I have heard from my fellow neighbor that this bar has been an issue of concern since established, and as I've come to see it, I have to agree. None of the guidelines listed in this permit have been followed as of late, which leads me to believe this bar can not follow the guidelines of this permit in the future. To add to this, it is not a comfortable or ideal combo to permit amplified music near a residential neighborhood with children, young adults, and the elderly who would be affected by the loud and unruly noises. I would greatly reconsider approving this permit, because of the inconsiderate actions towards this establishment's surrounding environment.	8/6/2023
7. (23-0875) Recommendation to adopt resolution of the City Council of the City of Long Beach proclaiming the 40th Anniversary of Long Beach Pride. (Citywide)	Dave Shukla	dave.shukla@gmail.com		Support.	8/8/2023

27. (23-0859) Recommendation to authorize City Manager, or designee, to execute a Memorandum of Agreement, including subsequent amendments, with the South Bay Cities Council of Governments, for the implementation of the Coordinated Integrated Monitoring Program for the Dominguez Channel Watershed with other participating agencies under the National Pollutant Discharge Elimination System Municipal Separate Storm Sewer System Permit, for an annual amount not to exceed \$25,000 for the initial year, and annually thereafter, escalated by 2 percent, for a three-year term. (Citywide)	Dave Shukla	dave.shukla@gmail.com		Support.  Hopefully with this intergovernmental MOU there can be a quicker response to problems in the Dominguez Channel than over the past couple of years.	8/8/2023
PUBLIC COMMENT: OBTAIN SPEAKER CARD FROM THE CITY CLERK	Dave Shukla	dave.shukla@gmail.com		Still reading this budget book looking for how exactly the City is going to reduce emissions...	8/8/2023
38. (23-0871) Recommendation to declare ordinance amending the Long Beach Municipal Code by amending the title of Chapter 2.38 and Section 2.38.010, all relating to the Climate Resilient and Sustainable City Commission, read and adopted as read. (Citywide)	Pete Marsh	petemarsh.re@gmail.com		Good afternoon! I'm writing to express  <b>STRONG SUPPORT</b>  for item 23-0871, renaming the *Climate Resilient and* Sustainable City Commission.  This seemingly minor step does indeed better align with the commission's mission and the CAP.  Thank you for all you do.  Pete Marsh 530-636-3994 District 2	8/8/2023

<p>38. (23-0871) Recommendation to declare ordinance amending the Long Beach Municipal Code by amending the title of Chapter 2.38 and Section 2.38.010, all relating to the Climate Resilient and Sustainable City Commission, read and adopted as read. (Citywide)</p>	<p>Dave Shukla</p>	<p>dave.shukla@gmail.com</p>		<p>Hello. The changes here are, as the kids say, "pretty mid".</p> <p>It is a good thing that the City has established an Office of Climate Action. Greater consistency of purpose would be achieved if this, ahem, advisory board was similarly so named. After all, what meaning does "climate resiliency" have in a City context where two towns, Long Beach and the Signal Hill enclosed therein, are responsible not only for a significant portion of California's historical emissions of ghg's (greenhouse gases) over the past 120 years, but also a significant part of the institutional and political resistance to mitigating those emissions over the past 30 years?</p> <p>Moreover, per section 2.38.030 of the proposed ordinance, this non-Charter Commission has no real authority.</p> <p>Mayor Richardson and Council Members, that lack of authority matters in a context where your own City Staff, across various departments, remain resistant to meeting CA statutory goals on mitigation and reducing emissions.</p> <p>Just saying...</p>	<p>8/8/2023</p>
