April 10, 2007

HONORABLE MAYOR AND CITY COUNCIL

City of Long Beach

California

RECOMMENDATION:

Approve the Plans and Specifications for those portions of a proposed improvement by the County of Orange of the Los Alamitos Pump Station and Retarding Basin located within the City Limits. (District 3)

DISCUSSION

The Orange County Flood Control District is proposing to construct improvements to their Los Alamitos Pump Station and Retarding Basin located just south of 2nd Street and east of the San Gabriel River, as shown on the attached map. A portion of this facility lies within the City of Long Beach. In accordance with California Public Contract Code Section 21020.9, the County of Orange is required to obtain the City's approval prior to awarding a construction contract.

Staff has reviewed the project plans and a determination has been made that the project will not impact the City of Long Beach. In accordance with the California Environmental Quality Act, Mitigated Negative Declaration No. IP03-105 was filed by the County of Orange for this project.

This matter was reviewed by Deputy City Attorney Lori A. Conway on March 28, 2007.

TIMING CONSIDERATIONS

City Council action on this matter is requested on April 10, 2007, to allow the County of Orange to proceed with contract award on April 25, 2007.

FISCAL IMPACT

None

GERALD R. MILLER
CITY MANAGER

A detailed map of the Los Alamitos Pump Station area. The San Gabriel River flows from the top left towards the bottom right. The Los Alamitos Retarding Basin & Pumping Station is a large, hatched rectangular area in the center-right. To its right is the Boeing International Facility. Westminister Blvd. runs horizontally across the top. Los Alamitos Blvd. runs vertically on the right side. The map also shows the Los Angeles County and Orange County borders, the Golden Gate, Leisure World, and Monterey Rd. Other labels include 'DISCHARGE LINES', 'INTAKE', 'WINDJAMMER', 'SPINNAKER', 'FEDERAL STORM DRAIN', and 'ACH BLVD.' at the bottom right.
