Subject: RV invasion in our neighborhood

Most recent pics of all of the RV that have made a home at the wardlow rd golf course.. please consider marking changes to the parking laws in our beautiful neighborhood! We have no idea what kind of criminals are living in these RVs. The crime in our neighborhood has greatly increased since they have moved in! Please make a permit to park a law! They ignore the posted signage and the police department is not in forcing the laws. We need your help in this matter ASAP!
