**35329**

This Agreement for Emergency Stroke Transport Services ("Agreement") is made and entered into effective as of July 1, 2019 (the "Effective Date"), by and between The Regents of the University of California, on behalf of the UCLA Health System and the David Geffen School of Medicine at UCLA, Department of Neurology (collectively, "UCLA"), and the City of Long Beach ("PROVIDER").

**RECITALS**

- A. UCLA owns and operates the Ronald Reagan UCLA Medical Center and the Santa Monica - UCLA Medical Center and Orthopaedic Hospital which are licensed acute care hospitals located at 757 Westwood Plaza, Los Angeles, CA 90095 and 1250 16th Street, Santa Monica, CA 90404.
- B. PROVIDER is a municipal corporation duly organized and existing under the laws of the State of California with the power to carry on its business as it is being conducted under the statutes of the State of California and the Municipal Code of PROVIDER. The PROVIDER's Fire Department is fully licensed and accredited to provide emergency medical transportation services.
- C. A Mobile Stroke Unit ("MSU") is an ambulance that has a Computerized Tomography (CT) scanner capable of performing head CTs in the community and prior to arriving at a hospital.
- D. A Mobile Stroke Unit Team ("MSU Team") is an organized group of health care providers that specialize in stroke care and may include, but not limited to a radiology technician, registered nurse, paramedic, and vascular or emergency neurologist.
- E. A Mobile Stroke Unit Program ("MSU Program") is a predetermined plan that requires a MSU and MSU Team who respond in an ambulance and provide high level, on-scene, acute stroke care. The program is approved by the EMS Agency to be deployed in the prehospital setting to provide rapid assessment of suspected acute stroke patients by utilizing a mobile CT scanner able to transmit images to a remote site or on scene and provide a hard copy to receiving hospitals. Further elements of the program can include treatment with intravenous tissue plasminogen activator (Alteplase), hemostatic agents, and blood pressure medications and determination of appropriate hospital destination depending on CT scanner findings and consultation with base station to support the suspected stroke patient.
- F. The Department of Health Services Los Angeles County issued a MSU Mutual Aid Report, dated September 29, 2017, and prehospital care policy, Reference No. 817 Regional Mobile Response Team, dated September 15, 2017, which policy defines the requirements for MSUs, the activation and approval process for MSU Teams, and the general topics that must be addressed in a contract between a MSU Program and any Exclusive Operating Area Provider, as defined therein.

- G. UCLA and PROVIDER desire to enter into this Agreement regarding emergency stroke transport services as a pilot program.

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants set forth below, the parties hereby agree as follows:

1. SERVICES TO BE PROVIDED BY PROVIDER.

- 1.1 Basic Services. PROVIDER shall access the mobile stroke ambulance unit (“MSU”) as a mutual aid resource, as per Los Angeles EMS Agency Policy 817 (Regional Mobile Response Team), in order to transport patients from the location of patient pickup to the appropriate receiving hospital. The MSU operates under a joint agreement between UCLA and Santa Monica Fire, including as part of Santa Monica Fire’s ambulance fleet, which operate under 1797.224 of the Health and Safety Code, and is available to other provider agencies in Los Angeles County through the mutual aid policy.
- 1.2 PROVIDER shall allow UCLA access to the appropriate data sources for process and outcomes measures of patients transported by the MSU, for program performance improvement, and research purposes. These data sources may be hosted by PROVIDER or a contracted affiliate of PROVIDER (such as the Get With The Guidelines data source through the Los Angeles County Emergency Medical Services Agency).
- 1.3 PROVIDER shall provide two (2) mobile radios to ensure electronic communication between the MSU and PROVIDER’s dispatch center. All equipment shall remain the property of PROVIDER throughout the duration of this Agreement, and shall be returned to PROVIDER upon termination of the Agreement. All equipment shall be returned in as good a condition as received at the commencement of this Agreement, except for reasonable wear and tear. UCLA shall repair or replace any lost or damaged equipment, provided however, that UCLA shall not be responsible to repair or replace any lost or damaged equipment if PROVIDER is solely at fault for such damage or loss.

2. SERVICES TO BE PROVIDED BY UCLA.

- 2.1 Basic Services. UCLA shall provide the MSU Team which shall consist of a specialty transport team (or “STT”), and related medical direction and services, together with the MSU, medical equipment, and supplies unique to the services provided by the STT for the clinical services and transport of patients to UCLA and other receiving hospitals.
- 2.2 Specialty Transport Team Medical Personnel. UCLA shall provide from among its employees such medical personnel for the STT, with the exception of the Paramedic, who will not be a UCLA employee. The Paramedic will be an employee of the City of Santa Monica and provides services on the MSU pursuant to an agreement between the City of Santa Monica and UCLA. For reasons of safety, efficiency and compliance, PROVIDER and UCLA agree that the STT will consist of 1 Paramedic, 1 Critical Care Transport Nurse, 1 Computed Tomography Technician, and 1 Vascular or Emergency Neurologist (via telehealth), each of whom are appropriately experienced and licensed for the level of care required for the transport. Each STT member shall be trained and familiar with medical operations prior to assignment to the STT. UCLA shall be

responsible for all medical direction and authority of the STT, as described herein, during the transport of patients under this Agreement.

2.2.1 UCLA employees so assigned receive all of their compensation and benefits from UCLA in accordance with UCLA policies and procedures while performing these services.

2.3 Medical Director and STT Administrative Services. UCLA shall provide a Medical Director (the "Medical Director"), who shall be a David Geffen School of Medicine, Department of Neurology ("Department") physician, to provide clinical oversight services for the MSU Program. The Medical Director will (i) provide clinical oversight with respect to the patients transported within the MSU Program, (ii) develop and approve medical treatment protocols for patients transported by the MSU, (iii) work collaboratively with the PROVIDER's medical director and assist PROVIDER in monitoring state and local EMS regulations as they relate to emergency transports. In addition to the Medical Director's responsibilities, the MSU Critical Care Transport Nurse will provide program administrative oversight. These administrative services will include basic training of the MSU staff, scheduling of STT staffing, and quality assurance for the MSU Program.

2.4 Patient Care by UCLA Designated Physician during Transport. UCLA may, at UCLA's sole discretion based on patient needs, designate a physician to accompany the STT to provide direct patient care on an MSU transport. Said UCLA designated physician's patient care services shall be aside from, and in addition to the administrative duties of the Medical Director described above.

2.5 Maintenance, fueling, insurance, licensing (other than the ambulance provider license), and repairs of the MSU will be the responsibility of UCLA.

2.6 During the daily operations of the MSU, if Base Station contact is made, the MSU shall contact the appropriate Base Station. Within six months of the expiration or termination of the Agreement, UCLA will submit a comprehensive report to the PROVIDER.

### 3. RELATIONSHIP OF THE PARTIES.

3.1 Independent Contractors. The relationship of the parties as set forth in this Agreement is that of independent contractors. Nothing in this Agreement is intended or shall be construed as creating any kind of partnership, joint venture, or agency relationship between the parties. Neither PROVIDER nor its employees, agents, or subcontractors, if any, shall in any way be deemed to be employees, agents, or subcontractors of UCLA. Likewise, neither UCLA nor its employees, agents, or subcontractors, if any, shall be deemed to be employees, agents, or subcontractors of PROVIDER. Each of the parties shall be solely responsible for the method and manner in which it and its respective employees, agents, or subcontractors carry out the duties imposed on it by this Agreement, and neither party shall exercise any control or direction over the methods by which the other party and its respective employees, agents, or subcontractors perform their respective functions hereunder, except as may otherwise be provided in this Agreement. Neither party (nor any of its employees, agents, or subcontractors) shall have a respective claim under this Agreement or otherwise against the other party for vacation pay,

sick leave, retirement benefits, workers' compensation, or other employee benefits, privileges, or usual and customary rights of any kind.

4. TERM AND TERMINATION.

4.1 Term. This Agreement shall be in effect for a period of two (2) years commencing at midnight on July 1, 2019, and terminating at 11:59 p.m. on June 30, 2021, with the option to renew for one additional one-year period, upon the mutual written agreement of both parties.

4.2 Termination without Cause. Either party may terminate this Agreement for any reason upon thirty (30) days' prior written notice to the other party.

4.3 Termination with Cause. Either party may terminate this Agreement immediately in the event of breach; or if either party loses its license, accreditation or certification; or if either party is no longer able to provide the service for which this Agreement was entered into.

5. BILLING AND CHARGES FOR MEDICAL TRANSPORT SERVICES.

5.1 Billing. PROVIDER shall seek payment for all transport services, which includes the transport services provided by the STT by directly billing and collecting from the patients and other persons for whose benefit such services are provided under this Agreement, including without limitation the transported persons, their insurance carriers, county, state or federal agencies, or the sending or receiving medical facility pursuant to a prior written agreement between PROVIDER and such facility, as appropriate (the "Patient Billings"). PROVIDER shall accept such reimbursement for Patient Billings as payment in full, and shall not look to UCLA for any additional payment. PROVIDER's fees shall be competitive with customary local fees for comparable services and shall be billed in accordance with all applicable laws (including those of the federal health care programs), customary professional practices, and other third-party payer programs, whether public or private. PROVIDER shall maintain a compliance program designed to promote adherence with such applicable laws and programs. If the STT and specific care provided in the MSU allows PROVIDER to bill a higher level of transport than PROVIDER would otherwise be able to, UCLA shall be entitled to the difference in received reimbursement in order to partially cover the costs of the STT labor, equipment and other clinical costs.

Nothing herein shall restrict UCLA from billing for technical or professional services related to the standard of care clinical services performed as a part of the MSU Program.

5.2 Invoicing Procedures. In accordance with state and federal law, including but not limited to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the regulations promulgated hereunder, UCLA shall provide to PROVIDER all information necessary or appropriate for the proper billing, reimbursement, collection and management by PROVIDER of the Patient Billings as well as a complete copy of the transport patient care record.

6. INDEMNIFICATION.

6.1 Indemnification by PROVIDER. PROVIDER shall defend, indemnify and hold UCLA, the County of Los Angeles, its officers, employees and agents harmless from and against any and all liability, loss, expense (including reasonable attorneys' fees) or claims for injury or damages

arising out of the performance of this Agreement including but not limited to, claims of employees of PROVIDER, claims of third parties and claims arising out of injury to or death of any person, and from and against all loss or damage, or destruction of any property whatsoever, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injuries or damages are caused by or result from PROVIDER's breach of this Agreement, or the negligent or intentional acts or omissions of PROVIDER, its officers, agents, or employees.

The foregoing shall not apply to claims or causes of action resultant from the sole negligence or willful misconduct of UCLA or its officials, employees, or agents.

6.2 Indemnification by UCLA. UCLA shall defend, indemnify and hold PROVIDER, its departments, boards, officers, employees, and agents harmless from and against any and all liability, loss, expense (including reasonable attorneys' fees), or claims for injury or damages arising out of the performance of this Agreement including but not limited to, claims of employees of UCLA, claims of third parties and claims arising out of injury to or death of any person, and from and against all loss or damage, or destruction of any property whatsoever, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees or claims for injuries or damages are caused by or result from UCLA's breach of this Agreement or the negligent or intentional acts or omissions of UCLA, its officers, agents or employees, including any third party claim relating to any act or omission by UCLA employees including the Medical Director.

The foregoing shall not apply to claims or causes of action resultant from the sole negligence or willful misconduct of the City of Long Beach, its Boards, or their officials, employees, or agents.

## 7. INSURANCE

The parties expressly acknowledge and agree that it has been and continues to be their intent to comply fully with all federal, state, and local laws, rules and regulations. It is not the purpose nor is it a requirement of this Agreement to offer or receive any remuneration of any nature or to solicit, require, induce, or encourage the referral of any patient, the payment for which may be made in whole or in part by Medicare or Medicaid (Medi-Cal). No payment made or received under this Agreement is in return for the referral of patients or in return for the purchasing, leasing, ordering or arranging for or recommending the purchasing, leasing, or ordering of any goods, service, item or product for which payment may be made in whole or in part under Medicare or Medicaid (Medi-Cal). 11.7 Severability. If any provision of this Agreement is held to be illegal, invalid, or unenforceable under present or future laws effective during the term hereof, such provision shall be fully severable. This Agreement shall be construed and enforced as if such illegal, invalid, or unenforceable provision had never been a part of the Agreement, and the remaining provisions shall remain in full force and effect unaffected by such severance, provided that the severed provision(s) are not material to the overall purpose and operation of this Agreement.

11.8 Governing Law. This Agreement shall be governed in all respects by the laws of the State of California.
