Subject: Environmental Agenda

-EXTERNAL-

Please vote to reduce and eliminate the drilling and use of fossil fuels in Long Beach. Although our city was weaned on oil and had the benefit of the income from oil, Long Beach has reached the point where we MUST move beyond the status quo, and the lazy answer to funding our endeavors. It's important to all the citizens in Long Beach to become fossil fuel independent and utilize energy technologies already available.

Thank you,

Willetta McCulloh, IIDA
Executive Vice President
Co Owner
