RE: Recommendation to receive and file a report on travel to Sacramento, CA for League of California Cities annual conference.

On September 5 through September 7, I attended a League of California Cities event in Sacramento, California.

At the event I met with leaders of other municipalities to discuss issues affecting local governments. League of California Cities is a leading advocate for the common interests of California's cities. Their mission is to restore and protect local control for cities through education and advocacy in order to enhance the quality of life for all Californians.

Recommended Action

Approve recommendation.
