**SUMMARY REPORT PURSUANT TO
SECTION 33433 OF THE
CALIFORNIA HEALTH AND SAFETY CODE
REGARDING A DISPOSITION AND DEVELOPMENT AGREEMENT
BY AND BETWEEN THE
REDEVELOPMENT AGENCY OF THE CITY OF LONG BEACH
AND
PARKER DIVING SERVICE, INC.**

I. INTRODUCTION

The California Health and Safety Code, Section 33433, provides that if a redevelopment agency wishes to sell or lease any property to which it holds title and if that property was acquired in whole or in part, directly or indirectly, with tax increment funds, the agency must first secure approval of the proposed sale or lease from its local legislative body (the City Council) by resolution after a public hearing. The following Summary Report (the "Report") documents the Disposition and Development Agreement (the "Agreement") by and between the Redevelopment Agency of the City of Long Beach (the "Agency") and Parker Diving Service, Inc. (the "Developer") for Agency-owned property in the West Long Beach Industrial Project Area (the "Project Area").

As contained in the Health and Safety Code, the following information shall be included in the Report:

1. The cost of the proposed agreement to the agency, including land acquisition costs, site clearance costs, relocation costs, the costs of any improvements to be provided by the agency, plus the expected interest on any loans or bonds to finance the agreement;
2. The estimated value of the interest to be conveyed or leased, determined at the highest and best use permitted under the redevelopment plan;

3. The estimated value of the interest to be conveyed or leased determined at the use and with the conditions, covenants and development costs required by the sale or lease; and the purchase price or present value of the lease payments, which the lessor will be required to make during the term of the lease. If the sale price or total rental amount is less than the fair market value of the interest to be conveyed or leased, determined at the highest and best use consistent with the redevelopment plan, then the agency shall provide as part of the summary an explanation or the reasons for the difference; and
4. An explanation of why the sale or lease of the property will assist in the elimination of blight, with reference to all supporting facts and materials relied upon in making this explanation.

Section 33433 also requires a finding to be included in the resolution approving the sale or lease that the transaction is consistent with the implementation plan adopted pursuant to Section 33490 (the "AB 1290 Implementation Plan"). The basis for this finding with regard to the subject agreement is discussed at the close of this Report.

The Report outlines the salient parts of the Agreement which provides for the disposition and development of certain real property as depicted on the Site Map and as described in the Legal Description, attached hereto as Attachments "1" and "2." The Report is organized into the following seven sections:

1. Salient Points of the Agreement – This section includes a description of the property, the proposed utilization of the property, and a summary of the major responsibilities of the Agency and the Developer under the Agreement.
2. Cost of the Agreement to the Agency – This section outlines the cost of the proposed Agreement to the Agency.
3. Estimated Value of the Interest to be Conveyed – This section summarizes the value of the property to be conveyed to the Developer at the highest and best use permitted under the Redevelopment Plan.
4. Estimated Reuse Value of the Interest to be Conveyed – This section identifies the estimated reuse value of the interest to be conveyed, determined at the use and with the conditions, covenants and development costs required by the Agreement.
5. Purchase Price and Comparison with Fair Reuse Value – This section contains a comparison of the purchase price and the fair reuse value of the interest to be conveyed.

6. Blight Elimination – This section provides an explanation of how the implementation of the Agreement will assist in the elimination of blight within the Project Area.
7. Consistency with the Implementation Plan – This section describes how the Agreement is in conformance with the Agency's adopted AB 1290 Implementation Plan for the Project Area.

II. SALIENT POINTS OF THE AGREEMENT

A. Property Description

The property to be acquired by the Developer (the "Site") is that portion of the Project Area located at 1651-1657 Seabright Avenue and 1921 West 16th Street. (See Site Map.) The Site is currently owned by the Agency.

B. The Proposed Utilization of the Property

The Developer proposes to purchase the Site and construct a one-story industrial/commercial building with office and storage facilities to accommodate its business of providing diving services to customers in the Port of Long Beach and the Port of Los Angeles. This use is consistent with the goals of the Redevelopment Plan.

C. Major Responsibilities of the Developer

Under the Agreement, the Developer agrees to accept all of the following responsibilities:

1. The Developer will pay the Agency \$12.50 per square foot for 7,705 square foot put under contract in 2003 and \$15.00 per square foot for 3,479 square feet put under contract in 2004, for a total of \$148,498 as compensation for the approximately 11,184 square feet in the Site;
2. The Developer will pay one-half of the escrow fee;
3. The Developer will pay for the Developer's share of the premium for the title insurance policy and recording fees as appropriate;
4. The Developer will comply with the Agency's Percent for Public Art requirements;
5. The Developer will secure necessary permits for all site work;

6. The Developer will utilize the Site in accordance with the Redevelopment Plan and all applicable City codes and regulations, including providing appropriate landscaping, screening, and parking;
7. The Developer agrees that the Site shall be maintained in a clean and attractive condition at all times and in accordance with Project Area guidelines and the Redevelopment Plan;
8. The Developer agrees that from tax years 2003 – 2004 through 2024 – 2025, the taxable assessed value to be used by the Los Angeles County Tax Assessor shall be the greater of (a) the existing taxable assessed value of the Site as determined by the Assessor or (b) the sum of (i) the Purchase Price plus (ii) the value of the building(s) to be constructed pursuant to approved plans as determined by the Planning and Building Department for purposes of issuing building permits for the Project (the “Stipulated Value”); and
9. The Developer agrees to relocate sewers, drains, water and gas distribution lines, electric, telephone and telegraph lines, and all other public utility lines, installations, and facilities as are necessary to be installed or relocated outside the Site by reason of any development of the Site.

D. Major Responsibilities of the Agency

Under the Agreement, the Agency agrees to accept all of the following responsibilities:

1. The Agency will transfer the Site to the Developer in return for a payment of \$148,498;
2. The Agency will pay one-half of the escrow fee;
3. The Agency will pay the Agency’s share of the premium for the title insurance policy and recording fees as appropriate; and
4. The Agency will provide all proper assistance to the Developer in securing necessary permits for all site work.

III. COST OF THE AGREEMENT TO THE AGENCY

The Site is currently owned by the Agency. The Agency has undertaken activities required to prepare the Site for sale. Thus, the majority of the costs shown below have previously been incurred by the Agency. The only remaining out-of-pocket expenditures resulting from the Agreement are the demolition of a small single-family residence and minor amounts of escrow fees, recording fees, and staff time.

The list of incurred and anticipated costs is outlined below. The total estimated cost of the Agreement to the Agency is \$496,000. When land sale proceeds and the present value of tax increment are taken into account, the costs exceed the revenues by \$286,116, as follows:

Property Acquisition Costs	\$423,500.00
Landscaping and Maintenance	3,000.00
Environmental Report (Site Characterization)	2,000.00
Escrow & Title Costs	4,500.00
Legal/Appraisal/Consulting Fees	5,000.00
Estimated Staff Time & Overhead	6,000.00
Demolition and Site Clearance	22,000.00
Relocation Costs	30,000.00
Estimated Total Agency Costs	\$496,000.00
Less: Land Sale Proceeds	<u>(148,498.00)</u>
Net Costs (Benefit) to Agency (before allowance for Tax Increment Revenues)	\$347,502.00
Less: Present Value of Tax Increment Revenue ¹	<u>(61,386.00)</u>
Net Cost (Benefit) to Agency	<u><u>\$286,116.00</u></u>

¹Based on estimated increase in assessed value of \$521,808.00 at a 6% discount rate over 21 years (includes housing set-aside)

IV. ESTIMATED VALUE OF THE INTEREST TO BE CONVEYED AT THE HIGHEST AND BEST USE PERMITTED UNDER THE REDEVELOPMENT PLAN

The Redevelopment Plan for the Project Area and the City of Long Beach General Plan specify that the Site is zoned for general industrial use. Therefore, the Site may only be used for general industrial use.

The Agency periodically updates land sale comparables within the Project Area. A review of these comparables and discussions with the Agency's appraiser indicates that, based on current valuation trends within the Project Area and the current condition of the Southern California economy, the fair market value of the Site when contracted

for sale is \$12.50 per square foot for 7,705 square foot put under contract in 2003 and \$15.00 per square foot for 3,479 square feet put under contract in 2004, for a total of \$148,498.

V. ESTIMATED REUSE VALUE OF THE INTEREST TO BE CONVEYED DETERMINED BASED ON THE USE AND WITH THE CONDITIONS, COVENANTS AND DEVELOPMENT COSTS REQUIRED BY THE AGREEMENT

Because the conditions, covenants and development costs required by the Agreement do not add any unique restrictions on the reuse of the Site, the future reuse alternatives are not limited by the Agreement. Based upon the Agency's determination as summarized above, the reuse value of the Site is determined to be \$12.50 per square foot for 7,705 square foot put under contract in 2003 and \$15.00 per square foot for 3,479 square feet put under contract in 2004, for a total of \$148,498.

VI. PURCHASE PRICE TO BE PAID BY THE DEVELOPER AND COMPARISON WITH FAIR REUSE MARKET VALUE

The Site will be sold to the Developer for \$148,498. This selling price reflects the Site's fair market value as determined by the Agency's appraiser. This amount is equal to both the established fair reuse value and the highest use allowed by the Redevelopment Plan.

VI. BLIGHT ELIMINATION

Section 33030 of Article 3 of California Health and Safety Code states that a blighted area is one in which the combination of blighting conditions identified in Article 3 are so prevalent and so substantial that it causes a reduction of, or lack of, proper utilization of the area to such an extent that it constitutes a serious physical and economic burden on the community which cannot reasonably be expected to be reversed or alleviated by private enterprise, or governmental action, or both, without redevelopment.

Physical blighting conditions, as defined in Section 33031 of Article 3 include, but are not limited to factors that prevent or substantially hinder the economically viable use or capacity of buildings or lot. Furthermore, economic blighting conditions as identified in Section 33031 of Article 3 include, but are not limited to, depreciated or stagnant property values and impaired investments, including properties containing hazardous wastes.

Prior to acquisition by the Agency, the Site exemplified the primary physical and economic blighting conditions found throughout the Project Area. The proposed sale of

the Site will eliminate blighting conditions in the Project Area by effectuating the purpose of the Redevelopment Plan.

VIII. CONFORMITY TO AB 1290 IMPLEMENTATION PLAN

The AB 1290 Implementation Plan adopted by the Agency contains the following operational goals and objectives:

- The removal of non-conforming residential uses in the industrial project area;
- The development of vacant parcels into modern industrial uses appropriate to the goals of the Redevelopment Plan;
- The creation of a healthy industrial environment and a significant increase in job opportunities in the Project Area;
- The promotion of maximum retention of existing industries and employment in the Project Area;
- The generation of new private investments and increased land values, resulting in increased tax increment revenues;
- The installation and upgrading of street improvements throughout the Project Area to correct drainage, reconfigure street patterns, extend utilities, and provide key amenity features;
- The selective widening and improvement of some streets to relieve congestion and parking problems, supplemented by off-street parking requirements or parking districts; and
- The assessment of opportunities for assemblage of parcels for small and medium sized industrial buildings.

The Agreement will assist the Agency in meeting the objectives and goals of the AB 1290 Implementation Plan in the following manner:

- The Agreement provides for development of the parcels for privately-owned industrial uses consistent with the Business and Land Development Program of the Implementation Plan;
- The Agreement will place a publicly owned property into private ownership, will generate additional property tax revenue for reinvestment, and will transfer site maintenance costs to a private property owner;

- The Agreement will generate new private investment and increased land values within the Project Area;
- The Agreement will help relieve parking congestion by supplementing off-street parking;
- The Agreement provides for promotion and attraction of a new business; and
- The Agreement provides opportunities for expanded economic activity.

Based on the preceding factors, the Agreement is consistent with the adopted AB 1290 Implementation Plan.
