PUBLIC COMMENT:	Gretchen Swanson	gretchen.swanson3@gmail.com			Long Beach	CA	90814	Please activate Vision Zero in Long Beach Street safety can not come soon enough. We are moving as a city away from personal vehicles and towards other means of mobility. To do this for the economy, the environment and personal health - we must have safe streets. There are key scenarios such as conditions along East 7th Street in other parts of Long Beach - we need to address them using the proven principles of Vision Zero with community members from areas most effected by dangerous driving.	3/13/2018
22. (18-0236) Recommendation to receive and file a report on the Long Beach Values Act; and Adopt resolution entitled the "Long Beach Values Act of 2018" regarding procedures for the requesting, collecting, maintaining, and disclosing of sensitive information and the enforcement of federal immigration law. (Citywide)	Lucy Johnson	lucyjohanson1@gmail.com						I am strongly opposed to the adoption of the "Long Beach Values Act of 2018" resolution (not attached to agenda item) with the inclusion of the 2nd and 3rd bullet points and everything after the 1st comma in the 4th bullet point under "DISCUSSION" in the CM memo. It is not the prerogative of a city to "prevent" deportation. As a LB taxpayer, I believe no city monies should be paid toward legal expenses of individuals, unless ordered to do so by a court or as a result of a negotiated settlement.	3/13/2018

(Citywide)	GLennis Dolce	glennisd@mac.com					90807	Again, no spending of general fund dollars on this! Go ahead and make your statement but no tax monies should be spend to "seed" a public defense fund for this!	3/12/2018

(Citywide)	Jerry Griffin	jgriffin@verizon.net			Long Beach	CA	90808	Has there been any investigation into the impact to our tourist and convention visitors? Will being a Sanctuary City increase or decrease conventions and tourist? What is the anticipated costs to defend this action? Where is the funding for this item come from? If this is so important why not let the voter's decide if we want to become a Sanctuary City? Why are you afraid to let the legal citizens decide this issue, let us vote after all we will have to pay for it!	3/12/2018

31. (18-0246) Recommendation to authorize City Manager, or designee, to execute an amendment to Contract No. 33344 and increase Blanket Purchase Order (BPO) No. BPPW14000009 with Arup North America Limited, for Civic Center Information Technology Integration and Parking Facility demand needs assessment costs by \$2,102,000, for a revised total amount not to exceed \$10,201,733; and Increase appropriations in the General Services Fund (IS 385) in the Technology and Innovation Department (TI) by \$1,752,000. (Citywide)	GLennis Dolce	glennisd@mac.com					90807	Exactly how much additional \$ will staff be asking for in regards to the TI implementation of IT for the new City Hall? I request that it be made very clear to the public that these are in fact cost overruns that were not properly laid out in the original budget. Since it is now too late to explore other options without running into completion problems and fines, I think the council needs to be exploring this and asking questions.	3/12/2018
