Yes: 9 - Garcia, Lowenthal, DeLong, O'Donnell, Schipske, Andrews, Reyes Uranga, Gabelich and Lerch

[see media](#)

16. [09-1290](#)

Recommendation to respectfully request City Council to adopt the following three strategies to address homelessness and vehicular occupation in conjunction with the City's current "Homeless Prevention and Rapid Re-Housing Program" (HPRP):

Prevention: Assist people who are within three months of being evicted, and could be at risk of being homeless. This includes:

- Identify the issuance of utility shut-off notices in order to assess households that may be at risk for losing their housing. (Long Beach City Gas and Oil Department and Water Department)
- Provide rental and utilities assistance for this target population. (The City of Long Beach is currently contracting with Catholic Charities to assess households for eligibility for the Homeless Prevention component.)
- Provide case management and support services to address issues that may link the household as at risk of homelessness. (This is linked to rental and utilities assistance.)

Outreach: Reach out to people who are living in vehicles on the streets of Long Beach in order to identify who they are, what their needs are, and how to connect them to services and housing. This includes:

- Since law enforcement is typically the first responders, provide law enforcement with Pocket Guide Resource Directories that list services at the City's Multi-Service Center; and also provide to neighborhood and business associations.
- Begin to track the incidence of Vehicular Occupancy to learn about who is living in their vehicles and what their needs are.
- Support current City street Outreach teams to regularly canvass neighbors reaching out to people living in vehicles.
- Assign an existing Outreach staff person at the City's Multi-Service Center to assist in coordinating and strategizing outreach to people living in vehicles.

Rapid Re-Housing: Refer people in vehicles to Beyond Shelter located at the Multi-Service Center to access services and housing for people already homeless and living in vehicles. This includes:

- "Outreach" as described above.
- Link people in vehicles to services at the City's Multi-Service Center; services such as employment, case management, health care, mental health care, food, etc.

- Provide people with housing locator assistance, rental assistance and move-in costs for 6 months. This would be linked with intensive case management and employment placement services.
- Provide people with direct access to emergency and transitional shelters for people who do not qualify for Rapid Re-Housing Program.

This adopted strategy allows the City of Long Beach to immediately serve and house people who are living in vehicles as a first priority.

Councilman Andrews spoke.

Councilmember Lowenthal spoke.

Christine Glasgow spoke.

Gail Davis spoke.

Sofie Bay spoke.

Judy Krumpton spoke.

Sharon Grover spoke.

Desire Tessier spoke.

[see media](#)

24. [09-1300](#)

Recommendation to adopt Plans and Specifications No. R-6806 for the Colorado Lagoon Restoration Project; and authorize City Manager to award and execute the contract with ARB Inc. in an estimated amount of \$3,787,238, plus a 20 percent contingency amount of \$757,448, if necessary and if funds are available, for a total of \$4,544,686, and any necessary amendments thereto; authorize City Manager to accept \$1,300,000 from the Port of Long Beach and \$1,116,131 from the State Water Resources Control Board for construction of the Colorado Lagoon improvements, and execute all documents necessary to accept the funds; and increase appropriations in the Tidelands Operation Fund (TF) in the Department of Community Development (CD) in the amount of \$2,416,131. (District 3)

Distributed at or prior to the meeting: Memorandum dated December 14, 2009 from Richard Steinke, Executive Director, Port of Long Beach.

Motion: Approve recommendation, with the inclusion of the Port of Long Beach conditions as follows: 1. If the resource agencies determine that no mitigation credits are generated by the project, then the City must refund the advanced funds within 30 days of the resource agencies' decision. 2. The Board could elect not to proceed with the proposed project if it deems the cost per acre credit is not cost-effective. The Board could then request a full refund of the advanced funds. 3. Provision of these funds does not create a precedent for additional funding for the Project. 4. The City must construct the entire project or refund the entire amount advanced by the Port.
Moved by DeLong, seconded by Lowenthal.
