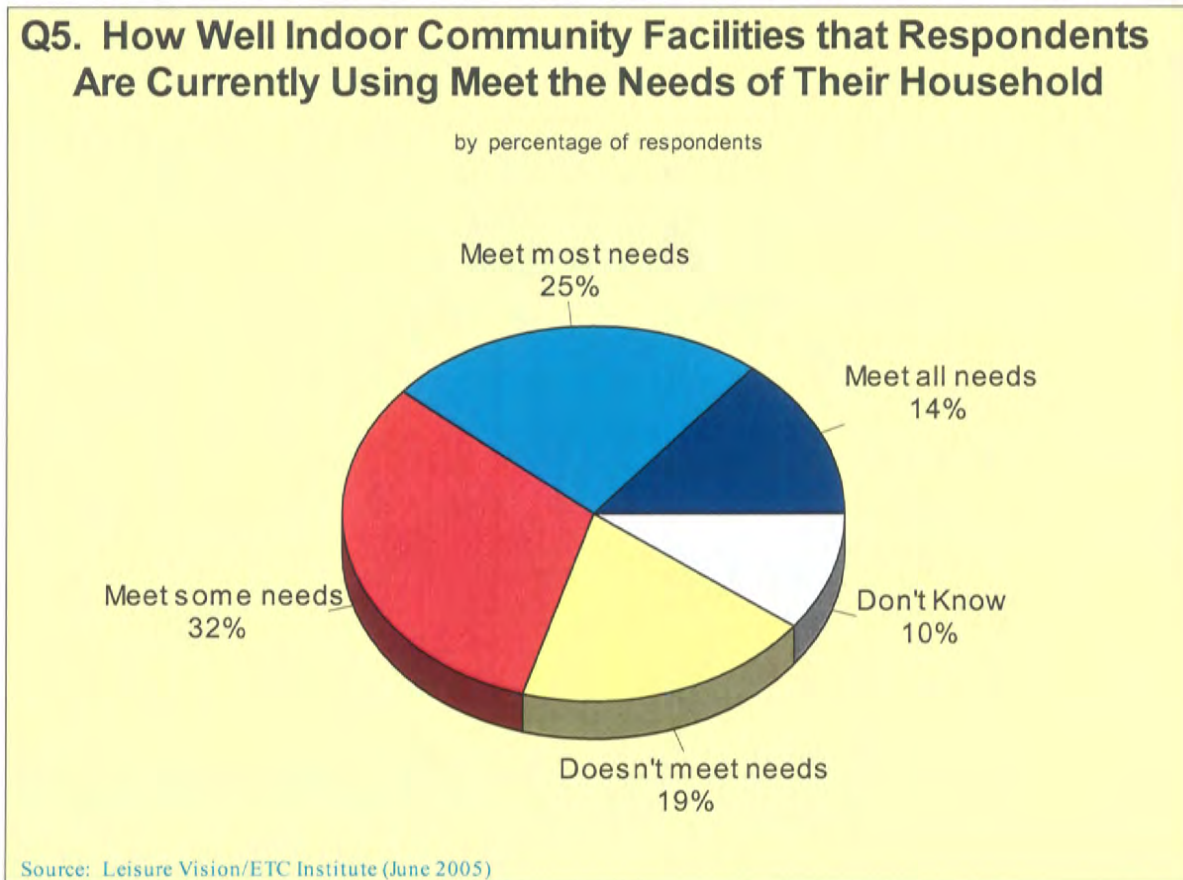

- **Long Beach Library in Orange (38%) is the facility that the highest percentage of respondent households currently use.** There are three other indoor community facilities that are currently being used by over 20% of respondent households, including: other public libraries in Long Beach (34%), other City of Long Beach recreation centers (21%), and public libraries outside of Long Beach (21%).

How Well Indoor Facilities Meet the Needs of Respondent Households

From a list of four statements, respondents were asked to indicate which one best represents how well the indoor community facilities they are currently using meet the needs of their household. The following summarizes key findings:

- **Seventy-one percent (71%) of respondent households indicated that the indoor community facilities they are currently using meet at least some of their needs.** An additional 19% indicated that the facilities do not meet any of their needs, and 10% indicated “don’t know”.

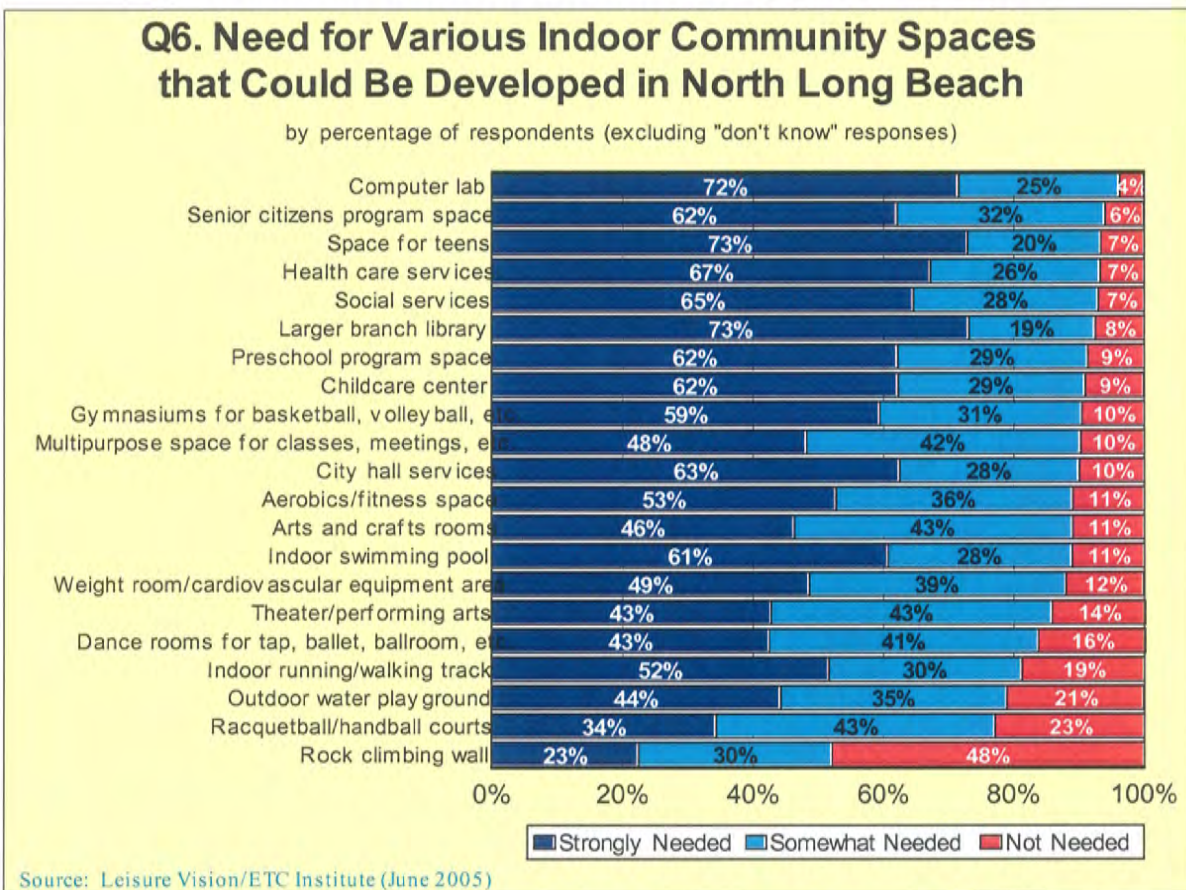

Level of Need for Various Indoor Community Spaces

From a list of 21 various indoor community spaces that could be developed in North Long Beach, respondents were asked to indicate if each feature is strongly needed, somewhat needed, or not needed in North Long Beach. The following summarizes key findings:

(Note: the graph below excludes "don't know" responses.)

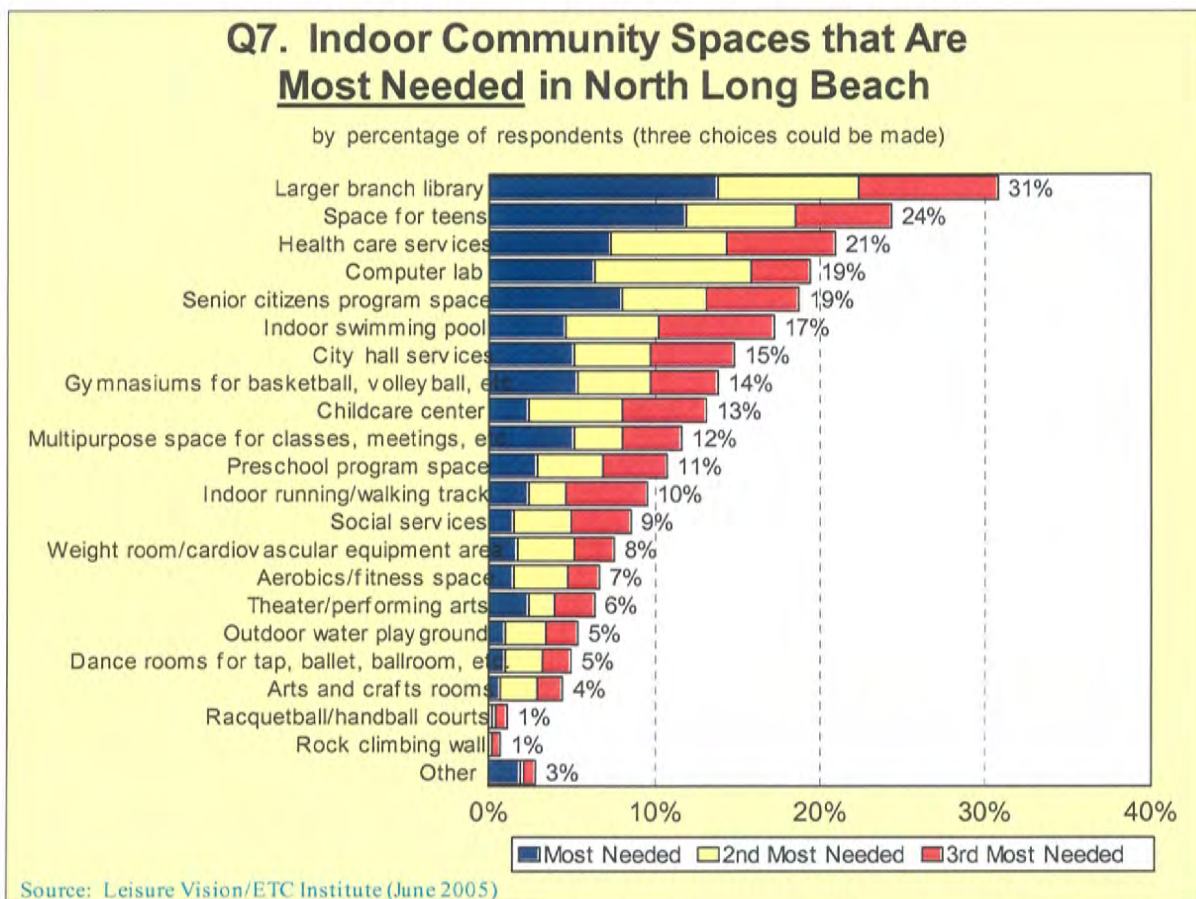

- From the list of 21 indoor community spaces, there are three that over 70% of respondents indicated as being strongly needed in North Long Beach, including: larger branch library (73%), space for teens (73%), and computer lab (72%). It should also be noted that 20 of the 21 spaces had over 75% of respondents indicate that they are either strongly needed or somewhat needed in North Long Beach.

Indoor Community Spaces Most Needed in North Long Beach

From the list of 21 various indoor community spaces that could be developed in North Long Beach, respondents were asked to select the three they feel are most needed in North Long Beach. The following summarizes key findings:

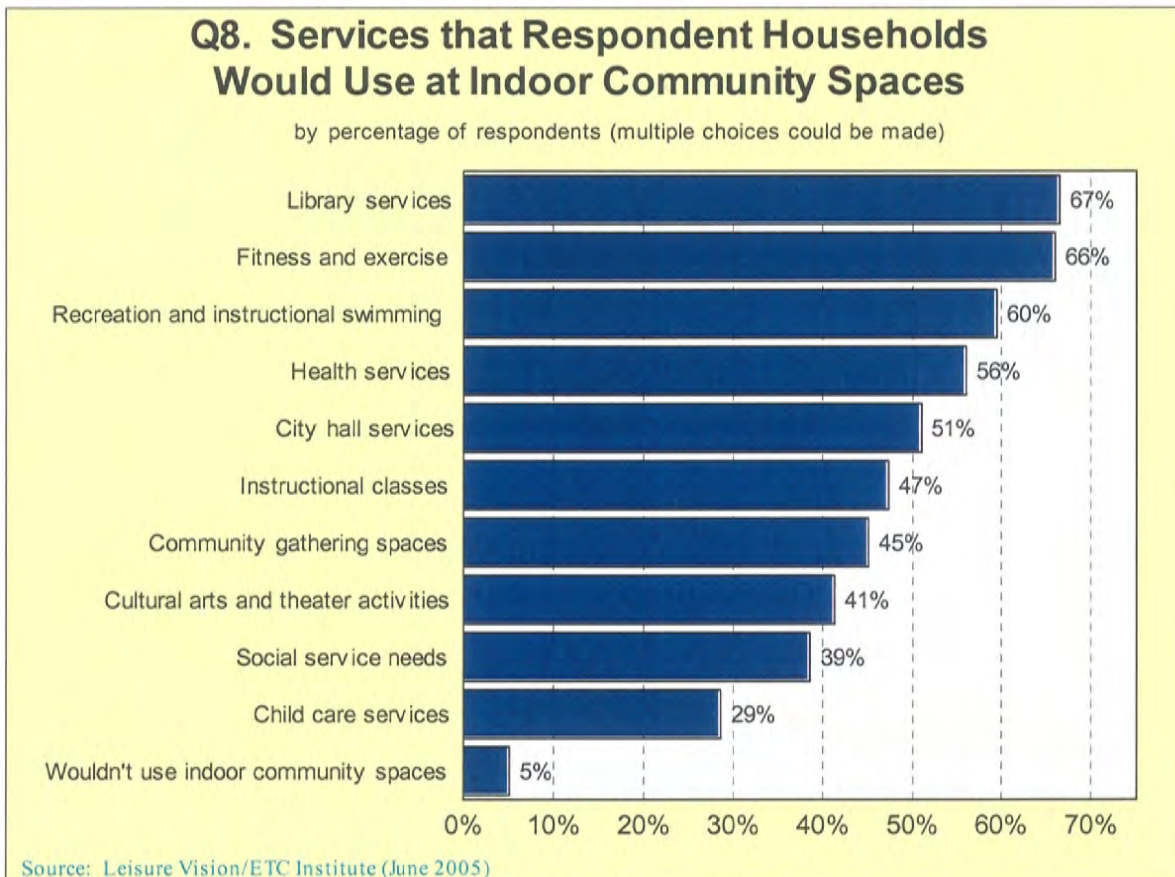

- Larger branch library (31%) had the highest percentage of respondents select it as one of the three most needed indoor community spaces in North Long Beach.** There are five other spaces that over 15% of respondents selected as one of the three most needed in North Long Beach, including: space for teens (24%), health care services (21%), computer lab (19%), senior citizen program space (19%), and indoor swimming pool (17%). It should also be noted that a larger branch library had the highest percentage of respondents select it as their first choice as the indoor community space they feel is most needed in North Long Beach.

Services Respondents Would Use at Indoor Community Spaces

From a list of 10 various services, respondents were asked to indicate all of the ones they would use at indoor community spaces in North Long Beach. The following summarizes key findings:

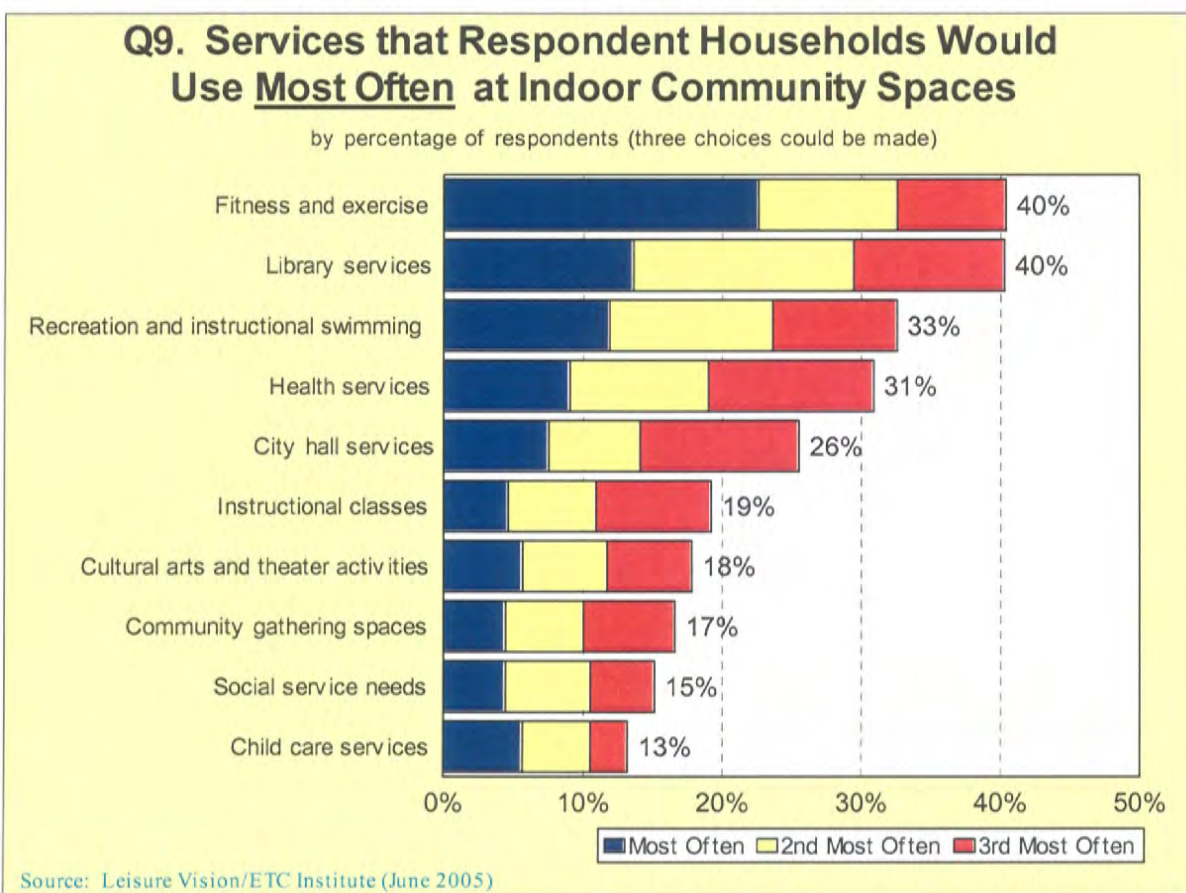

- **From the list of 10 services, there are three that at least 60% of respondents indicated they would use at indoor community spaces, including: library services (67%), fitness and exercise (66%), and recreation and instructional swimming (60%).** It should also be noted that all 10 services had over 25% of respondents indicate they would use them at indoor community spaces in North Long Beach.

Services Respondents Would Use Most Often at Indoor Community Spaces

From the list of ten options, respondents were asked to indicate the three services they would use most often at indoor community spaces in North Long Beach. The following summarizes key findings:

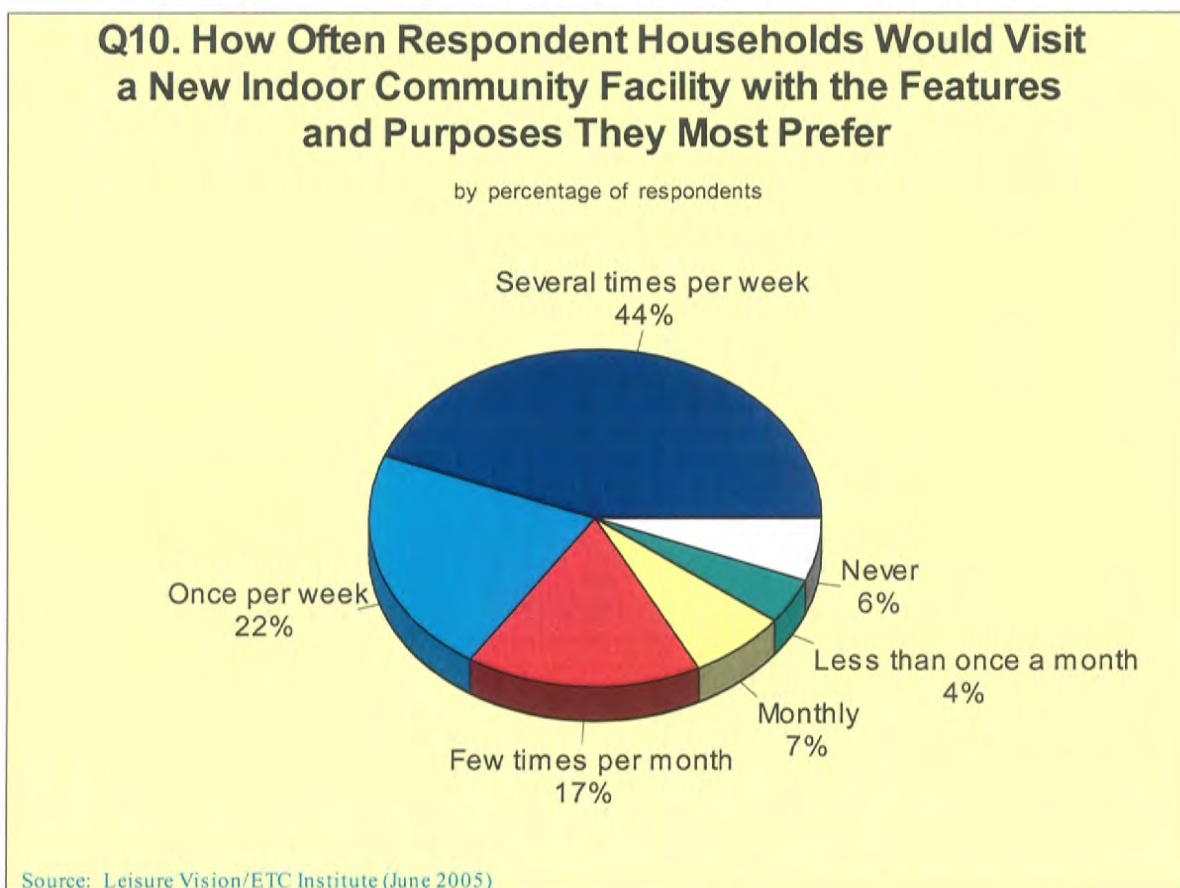

- **Fitness and exercise (40%) and library services (40%) had the highest percentage of respondents select them as one of the three services they would use most often at indoor community spaces in North Long Beach.** There are two other services that over 30% of respondents selected as one of the three they would use most often in North Long Beach, including: recreation and instructional swimming (33%) and health services (31%). It should also be noted that fitness and exercise had the highest percentage of respondents select it as their first choice as the service they would use most often at indoor community spaces in North Long Beach.

Frequency of Visits to a New Indoor Community Facility

Respondents were asked how often they and members of their household would visit a new indoor community facility if it had the recreation and aquatic features they most prefer. The following summarizes key findings:

- **Sixty-six percent (66%) of respondents indicated they would visit a new indoor community facility at least once per week.** This includes 44% who would visit the facility several times per week and 22% who would visit the facility once per week. An additional 17% would visit the facility a few times per month, 7% would visit it monthly, and 4% would visit it less than once a month. Only 6% of respondents indicated they would never visit the indoor community facility.

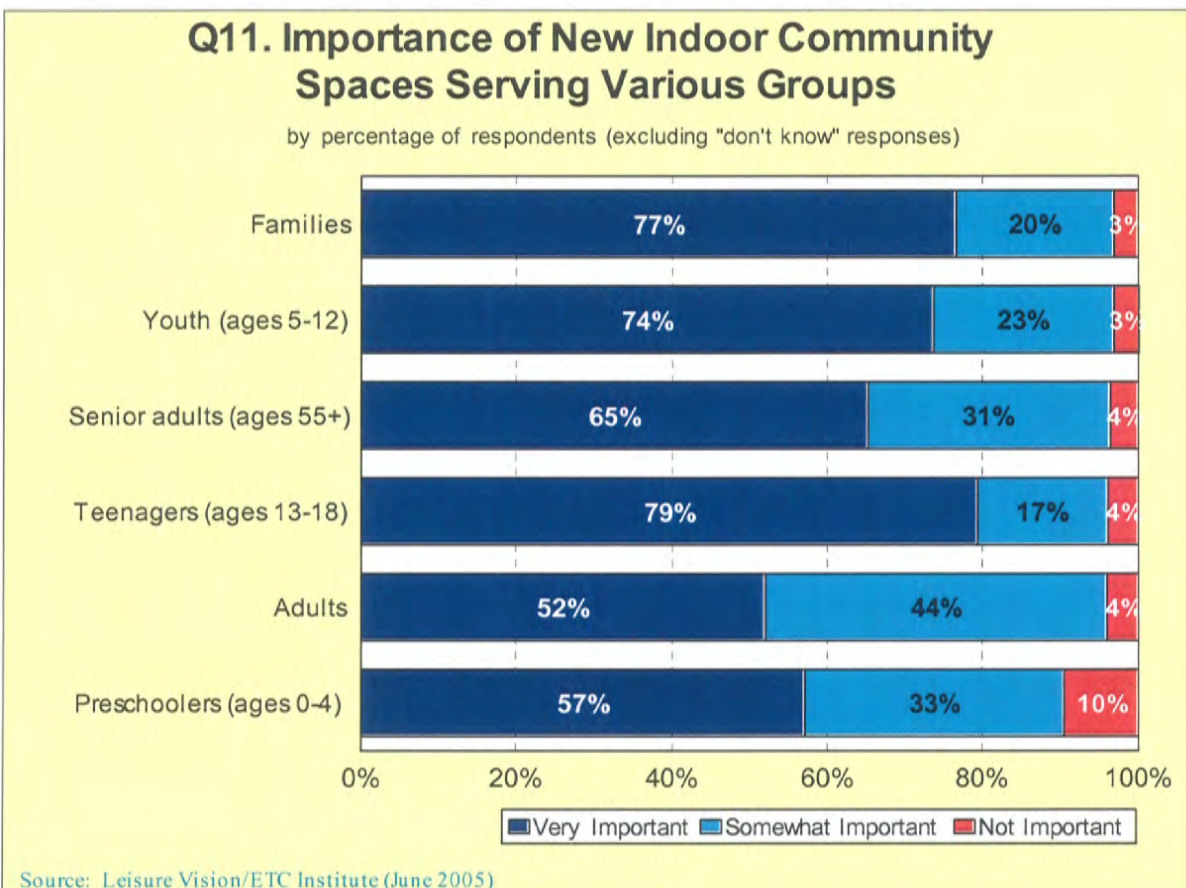

Importance of Indoor Community Spaces Serving Various Groups

From a list of six various groups of residents, respondents were asked to rate the importance of indoor community spaces serving each group. The following summarizes key findings:

(Note: the graph below excludes "don't know" responses.)

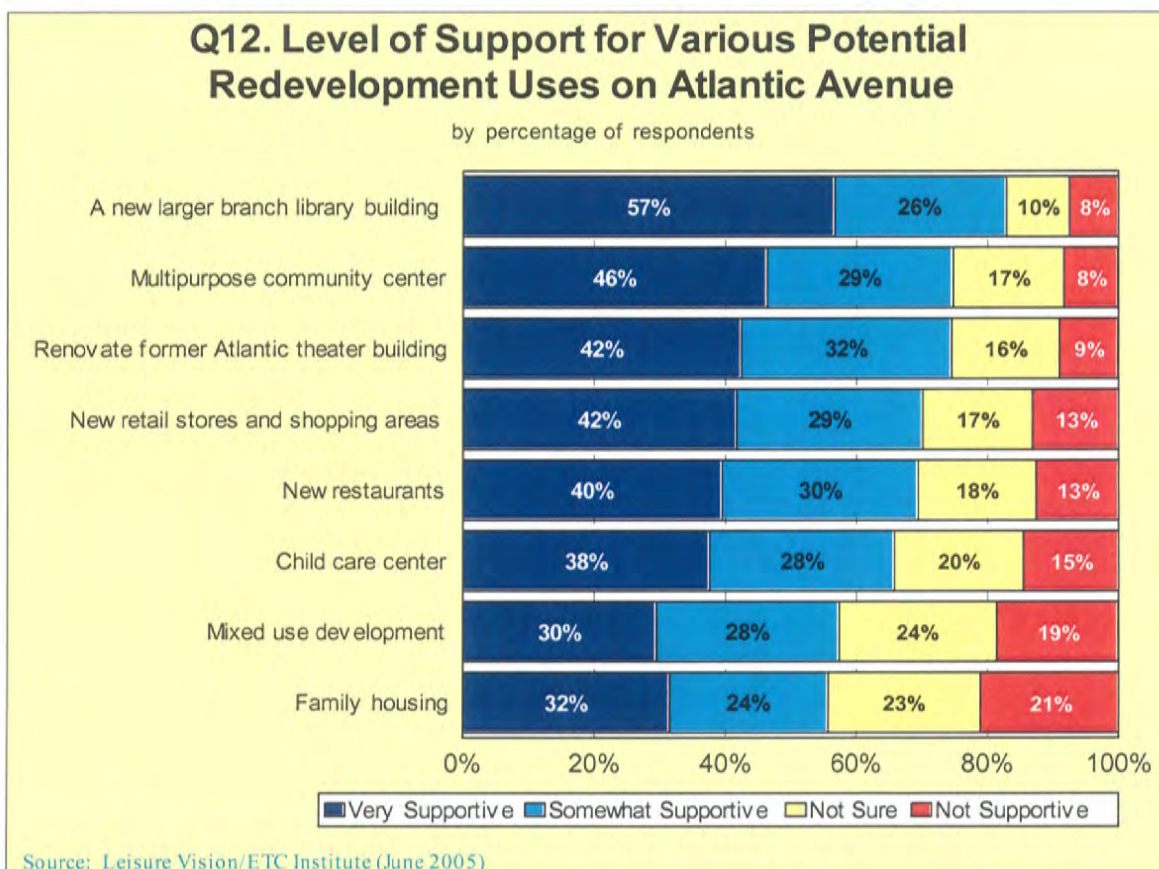

- **All six groups of residents had over 50% of respondents indicate that it is very important for indoor community spaces to serve their group.** It should also be noted that all six groups had at least 90% of respondents indicate that it's either very important or somewhat important for indoor community spaces to serve their group.

Level of Support for Various Potential Redevelopment Uses

From a list of eight various redevelopment uses, respondents were asked to indicate their level of support for each redevelopment use on Atlantic Avenue between 56th and 59th street. The following summarizes key findings:

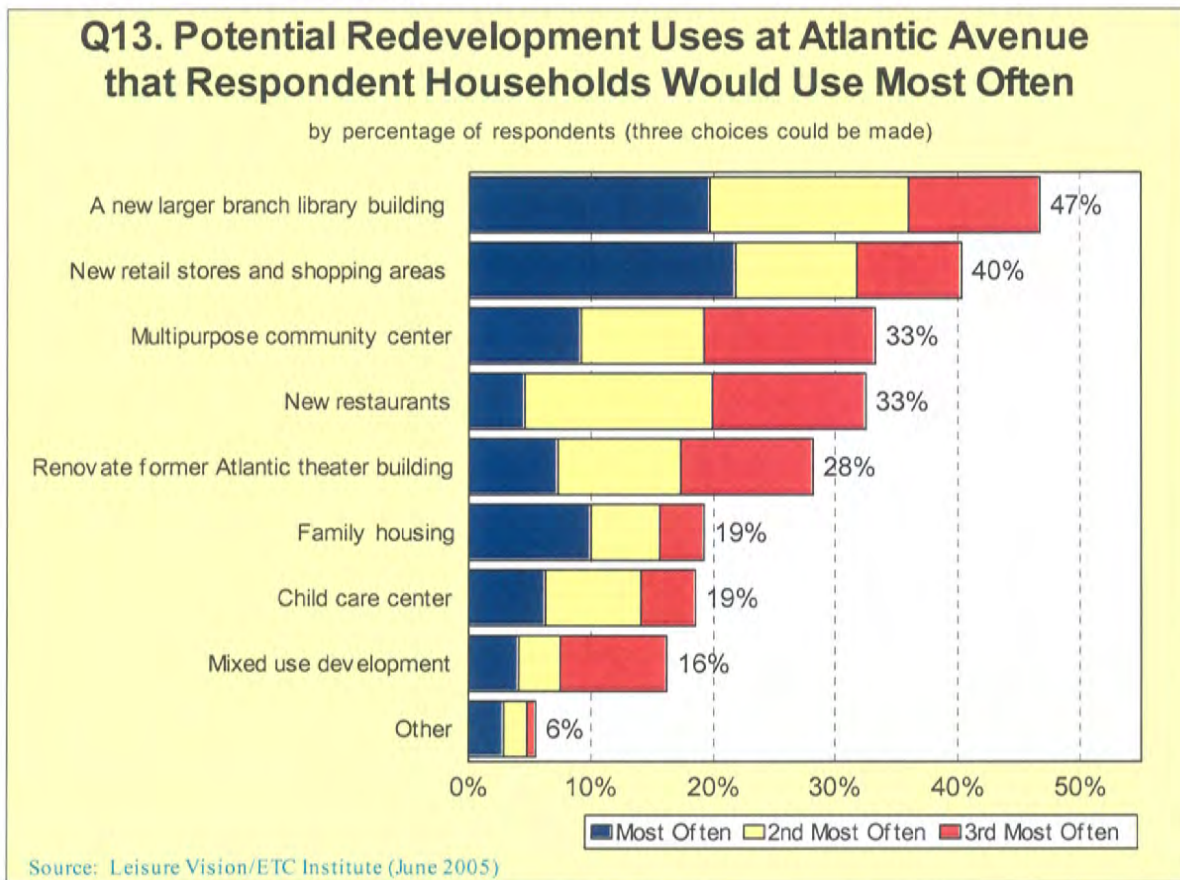

- From the list of eight redevelopment uses on Atlantic Avenue, there are five that at least 40% of respondents indicated being very supportive of, including: a new larger branch library building (57%), a multipurpose community center (46%), renovate former Atlantic theater building (42%), new retail stores and shopping areas (42%), and new restaurants (40%). It should also be noted that all eight redevelopment uses had over 50% of respondents indicate being either very supportive or somewhat supportive of their use on Atlantic Avenue.

Potential Redevelopment Uses Respondents Would Use Most Often

From the list of eight various redevelopment uses, respondents were asked to indicate the three redevelopment uses they would use most often on Atlantic Avenue between 56th and 59th Street. The following summarizes key findings:

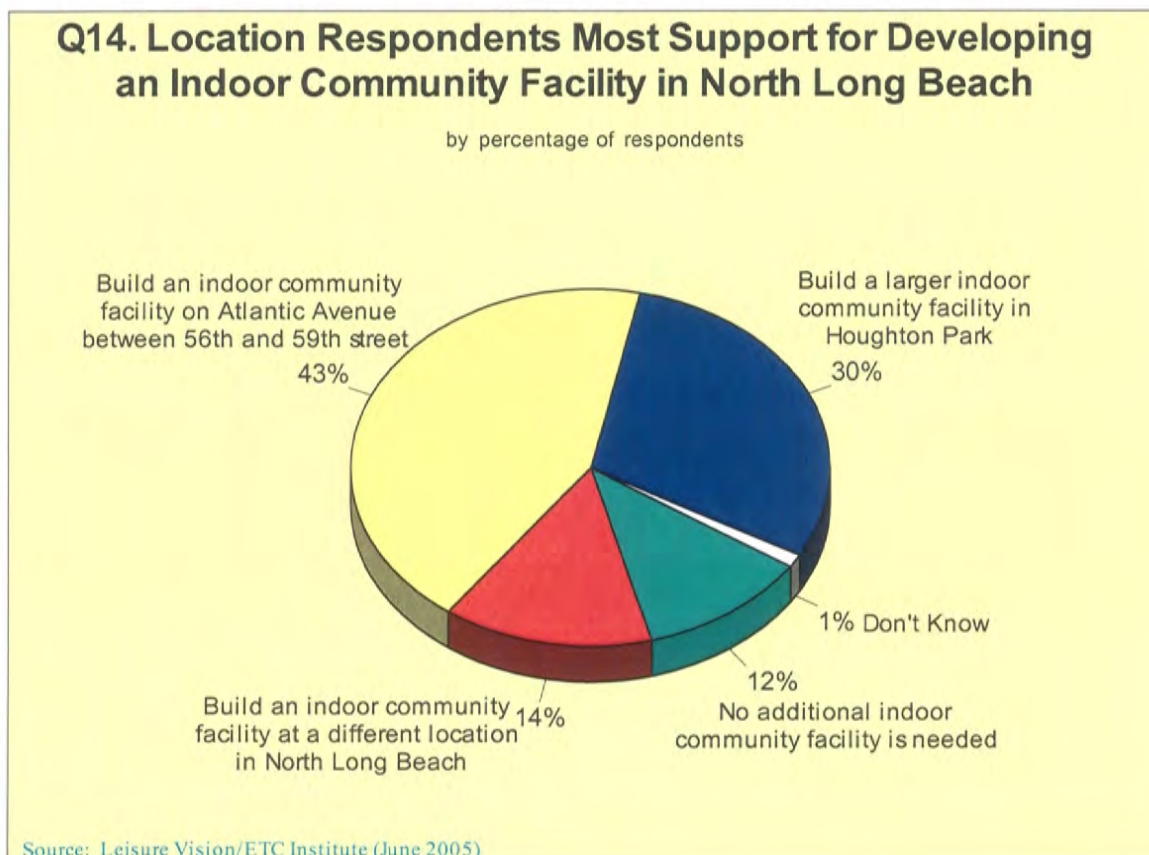

- **A new larger branch library building (47%) had the highest percentage of respondents select it as one of the three redevelopment uses they would use most often on Atlantic Avenue.** There are three other redevelopment uses that over 30% of respondents selected as one of the three they would use most often, including: new retail stores and shopping areas (40%), multipurpose community center (33%), and new restaurants (33%). It should also be noted that new retail stores and shopping areas had the highest percentage of respondents select it as their first choice as the redevelopment area they would use most often on Atlantic Avenue.

Support for Various Locations to Develop an Indoor Community Facility

From a list of three various locations, respondents were asked to indicate the one they most support for developing a new indoor community facility in North Long Beach. The following summarizes key findings:

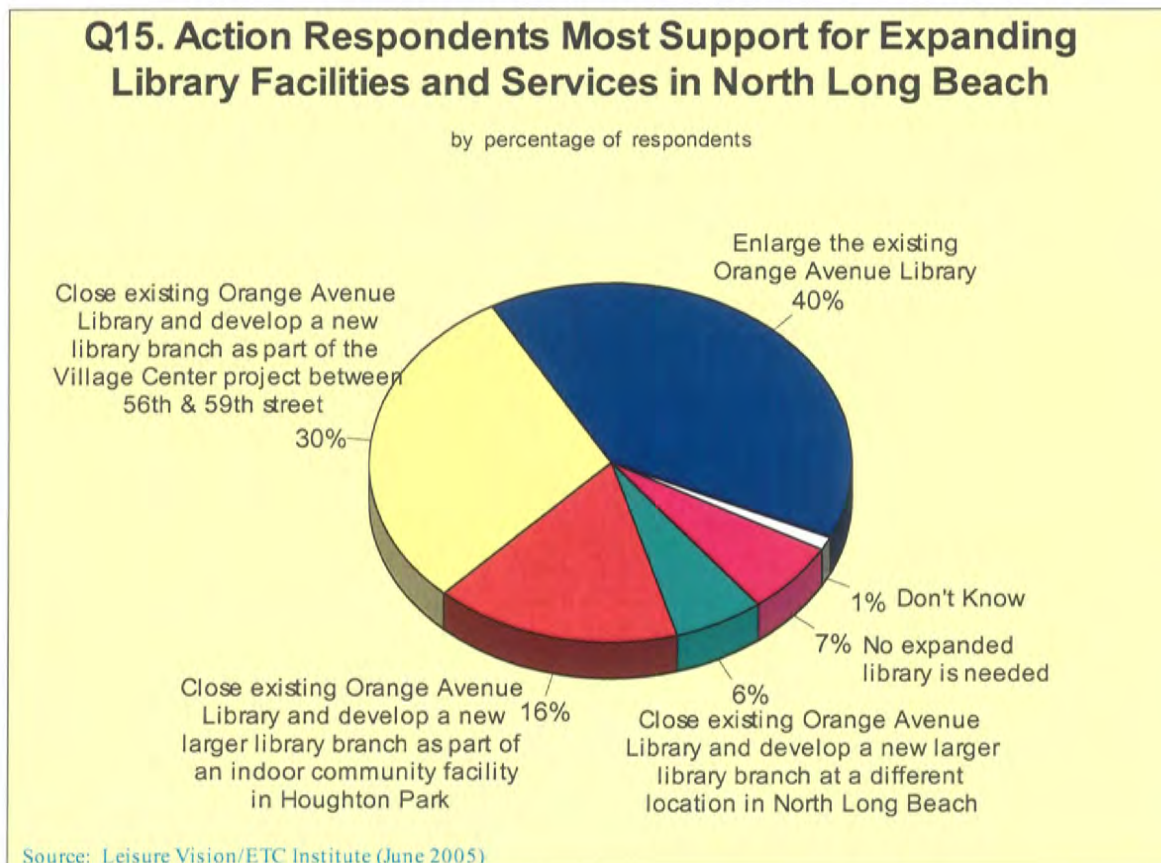

- **Forty-three percent (43%) of respondents most support building an indoor community facility on Atlantic Avenue between 56th and 59th Street.** In addition, 30% of respondents most support building a larger indoor community facility in Houghton Park, and 14% most support building an indoor community facility at a different location in North Long Beach. Only 12% of respondents indicated that no additional indoor community facility is needed, and the remaining 1% indicated “don’t know”.

Support for Actions for Expanding Library Facilities and Services

From a list of five options, respondents were asked to indicate the action they most support for expanding library facilities and services in North Long Beach. The following summarizes key findings:

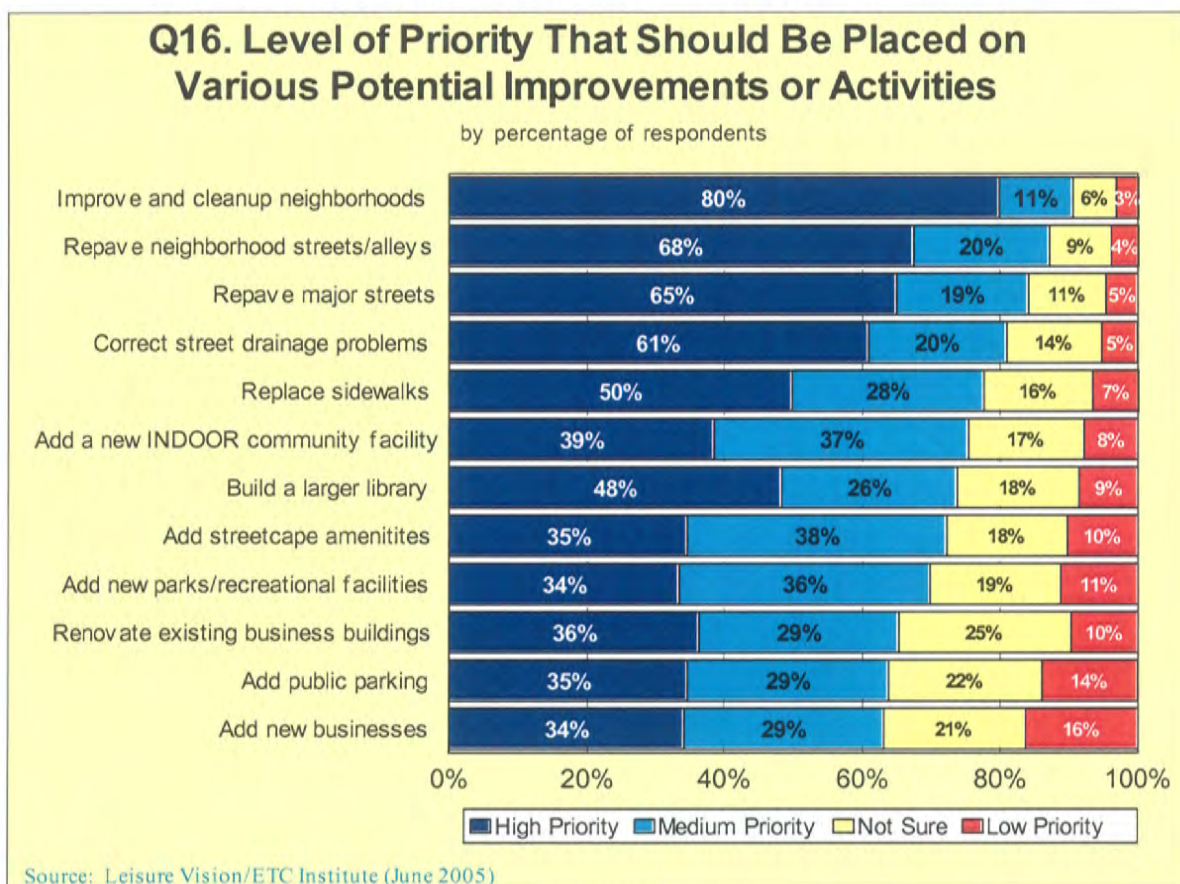

- **Forty percent (40%) of respondents most support enlarging the existing Orange Avenue Library.** In addition, 30% of respondents most support closing the existing Orange Avenue Library and developing a new library branch as part of the Village Center project between 56th and 59th Street, 16% most support closing the existing Orange Avenue Library and developing a new larger library branch as part of an indoor community facility in Houghton Park, and 6% most support closing the existing Orange Avenue Library and developing a new larger library branch at a different location in North Long Beach. Only 7% of respondents indicated that no expanded library is needed, and the remaining 1% indicated “don’t know”.

Priority to Place on Potential Improvements or Activities

From a list of 12 improvements or activities that could be provided in North Long Beach using redevelopment funds, respondents were asked to indicate the level of priority that should be placed on each one. The following summarizes key findings:

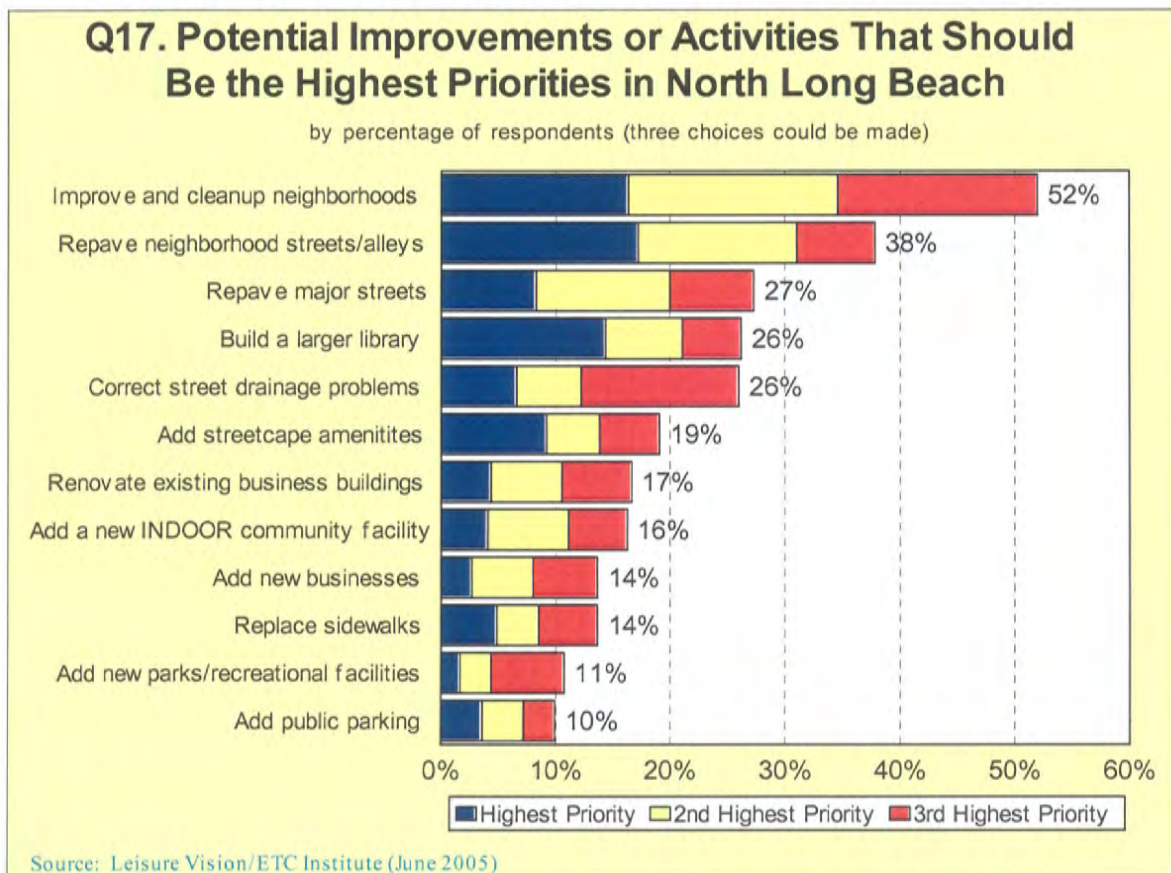

- From the list of 12 improvements, there are four that over 60% of respondents indicated should be a high priority, including: improve and cleanup neighborhoods (80%), repave neighborhood streets/alleys (68%), repave major streets (65%), and correct street drainage problems (61%). It should also be noted that all 12 improvements had over 60% of respondents indicate they should be either a high or medium priority.

Potential Improvements or Activities that Should Be of Highest Priority

From the list of 12 improvements or activities that could be provided in North Long Beach using redevelopment funds, respondents were asked to indicate the three that should be the highest priorities in North Long Beach. The following summarizes key findings:

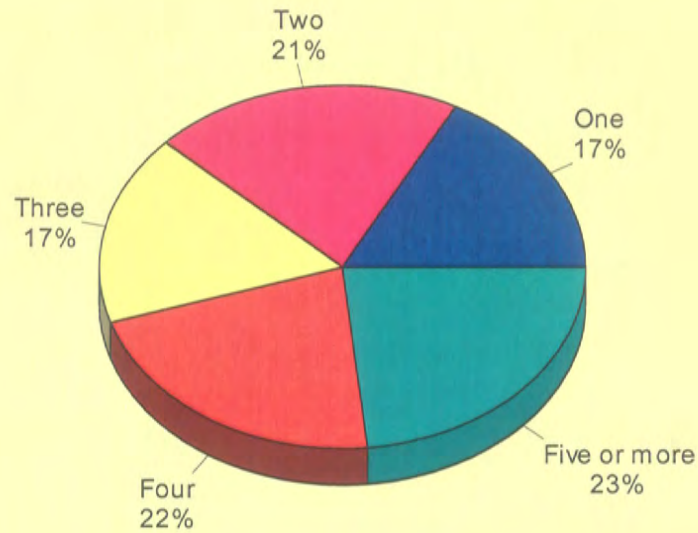

- **Improve and cleanup neighborhoods (52%) had the highest percentage of respondents select it as one of the three highest priority improvements in North Long Beach.** There are four other improvements that over 25% of respondents selected as one of the three highest priority improvements, including: repave neighborhood streets/alleys (38%), repave major streets (27%), build a larger library (26%), and correct street drainage problems (26%). It should also be noted that repave neighborhood streets/alleys had the highest percentage of respondents select it as their first choice as the improvement that should receive the highest priority in North Long Beach.

Survey Instrument

The Redevelopment Agency of the City of Long Beach would like your input to help determine community facilities and services you would like to have to improve the quality of life in the North Long Beach area. This survey will take approximately 10 minutes to complete. When you are finished, please return your survey in the enclosed postage-paid, return-reply envelope within the next two weeks. We greatly appreciate your time.

Do you live in the City of Long Beach and in the 90805 zip code?

- (1) Yes (Please continue with the survey.)
 (2) No (Please discontinue the survey. The survey is only for residents of North Long Beach and the 90805 zip code.)

Are you at least 18 years old?

- (1) Yes (Please continue with the survey.)
 (2) No (Please give the survey to someone in your household who is at least 18 years old.)
-

1. Counting yourself, how many people live in your household? _____

2. How many persons in your household (counting yourself) are?

- | | | |
|---------------------|---------------------|-------------------|
| Under 5 years _____ | 20 - 24 years _____ | 55-64 years _____ |
| 5 - 9 years _____ | 25 - 34 years _____ | 65+ years _____ |
| 10 - 14 years _____ | 35 - 44 years _____ | |
| 15 - 19 years _____ | 45 - 54 years _____ | |

3. Have you or any members of your household used any indoor or outdoor facilities in Houghton Park (located at Atlantic Avenue and Harding) during the past 12 months?

- (1) Yes (2) No

4. From the following list, please check ALL of the INDOOR community facilities you and members of your household currently use.

- (01) Long Beach Library in Orange
 (02) Other public libraries in Long Beach
 (03) Houghton Park Health Department Facility
 (04) Houghton Park Indoor Recreation Center
 (05) Other City of Long Beach recreation centers
 (06) YMCA
 (07) Boys and Girls Club
 (08) Private fitness clubs
 (09) Long Beach school facilities for recreation activities
 (10) Public recreation facilities in other communities
 (11) Public libraries outside of Long Beach
 (12) Police Athletic League facility (PAL)
 (13) Other: _____

5. Which ONE of the following statements best represents how the indoor community facilities that you are currently using meet your and members of your households needs?

- (1) Meet all of your needs (3) Meet some of your needs
 (2) Meet most of your needs (4) Do not meet any of your needs

6. Listed below are specific INDOOR community spaces that could be developed in North Long Beach. For each feature, please indicate whether you think each of these spaces is strongly needed, somewhat needed or not needed in North Long Beach.

	<u>Strongly Needed</u>	<u>Somewhat Needed</u>	<u>Not Needed</u>	<u>Don't Know</u>
(A) Gymnasium for basketball, volleyball, etc.	1	2	3	4
(B) Dance room for tap, ballet, ballroom and other dance classes	1	2	3	4
(C) Space for teens	1	2	3	4
(D) Multipurpose space (with kitchen) for classes, meetings, and community functions	1	2	3	4
(E) Aerobics/fitness space	1	2	3	4
(F) Arts and crafts rooms	1	2	3	4
(G) Computer lab	1	2	3	4
(H) Senior citizen program space	1	2	3	4
(I) Weight room/cardiovascular equipment area	1	2	3	4
(J) Racquetball/handball courts	1	2	3	4
(K) Indoor swimming pool	1	2	3	4
(L) Outdoor water playground	1	2	3	4
(M) Indoor running/walking track	1	2	3	4
(N) Preschool program space	1	2	3	4
(O) Childcare center	1	2	3	4
(P) Theater/performing arts	1	2	3	4
(Q) Rock climbing wall	1	2	3	4
(R) Larger branch library with more books, computers and youth programs	1	2	3	4
(S) City hall services, i.e. paying bills, permits, etc.	1	2	3	4
(T) Health care services, i.e. health screening, etc.	1	2	3	4
(U) Social services, i.e. housing issues, etc.	1	2	3	4
(V) Other: _____	1	2	3	4

7. Which THREE of the spaces listed in question #6 do you and members of your household feel are MOST NEEDED in North Long Beach? [Please write in the letters from question #6 on the lines below for your 1st, 2nd, and 3rd choices, or circle 'None'.]

Most
Needed

2nd Most
Needed

3rd Most
Needed

None

8. Listed below are some services which you and members of your household would use **INDOOR community spaces in North Long Beach**. Please **CHECK ALL** the services you or members of your household would use at indoor community areas.

- _____ (01) Fitness and exercise
- _____ (02) Recreation and instructional swimming
- _____ (03) Instructional classes, i.e. dance, arts and crafts
- _____ (04) Child care services
- _____ (05) Social service needs, i.e. housing issues, counseling, etc.
- _____ (06) Cultural arts and theater activities
- _____ (07) Community gathering spaces, i.e. meetings, parties, etc.
- _____ (08) Library services, i.e. branch library
- _____ (09) Health services, i.e. health screenings, health education, flu shots
- _____ (10) City hall services, i.e. paying bills, business license, permits, etc.
- _____ (11) Would not use indoor community spaces

9. Which **THREE** of the services listed in question #8 would you and members of your household use **INDOOR community spaces in North Long Beach most often**? [Please write in the numbers from question #8 on the lines below for your 1st, 2nd, and 3rd choices, or circle 'None'.]

1st Most
Often

2nd Most
Often

3rd Most
Often

None

10. If the City builds a new community facility in North Long Beach and it offers the features and purposes you prefer most, which **ONE** of the following statements best represents how often you and members of your household would visit the facility.

- _____ (1) Several times per week
- _____ (2) Once per week
- _____ (3) A few times a month
- _____ (4) Monthly
- _____ (5) Less than once a month
- _____ (6) Never

11. New indoor community spaces for North Long Beach could be designed to serve different groups. For each group please tell us whether you think it is very important, somewhat important or not important for an indoor community facility to serve the group.

<u>Group</u>	<u>Very Important</u>	<u>Somewhat Important</u>	<u>Not Important</u>	<u>Don't Know</u>
(A) Senior adults (ages 55+)	1	2	3	4
(B) Adults.....	1	2	3	4
(C) Families.....	1	2	3	4
(D) Teenagers (ages 13-18).....	1	2	3	4
(E) Youth (ages 5-12)	1	2	3	4
(F) Preschoolers (ages 0-4).....	1	2	3	4

12. A goal of the Redevelopment Agency of the City of Long Beach is to redevelop Atlantic Avenue between 56th and 59th Street into a Village Center. Following are listed some potential redevelopment uses for the area. Please indicate whether you would be very supportive, somewhat supportive, not sure, or not supportive of each potential redevelopment use at Atlantic Avenue by circling the number next to the redevelopment use.

<u>Potential redevelopment uses</u>	<u>Very Supportive</u>	<u>Somewhat Supportive</u>	<u>Not Sure</u>	<u>Not Supportive</u>
(A) New retail stores and shopping areas.	1.....	2.....	3.....	4
(B) Family housing	1.....	2.....	3.....	4
(C) Child care center	1.....	2.....	3.....	4
(D) A new, larger branch library building	1.....	2.....	3.....	4
(E) Renovate the former Atlantic theater building into a new community theater.....	1.....	2.....	3.....	4
(F) New restaurants	1.....	2.....	3.....	4
(G) Multipurpose community center.....	1.....	2.....	3.....	4
(H) Mixed use development, i.e. retail stores, residential, office buildings, etc.	1.....	2.....	3.....	4
(I) Other: _____	1.....	2.....	3.....	4

13. Which THREE of the uses for Atlantic Avenue between 56th and 59th Street would you and members of your household use the most often? [Please write in the numbers from question #12 on the lines below for your 1st, 2nd, and 3rd choices, or circle 'None'.]

1st Most
Often

2nd Most
Often

3rd Most
Often
None

14. Listed below are potential locations for a new community facility. Which ONE of the following actions would you MOST support for developing an INDOOR community facility in North Long Beach? (Check ONE)

- _____ (1) Build a larger indoor community facility in Houghton Park.
- _____ (2) Build an indoor community facility on Atlantic Avenue between 56th and 59th Street.
- _____ (3) Build an indoor community facility at a different location in North Long Beach.
[Please answer question #14a]

14a. Write in the alternative location you would propose for the indoor community facility.

- _____ (4) No additional indoor community facility is needed.

15. The current Orange Avenue Library is 60 years old. The community is considering options for expanding library facilities and services in North Long Beach. Which ONE of the following Actions would you MOST support for expanding Library facilities and services in North Long Beach? (Check ONE)

- _____ (1) Enlarge the existing Orange Avenue Library.
- _____ (2) Close the existing Orange Avenue Library and develop a new library branch as part of the Village Center project between 56th and 59th Street.
- _____ (3) Close the existing Orange Avenue Library and develop a new larger library branch as part of an indoor community facility in Houghton Park.
- _____ (4) Close the existing Orange Avenue Library and develop a new larger library branch at a different location in North Long Beach. [Please answer question #15a]

15a. Write in the alternative location you would propose for the larger library branch.

- _____ (5) No expanded library is needed.

16. Listed below are some potential improvements or activities that could be provided in North Long Beach using redevelopment funds. For each potential improvement or activity, please indicate whether you think it is a high priority, medium priority, not sure, or low priority by circling the number next to the potential improvement.

High Medium Not Low
Priority Priority Sure Priority

- (A) Add streetscape amenities i.e. build or replace medians, trees, benches, pedestrian lighting 1 2 3 4
- (B) Build a larger library 1 2 3 4
- (C) Renovate existing business buildings 1 2 3 4
- (D) Repave neighborhood streets/alleys 1 2 3 4
- (E) Add public parking 1 2 3 4
- (F) Repave major streets 1 2 3 4
- (G) Improve and cleanup neighborhoods 1 2 3 4
- (H) Add a new INDOOR community facility 1 2 3 4
- (I) Add new parks/recreational facilities 1 2 3 4
- (J) Add new businesses i.e. grocery store, bank 1 2 3 4
- (K) Correct street drainage problems 1 2 3 4
- (L) Replace sidewalks 1 2 3 4

17. Which THREE of the potential improvements should be the highest priorities in North Long Beach? [Please write in the letters from question #16 on the lines below for your 1st, 2nd, and 3rd choices, or circle 'None'.]

1st Highest
Priority
2nd Highest
