(Citywide)</p>	Anne Proffit	anne@highpowermedia.com						<p>The city has committed ZERO resources to enforcement of laws regarding micro mobility assets and actually avoids enforcement. It is imperative this project be shelved until and unless the city decides to enforce its own laws. Impropriety is noted in the lobbying of the city by a former employee of Dr Mayor Garcia - pay to play does not belong here. Progressive cities in LA County have either banned scooters or collected fees during the project's formative stages. Why not LBC?</p>	2/19/2019

(Citywide)</p>	Steve Gerhardt	steve@walklongbeach.org						<p>Our primary concern is that scooters are off the sidewalks as much as possible.</p> <p>There should be a physical presence in town for e-scooters; where people can get education, new rider training, pick up helmets and such, something like the Bike Station. Current code prohibits bike riding on sidewalks in commercial areas. The same for e-scooters. This should be communicated to riders through the apps periodically.</p> <p>We generally are supportive of the sensible approach the City is taking on this.</p>	2/18/2019

Anne Proffit	anne@highpowermedia.com						STOP DESTROYING PHYSICAL RECORDS - YOU MAY NEED THEM SOME DAY. In the future, people may want to know why the city of Long Beach is corrupt. Your destruction of records won't help. But you don't care, right? #thelongbeachcityattorneyiscorrupt	2/19/2019
