DEPARTMENT OF COMMUNITY DEVELOPMENT

333 WEST OCEAN BOULEVARD • LONG BEACH, CALIFORNIA 90802

September 12, 2006

HONORABLE MAYOR AND CITY COUNCIL  
City of Long Beach  
California

## RECOMMENDATION:

Authorize the City Manager to execute contracts With Various Service Providers for the Workforce Investment Act Youth Development Program, for the period of October 1, 2006 through June 30, 2008. (Citywide)

## DISCUSSION

The Workforce Development Bureau (Bureau) operates the Youth Opportunity Center which facilitates assistance with completion of high school diploma and GED, referrals to vocational education and training, internships and other work experience, non-traditional work and training opportunities, unsubsidized employment, volunteer opportunities and successful transition into the world of work for Long Beach youth ages 14-21. To maximize outreach in the community and to deliver many of the above services proscribed by the Workforce Investment Act, the Bureau contracts with various community-based organizations to operate youth development projects.

The Bureau has completed a procurement process to acquire service providers for the period of October 1, 2006 through June 30, 2008. The procurement focused on organizations interested in and capable of providing services for youth who are economically disadvantaged and possess characteristics ranging from high school dropout, homeless, runaway, foster child, pregnant or parenting, offender, basic skills deficient, or individual (including a youth with a disability) who requires additional assistance to complete an educational program or to secure and hold employment. Organizations were strongly encouraged to develop their proposals and service strategies in line with the vision that out-of-school youth and those currently at risk of dropping out are integral to the skilled workforce needed by businesses to fill job vacancies. Proposals were requested to connect youth served with quality secondary and post-secondary educational opportunities, as well as high-growth industries and other employment opportunities.

Proposals from nine entities were received and rated through the procurement process. Staff and Workforce Development Board recommendations for funding of seven projects, totaling \$850,000 to serve approximately 260 youth, are outlined in "Exhibit A."
