The Lighthouse Bunch Mission Statement and Policies

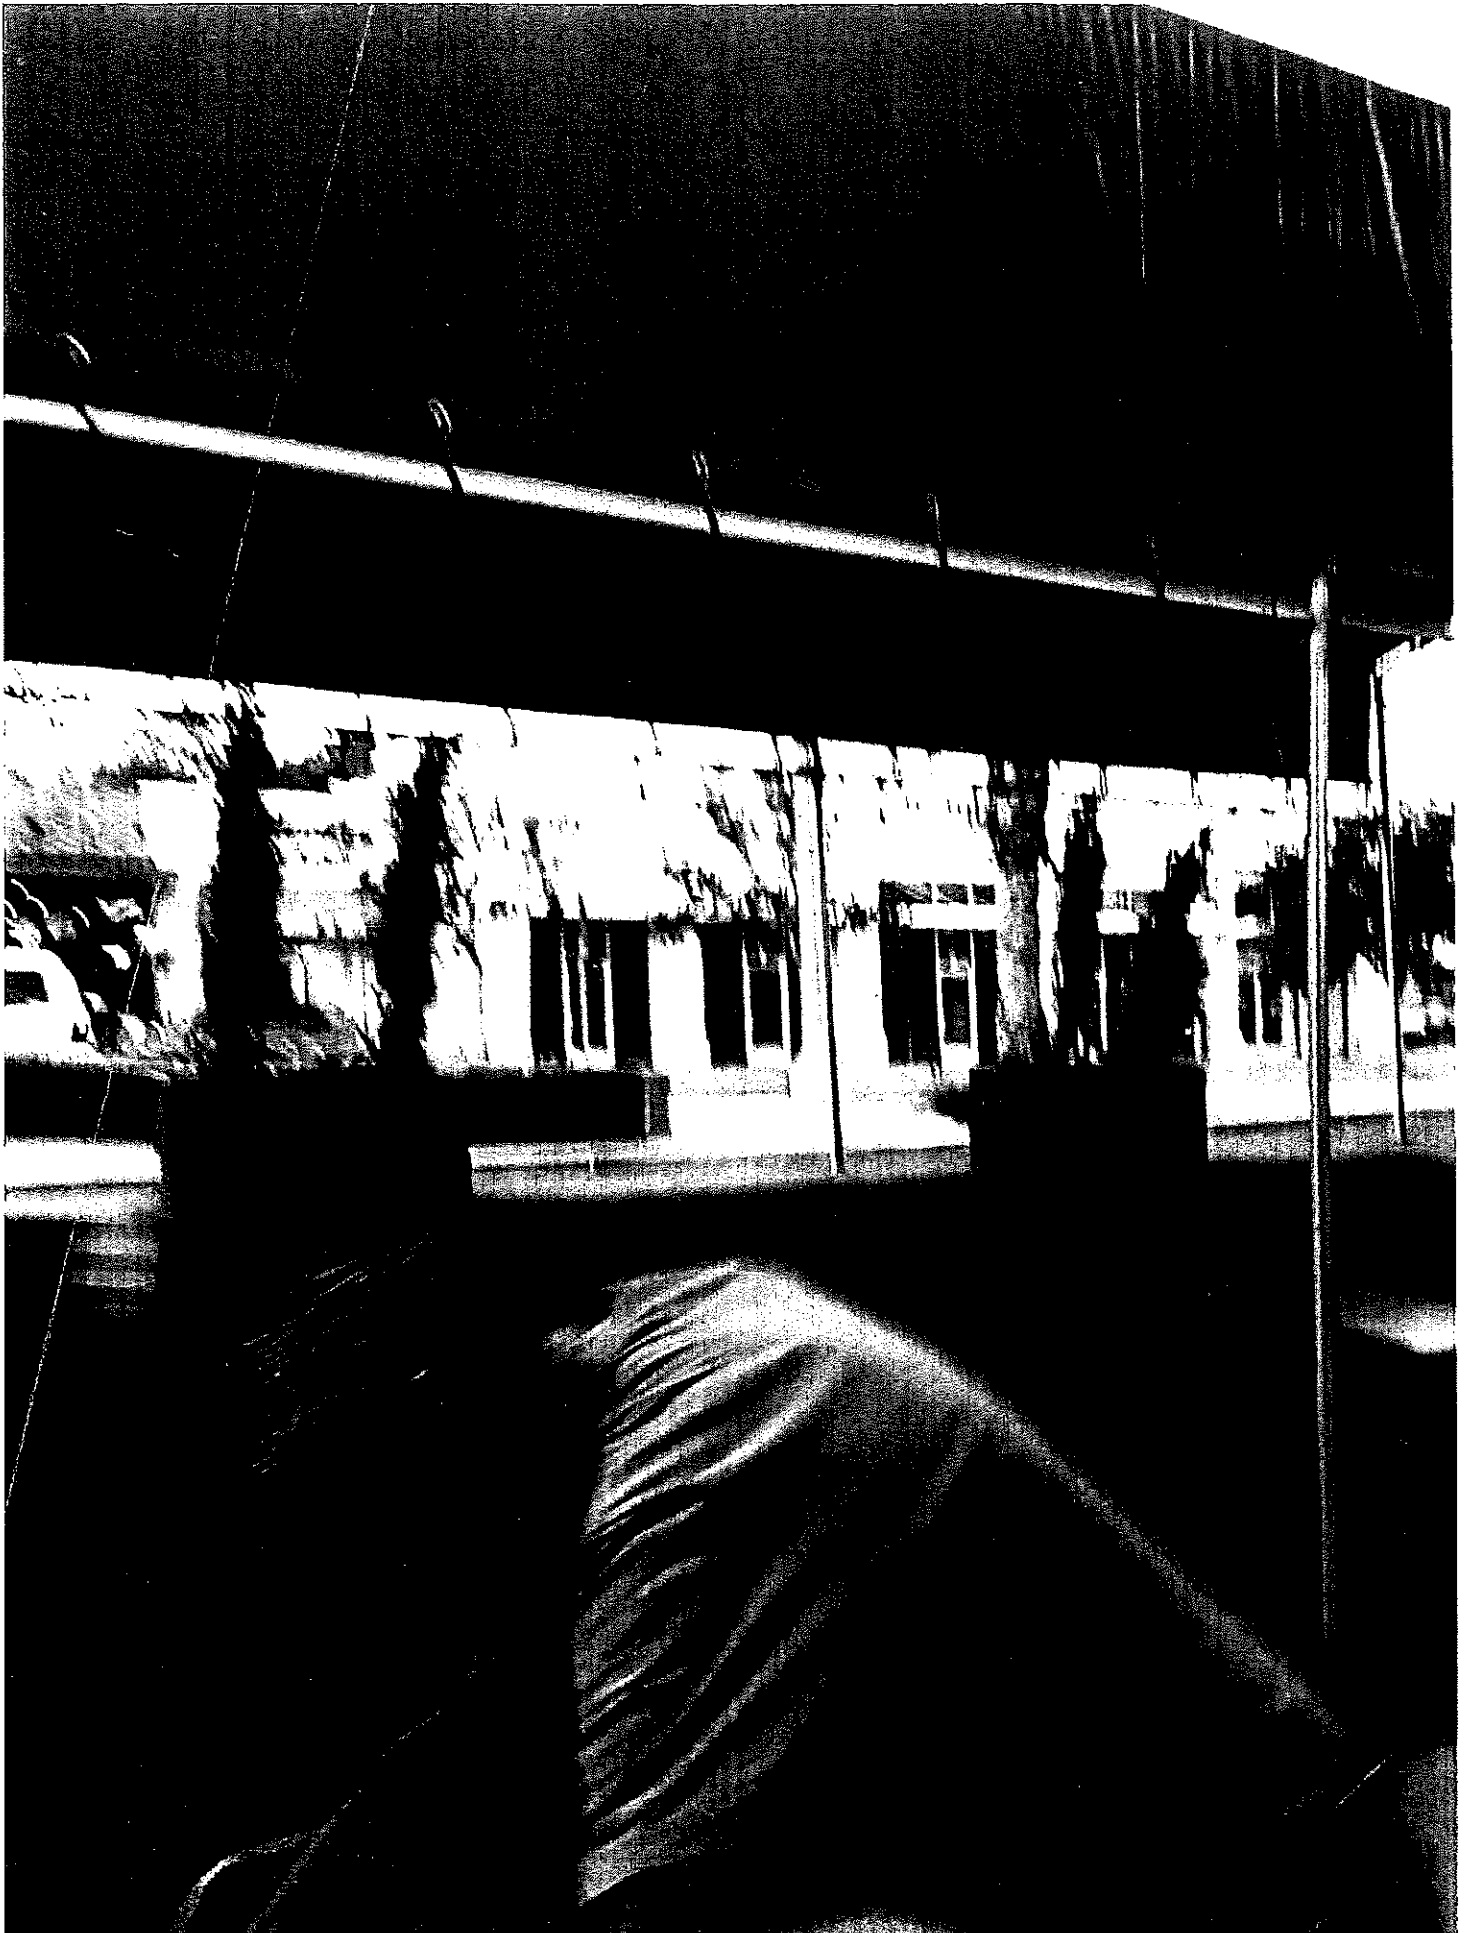

As a community service organization, The Lighthouse Bunch intends to create a network of citizens retired and non-retired, to collaborate available times for strategic planning and community safety oversight and engagement.

As a local business to business network, The Lighthouse Bunch mission is to create a platform with our community and LBPD so as to share first hand photos and information when crimes are occurring.

Our Lighthouse Bunch mission is created to promote community and social based safety oversight and education. With Federal, State and City Long Beach, our resources to execute and succeed are here. With CERT training and community safety, City Long Beach will be a safe harbor for the 2028 Summer Olympics.
