ARTICLE 7. PAYMENT FOR SERVICES/AMOUNT OBLIGATED

The Contractor warrants that it has reviewed the County's requirements and has asked such questions and conducted such other inquiries as the Contractor deemed necessary in order to determine the price the Contractor will charge to provide the Work and Services to be performed under this Contract. The compensation for all Work and Services performed under this Contract, including all costs associated with such Work and Services, shall be in accordance with Appendix B, Payment Schedule (Miami-Dade County), Appendix C, U.S. Communities National Pricing Schedule and Appendix D, National Freight Averages for Participating Public Agencies. The

County or any Participating Public Agency shall have no obligation to pay the Contractor any additional sum in excess of this amount, except for a change and/or modification to the Contract, which is approved and executed in writing by the County or Participating Public Agency and the Contractor.

All Services undertaken by the Contractor before County's approval of this Contract shall be at the Contractor's risk and expense.

With respect to travel costs and travel-related expenses, the Contractor agrees to adhere to Section 112.061 of the Florida Statutes as they pertain to out-of-pocket expenses, including employee lodging, transportation, per diem, and all miscellaneous cost and fees. The County shall not be liable for any such expenses that have not been approved in advance, in writing, by the County.

ARTICLE 8. PRICING

Contract pricing for carts and bins shall be firm for the first complete quarter in accordance with the calendar year (i.e. March, June, September, and December) of the contract. Thereafter, the Contractor, during the last month of the quarter, shall submit the Chemical Data Monthly Petrochemical & Plastics Analysis Report as produced by Chemical Data (CD), 111 North Loop West, Suite 1140, Houston, Texas 77008. Quarterly price adjustments for carts and recycling bins shall be revised as a result of increase or decreases in resin per pound in accordance with the change in HDPE Resin for Large Buyer Contract Prices for Medium Quality Injection Molding as documented by the Chemical Data Monthly Petrochemical & Plastics Analysis Report. The increase/decrease will be reflected in the unit price per cart for the term of the contract, for the amount of resin per pound per cart (95/96 and 64/65 and 35 gallon) as identified below.

Product Description	Resin Weight Per Container
95/96 Gallons	34.1 lbs.
64/65 Gallons	27.5 lbs.
34 Gallons	17.9 lbs.

The February 2016 Chemical Data Index of \$.645 per pound is the base rate for adjustment per the Chemical Data Index. In terms of ongoing adjustments.

Should for some unknown reason the execution of the contract award and start be delayed past January 1, 2017, the container pricing would be adjusted to reflect the pricing at the end of that current month. For example; if the award was made on January 10, 2017, the Contractor is required to honor its submitted pricing until January 31, 2017. Using the same benchmark pricing of February 2016, the adjusted price would take effect on February 1, 2017 with an adjustment request submitted by the Contractor on or about January 25, 2017. Price adjustments would remain quarterly on the calendar year with the next potential adjustment taking place on April 1, 2017.

ARTICLE 9. METHOD AND TIMES OF PAYMENT

The Contractor agrees that under the provisions of this Agreement, as reimbursement for those actual, reasonable and necessary costs incurred by the Contractor, which are directly attributable or properly allocable to the Services, the Contractor may bill the County periodically, but not more than once per month, upon invoices certified by the Contractor pursuant to Appendix B – Price Schedule, Appendix C – U.S. Communities National Pricing Schedule for Participating Public Agencies or Appendix D - National Freight Averages for Participating Public Agencies. All invoices shall be taken from the books of account kept by the Contractor, shall be supported by copies of payroll distribution, receipt bills or other documents reasonably required by the County,

shall show the County's contract number, and shall have a unique invoice number assigned by the Contractor. It is the policy of Miami-Dade County that payment for all purchases by County agencies and the Public Health Trust shall be made in a timely manner and that interest payments be made on late payments. All firms, including Small Business Enterprises, providing goods and services to the County, shall receive payment to maintain sufficient cash flow. In accordance with Florida Statutes, Section 218.74 and Section 2-8.1.4 of the Miami-Dade County Code, the time at which payment shall be due from the County or the Public Health Trust shall be forty-five (45) days from receipt of a proper invoice. Billings from prime Contractors under services and goods contracts with the County or Public Health Trust, that are Small Business Enterprise contract set-aside, bid preference or contain a subcontractor goal, shall be promptly reviewed and payment made by the County or Trust on those amounts not under dispute within fourteen (14) calendar days of receipt of such billing by the County or the Trust pursuant to Sections 2-8.1.1.1.1 and 2-8.1.1.1.2 of the Miami-Dade County Code. All payments due from the County or the Public Health Trust, and not made within the time specified by this section shall bear interest from thirty (30) days after the due date at the rate of one percent (1%) per month on the unpaid balance. Further, proceedings to resolve disputes for payment of obligations shall be concluded by final written decision of the County Mayor, or his or her designee(s), not later than sixty (60) days after the date on which the proper invoice was received by the County or the Public Health Trust.

In accordance with Miami-Dade County Implementing Order 3-9, Accounts Receivable Adjustments, if money is owed by the Contractor to the County, whether under this Contract or for any other purpose, the County reserves the right to retain such amount from payment due by County to the Contractor under this Contract. Such retained amount shall be applied to the amount owed by the Contractor to the County. The Contractor shall have no further claim to such retained amounts which shall be deemed full accord and satisfaction of the amount due by the County to the Contractor for the applicable payment due herein.

Invoices and associated back-up documentation shall be submitted in duplicate by the Contractor to the County as follows:

Miami-Dade County
Department of Solid Waste Management
8801 NW 58th Street
Doral, Florida 33172
Attention: Cart Program Manager
Phone: (305) 514-6336

The County may at any time designate a different address and/or contact person by giving written notice to the other party.

ARTICLE 10. INDEMNIFICATION AND INSURANCE

The Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by the Contractor or its employees, agents, servants, partners principals or subcontractors. The Contractor shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. The Contractor expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by the Contractor shall in no way limit the responsibility to

indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.

Upon County's notification, the Contractor shall furnish to the Internal Services Department, Procurement Management Division, Certificates of Insurance that indicate that insurance coverage has been obtained, which meets the requirements as outlined below:

The company must be rated no less than "A-" as to management, and no less than "Class VII" as to financial strength by A.M. Best Company, Oldwick, New Jersey, or its equivalent, subject to the approval of the County Risk Management Division.

Miami, Florida 33128-1974**

Compliance with the foregoing requirements shall not relieve the Contractor of this liability and obligation under this section or under any other section in this Agreement.

Award of this Contract is contingent upon the receipt of the insurance documents, as required, within ten (10) business days. If the insurance certificate is received within the specified timeframe but not in the manner prescribed in this Agreement, the Contractor shall have an additional five (5) business days to submit a corrected certificate to the County. If the Contractor fails to submit the required insurance documents in the manner prescribed in this Agreement within fifteen (15) business days, the Contractor shall be in default of the contractual terms and conditions and award of the Contract may be rescinded, unless such timeframe for submission has been extended by the County.

The Contractor shall assure that the Certificates of Insurance required in conjunction with this Section remain in full force for the term of the Contract, including any renewal or extension periods that may be exercised by the County. If the Certificate(s) of Insurance is scheduled to expire during the term of the Contract, the successful Bidder shall submit new or renewed Certificate(s) of Insurance to the County a minimum of ten (10) calendar days before such expiration. In the event that expired Certificates of Insurance are not replaced or renewed to cover the Contract period, the County may suspend the Contract until the new or renewed certificates are received by the County in the manner prescribed herein. If such suspension exceeds thirty (30) calendar days, the County may, at its sole discretion, terminate the Contract for cause and the Contractor shall be responsible for all direct and indirect costs associated with such termination.

ARTICLE 11. MANNER OF PERFORMANCE

- a) The Contractor shall provide the Services described herein in a competent and professional manner satisfactory to the County in accordance with the terms and conditions of this Agreement. The County shall be entitled to a satisfactory performance of all Services described herein and to full and prompt cooperation by the Contractor in all aspects of the Services. At the request of the County, the Contractor shall promptly remove from the project any Contractor's employee, subcontractor, or any other person performing Services hereunder. The Contractor agrees that such removal of any of its employees does not require the termination or demotion of any employee by the Contractor.
- b) The Contractor agrees to defend, hold harmless and indemnify the County and shall be liable and responsible for any and all claims, suits, actions, damages and costs (including attorney's fees and court costs) made against the County, occurring on account of, arising from or in connection with the removal and replacement of any Contractor's personnel performing services hereunder at the behest of the County. Removal and replacement of any Contractor's personnel as used in this Article shall not require the termination and or demotion of such Contractor's personnel.
- c) The Contractor agrees that at all times it will employ, maintain and assign to the performance of the Services a sufficient number of competent and qualified professionals and other personnel to meet the requirements to which reference is hereinafter made. The Contractor agrees to adjust its personnel staffing levels or to replace any its personnel if so directed upon reasonable request from the County, should the County make a determination, in its sole discretion, that said personnel staffing is inappropriate or that any individual is not performing in a manner consistent with the requirements for such a position.
- d) The Contractor warrants and represents that its personnel have the proper skill, training, background, knowledge, experience, rights, authorizations, integrity, character and licenses as necessary to perform the Services described herein, in a competent and professional manner.
- e) The Contractor shall at all times cooperate with the County and coordinate its respective work efforts to most effectively and efficiently maintain the progress in performing the Services.
- f) The Contractor shall comply with all provisions of all federal, state and local laws, statutes, ordinances, and regulations that are applicable to the performance of this Agreement.

ARTICLE 12. EMPLOYEES OF THE CONTRACTOR

All employees of the Contractor shall be considered to be, at all times, employees of the Contractor under its sole direction and not employees or agents of the County. The Contractor shall supply competent employees. Miami-Dade County may require the Contractor to remove an employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose continued employment on County property is not in the best interest of the County. Each employee shall have and wear proper identification.

ARTICLE 13. INDEPENDENT CONTRACTOR RELATIONSHIP

The Contractor is, and shall be, in the performance of all work services and activities under this Agreement, an independent contractor, and not an employee, agent or servant of the County. All persons engaged in any of the work or services performed pursuant to this Agreement shall at all times, and in all places, be subject to the Contractor's sole direction, supervision and control. The Contractor shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the Contractor's relationship and the relationship of its employees to the County shall be that of an independent contractor and not as employees and agents of the County.

The Contractor does not have the power or authority to bind the County in any promise, agreement or representation other than specifically provided for in this Agreement.

ARTICLE 14. AUTHORITY OF THE COUNTY'S PROJECT MANAGER

- a) The Contractor hereby acknowledges that the County's Project Manager will determine in the first instance all questions of any nature whatsoever arising out of, under, or in connection with, or in any way related to or on account of, this Agreement including without limitations: questions as to the value, acceptability and fitness of the Services; questions as to either party's fulfillment of its obligations under the Contract; negligence, fraud or misrepresentation before or subsequent to acceptance of the Contractor's Proposal; questions as to the interpretation of the Scope of Services; and claims for damages, compensation and losses.
- b) The Contractor shall be bound by all determinations or orders and shall promptly comply with every order of the Project Manager, including the withdrawal or modification of any previous order and regardless of whether the Contractor agrees with the Project Manager's determination or order. Where orders are given orally, they will be issued in writing by the Project Manager as soon thereafter as is practicable.
- c) The Contractor must, in the final instance, seek to resolve every difference concerning the Agreement with the Project Manager. In the event that the Contractor and the Project Manager are unable to resolve their difference, the Contractor may initiate a dispute in accordance with the procedures set forth in this Article. Exhaustion of these procedures shall be a condition precedent to any lawsuit permitted hereunder.
- d) In the event of such dispute, the parties to this Agreement authorize the County Mayor or designee, who may not be the Project Manager or anyone associated with this Project, acting personally, to decide all questions arising out of, under, or in connection with, or in any way related to or on account of the Agreement (including but not limited to claims in the nature of breach of contract, fraud or misrepresentation arising either before or subsequent to execution hereof) and the decision of each with respect to matters within the County Mayor's purview as set forth above shall be conclusive, final and binding on

parties. Any such dispute shall be brought, if at all, before the County Mayor within 10 days of the occurrence, event or act out of which the dispute arises.

- e) The County Mayor may base this decision on such assistance as may be desirable, including advice of experts, but in any event shall base the decision on an independent and objective determination of whether Contractor's performance or any Deliverable meets the requirements of this Agreement and any specifications with respect thereto set forth herein. The effect of any decision shall not be impaired or waived by any negotiations or settlements or offers made in connection with the dispute, whether or not the County Mayor participated therein, or by any prior decision of others, which prior decision shall be deemed subject to review, or by any termination or cancellation of the Agreement. All such disputes shall be submitted in writing by the Contractor to the County Mayor for a decision, together with all evidence and other pertinent information in regard to such questions, in order that a fair and impartial decision may be made. Whenever the County Mayor is entitled to exercise discretion or judgement or to make a determination or form an opinion pursuant to the provisions of this Article, such action shall be fair and impartial when exercised or taken. The County Mayor, as appropriate, shall render a decision in writing and deliver a copy of the same to the Contractor. Except as such remedies may be limited or waived elsewhere in the Agreement, Contractor reserves the right to pursue any remedies available under law after exhausting the provisions of this Article.

- b) Nothing in this Agreement shall be construed for the benefit, intended or otherwise, of any third party that is not a parent or subsidiary of a party or otherwise related (by virtue of ownership control or statutory control) to a party.
- c) In those situations where this Agreement imposes an indemnity obligation on the Contractor, the County may, at its expense, elect to participate in the defense if the County should so choose. Furthermore, the County may at its own expense defend or settle any such claims if the Contractor fails to diligently defend such claims, and thereafter seek indemnity for costs from the Contractor.

ARTICLE 16. QUALITY ASSURANCE/QUALITY ASSURANCE RECORD KEEPING

The Contractor shall maintain, and shall require that its subcontractors and suppliers maintain, complete and accurate records to substantiate compliance with the requirements set forth in the Scope of Services. The Contractor and its subcontractors and suppliers, shall retain such records, and all other documents relevant to the Services furnished under this Agreement for a period of three (3) years from the expiration date of this Agreement and any extension thereof.

County. Such records shall subsequently conform to Generally Accepted Accounting Principles requirements, as applicable, and shall only address those transactions related to this Agreement.

Pursuant to Section 2-481 of the Miami-Dade County Code, the Contractor will grant access to the Commission Auditor to all financial and performance related records, property, and equipment purchased in whole or in part with government funds. The Contractor agrees to maintain an accounting system that provides accounting records that are supported with adequate documentation, and adequate procedures for determining the allowability and allocability of costs.

ARTICLE 18. SUBSTITUTION OF PERSONNEL

In the event the Contractor wishes to substitute personnel for the key personnel identified by the Contractor's Proposal, the Contractor must notify the County in writing and request written approval for the substitution at least ten (10) business days prior to effecting such substitution.

The Contractor shall not assign, transfer, convey or otherwise dispose of this Agreement, including its rights, title or interest in or to the same or any part thereof without the prior written consent of the County.

ARTICLE 20. SUBCONTRACTUAL RELATIONS

- a) If the Contractor will cause any part of this Agreement to be performed by a Subcontractor, the provisions of this Contract will apply to such Subcontractor and its officers, agents and employees in all respects as if it and they were employees of the Contractor; and the Contractor will not be in any manner thereby discharged from its obligations and liabilities hereunder, but will be liable hereunder for all acts and negligence of the Subcontractor, its officers, agents, and employees, as if they were employees of the Contractor. The services performed by the Subcontractor will be subject to the provisions hereof as if performed directly by the Contractor.
- b) The Contractor, before making any subcontract for any portion of the services, will state in writing to the County the name of the proposed Subcontractor, the portion of the Services which the Subcontractor is to do, the place of business of such Subcontractor, and such other information as the County may require. The County will have the right to require the Contractor not to award any subcontract to a person, firm or corporation disapproved by the County.

- h) Maintain the database for the purpose of identifying and managing carts inventory with all appropriate fields, including but not limited to: a unique cart serial number (corresponding to the bar code), cart size, cart color, purchase order no., delivery date and other cart-related features/data as needed, including condition (i.e., good, poor, return for warranty repair/replace).
- i) Have the capability to add newly delivered carts (and their various characteristics) coming from the Contractor to the inventory (database) via scanning of the bar code with a handheld device at the time of delivery (e.g., as a load is delivered, staff scans each cart

- delivered, confirms agreement with delivery/packing list); all such additions to be identifiable by date and time-stamp and user performing the scan will be included in the database.
- j) Provide the capability of adding information regarding carts to be shipped to the system. This information must remain in a pending file until the agency "releases" each cart into regular status upon verification that the actual shipment matches the file listing.

The re-order point should automatically alert the appropriate individual to begin the order process.
 - n) Provide standard software upgrades/updates at no additional cost to the County throughout the contract period.

2.22.2 Miami-Dade County Interface Requirements

The Contractor shall configure and develop the following interfaces for the County:

- b) An interface that is able to accept work orders/service requests for service work related to carts, (e.g., repairs, replacements, new distribution to new accounts, etc.) from the WCS, preferably in real time using web services.
- c) The required fields will include but will not be limited to: address, (waste) account number, garbage route number, type of cart (garbage or recycling), cart size (in gallons), and cart barcode number (if available) date and time of service request and specific type of request (e.g., repair, replacement, etc.) by numeric request code.
- d) An interface capable of receiving service requests from a routing application via a standard routing interface (e.g. CSV, comma delimited text, web services, DB scripts, access or ESRI shape file).
- e) An interface capable of allowing for all results of work order requests to be "returned" to other systems (e.g., WCS, 311, etc.) via a Standard format API (Application Programming Interface).
- f) An interface that is be able to return information regarding the status of work orders/service requests to the WCS, again preferably in real time using web services.
- g) The required fields will include but will not be limited to: address, (waste) account number, garbage route number, a description of the resolution/completion by type (e.g., repair, replacement, etc.) by numeric code, type of cart (garbage or recycling), cart size (in gallons), and cart barcode number (of replacement unit if applicable) and the date and time of the request completion.
- h) An interface capable of work order processing and provide for the geographical grouping of repair requests to the various County repair crews (into the zones or groups of garbage routes which a given cart crew will service).

- i) An interface capable of providing data in a file format of the service requests that will be suitable for possible future use with a routing software.
- j) An interface that provides each zone's or cart crew's daily list of addresses to be serviced, available to the specific handheld device of that crew.
- k) Provide a highly intuitive and easy user interface that will, via a customizable drop-down list, allow the cart crew/user to select the action(s) taken to "close" the service request (e.g., repair broken wheel, replace lid, etc.) inclusive of scanning the cart to be delivered; the software should prevent "closing" without a successful scan of new cart delivered and will remind the user to bar code or RFID, and scan the cart being removed and add relevant data to the inventory database (if applicable).
- l) An interface that allows for input related to requests that could not be "closed" for any number of reasons (primarily "no cart left out for servicing"), which will be segregated for appropriate re-processing with the next day's requests; the software will enable the "closing" of a second visit regardless of the visit outcome.

2.22.3 Data Reporting Tool Requirements

2.22.4 Interim Processing

Due to the fact that a new Waste Collection System (WCS) is currently in development, and may not be completed and implemented in advance of the delivery of the proposed interface solution, it may be necessary for the proposed interface solution to provide temporary means of exchanging data via batch processing with the current Mainframe WCS, presumably via uploads of file extracts (of service request data) from the WCS with downloads (of service completion data) from the proposed interface solution being returned to the WCS.

CART/RECYCLING BIN PRICE ADJUSTMENTS:

Contract pricing for carts and bins shall be firm for the first complete quarter in accordance with the calendar year (i.e. March, June, September, and December) of the contract. Thereafter, the Contractor, during the last month of the quarter, shall submit the Chemical Data Monthly Petrochemical & Plastics Analysis Report as produced by Chemical Data (CD), 111 North Loop West, Suite 1140, Houston, Texas 77008. Quarterly price adjustments for carts and recycling bins shall be revised as a result of increase or decreases in resin per pound in accordance with the change in HDPE Resin for Large Buyer Contract Prices for Medium Quality Injection Molding as documented by the Chemical Data Monthly Petrochemical & Plastics Analysis Report. The increase/decrease will be reflected in the unit price per cart for the term of the contract, for the amount of resin per pound per cart (95/96 and 64/65 and 35 gallon) as identified below.

Product Description	Resin Weight Per Container
95/96 Gallons	34.1 lbs.
64/65 Gallons	27.5 lbs.
34 Gallons	17.9 lbs.

The February 2016 Chemical Data Index of \$.645 per pound is the base rate for adjustment per the Chemical Data Index. In terms of ongoing adjustments.

Should for some unknown reason the execution of the contract award and start be delayed past January 1, 2017, the container pricing would be adjusted to reflect the pricing at the end of that current month. For example; if the award was made on January 10, 2017, the Contractor is required to honor its submitted pricing until January 31, 2017. Using the same benchmark pricing of February 2016, the adjusted price would take effect on February 1, 2017 with an adjustment request submitted by the Contractor on or about January 25, 2017. Price adjustments would remain quarterly on the calendar year with the next potential adjustment taking place on April 1, 2017.
