

# How to Adopt one of us...

from Long Beach Animal Care Services.

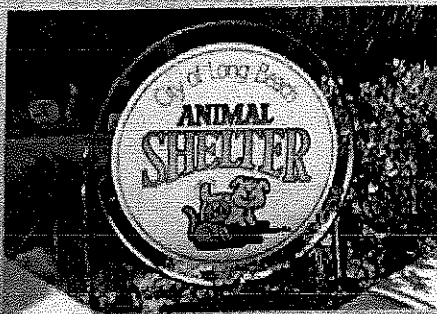

Follow these instructions to bring us to our new forever home!

## White tag?

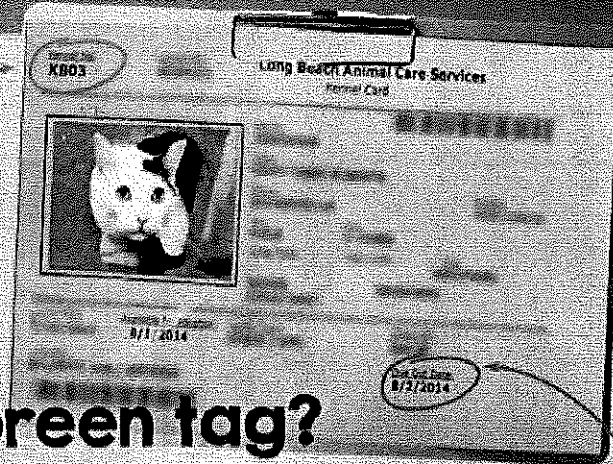

I may be somebody's lost pet and I'm waiting to be claimed. I can't be handled by any staff or volunteers, please don't take my picture.

If no one comes for me and I pass my health checks, then I'll be available for adoption! Keep track of the available date and my Animal ID# and come in for a visit. Don't delay - the shelter can get crowded and I would rather be in my new home.

The Shelter is open Wednesday to Friday 10a - 5:30p and on the weekends 10a - 4p

Please call 562-570-PETS or e-mail [animalcare@longbeach.gov](mailto:animalcare@longbeach.gov) if you are interested in adopting!

## Green tag?

I'm ready...  
...Adopt me NOW!

Here's how it works:

1. Write down my Kennel Number and Animal ID #
2. Follow this sign to the front desk of Long Beach Animal Care Services.  
This may not be where you came in. Ask a Rescue Partner (green apron) or any staff member if you're not sure where to go!
3. The front desk will find someone to introduce us.
4. If I'm the right fit, fill out an adoption application.
5. Don't wait too long. The Shelter is very crowded and I need a home quickly.

We try to find homes for all of the animals in our care, but we do have to euthanize to avoid over-crowding and protect animal health. Please save a life and adopt from us!
