RE: Support for Restaurant Annual Fees Relief During COVID-19 (August 4, 2020 Long Beach City Council Agenda Item 25)

Dear Councilmember Daryl Supernaw:

As I am unable to attend Tuesday's City Council meeting due to family matters, I am writing to express my support for Agenda Item 25, the recommendation to temporarily suspend health, fire, and business licensing renewal fees for restaurants impacted by COVID-19.

Restaurants across our city have experienced a sudden loss of income due to the COVID-19 pandemic. Pausing annual fees and charges will help dining locations keep their doors open and ensure our economy is able to recover faster when the State of Emergency order is lifted.

Long Beach restaurants are destinations for residents and visitors alike. We know how important restaurants are to the livelihood of so many of our residents. These businesses are also important amenities for neighborhoods and a big part of the culture that makes our city so special.

In prior city council meetings, we have been discussing this type of support for local businesses during the current crisis. This item has my full support, and my thanks to you and the cosponsors for bringing it forward.

Sincerely,

Mayor Robert Garcia
City of Long Beach

Subject: Council Agenda Items 25 & 29

-EXTERNAL-

Mayor and Council Members,

I am writing you with the hopes you all will consider a way to offer relief to restaurants, service based businesses, and all small businesses in the city effected by COVID.

I am currently the managing member of 3 restaurant business in Long Beach, DOGZ Bar and Grill, Roe Seafood, and Jade Restaurant. My family, my businesses, and all of my over 150 employees have been financially impacted greatly from the COVID 19 pandemic.

The Federal Government came up with the PPP and the EIDL programs with the intentions of keeping small business from closing during the pandemic with hopes they would be able to re-open at some point. Once they were able to re-open, they would again be able to serve the community, generate much needed sales tax revenues, and keep people employed and generate more revenues thru payroll taxes instead of costing the government thru further unemployment.

We now need local city help and relief so we can attempt to stay in business.

The annual licenses and permit fees for a full service restaurant in the city of Long Beach typically range from \$3-\$5,000 when you total up; business license fee, fire permit, health permit, public occupancy permit(for sidewalk seating), entertainment permit. Many of the renewal periods came during the ordered closures of our businesses.

I thank you all in advance for your consideration of both agenda items 25 & 29.

Stay well,

Rod Frontino, Managing Partner

Subject: petition signatures regarding items 25 and 29 tonight

-EXTERNAL-

Good Morning,

On July 15th, we started gathering signatures on behalf of the LB Restaurant Association, an informal group of 35 restaurant owners from across Long Beach. These signatures represent owners, managers, employees, vendors, and friends of the restaurant industry who are very concerned about the future of the restaurant industry in LB due to COVID and the health orders associated with it. Without significant help from government it is estimated that 50% of all full-service restaurants in LB will close permanently. We are asking for your help with items 25 and 29 tonight. Annual fees and permits during the pandemic need to be waived. \$4.1M allocated to full-service restaurants along with retail and other business industries is not nearly enough, especially for the full-service restaurants that employ thousands of people, who are your residents. Grants of \$1500 to \$2500 are a drop in the bucket; serious consideration needs to be given to this industry and find funding that equates to \$25,000 per full-service restaurant that has more than 15 employees. More and more closings mean less and less sales tax to the general fund. They need our help now and can't wait to find out if there is more state funding coming. Attached are almost 700 supporters. Thank you for your consideration tonight.

If you have any questions, please feel free to call John Edmond, or myself.

Best Regards,
Mike Murchison - "Mike 24-7"

Stephanie Pryor Hubbert	US	2020-07-29	"As a customer to our many restaurants in Long Beach it hurts me to see businesses closing because we are not doing everything possible to keep them open.Immediate action needs to be made for restaurants in the Cal Heights/ Bixby Knolls area to slow traffic so parklets can occupy a lane of traffic on Atlantic Ave. as they have been allowed to do in Belmont Shore. This is a pandemic/emergency, all neighborhoods should be allowed equal remedies to outdoor seating."

Mayor and Council Members,

I am contacting you regarding the need to provide some relief to full service restaurants that have been affected by Covid-19. Full service restaurants have never been able to generate any kind of profit at seating capacity of 50%-70%. Even at 100% capacity, many full service restaurants don't survive. We have all moved our dining outside as best we can, but this is still not giving us the opportunity to at least try to break even. We will loose many restaurants over the next few months if there isn't some kind of life-line extend by the City until inside dining is again allowed.

I urge you to help our City's full service restaurants and support both Agenda items 25 and 29.
