Subject Panama Joe's Permit, RESTRICTION

I will be out of the country when this hearing is being held.

I'd like my option to be considered. I own a house [REDACTED] behind the Rite Aide parking lot [REDACTED]

My suggestions are not designed to deny Panama Joe's and those bars in Belmont Shore community from a place where people can have fun nor impede their right to conduct business.

It is however the responsibility of their ownership, in coordination with the police, to provide adequate controls that:

- Require Panama Joe's and ALL BARS to pay for additional patrols (by LBPD) during peak operating hours. Approximately 11PM to 3PM. The cost should be shouldered by the bars that opt to stay open after 12pm and server alcohol after that time.
- Close the off several of the busiest streets like Nieto and Granada heading toward the water. Or direct traffic and parking so that residents are not impacted as much.
- Have control points entering into and out of the Shore.

Since I moved my family here 2 years ago;

- I have called the police no less than 4 or 5 times to report fights, disturbances or intoxicated people on or near my property. These incidents were from patrons of Panama Joe's only. We have had other encounters from other bar patrons so it's not an isolated issue.
- Every Thursday though Saturday we constantly see a flow patrons normally leaving the bar drunk, loud or in verbal confrontations.
- Traffic. Just on our street alone during these days and times traffic gets much heavier, disruptive and often people are driving at unsafe speeds - and obviously impaired.

Thank you for your consideration. Please contact me further with any questions.

--

Sincerely,
Robert Epele, CEO

Councilmembers:

Re: Application for Panama Joe's Entertainment Permit

Kindly deny the application submitted by Panama Joe's to authorize entertainment with dancing at the 2nd Street location. Panama Joe's has been given many opportunities to be a good citizen to the Belmont Shore community, and statistics and details should reflect that this particular location has had documented police responses which has demonstrated major unacceptable disruptions to the neighborhood. As we know and understand, the Long Beach Police Department is currently short-handed and should not have to continually respond to this business. One could anticipate incidents will reoccur and more than likely increase, especially if an entertainment permit is authorized.

I respectfully encourage Council members to recognize the need to deny the approval of an entertainment permit with dancing at Panama Joe's. The quality of life of residents within the Shore area will be further sacrificed along with a waste of valuable police officer resources. Enough is enough, kindly deny the application .

Sincerely,

Aileen Colon

Subject: Thank you for your efforts re Police, Vice and City Business License Recommendation re Panama Joe's (Council Agenda July 24th)

Dear Commander Beckman and Erik Sund,

Please accept my personal thanks and appreciation for all your efforts in putting together the Staff Report and Memo to the City Council regarding Panama Joe's. It's a very comprehensive and compelling report recommending denial of an entertainment permit with dancing for this location.

Panama Joe's has been given many opportunities to be a good citizen to the Belmont Shore community, and as the statistics and details show, this one location is causing major, unacceptable disruptions to the neighborhood and to our short-handed Police Department and City Staff. We can only hope that the entire Council recognizes the need to follow the staff recommendation and deny an entertainment permit with dancing to Panama Joe's.

Please share our thanks for your efforts with Chief McDonnell and City Manager Pat West.

Respectfully,
Melinda Cotton
Belmont Shore

Fw: Panama Joe's - Business License Recommendation (Council Agenda July 24th)

07/17/2012 06:00 PM

From: Kurt Borsting <kurtborsting@yahoo.com>

Date: 07/17/2012 02:24 PM
Subject: Panama Joe's - Business License Recommendation (Council Agenda July 24th)

Commander Beckman & Mr. Sund -

I want to thank you both for your work in developing the staff report and memo to the City Council regarding Panama Joe's. The case presented by the Police and Business Licensing to deny the proposed entertainment permit. The report is a persuasive one, which properly acknowledges the disruptive and resource draining activities this past year's business operation (under the previously issued entertainment permit) has brought the Belmont Shore community.

I hope the Council supports your recommendation to deny the permit with dancing to Panama Joe's for all the valid issues you've outlined in your memo.

Kurt Borsting
Belmont Shore Residents Association

Fw: Public Hearing for Panama Joe's

07/17/2012 06:25 AM

To: Annie Khin/FM/CLB@CLB
From: Daisy Devlin/FM/CLB
Date: 07/16/2012 01:30PM
Cc: Erik Sund/FM/CLB@CLB
Subject: Public Hearing for Panama Joe's

1:22 PM

Leonard and Constance Whitcomb [REDACTED] are against the entertainment permit for Panama Joe's.

Mr. Leonard said he will not be able to attend the hearing and he is unable to send an email, so he called to give his comments;

He said he finds Panama Joe's a public nuisance. That they talk a good fight and say they are neighbor friendly, but they don't take any actions. Mr. Whitcomb said he was there before the bar and the other bars before them were not as loud or popular. He said on Saturday afternoons the music is loud. Saturday evenings the sidewalks are crowded with people waiting to get in and the music is extremely loud.

Mr. Whitcomb would like to make sure his comments are noted.

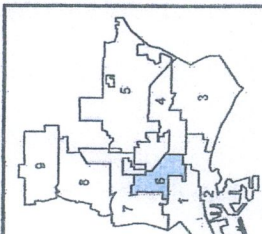

Thank you,

Dear Planning Commission:

I'm writing this letter to in regards to an immediate rejection of an alcoholic permit for Quen Ma and the World Market business. As residence of the community I don't approve an issuance of a conditional permit to sell beer or wine at 1030 E. Pacific Coast Highway in the CHW zone. This section and other surrounding sections as well, already have enough businesses that sell alcoholic beverages. If another business is allowed to operate within the radius of this area, then it will add to the existing problem of loitering and illicit activities that already plague our neighborhood. Also, the store's location is around a residential area where children and adolescents are always present and pass on their way to schools, parks, and other destinations. There is also to mention a beautiful Day Care establishment right next store to the World Market. These are some of the reason why I am opposed to the issuing of this permit to Mr. Quen Ma and his business. If Residential peace is not an issue, then children and school safety is. Where Mr. Ma wants to sell beer and wine are in very close quarters to approximately 13 other stores that sell beer and, wine, and all other alcoholic beverages. . The 13 establishments (and those are the establishments that we know about thus far) that sale alcoholic beverages within a minuscule section of the 6th district is appalling! Please look at the map that is enclosed and you may agree that the community is over saturated with liquor stores and mini-markets that sell alcohol. One of the statements that is of genuine sincerity is: "This granting a permit to Mr. Ma, in order to sell more alcohol, will bring more disharmony to a community who has been trying to clean up its act and promote Long Beach, Ca as a safe city whose government cares about the well being of all its people." At the last commission meeting the governing commissioners showed there heart filled integrity and vigilance by recommending that Mr. Ma's permit be denied. We hope that the commission has maintained those same voices. Thank you commissioners and much appreciation.

RE: Entertainment Permit With Patron Dancing for Panama Joes
5100 E. 2d St/
Long Beach, CA 90803
On Agenda for July 24, 2012, 5:00 P.M.

Dear Council Members:

I am one of the owners of Panama Joes restaurant located at 5100 E 2d Street. We have operated Panama Joes since 2008 with an Entertainment Permit, and added Patron Dancing in April 2010. This permit is renewed every year after the Police Department reviews a detailed application. When Panama Joes applied for its renewal this year, the LBPd advised us that it was recommending denial of the renewal of our Entertainment Permit.

In preparation for the Council's consideration of our renewal application, Police Chief Jim McDonnell has submitted a June 27, 2012 Memo (the "LBPd Memo") to Erik Sund, Bureau Manager, of the City's Business Relations Bureau. The LBPd Memo states a number of explanations for the Police Department's recommendation to deny the renewal of our permit. This letter summarizes our response to the LBPd Memo.

OUR MEETINGS WITH LBPd

We own and operate seven other restaurants in addition to Panama Joes. We are professionals in every sense. We understand the importance and value to open, direct and two-way communications with the police, and we require that from all of our staff. In all of our establishments including Panama Joes we strive to improve our operations so we are not a problem for the police or the community.

We meet frequently with LBPd and our staff confer daily with LBPd patrols to make sure we keep them aware of what is going on with us, and learn from them what they would like to us pay attention to. Our meetings and phone calls with LBPd routinely involve discussion of arrests and concerns about disturbances. This is part of our open exchange of information.

We were surprised to learn that Vice decided not to support the renewal of our Entertainment License.

NEIGHBORS SUPPORT RENEWAL OF OUR ENTERTAINMENT PERMIT

The LBPB Memo points out that there are three residents within 100 feet of Panama Joes. Two of them have stated they do not oppose renewing our Entertainment Permit and the third has not contacted the LBPB.

Since we took over Panama Joes in 2008, we have worked closely with the neighbors, both residential and other businesses, to minimize any negative impact from Panama Joes. In coordination with other restaurants and bars on 2d Street, we implemented "Operation SUSH". Our staff has also worked continuously to prevent our patrons from creating any problems in the neighborhood. This is an on-going effort and we remain responsive to new situations and opportunities to be a good neighbor.

LBPB'S POLICE INCIDENTS ANALYSIS IS FLAWED

The LBPB Memo refers to two crime analyses that cover a two-and-a-half year period. We have never been cited for over intoxication or underage drinking during that time period. Attached to this letter is a Summary Of Details of Police Incidents that we prepared using data from the LBPB and our Manager's Incident Logs which we prepare and maintain daily. Note that while the LBPB Memo to you goes back to December 14, 2009, the incidents it reported to us start in April 2010. We have no information for the incidents between December 2009 and April 2010. However, this Council renewed our Entertainment Permit in April 2011, so presumably any incidents before that were not grounds for denial.

DUI'S

For the 37 incidents reported to us the LBPB from April 2, 2010, 21 of the incidents attributed by the LBPB to Panama Joes occurred away from our premises. 14 of those are DUI's over a two year time period. In response to our May 15 Public Records Request to the City, we asked for any documents pertinent to these DUI's and any protocol or procedures used by LBPB to attribute a DUI to a particular establishment. The City did not provide any documents in response to such requests.

Without some way to test or confirm the accuracy of the LBPB's attributing a DUI to Panama Joes, it seems unfair to use a DUI as a basis for denying our renewal of the Entertainment Permit.

Furthermore, our responsibility as alcohol licensees is to refuse service to anyone who appears intoxicated. Our staff is trained to identify the signs of intoxication, and we cut off customers who show signs of intoxication. It is quite possible, however, that

someone who never appeared to us to be intoxicated, later was found to legally intoxicated at a DUI checkpoint.

We also act responsibly to prevent our customers from driving when intoxicated, and we offer discounted taxi vouchers they may use to catch a cab ride home. We reimburse the cab companies for the discounts our patrons enjoy.

Drunk In Public Incidents

The majority of the 16 police incidents (over the past two years) that did occur in the vicinity of Panama Joes were for Drunk In Public. LBPB conducts regular Tavern Association Meetings which we attend. In those meetings, the LBPB tells us to cut off serving customers who appear to have had too much to drink and to ask them to leave. The LBPB has said they would not use such cooperation against us.

Our door security also stops people from coming in if they appear to have had too much to drink before they got to Panama Joes.

You will note that nearly all of the Drunk In Public incidents were from customers who we asked to leave or others who were denied entry. To use these incidents as a basis to deny our Entertainment Permit renewal looks like the LBPB has gone back on its word to us and other restaurant and bar operators.

Break In At Neighboring Business

One of the incidents highlighted in the LBPB Memo involved a break-in of a neighboring business by persons who earlier had been drinking at Panama Joes. It is unfair to use this as a basis for denying the renewal of our Entertainment Permit. The LBPB Memo appears to saddle us with responsibility for this criminal conduct that occurred away from our premises and was beyond our reasonable control.

CONCLUSION

We urge the Council to approve the renewal of the Entertainment Permit with Patron Dancing. We trust the context provided above has given you a fuller picture and demonstrates that Panama Joes is not a law enforcement problem, but is a business that is working with LBPB, the neighbors and the City to improve, often with success.

Thank you for hearing us.

Respectfully submitted:

Ron Newman

SUMMARY OF DETAILS RE POLICE CALLS FOR SERVICE FOR PERIOD 4/1/2010 to 5/30/2012 (2+ YRS)
 PANAMA JOES, 5100-02 E. SECOND ST., LONG BEACH, CA 90803

DATE	BRIEF DESCRIPTION	POLICE REPORT	DETAILS
1. 04/02/10	Contaminated ("Buggy") Bottles	10-22848	Resolved with fine by ABC
2. 12/25/10	PC647f Drunk in Public	None	Customer was cut-off and asked to leave. Left quietly, but outside became angry at being kicked out on Christmas and started fight with security, who called police.
3 1/23/11	PC594 Vandalism	None	Rear door security witnessed vandalism to cars in parking lot near Panama Joes. Suspect was pursued, arrested and identified by security.
4. 1/24/11	PC 148 Obstructing Officer PC647f Drunk in Public	None	Customer was disruptive and asked to leave. Outside he was argumentative with staff. Officer Neal happened by and called man over to him. Man walked away, and when Officer Neal caught up to him a scuffle occurred. Man was arrested.
5 2/9/11	Family Feud (fight) No Arrests	None	Fighting erupted among family members, men and women. Security separated, taking men out front. Some of the women then rushed out front and Officer Brian Neal grabbed them. Discovered it was a "family feud" and everyone sent home with no arrests.
6. 3/16/11	PC647f Drunk in Public	None	Person was refused entry because he appeared intoxicated. Police already present and person was arrested when he mouthed off to them.
7. 3/19/11	Drunk Driver Arrest	None	Occurred at unknown location but away from Panama Joes. No incident report exists. Despite written request to City and Police Department inquiring how Police determine person had been drinking at Panama Joes that information was not provided.
8. 3/18/11	Drunk Driver Arrest	None	Occurred at unknown location but away from Panama Joes. No incident report exists. Despite written request to City and Police Department inquiring how Police determine person had been drinking at Panama Joes that information was not provided.

I got a call about a code 3 at register 1, booth side, when I asked the man to c me outside, he followed quite respectfully. As we waited outside for the rest of his party to arrive from inside, the gentlemen began to tell me what a piece of shit I was for kicking him out on Christmas, I smiled and apologized. He then stayed quiet and maneuvered closer to me, asking me if I considered myself a "hard man", but before I could answer he head butted me in the nose and followed with a left hook, immediately Tyler and the front door host, josh, responded by grabbing him away from me, but not before he connected another hook to Tyler's face. We were able to calm him down for a moment and move him to the side, over to the barber shop. When we thought he was alright to let go we gave him over to his girlfriend, he then walked over to me and head butted me again, this time with another blow to the stomach, we maneuvered him to the floor until the police got there. I called the police, and waited. The police got there and took him away. Triston, the arresting officer called me later to tell me he had blown a 1.8 and would be spending the night in Jail. I was also asked if I would press charges, I answered no.

WITNESS # 1 : Tyler Mabry	
----------------------------------	--

SHARKEEZ INCIDENT REPORT

I got a call about a code 3 at register 1, booth side, I arrived there before Miguel and witnessed a man who clearly seemed to be over intoxicated. The man followed Miguel out peacefully and seemed to be fine with getting asked to leave. I went inside to grab his friend and girlfriend while Miguel sat with him. When I came outside I witnessed the man acting hostile towards Miguel. Before I could step in between he and Miguel the man head butted Miguel in the face. I went to grab the man and he struck me in the left side of my face. At this point Josh Biaz grabbed the man and we pulled him over the barber shop until he seemed to be calm. We left the man alone and as he walked by to leave he assaulted Miguel once again with a head butt. At this point Josh, Miguel and myself subdued the man as best we could until police arrived. He was very hostile and uncooperative the entire time.

WITNESS #2: josh baiz

I was at the front door when tyler brought out a code 3 and while tyler went back in to grab his girlfriend, Miguel was outside with the code 3. And when tyler came back outside with his girlfriend the guy was yelling at Miguel and all of a sudden he head butted Miguel and punched him in the face and then punched tyler in the face and then I got in the middle of it and held the guy back and we finally calmed him down and the group decided to leave and then they turned around and came back and started talking again to Miguel and then head butted him again and that's when me and tyler took him down to the ground and held him down and then the cops eventually got there.

MANAGER STATEMENT: fabius

I received a hot code 4 manager to the back parking lot from Joe Cowan, as I arrived I saw a guy in black running from the parking lot entering the alley behind the houses between Argonne and Granada. Behind myself and jake , was brian neal LBPD in his squad car. We pointed him toward the fleeing party and he took pursuit. When he caught up to him in the alley the suspect began jumping over walls into peoples back yards. Multiple police units responded to the pursuit. Once the PD apprehended the suspect they used Joe to identify the suspect in custody. He apparently was the same guy that we had kicked out an hour earlier on a code 2. He broke two windows and slashed multiple tires on another persons car when joe. who was posted in the parking lot ,heard the commotion and called it in to us.

WITNESS # 1 Joseph Cowan

SHARKEEZ INCIDENT REPORT

I was posted in the back heard a thud, did not think anything of it, thinking it was someone throwing away trash. Then I heard a hissing sound of someone popping a tire and ran towards that direction, calling a hot code 4, and yelled at him to stop. That is when the person ran down that alley and was chased by the police eventually being apprehended. Once they apprehended the subject, the drove me down the street to identify the perp.

MANAGER STATEMENT: M. Perez

I was in the restaurant side when I heard first, a code three over the radio, then a HOT code three immediately after. I rushed to the bar to see a gentlemen with his arm raised in the air holding a fan from spinning, when he was asked to stop he persisted and held on to it a little longer, when I approached him, he was still holding on to one of the blades. I asked if I could see his id and asked him to follow me outside, he hesitated and refused for a second until I explained it was routine and that he would get let it back in, he finally agreed and followed me outside. While Tyler and I were explaining to him that he would have to call it a night, he grew furious and began to push through his friends, who were trying to get him to go home. As this was happening officer Brian was driving by and pulled over to assure everything was alright, he got out of his patrol car and called the man over to him, by this time the man was already at the side of the building trying to walk away fast. Brian called his name at least half a dozen times, as the man ignored him and walked away faster, Brian then grabbed him by the arm. When the man felt someone grab him he began to fight back and resist, Brian then pulled his night stick and hit him behind the knees once to get him to get on his face, all the while the man resisted, back up showed up immediately and assisted Brian. The man was arrested and both Tyler and I were asked to give statements.

MANAGER STATEMENT: M. Perez

At About 1:30 I noticed a code three out front rt about the same time the officers out there noticed him. I made sure he wasn't admitted, even made small talk about him coming back another night. He acted as if walking away. I then walked back in the bar to lower the djs volume. When I walked back outside, the code three was getting arrested. He had mouthed off to the cops.

--

WITNESS #2: Tyler Mabry

I was on the bar side when I heard Nick call a code 3 over the radio. I responded and witnessed a man with his hand in the air trying to stop the fan. By this time Miguel showed up and asked the man to stop messing with the fan. The man refused and Miguel asked if he could see his ID. By this point the man grew agitated and gave us a hard time. We finally got his ID and had him follow us outside. When we got outside I explained to him that I felt he had had too much to drink and that he would have to call it a night. The man seemed incoherent and was clearly growing upset. His two friends were trying to hold him back and get him to his car when officer Neal drove by and witnessed what was happening. Officer Neal pulled over and got out of his car as the man was walking towards the corner. Officer Neal asked the man to stop and "come over here" several times as the man walked away faster. Officer Neal followed the man along the side of the building and when he grabbed the man by the arm a small skirmish ensued between the two. The man kept resisting so Officer Neal was forced to use his baton on the man's leg in order to get him on the ground. Even while on the ground the man continued to resist arrest until several other officers arrived on the scene. Both Miguel and I were asked to give a quick statement to the police, which we did.

MANAGER STATEMENT: zachary

I was walking out a code 2 when I heard the call for another code 2 called. I left my party outside the front door with our front door guy Joe and officer Brian was standing there as well. I went in to find a whole group fighting Nate and I grabbed the males and took them outside while every one else broke up the females. I went back inside to help get everyone out when a group of girls ran out of the kitchen towards front door I called to not let any one out the girls got by front door and then went after suspect (Miguel). Then officer Brian grabbed them. This was a big Hispanic family feud. Nobody was arrested.

SHARKEEZ INCIDENT REPORT

Witness #1: Brandon Reid: I had just been sent out front of the building by Travis the door lead, as I walked outside there was a code three that had been not let in earlier standing on the corner. Officer Larry was parked outside with Officer Faggen and another officer talking to each other. The code three was talking to both DJ and I when officer Larry told Him he needed to go home or he was coming with him in his police car. The code three then told officer Larry that he wasn't taking him anywhere. Officer Larry quickly cuffed the code three and took him to his vehicle.

MANAGER STATEMENT:

I was at the bar when I heard a ho: code 4 to the front door call from my front door guy(nick). I arrived up front and saw officer neil (brian) hand cuffing one of our regulars cassey. Apparently someone "stole" his dog from up front or it got away. He freaked out when he found out. He started to verbal attack or members of our door staff. I told him to cool out or he wouldn't be welcome in PJ's. he got mad at me so I tagged off with c-bass. He ended up in the back of a cop car when Brian heard how he was talking to us.

The next day after talking to c-bass he told me that he talked to Brian late night and he did not end up arresting Casey in front of the building. He gave him a ride home and cited him for littering. Casey did file a report for the missing dog with Brian prior to him getting cited and taken home.

MANAGER STATEMENT: fab

We were breaking up a code two call, and escorting the latter party out of the back door. Once outside they began to make a lot of noise. Officer brian neal was driving by with his new, unknown , partner when he noticed them and stopped them. He put them all on his hood and began going thru the motions . after that the fire and medics rolled. I asked one of the officers why and he said the girl was bleeding from her fresh cesarean wound. The fire left and didn't take her with them eventually. The three were taken away in the back of the police cars. I text brian asking them what the charges werefor my report and he said drunk in public.

MANAGER STATEMENT: Joshua Benson

A code 2 was called in the Back Parking Lot. We all started to head back there to break it up. About 1/2 way there it turned to a code 1. The fight broke out right about Argonne and the adjacent back lot to us. As we came up on the fight, another one broke out., and then another one broke out. By the time all of us were there, we had to break up 3 fights. Once we had them under control, they all started up again. A car pulled up and a few guys hopped out and started in the fight as well. It got to be almost 15 people fighting. At this time the police pulled up and started to break it up. All of our guys gathered to let the police handle it. The guys from both groups were very hostile to the police. One guy started to approach and looked aggressive toward one officer and he was ther TAZED by the officer. We grouped together to get everyones story, and saw that Dane, John W, Miguel and I all had gotten hit or kicked at one point in the night. I came in to the office to type notes on this. I got a call to the front door to file a report with Officer Evans. He asked for everyone involved to come out and give a statement. We all told them what had happened. The took our ID info and asked if we wanted to pres charges, or file as victims. We declined. We never saw these people inside PJs and We had nothing to do with any of them prior to the incident

WITNESS #2: Chase

SHARKEEZ INCIDENT REPORT

A code 2 was called and I responded and as I came up I noticed the code 2 was under control. I further noticed that the code 2's friends became involved and that's when it escalated to a code 1.

WITNESS #3 Nick Korsgaden

I heard the code 2 and ran to the back parking lot. Then witnessed Dane and John separating the two parties. Once I arrived on scene more people arrived and got involved when it became a code 1. It was unclear of who was friends with who and all I kept doing was pulling people off of each other. Once the police arrived and tazers were involved I stood back and watched.

WITNESS #4- Dane Wimmer

I saw a group of about 5 people walking towards the olives parking lot. They starting getting loud and walking towards another group so I called a code 2 for the rest of the staff. A group of 5 or 6, walked towards another group of three or four and started to take their shirts off and yelling at each other. At this point jon and I tried to break it up while the fight continued. While trying to restrain some of the people, I was hit several times by people from different angles. The staff quickly responded and tried to restrain the rest of the people. Soon after, the police arrived and restrained the rest.

a
w

Jon White #5-

I was in the back parking lot working as a door guy and I noticed an argument near the back of olives. I told dane, who was near me, to call a code 2. The two of us separated the two groups, but as soon as the rest of the staff came out, a few more guys came into the altercation and suddenly a fight broke out. We did our best to restrain the parties and the police showed up and they took over from there.

Veronica	?	562-805-7962
marty	?	?

PHYSICAL DESCRIPTION OF UNIDENTIFIED PARTIES:

APPROX. HEIGHT	APPROX. WEIGHT	DESCRIPTION
Marty - 5'3"	140	40+ year old Caucasian female blond long hair, white shirt jeans
Veronica - 5'3"	140	Mid twenties, brown long hair Hispanic female , white shirt jeans

MANAGER STATEMENT: fabius

I got a code two call (customer confrontation) to the women's room, when I arrived I witnessed staff separating the two parties. I went with veronica and her boyfriend to the kitchen while adam hobbs went to the front with marty and her two daughters (7 & 10 years old) I spoke briefly to veronica and her boyfriend in the kitchen to assess the situation. Veronica was being difficult to deal with, however her boyfriend was being very cooperative and helpful in calming her down. I then left staff in the kitchen with veronica and headed to the front to find out what the other end of the story was and get the other party on their way. When I arrived I found marty out front with her girls and her girlfriend. I told marty, who appeared to have had a few drinks, that I was sorry that she had issues with other customers but she would need to leave anyways as it was approaching 10pm and all minors had to leave by then anyways. She said she wanted her purse and her other kid from inside. I went in with her girlfriend to retrieve those items and get them on their way. Her friend apologized to me and said that marty was drunk and sorry for the hassles. When we returned marty's husband, I think it was her husband anyways, came out with us. At this same time other staff began to take veronica's group out the back door and got them heading down the alley. At this time marty said she was pushed in the bathroom by the veronica and that she hit her head against the wall and that her head hurt. I offered her some ice and asked if she was ok. This all came out of nowhere as this was the first she mentioned anything about physical contact and any pain she was in. I asked if she needed some ice and if she was ok. she said no she wasn't and that she wanted the police and an ambulance. She told me to call the police. as I tried to explain to her that the police would not be able to help her because it was a "he said she said" situation. She was already on the phone with emergency services at this point and told them she needed fire and pd. She became aggressive with me telling me that I needed to detain the other party. I told her that I couldn't do that as I was not the police. When PD and fire arrived she was very rude to them and was cussing at the firemen trying to help her, to the point that they told her if she didn't settle down they would not be able to. eventually they put a neck brace on her and called the ambulance for her transport. All 100% unnecessary in my opinion. At this point I find out from the officers who responded, cole and cohen, that the other party were being held and questioned down the street. The ambulance arrived and loaded marty on the gurney and took her away. I went down the street and spoke to veronica's boyfriend. He told me that they were being cooperative with the police and that they were letting them go, but only after they gave veronica some type of citation. I didn't find out what the citation was for as I headed back to the store. the police call # is 1709 and report # is 11-64352

SHARKEEZ INCIDENT REPORT

WITNESS # nick ford

Walked in on a code 2 between two women outside the women's room. I tried to calm the situation between the two; Veronica kept on aggravating the situation and approached the child. I then called the code two over the radio. Veronica was then separated and no physical interaction occurred. Veronica was then taken to the kitchen by Fabius and me where she began to tell her side of the situation. After Veronica side of the story was told, she was then escorted out the back door.

WITNESS #2: Adam Hobbs

I heard the code 2 women's restroom so I ran to the women's restroom. When I arrived I saw three women's arguing. I stepped between two of the women and asked one of them to follow me to the front door, she then gathered her children that were in the restroom. I then walked them out the front door. Once outside I asked her what happened and she told me that she said to her children "make room for these ladies." Then after she said that the two ladies started to yell at her and telling her that they were going to shove her head in the toilet. Then about 5 min after that her husband came outside and was getting very agitated. as he got angry she then changed her story to one of the other ladies pushing her up against a wall and smacking her head.

MANAGER STATEMENT: Joshua benson

I was in the kitchen and was called to the bar for a HOT code 4. When I arrived it was not a code 4 but a code 2. I jumped in the middle and it seemed like the 2 of the guys were friends. Turns out they were not. Eli was the problem. He was defiantly drunk. I closed out his tab and asked him to follow me out side as to not disturb any of the guests eating inside. I got him out front to the patio and asked him to sign his tab. He took the receipt and crumbled it up He wanted to fight someone. Anyone! I he finally after about 10 min of yelling walked away. w/o signing his tab and his card.

He then came back about 5 min later for his card. He began to yell and holler again and try to fight us. His friend or other guys at the bar he was with came out front to calm him down. He did so and started to sign his tab. He asked for his card and when I gave it to him he tried to swing on me. I backed up and luckily his friend was between us. He finally closed out and was on his way, but not happy that he did not get to fight.

a customer of ours or someone passing by called the police. They arrived about 10 min later and asked what had happened. I told them the story and that he had left on his way already. Right as the officer was about to leave, Eli came back. He saw the cop and tried to walk away, but it was too late.

The officer arrested him for Drunk and public and disturbing the Peace.

We responded to a code 2 at mid door. As we arrived to to break it up one guy tried to put the other guy in a head lock. We broke that up fast, and separated the two parties as we are supposed to. One out front and one in the kitchen. As we were holding both parties Officer Brian showed up and asked what was going on. We told him that 2 guys were a lil upset at each other and we split em up. Brian said great job. Looks like you have everything handled just fine. As we were closing out the tab for the guys out front, they started to just complain about us kicking them out. We told them its time to call it a night, but they were more upset about the other guy not being asked to leave. We told them why he is not gone and why we have him in the kitchen, hoping they would understand and just go. Officer Brian was still out front, and he told the guys nicely that they need to hop in a cab and call it a night since we asked them to do so. They decided to then complain to Brian about the situation. Brian even flagged them down a cab to get into and leave. Well I guess they would not cooperate with him, so he asked them to the hood of his car. Brian told me that he wanted to just scare the guys so they would just leave. After about 5 min on the hood, I guess one of the guys said the wrong thing to him, so Brian cuffed him and put him in his car. Again Brian said he was just gonna scare him. About 5 min after that, Brian got pissed at the guy in the car and then changed him mind to make it an arrest for Failure to cooperate with an officer. He took the guy to jail all because he would just not shut his mouth. He was not drunk, he was not even part of the code 2/1. He was just the guys brother.

We pulled a girl out on a code three. Her boyfriend followed her out and immediately became aggressive with staff. They insisted we had her card and tab, although we attempted to explain to them over ½ an hour that we didn't he only became more and more aggressive. The rest of the members of their group, including his mother and sister, attempted to calm him down to no success. He left down the street and came back 5 different times attempting to fight various staff members. Eventually it turned into a family fued as they headed around the corner of rite aid and headed down Covina. Once they were a few houses down Covina behind rite aide , the sister began to beat up the brother and he fought back. there was a lot of yelling which got the neighbors attention. Some came out of their houses and called the police. The police arrived and detained him and his mom. Later officer weber and diaz both came by and told me that the shift was too short staffed tonight so they didn't take him to jail. They sent them home in a cab and logged the incident as a family dispute., no police report.
