HONORABLE MAYOR AND CITY COUNCIL  
City of Long Beach  
California

## RECOMMENDATION:

Receive and discuss an overview of the Proposed Fiscal Year 2019 budgets for the following Departments: Harbor and Water; and,

Receive supporting documentation into the record, conclude the public hearing, and take the actions necessary to adopt the Fiscal Year 2019 budget as listed in Attachment A. (Citywide)

## DISCUSSION

On July 31, 2018, the City Manager's Proposed Budget for Fiscal Year 2019 (FY 19) was delivered by Mayor Garcia to the City Council and community for consideration. Budget meetings were held on December 19, 2017, February 6, August 7, August 14, August 21, and September 4, 2018, along with Budget Oversight Committee (BOC) meetings, and community meetings throughout August and September at which the FY 19 Proposed Budget was discussed. As a result of these meetings, there were more than 18 scheduled opportunities for public feedback, deliberation, and input. Additionally, input was solicited through the Long Beach Budget Priority Survey to obtain feedback on what the City's priorities should be. The survey was promoted on the City's website, along with OpenLB, which shows the budget visually, through Twitter and Facebook, and at the community meetings.

At the conclusion of the hearing, the City Council will amend the proposed budget as it deems appropriate, and adopt the proposed budget as amended. Since the publication of the FY 19 Proposed Budget, updated estimates of FY 19 revenues and expenses, which primarily address technical corrections, are listed by fund and department in Attachments B, C and D to this letter. The reasons for the adjustments are discussed at the end of this letter.

There are three Ordinances in Attachment A. The first approves Resolution No. WD-1392 (A-3), which establishes the rates and charges for the water and sewer service. The second is the Appropriations Ordinance (A-17), which officially adopts the FY 19 budget and authorizes expenditures in conformance with the adopted budget. For these two Ordinances to become effective on October 1, 2018, the City Council must first declare an emergency to exist before adopting each Ordinance (A-2 and A-16). The third Ordinance amends the Departmental Organization of the City (A-13).

There are also five Resolutions that provide for approval of the budget for the Harbor Department (A-1), the budget for the Water Department (A-4), the Master Fees and Charges Schedule (A-5), establish the Gann Appropriations Limit (A-9), and amend the Salary Resolution (A-14). There are also motions that request approvals for the following: the FY 19 One-Year Capital Improvement Program (A-6); the FY 19 Budget for the Long Beach Community Investment Company (A-7); the Harbor Revenue Fund Transfer (A-8); the revised Financial Policies as recommended by the BOC (A-10); the Mayor's Recommendations (A-11); the BOC Recommendations (A-12); and, a motion amending the Proposed FY 19 Budget (A-15).

This matter was reviewed by Deputy City Attorney Amy R. Webber on August 16, 2018 and by Interim Budget Bureau Manager Grace H. Yoon on August 20, 2018.

### TIMING CONSIDERATIONS

In accordance with the City Charter, the FY 19 budget must be adopted by September 15, 2018. Should the City Council fail to adopt the budget by that date, the City Manager's FY 19 Proposed Budget will be deemed the budget for the 2019 Fiscal Year. The Mayor has five calendar days from City Council adoption of the budget to use his veto authority. The City Council would then have until September 30, 2018, to override veto action by the Mayor with a two-thirds supermajority vote (six Councilmembers).

### FISCAL IMPACT

The City Charter requires that the Appropriations Ordinance shall govern and control the expenditure and commitment amounts stated therein relating to the City's departments, offices, and agencies during each fiscal year. The total Proposed FY 19 budget for all departments and funds is \$3,488,079,611, which comprises of \$3,049,742,656 in new appropriation and \$438,336,955 in estimated carry-over from FY 18 for multi-year grants and projects. Attachments B, C and D provide the financial overview by Fund, by Department, and Citywide revenue by Fund.

The Appropriations Ordinance, included as Attachment A-17, totals \$2,357,522,499 for all funds except Harbor, Sewer, and Water, and \$2,361,672,358 for all departments except Harbor and Water. The \$4,149,859 difference between funds and departments is due to general City indirect costs budgeted in the Financial Management Department, but charged to the Harbor, Water and Sewer Funds, which are not included in the Appropriations Ordinance by fund.

The proposed Harbor, Water and Sewer Funds budgets are in separate City Council Resolutions included as Attachment A-1 and A-4, respectively, and total \$1,130,557,112. The Board of Harbor Commissioners adopted the budget for the Harbor Department by minute order on June 11, 2018. The Board of Water Commissioners adopted the budget for the Water Department by Resolution on June 21, 2018.

User fees and charges in the Master Fees and Charges Schedule, included as Attachment A-5, have been adjusted due to changes in service and other factors,

including the City Cost Index adjustment. For details regarding these proposed new fees, deletions and adjustments, please see the List of Proposed Fees Adjustments for FY 19 that has been incorporated as Exhibits B and C to the Master Fees and Charges Resolution.

Other requested City Council actions include:

- Approving the FY 19 One-Year Capital Improvement Program (CIP) budget, included as Attachment A-6, which is contained in the Appropriations Ordinance. The Planning Commission, at its meeting of August 16, 2018, approved the CIP for FY 19 as conforming to the General Plan.
- Adopting a Resolution, included as Attachment A-9, establishing the Gann Appropriations Limit (Limit) for general purpose expenditures. In November 1979, the voters of the State of California (State) approved Proposition 4, also known as the Gann Initiative (Initiative). The Initiative places certain limits on the amount of tax revenue that can be appropriated each fiscal year. The Limit is based on actual appropriations during FY 79 and prevents overspending proceeds of taxes. Only those revenues that are considered as "proceeds of taxes" are subject to the Limit. The Limit is recalculated each fiscal year based on certain inflation and population factors provided by the State. The Proposed Budget includes tax revenue estimates that are at 39.84 percent of the 2018-2019 Appropriations Limit and, therefore, do not exceed the Limit. This calculation is reviewed by the City Auditor for conformance to the law.
- Adopting the Financial Policies for the City, included as Attachment A-10. These policies have been presented to the BOC for consideration and review and now come to the full City Council for deliberation. Changes made at the request of the BOC include the Fiscal Impact Policy (Policy 12), which is expanded to include non-City Manager departments or elected officials, and normally a fiscal impact statement reviewed by the Financial Management Department. Additionally, the Grant Policy (Policy 17) has been amended to include a statement of expectations for continued funding after the grant period and any deviations from expectations. A redline version of the changes is also provided.
- Adopting the FY 19 Long Beach Community Investment Company (LBCIC) budget, included as Attachment A-7. The LBCIC budget is prepared annually for City Council approval and is a subset of the Housing Development Fund. The LBCIC oversees the delivery of housing and neighborhood revitalization services. The LBCIC approved its FY 19 budget on April 18, 2018.
- Amending the Departmental Organization Ordinance, included as Attachment A-13. This amendment incorporates changes to departments, bureaus, and divisions for FY 19. These organizational changes are necessary to implement changes reflected in the Proposed FY 19 budget. A redline version of the changes is also provided.

HONORABLE MAYOR AND CITY COUNCIL

- Adopting the Salary Resolution, which creates and establishes positions of employment while fixing and prescribing the compensation for officers and employees, is included as Attachment A-14.

After the City Manager delivered the FY 19 Proposed Budget to the Mayor, technical adjustments were made to the budget. These changes are generally not substantive and are shown in Attachments B, C and D. Changes include the following:

1. An appropriation increase in the Gas Fund (EF 301) in the Energy Resources Department (ER) by \$12,050,000 to reflect the FY 19 Capital Improvement plan in ER and a transfer to the Capital Projects Fund (CP 201) that were inadvertently omitted.
2. An appropriation and revenue budget decrease in the Insurance Fund (IS 390) in the Human Resources Department (HR) by \$383,630 to reverse the transfer of the Public Works Department's Safety Division to HR that was included in the FY 19 Proposed Budget. Staff had explored the possibility of housing the Public Works Department's Safety staff under HR, but both departments have decided to postpone the transfer to allow more time to study the impact and implementation of such a change.
3. A revenue budget increase in the Development Services Fund (EF 337) in the Development Services Department (DV) by \$3,467,798 to correctly reflect higher Building and Safety Bureau revenues that were inadvertently reduced.
4. A revenue budget increase in the Civic Center Fund (IS 380) in the Citywide Allocations Department (XI) by \$2,973,603 to correctly reflect FY 19 Civic Center rent revenue collected across departments that was inadvertently omitted.

The remaining changes were minor, technical adjustments made to various funds and departments to align budget with grants and/or revenues.

RESOLUTION NO.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LONG BEACH AMENDING THE MASTER FEE AND CHARGES SCHEDULE FOR SPECIFIED CITY SERVICES FOR CITYWIDE FEES AND CHARGES FOR THE CITY OF LONG BEACH FOR FY19

WHEREAS, the City Council of the City of Long Beach ("City") seeks to establish service fees and charges to recover the full, lawfully recoverable costs incurred by the City in providing services to those who request them by amending the Master Fee and Charges Schedule for specified City services for Citywide fees and charges for the City of Long Beach; and

WHEREAS, it is the City's policy to set fees and charges at full cost recovery levels, except where a greater public benefit demonstrates the need to impose a lesser fee or charge to the satisfaction of the City Council, or when it is not cost effective to do so; and

WHEREAS, the City has conducted an extensive analysis of its services, the costs reasonably borne by the City in providing those services, the beneficiaries of those services, and the revenues produced by those paying service fees and charges for said services; and

WHEREAS, the City Council, at a duly noticed public hearing, took public testimony and input regarding certain proposed new or increased service fees and charges; and

WHEREAS, California Government Code Section 66000, et seq., authorizes the City to adopt service fees and charges for municipal services, provided such fees do not exceed the cost to the City of providing the service; and

WHEREAS, in accordance with Government Code Section 66016, at least

OFFICE OF THE CITY ATTORNEY  
CHARLES PARKIN, City Attorney  
333 West Ocean Boulevard, 11th Floor  
Long Beach, CA 90802-4664

1 fourteen (14) days prior to the public hearing at which this Resolution is adopted, notice  
2 of the time and place of the hearing was mailed to eligible interested parties who filed  
3 written requests with the City for mailed notice of meetings regarding new or increased  
4 fees or service charges; and

5 WHEREAS, in accordance with the Government Code 66016, data  
6 regarding the estimated cost of the services and the revenue sources anticipated to  
7 provide the services was available for public review and comment for ten (10) days prior  
8 to the public hearing at which this Resolution was adopted; and

9 WHEREAS, publication of the notice of public hearing was given in  
10 accordance with the provisions of Government Code Section 6062a, ten (10) days in  
11 advance of the public hearing at which the adoption of this Resolution was considered;  
12 and

13 NOW, THEREFORE, the City Council of the City of Long Beach hereby  
14 resolves as follows:

15 Section 1. The facts set forth in the Recitals of this Resolution are true  
16 and correct and are hereby incorporated by reference herein as though set forth in full.

17 Section 2. The City Council hereby approves publication of the Master  
18 Fee and Charges Schedule for FY19. Said fees are set forth in Exhibit "A", which is  
19 attached hereto and incorporated herein by this reference, for specified City services for  
20 Citywide fees and charges for the City of Long Beach, including those new, increased or  
21 adjusted fees as are described in the "Discussion of Fiscal Year 2019 Fee Changes" set  
22 forth in Exhibit "B", which is attached hereto and incorporated herein by this reference,  
23 and which fees are also set forth and listed on Exhibit "C", which is attached hereto and  
24 incorporated herein by this reference as though set forth herein word for word.

25 Section 3. Said revised Master Fee and Charges Schedule is hereby  
26 directed to be made available to the public for its use for informational purposes, and is  
27 not intended as a re-adoption, modification, or amendment of any existing fee or charge  
28 previously established by resolution, or any previously adopted fee resolution that is not

1 in conflict with the provisions of this Resolution.

2           Section 4.    The City Council hereby further adopts and approves fees and  
3 charges that have been increased by the City Cost Index, a calculation of the increase in  
4 the City's cost from Fiscal Year 2013 to Fiscal Year 2018, as set forth and described in  
5 Exhibit "D" which is attached hereto and incorporated herein by this reference; and the  
6 new, increased, or adjusted fees and charges as set forth and described in Exhibits "B"  
7 and "C." The fees and charges increased by the City Cost Index and those fees and  
8 charges set forth in said Exhibit "B" and "C" shall thereafter be incorporated into the  
9 Master Fee and Charges Schedule for FY19 (Exhibit "A") and shall collectively be known  
10 as the Master Fee and Charges Schedule of the City of Long Beach and may be made  
11 available to the public for its information and review.

12           Section 5.    Adoption of the new, increased or adjusted fees and charges  
13 set forth and described in this Resolution, and in Exhibit "B" and "C" attached hereto, are  
14 intended to recover costs necessary to provide the services within the City for which the  
15 fees are charged. In adopting the new, increased or adjusted fees and charges set forth  
16 in this Resolution, the City Council of the City of Long Beach is exercising its powers  
17 under Article XI, Section 7 of the California Constitution.

18           Section 6.    All requirements of California Government Code Sections  
19 66000, et seq., are hereby found to have been satisfied.

20           Section 7.    The fees and charges set forth in Exhibit "C" ("Proposed Fee  
21 Adjustments for Fiscal Year 2019") are reasonable estimates of the costs incurred by the  
22 City in providing the services to those who request them. The service fees and charges  
23 for such services are necessary to recover the reasonable, estimated cost of providing  
24 such services.

25           Section 8.    The fees and charges adopted and all portions of this  
26 Resolution are severable. Should any of the fees or charges or any portion of this  
27 Resolution be adjudged to be invalid and unenforceable by a body of competent  
28 jurisdiction, then the remaining fees and/or Resolution portions shall be, and continue to

1 be, in full force and effect, except as to those fees and/or Resolution portions that have  
2 been adjudged invalid. The City Council of the City of Long Beach hereby declares that it  
3 would have adopted each of the fees or charges and this Resolution and each section,  
4 subsection, clause, sentence, phrase and other portion thereof, irrespective of the fact  
5 that one or more of the service fees, charges or sections, subsections, clauses,  
6 sentences, phrases or other portions of this Resolution may be held invalid or  
7 unconstitutional.

8 Section 9. All provisions of prior City Council ordinances and resolutions  
9 establishing fees are hereby rescinded and repealed in part or in whole to the extent of  
10 any conflict between said ordinances and resolutions and the provisions established by  
11 this Resolution.

12 Section 10. The establishment of fees and charges herein is exempt from  
13 the requirements of the California Environmental Quality Act (CEQA) pursuant to Public  
14 Resources Code Section 21080(b)(8) and the adoption of this Resolution is for the  
15 purposes of inter alia: (1) meeting operating expenses; (2) purchasing or leasing  
16 supplies, equipment or materials; (3) meeting financial reserve needs and requirements;  
17 or (4) obtaining funds for capital projects, necessary to maintain service within the various  
18 areas of the City.

19 Section 11. This resolution shall take effect immediately upon its adoption  
20 by the City Council, and the City Clerk shall certify the vote adopting this resolution.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES  
MEDICAL BILLING, CODING AND FEE SCHEDULES  
USER FEES BY PROGRAM**

I. All third party medical billing and charges for medical services will be consistent with the most recent revision (payment methodology) of Medicare RBRVS (Resourced Based Relative Value Study); and/or the latest revision of the California Workers' Compensation Official Medical Fee Schedule; and/or the latest revision of the CMA CRVS (California Relative Value Study developed by the California Medical Association); and/or the latest revision of Medicaid (MediCal developed by the California Department of Health Services); and any other fee reimbursement format authorized by the California Department of Health Services.

Medical coding will be consistent with the most recent revision of Current Procedural Terminology

(CPT coding) communicating the services provided, and the most recent revision of International Classification of Diseases (ICD-9 coding) indicating the medical necessity of the encounter.

**NOTE:**

1. Any categories of service not listed above will be charged at a rate not to exceed the actual cost.
2. The City Health Officer, or designee, may waive any service fees where he/she determines a threat to the public health exists. Fee waiver shall be based upon financial need. Service fee waiver may be either total, or based on a sliding scale established by the Department of Health and Human Services.
3. The Department of Health and Human Services may increase or decrease public health vaccine and medication fees to respond to pricing changes.

**II. VITAL STATISTICS**

Fees charged are in accordance with the Vital Statistics fee schedule as established by the Department of Health Services, Office of the State Registrar of Vital Statistics.

**III. ENVIRONMENTAL HEALTH**

Fees subject to change in accordance with regulatory agency requirements.

<b>DEPARTMENT: LONG BEACH AIRPORT</b>				
<b>Fee Name</b>	<b>Description</b>	<b>Fee</b>	<b>Per</b>	<b>Type</b>
<b>AIRLINE FEES</b>				
Includes: Landing Fees, Gate Use Fees, Apron Parking Fees, Common Use Fees and Terminal Space Charges. These costs are used to calculate the cost per enplaned passenger.				
Landing Fees, 7:00 AM - 10:00 PM	All aircraft certificated under Federal Aviation Regulations (FAR) Part 121 or 125, or certified under FAR Part 135 (if such Part 135 operations are on a scheduled basis of 5 or more landings per week) conducting commercial landings at Long Beach Airport shall pay a landing fee based on the Gross Certified Landing Weight of the aircraft. For purposes of this Resolution, a commercial landing is defined as any landing where an aircraft is carrying persons or cargo for hire, compensation or reward or will do so in its next subsequent departure.	\$3.69	1000 lbs. Gross Certified Landing Weight	Fee
Landing Fees, 10:00 PM - 7:00 AM	All aircraft certificated under Federal Aviation Regulations (FAR) Part 121 or 125, or certified under FAR Part 135 (if such Part 135 operations are on a scheduled basis of 5 or more landings per week) conducting commercial landings at Long Beach Airport shall pay a landing fee based on the Gross Certified Landing Weight of the aircraft. For purposes of this Resolution, a commercial landing is defined as any landing where an aircraft is carrying persons or cargo for hire, compensation or reward or will do so in its next subsequent departure.	\$7.76	1000 lbs. Gross Certified Landing Weight	Fee
Diverted landings	Any scheduled commercial carrier diverted from landing at Long Beach Airport between 10:00 PM and 7:00 AM shall be credited for incremental expenses (over and above costs which would have been incurred at the Long Beach Airport) incurred for aircraft handling, airport use and facility fees, and fees incurred in transporting enplaning and deplaning passengers between Long Beach Airport and an authorized alternate airport. In order to qualify such incremental costs for a credit against Airport-related rents/fees owed the City of Long Beach, such expenditures must be consistent with a schedule of rates/charges which has been pre-approved by the Airport Director. Passengers on any qualified commercial carrier diverted from Long Beach Airport shall be eligible for a voucher for credit on their parking charges at Long Beach Airport's parking lots.			Fee

## Discussion of Fiscal Year 2019 Fee Changes

**DISCUSSION OF FISCAL YEAR 2019 FEE CHANGES**

**City of Long Beach**

**September 4, 2018**

### INTRODUCTION

City Council approval is requested for the List of Proposed Fee Adjustments for Fiscal Year 2019 (FY 19) included as Exhibit C, which describes the proposed changes to the City's Master Fees and Charges Schedule. As part of the normal Budget process, City Council last reviewed and approved an amended Master Fee and Charges Schedule for specified City services on April 17, 2018. The original basis for the schedule of fees and charges was the Fee Study, which was recommended by the Budget Oversight Committee and commissioned by the City Council to complete a cost accounting of the most significant City services and their related user fees. Since the fee study was originally completed in FY 06, costs borne by the City in providing fee-related services have changed for a variety of factors. In FY 19, staff will prepare to initiate an updated fee study to document the City's costs to provide various fee-related services. On September 5, 2017, the City Council adopted an amended Financial Policy on *User Fees and Charges*, which reads:

#### **User Fees and Charges Will be Set at the Cost of the Service**

**Background** – Fees and associated charges are associated with recovering the cost of providing a service. The City can charge up to the full cost of providing a service.

#### **Policy** –

- a. Fees will be set at a level to fully recover costs, except where there is a greater public benefit through use of a lower fee, such as where full recovery may adversely impact overall revenue or may discourage participation in programs where the participation benefits the overall community.
- b. The City Manager will establish a process to for in-depth review of all fees over time. The review, while eventually covering all fees, should emphasize those that have or may have significant subvention (may not be at full cost).

City Staff may recommend fees that are not set at the full cost of service or City Council may choose to not adopt a fee with full cost recovery because otherwise it would negatively impact the public good. Certain new fees are being introduced to address the demand for City services. Charging a fee allows residents the benefit of a service that may otherwise not be possible without sufficient revenue to offset the cost of providing the service. Some City services in low demand may not initially be assigned a fee. However, if demand increases, there may be a need to evaluate the service and propose a fee that aligns to the cost of service being provided. Changes in the regulatory environment may also result in new fees being developed.

Bi-annual fee adjustments, deletions, and additions, are the process by which the broad-based changes to fees are presented to the City Council and the public for consideration. The proposed fee changes currently being presented to the City Council represent the FY 19 Budget Adoption Fee Adjustments, which will take effect October 1, 2018. The next citywide fee adjustment process will occur during the Mid-Year Fee Adjustment process during FY 19. Please see Exhibit C for the latest List of Proposed Fee Adjustments.

In addition to the List of Proposed Fee Adjustments, user fees and charges in the Master Fees and Charges Schedule have been adjusted by the City Cost Index (CCI). The CCI calculates the change in the City's costs from FY 17, when the CCI was last applied to fees,

## EXHIBIT B

to FY 18. The FY 19 CCI, calculated by an independent consultant, is an increase of 3.73 percent. By using the CCI to adjust fees for growth, the City is able to sustain previous levels of cost recovery through the charging of fees. Without this adjustment, the City would need to increase its subsidy for fee-related services, at the expense of other services. For more information on the City Cost Index, see Exhibit D:

### **REVENUE IMPACT**

Any revenue changes described in Exhibit C are estimates, and are based on anticipated service usage in FY 19. Estimates could vary depending on market or economic conditions. The City's FY 19 General Fund revenue estimates assume a natural growth of fees and charges. The requested fee changes are required to meet current revenue commitments in the respective departments and will support each department's operations during the current fiscal year. The FY 19 Fee Adjustments is estimated to result in a net revenue increase of in \$3,853,425 in the General Fund (GF).

In other funds, the annual revenue change resulting from the proposed fee changes listed in Exhibit C is \$3,909,415. This revenue increase is largely comprised of \$2,500,000 in the SERRF Fund (EF 331), \$1,075,381 in the Towing Fund (EF 340), and \$827,278 in the Marina Fund (TF 403). Finally, a revenue reduction of \$935,000 is estimated in the Airport Fund (EF 320) and is due to the proposed changes to Airline Fees; however, it is anticipated to be offset by increased revenue estimates from additional activity at the airport.

### **PROPOSED FEE CHANGES BY DEPARTMENT**

#### **Development Services**

##### **Building Fee, Surcharges**

The Development Services Department currently collects General Plan and Technology surcharges on each building fee. The Department proposes to reduce the General Plan Surcharge from 4.3 percent to 3.8 percent. This reduction reflects a cost decrease associated with the Department's General Plan focus shifting from the more complex land use and urban design elements to less complex elements, such as noise. Additionally, the Department proposes to increase the Technology Surcharge from 0.5 percent to 1.5 percent in order to fund the increased cost of upgrades, improvement and maintenance of technology for development projects and services.

##### **Building and Planning Fees, Cannabis Consultation**

The production, sale, and distribution of cannabis are new industries for the State and the City of Long Beach, with cannabis-related businesses having special siting and construction requirements. To assist new businesses with understanding submittal requirements and expectations, the Department is providing a voluntary pre-application meeting for businesses to consult with staff on their project proposal before preparing and submitting plans for building plan check review. To offset the staff costs needed for consultation per application, the Department is proposing new fees for Planning and Building & Safety consultation at \$225 and \$265, respectively.

## EXHIBIT B

### Housing Monitoring Fee

When the City provides loans to developers for affordable housing projects, regulatory agreements are recorded imposing income and affordability restrictions, among other requirements. The United States Department of Housing and Urban Development (HUD) and the California Department of Housing and Community Development (HCD) require the City to monitor these projects to ensure compliance with local, state, and federal regulatory restrictions. To ensure that housing units remain affordable and that projects remain viable, staff verifies compliance with the restrictions in a project's regulatory agreement, analyzes financial documents, and reviews documentation verifying income, rents or other restrictions.

With no state or federal funding provided to the City to offset monitoring costs, the City currently charges an annual Housing Monitoring Fee to units developed under new regulatory agreements. For FY 19, the fee is proposed at \$155 per unit, per year. The Department proposes to expand the application of the fee to affordable housing units secured through agreements prior to September 30, 2014, and that do not have an annual monitoring payment established by the agreement.

### Planning Fees, CEQA Clearance

The City adopts specific plans for certain areas of the City, which includes the certification of a programmatic environmental impact report (EIR) to assess the impact of the types and amounts of land uses, as well as other development provisions such as parking ratios. To defend against potential challenges, a CEQA record must fully document that a proposed project is consistent with an adopted plan and EIR. The City is currently offering this optional service to developers to prepare the required CEQA record. To cover the cost of staff's analysis and documentation, the Department is proposing a new California Environmental Quality Act clearance fee, or CEQA clearance fee, of \$6,000. Alternatively, a developer may also choose to have an outside consultant prepare these documents using the same City fee structure as preparation of an EIR, which is the consultant's cost plus a 15 percent administrative fee.

### Planning Fees, Administrative Land Use Permit

The Development Services Department's Planning Bureau reviews business license applications to ensure the zoning ordinance allows the applicant's business type in the requested location. Some business types have special requirements that involve additional verification and documentation. These additional requirements may include being a certain distance from sensitive uses (like schools), having special operational requirements (like opening and closing hours), or additional features (like security cameras). The Department currently charges a Business License Zoning Approval fee at \$33 per business license application. However, to cover the increased costs associated with reviewing and documenting the special requirements for certain business types, the Department is proposing an additional fee of \$100 per application. This fee will only apply to businesses where extra effort is required to determine these additional requirements.

## EXHIBIT B

### **Financial Management**

#### Cannabis Business License and Permit Fees

Under the Long Beach Municipal Code, cannabis businesses licensed within the City of Long Beach must follow strict regulations regarding their business operations. To recover the costs associated with the City's business processes to regulate cannabis businesses in Long Beach, the Financial Management Department proposes two new fees for a modification of licensed premises and a transfer of ownership at \$100 and \$215, respectively.

In addition, the Department is also proposing a new mandatory fee for tax auditing on cannabis businesses. An outside consultant will provide auditing services to ensure proper tax reporting and remittance of each business. The fee will be assessed to each business and is proposed at the actual costs required for the consultant to perform the audit. The revenue impact resulting from auditing cannabis businesses is unknown, although revenue recovery is expected to grow as the number of licensed businesses increases.

#### Cannabis Fines and Penalties

On July 24, 2018, the City Council approved a \$25 penalty for every cannabis plant cultivated in an illegal cannabis operation. In the interest of the City, its residents, lawfully licensed Adult-Use Cannabis Businesses, and to protect health, safety, and welfare, staff is proposing an increase to the penalty from \$25 to \$50 for every cannabis plant cultivated in violation of LBMC Chapter 5.92, which will be applied in addition to any other fines or citations issued for violations under the same section.

#### Incomplete Cannabis Applications

The City currently charges an adult-use cannabis business license application fee of \$380 per application to offset the cost of evaluating, processing and approving adult-use cannabis applications. The application fee does not cover the cost to the City for notifying cannabis applicants to request additional materials missing from the original application submittal, and to review those missing materials once received. As a result, the Financial Management Department is requesting a new Incomplete Cannabis Application fee in the amount of \$48 to be charged to adult-use cannabis applicants for each subsequent request for missing materials made after initial application review and notification.

#### Towing & Auction Fees

The Towing Division provides 24/7 towing and impound services to support the Police, Parks, Recreation and Marine, and Public Works Departments. Towing and Auction Fee increases are proposed in FY 19 to ensure full recovery of operating costs. The proposed fee increases are an additional 2 to 10 percent above the City's CCI increase of 3.73 percent, resulting in total increases ranging from \$1 to \$38 per service. In addition, the Department is proposing a new Vehicle Release fee in the amount of \$43 to offset the cost to provide lot management services during regular business hours and mitigate additional fee increases in the towing and lien sales operations. An after-hours Vehicle Release fee is currently in place to cover the costs to provide lot management services outside of regular business hours.

## EXHIBIT B

Finally, the Department has developed a proposed tow fee relief program for those in need, which will be implemented concurrently with the rate changes.

### Parking Citations

The City Council last reviewed and approved a \$3.00 increase per parking citation on December 7, 2010. As part of budget balancing actions to address the projected FY 19 projected budget shortfall, the Financial Management Department is proposing to increase various parking citations by \$10 per citation. The increase will apply to across various parking citations issued by all applicable City departments. With the proposed rate increase, the City of Long Beach remains in line with the citations rates of cities such as Los Angeles and Santa Ana.

### **Fire**

#### Medical Services

In FY 18, the Long Beach Fire Department (LBFD) increased Ambulance Transportation Fees for Advanced Life Support (ALS) and Basic Life Support (BLS) transports to align with the rates more closely aligned with the Los Angeles County Emergency Medical Services Agency (County) rates, which are adopted by most ambulance service providers. Since FY 18, the County's ALS and BLS rates have increased and are now significantly higher than the fees charged by the LBFD. To align the City's rates to those charged by the County and improve cost recovery for these services, the Department proposes to increase ALS and BLS transport rates to \$2,282 and \$1,523, respectively.

### **Health & Human Services**

#### Clinical Services, Record Duplication

The Health and Human Services Department (DHHS) is proposing a fee decrease from \$0.30 per page to \$0.25 per page. This change is necessary to align the Department's fees to those set by the California Health & Safety Code Section 12310 which sets the cost for copy charges at \$0.25 per page.

#### Food Program Fees

DHHS is proposing a new inspection permit fee of \$653 per year or \$192 per quarter for an organizer to operate an Associated Event at a Farmers Market with non-agricultural vendors. The fee will cover the costs specific to inspecting non-agricultural vendor stalls such temporary food stalls (selling pre-packaged and/or unpackaged food), arts and crafts booths. The City currently implements inspection fees specific to agricultural vendors, but is proposing a new fee to cover the costs associated with inspecting non-agricultural vendors that have more complex and stringent health code requirements. The proposed annual fee will be discounted 15 percent to account for reduced administrative cost associated with processing permits annually versus quarterly.

## EXHIBIT B

### Water Systems Plan Check

Low Impact Development (LID) systems have the purpose of managing and mitigating the ecological effects of storm water runoff. LID systems use green design and engineering methods to minimize the impact of urban storm water runoff on the local water table. To address an increase in the prevalence of these systems, DHHS is proposing two new LID plan review fees for those that reuse captured storm water and those that do not reuse storm water. The complexity of water reuse systems necessitates a special review to ensure that the water system is not polluted. The proposed fees for LID systems that reuse captured storm water and those that do not are \$982 and \$491, respectively. The proposed fees are set to reflect staff time and costs necessary for plan review. LID systems that do not reuse captured storm water onsite require half the staff time to review, therefore, half the fee amount is proposed.

### Miscellaneous Fees

On June 19, 2018, the City Council approved Ordinance 18-0015 for Adult-Use Cannabis Businesses and Activities. Responsible Cannabis Vending (RCV) is a proactive approach to promote public safety and to reduce risks associated with the retail environment for adult-use cannabis. A new RCV Fee is proposed at \$240 per person, per year and covers all required training modules within the year. Training modules are offered several times a year in a classroom setting, and will cover various topics on responsible vending including safety and health, policy and procedures, laws and regulations, and educating clients/customers. The proposed fee will offset the cost of training for salespersons, managers, and owners of adult-use cannabis dispensaries.

### Diagnostics Test & Health Exams

The DHHS is proposing to eliminate various fees related to diagnostic test and health exams. Laboratory Services discontinued various tests in 2012 and is proposing to eliminate the related fees under Clinical Chemistry, Serology, and Virology. In addition, the DHHS proposes to eliminate fees related to camp and school health exams. The City no longer provides exams for camp physicals, as well as camp and school sports comprehensive exams. Since the passage of the Affordable Care Act, patients are now covered and are better able to receive these services through their primary care providers.

## **Long Beach Airport**

### Airline Fees

The Airport prudently manages its financial position by monitoring and forecasting passenger activity level. Passenger activity level is the primary factor in the setting of rates and fees charged to airlines for their use of the Airport. The charges assessed to airlines include aircraft landing and parking, gate use and common area use. The increase in passenger activity serves as the basis for adjusting airline rates and fees downward by 5 percent. The reduction conforms to the Airport's business model with airlines and allows the Airport to maintain its Cost per Enplanement (CPE) metric below \$10 – a key metric used by Airlines in determining which airports to serve.

## EXHIBIT B

When certain revenue thresholds are met, rates must be adjusted to reflect changes in passenger activity level. Annual passenger activity level continues to be on an upward trend and is expected to exceed 3.9 million for 2019. Although the 5 percent decrease in rates charged to airlines is estimated to result in a revenue decrease, increased revenue from passenger activity is anticipated to offset the reduction.

### **Energy Resources**

#### Administrative, Document Engineering and Construction Support, Personnel Qualification Testing and Pipeline fees

The Energy Resources Department is requesting a 4 percent increase across various fees related to Administration, Documents, Engineering & Construction Support, Personnel Qualification Testing, and Pipelines. The Department has not increased fees for the prior two fiscal years. The proposed 4 percent increase will assist in recovering service costs for personnel and materials, as well as bring the Department's in line with those charged by Southern California Gas.

#### Private Hauler Tip Fee

The Energy Resources Department is requesting an increase in the maximum allowable Private Hauler Tip Fee. The Department is currently anticipating an increase in the market rate tip fee for private haulers utilizing energy-from-waste facilities like SERRF and has been aggressively increasing its tip fees to provide for continued economic viability for the facility. The current tip fee is variable from \$0 to \$85 per ton. The proposed change increases the variable fee to \$0 to \$95 per ton, which allows for SERRF to increase its maximum allowable private hauler tip fee by up to \$10 per ton.

#### SERRF Special Handling Fee

The Energy Resources Department currently charges an additional disposal fee of \$480 per visit to the SERRF facility for special handling of refuse materials that require special attention by facility staff usually occurring during after-hours and includes witnessing and issuing certificates of destruction. Due to the increased workload and limited capacity at the SERRF facility, staff is only able to accommodate special waste from the City's SERRF facility operator, Covanta, and does not anticipate offering this service to other operators. As part of Amendment No. 5 to the Operations and Maintenance Agreement with Covanta, the City waived the added Special Handling Fee beginning October 1, 2018. Due to the fee now waived for the only operator receiving the service and charged the fee, the Department proposes to delete the fee from the City's Master Fees and Charges schedule.

#### Utility Service Fees

The Energy Resources Department is proposing a new Utility Service Fee for Duplicate Bill Images. The proposed fee of \$25 will be charged for any account when duplicate bills are

## EXHIBIT B

requested beyond current and previous month bills. The rate is estimated to recover the costs of materials and labor required to create and mail the duplicate bills.

### **Parks, Recreation & Marine**

#### Day Camp & Program Fees

The Aquatics Day Camp Deposit Fee is charged to those who wish to reserve space in additional weeks of camp in any of the Department's Aquatics Camps. The Department proposes to increase the current deposit amount by \$10 to discourage day camp account holders from securing spots in camps that are ultimately unused and incentivize families to provide accurate enrollment information. The proposed change from \$20 to \$30 is aligned with deposit rates for Park Day Camp sites currently between \$20 to \$40. The deposit fee accounts for a portion of the full day camp fee and will be credited towards the enrollment fee upon attendance.

#### Marina Slip Fees

To align the Marina Fund's costs for operations, debt service, and capital needs such as the Alamitos Bay Marina rebuild, the Parks, Recreation, and Marine Department is proposing a 2 percent increase across slip rentals for concrete docks and temporary permit fees. In addition, the Department proposed to eliminate rates for Wood Dock Permits from the Master Fee and Charges Schedule, as wooden docks permits are no longer offered. In April 2018, The Alamitos Bay Marina project was completed and the last of the City's wooden docks were replaced with modern concrete slips.

#### Slip Fees - Non-Profit Organizations

The Parks, Recreation, and Marine Department provides boat slips to non-profit organizations with programs focused on the promotion of boating and other aquatic related activities. Currently, the Department does not charge non-profit organization for use of these slips. Non-profit organizations are only charged 50 percent of the normal rate for dry storage of vessels and warehouse storage space. The Department is requesting to implement a new non-profit slip rental fee set at 50 percent of the regular slip rate charged for equally-sized slips in the marina.

In order to allow those non-profit organizations currently in the marina time to adjust operations and budget for the proposed new rate, the Department is requesting a four-year implementation of this new fee. The proposed fee structure applied to only current non-profit occupants is as follows:

- FY 19 at 12.5 percent of normal slip rates;
- FY 20 at 25 percent of the normal slip rates;
- FY 21 at 37.5 percent of the normal slip rates; and
- FY 22 at 50 percent of the normal slip rates.

## EXHIBIT B

### Public Works

#### Oversized Vehicle Citations

On August 15, 2017, the City Council approved an ordinance imposing parking restrictions on oversized vehicles. Enforcement of the oversized vehicle restrictions ordinance was effective July 1, 2018. As a result, the Public Works Department proposes a new \$60 citation for oversized vehicle violations. To align Oversized Vehicle Citation rate with the City's other parking citation rates, the requested citation rate includes the \$10 increase to parking citations as proposed by the Financial Management Department. Residents and their visitors may acquire a free permit from the City to park oversized vehicles adjacent to their residences for a maximum of 72-hours, at a maximum of 20 permits per calendar year.

#### Parking Pass and Lot Rates

The Public Works Department routinely reviews and adjusts pass and lot rates to reflect day-to-day operations, as well as to ensure that the rates are set to allow for full cost-recovery. The City of Long Beach no longer oversees the operations for the certain lots. As a result, the Public Works Department requests the deletion of the following lot rates from the City's Master Fees and Charges Schedule: 100 W. Broadway Garage, 7<sup>th</sup> & Washington lot, American Hotel lot, and State & Church lot. In addition to the removal of rates for lots no longer managed by the City, the Department requests the deletion of the Overnight Senior Beach Parking Lot Monthly Permit which has been replaced with the annual permit program.

To align the City's operation costs for maintaining the Broadway/Civic Garage and the City Place Garage, the Department is requesting rate increases as follows: Broadway/Civic Center Garage Maximum Daily Rates increased from \$10 to \$12, and Monthly Permits for Griffis Residents at the City Place Parking Garage increased from \$43.50 to \$54.29.

The City's current parking operator has implemented an automatic payment option for monthly parking permits which allows for streamlined customer access and service, and increase to staff efficiency with collections. For late payments, the Department is proposing a new monthly late-fee of \$15 per month. This fee will be applied for each month the monthly permit fee was not paid on-time. Each month, the fee will accrue and added to the total balance owed to offset the costs associated with the ongoing payment collections process.

#### Private Development Expedited Review Fee

The Public Works Department is proposing to increase its expedited review fee from 1.5 times the plan check base fee to double the plan check base fee. The proposed fee increase will align with the same fee charged by Development Services Department. The proposed increase will ensure that fees for similar services are consistent throughout City Departments, and cover the City's consultant and staff costs associated with expedited fee reviews.

#### Right of Way Citations

The City of Long Beach is experiencing a significant increase of construction in the public rights-of-way (ROW) resulting in contractors violating the Peak Hour Directive set forward by the City Engineer which seeks to minimize impacts to traffic flow by prohibiting work or

## EXHIBIT B

obstructions in the ROW during peak traffic hours (6:00 a.m. to 8:30 a.m. and 3:30 p.m. to 6:30 p.m.). Currently, because there are minimal consequences for violations, contractors may disregard the Peak Hour Directive and work outside of the specified hours.

On August 7, 2018, the City Council approved an ordinance to amend the Long Beach Municipal Code (LBMC) and allow staff to write administrative citations to entities who fail to comply with the Peak Hour Ordinance. The proposed administrative citations would impose fines in the amount of \$100 for each initial violation, a \$200 fine will be imposed for each instance of a second violation of the same code section committed within one year from the date of the initial cited violation, and a \$500 fine will be imposed for any subsequent violation of the same code section committed within one year from the date of the initial violation. Exemptions from the Peak Hour Ordinance include emergency work and work associated with a traffic plan approved by the City Engineer.

## INTRODUCTION

The City of Long Beach (the City) utilizes user fees to recover the full cost of services rendered to individuals upon their request. Fee programs ensure that the City-provided services requested by individuals, primarily provided by twelve departments within the City, are not subsidized through public funds. The last comprehensive review of user fee costs took place in 2005. In order to maintain equivalent cost recovery levels, the City adjusts these fees annually to combat the rise of costs over time. While the Consumer Price Index (the CPI) gives a general indication of the changes in the cost of living, it is not always the primary cost driver for services related to user fees. Since the fees are associated with the provision of a service, the City previously calibrated fees using the average employee salary increase.

In 2009, the City retained Willdan Financial Services (WFS) to create an adjustment factor for the user fee program that more accurately accounts for the annual change in both personnel and non-personnel departmental expenses. WFS developed a methodology that balances both personnel factors (average salary increases) and non-personnel factors (CPI). The most recent update to the methodology was performed for FY 2016.

For FY 2018, two adjustments were made to the department mix to more accurately reflect those departments that truly have an impact on the adjustment factor. First, although Disaster Preparedness is part of the public safety continuum, it does not have its own fee schedule and so it was removed from the FY 2018 calculation. Second, the City Manager's office that has approximately sixty-four (64) fees on the City's user fee schedule was added. This report presents this update to that analysis for 2018.

## PERSONNEL ADJUSTMENT FACTOR

**Table 1**, shown on the following page, presents the adjusted budget information primarily for departments for which a fee is charged, number of full time employees and total departmental budgets adopted for FY 2017 and FY 2018. The Police and Fire have a significant difference in departmental costs increases compared to that of the other City Departments. Therefore, for the purposes of calculating a more accurate index, the Departments have been separated into two groups: Public Safety Departments (Police and Fire) and Non-Safety Departments (remaining Departments). This analysis utilizes the FY 2017 and FY 2018 adopted budget figures to provide a reasonable "catch up" adjustment to be applied to FY 2019 user fees.

<b>Average (All Depts Combined)</b>	<b>\$ 1,275,881</b>	<b>\$ 1,334,808</b>	<b>4.62%</b>
-------------------------------------	---------------------	---------------------	--------------

The more significant percentage changes in Salary per FTE for FY 2018 for both the Public Safety Departments and some of the Non-Safety Departments reflect recent contract negotiations by the City with employee bargaining units impacting budgeted salaries, fringe benefits and pension obligations.
