Terms and Conditions

1. U.S. Department of Agriculture (USDA) Foods will be requested and accepted only in such quantities as can and will be fully utilized without waste. Any agency requesting and accepting USDA Foods in such quantities that cannot be consumed in a six-month period may be held financially responsible for any spoilage or contamination which results in the USDA Foods being unfit for human consumption. For any USDA Foods on hand which cannot be efficiently utilized, a report will be made to the state agency requesting disposition instructions.
2. USDA Foods received under this agreement will be used solely for the benefit of those persons served or assisted by the recipient agency and will not be otherwise disposed of without prior written approval of the state agency. **Under no circumstances will USDA Foods be sold or traded.** Normal food expenditures will not be reduced because of the receipt of USDA Foods. No USDA Foods will be processed commercially without the prior written consent of the state agency, including all USDA Foods which leave the recipient agency and are turned over to a third party for repackaging or conversion to a more usable end product.
3. Facilities for the proper handling, storing, and preparation of USDA Foods requested and accepted will be provided. The recipient agency shall ensure that storage facilities comply with all required federal, state, and/or local health department's rules and regulations. The state agency and the USDA are authorized to inspect the USDA Foods in storage facilities or warehouses used in handling or storage of USDA Foods at any reasonable time.
4. Sponsors operating lunch programs under the Summer Food Service Program (SFSP) are eligible to receive USDA Foods under Section 225, Section 9(b). Sponsors eligible to receive USDA Foods under the Program include: Self-preparation sponsors; sponsors which have entered into an agreement with a school or school food authority for the preparation of meals; and sponsors which are school food authorities and have competitively procured Program meals from the same food service management company from which they competitively procured meals for the National School Lunch Program during the last period in which school was in session. Sponsors shall use in the Program food donated by the Department and accepted by sponsors.
5. Containers with commercial resale value received with the USDA Foods donated by the United States Department of Agriculture will be used by the recipient agency or sold with all proceeds deposited to the account of the lunch program. If fire or theft insurance or both are carried and loss of, or damage to, USDA Foods is suffered from these causes, a claim for the full fair value of such losses will be filed and a complete written report made to the state agency. All payments received for such losses will be deposited to the account of the lunch program. When any event results in a claim in favor of the recipient agency against a warehouse, or other person, for the improper distribution or loss of, or damage to, USDA Foods, the recipient agency will take all action necessary to obtain restitution. A complete report will be made to the state agency, and any funds recovered will be deposited in the food services fund or account. Instructions for the final disposition of such funds collected may be requested in writing from the state agency.
6. Books and records pertaining to receipt and use of USDA Foods will be kept for a period of not less than three (3) years from the close of the federal fiscal year to which they pertain and reports furnished to the state agency as required. As a minimum, these books and records will contain the following: (a) an inventory record of USDA Foods received and issued; (b) a record of container use and an accounting of all funds derived from the sale of empty containers; and (c) a daily record of lunches served to children. The recipient agency agrees to compile data, maintain records, and submit reports and other program information as required. The state agency and the USDA are authorized to inspect and audit all books and records pertaining to the program, including financial records, at any reasonable time and place to insure compliance with the above conditions.
7. Allocation forms and all other requests sent by the state agency will be promptly completed and returned by the recipient agency. Invoices received from the state agency for service and handling charges on USDA Foods ordered and received will be paid within thirty (30) days after receipt of invoice.
8. Either party may terminate this agreement by giving thirty (30) days notice in writing to the other party. The state agency may cancel this agreement immediately upon receipt of evidence that the terms and conditions thereof have not been fully complied with. Subject to such notice of termination or cancellation of the agreement, the recipient agency agrees to comply with the instructions of the state agency relating to the dispersal of any remaining inventory of USDA Foods.
9. The recipient agency assures the state agency that in its administration of distribution programs it will comply with all requirements imposed by or pursuant to Part 15, Subpart A, of Title 7, CFR, of the regulations of the USDA (29 F.R. 16274) (Civil Rights Act of 1964). Federal food assistance is extended in reliance on the representations made herein.
10. The recipient agency will furnish meals without cost to all children who are determined to be eligible to participate in the Program.
11. The state agency reserves the right to discontinue immediately further shipments of USDA Foods to any recipient agency which fails to comply with the general intents and purposes set forth in this agreement or any instruction issued pursuant hereto. The state agency or the USDA or both, shall have the right to take further action through available means when considered necessary, including prosecution under applicable state and federal statutes or other judicial means of enforcement.
