

**eComments Report for City Council Meeting Agenda of February 18, 2020**

Item	Name	E-mail	Street	Neighborhood	City	State	Zip	Comment	Received
4. (20-0146) Recommendation to approve the destruction of records for the Department of Development Services, Administrative Services Division; and adopt resolution.	Anne Proffit							Your willful destruction of documentation will come back to haunt you. While you believe this is your proper way to govern, let me assure you, it is not. You will be held responsible for these acts.	2/18/2020
17. (20-0159) Recommendation to adopt resolution expressing intent to prioritize spending of the Transient Occupancy Tax ("TOT") increase for specific purposes, if approved by voters in the March 3, 2020 Special Municipal Election. (Citywide)	GLennis Dolce							SO this TOT \$ MAY be spent for the arts? Then that is what the Mayor's glossy fi-ars should say. Instead they say it WILL be used for the arts. Are you going to vote yes for this deception? Will you stand for truth and integrity?	2/18/2020
19. (20-0161) Recommendation to receive and file Fiscal Year 2019 Year-End Budget Performance Report and increase appropriations in several funds across several departments for various purposes to reflect final expenditures and carryover clean-up. (Citywide)	Jon Schultz							<p>As a 19-year resident of CD5, I would like to advocate for the proposed state-of-the-art artificial turf field at El Dorado Park West. Its beautiful, thoughtful and safe design is a major improvement to a run-down space. Our youngest residents deserve a quality field to learn, play and compete on.</p> <p>There is a lot of misinformation being spread about the cost and scope of this project, by the same people who show up and oppose, or complain about, or sue over, anything our local CP and/or City of Long Beach proposes. Yet election after election it has been demonstrated that their opinions are not representative of the residents of the city - like my family and others who appreciate and support the investments our local leaders continue to make. They complain that the City does nothing, until the city does something, then they complain about that, too!</p> <p>I respectfully request that you support the artificial turf field project.</p> <p>Jon Schultz Chairman PLAY Long Beach Resident, CD5</p>	2/18/2020

19. (20-0161) Recommendation to receive and file Fiscal Year 2019 Year-End Budget Performance Report and increase appropriations in several funds across several departments for various purposes to reflect final expenditures and carryover clean-up. (Citywide)	GLennis Dolce							Artificial turf is not how any measure A \$\$ should be spent. "Artificial turf" is simply MORE PLASTIC POLLUTION - NOT A GREEN SOLUTION, but a contributor to global warming and sea rise. Are you serious? You need to come up with a MUCH BETTER list of things to spend this \$ on. Like the magnolias, like tree trimming across the city, like a million other things but NOT ON PLASTIC POLLUTION!	2/18/2020
19. (20-0161) Recommendation to receive and file Fiscal Year 2019 Year-End Budget Performance Report and increase appropriations in several funds across several departments for various purposes to reflect final expenditures and carryover clean-up. (Citywide)	Anne Proffit							I understand your desire to construct and maintain (yeah right) soccer fields at El Dorado Park, the gem of our city, but using artificial turf is unnecessarily DANGEROUS for our children, as is having boulders surrounding the fields - unless you just love paying out claims for injuries. Artificial turf is unhealthy, requires replacement every five years and uses more water than does natural turf. You are the most short-sighted bunch of spendthrifts I have ever seen. Use our money wisely, for once. NATURAL TURF ONLY	2/18/2020
