

# Micro-Transit Shuttle Program

September 13, 2022

Department of Public Works

## Program Goals

1. Reduce short car trips and GHG emissions, especially within each service area.
2. Encourage the use of public parking lots and reduce demand on on-street parking.
3. Improve connections to existing mass transit.
4. Stimulate the local economy by better circulating visitors throughout the corridor, and better activating visitor serving destinations.

The Program is designed to facilitate expansion as additional funding allows.

# Service Area 1

## Downton-Alamitos Beach

- From Magnolia Ave to Cherry Ave and from the waterfront/Ocean Blvd to 6<sup>th</sup>/4<sup>th</sup> Streets
- Vehicle storage and recharging provided by the City.
