## Measure A is Putting Your Long Beach Funds to Work

**Over the life of Measure A, 108 public safety positions are expected to be kept in service**

**Restoring Engine 8 to Belmont Shore provides more rapid response to critical incidents in the region**

**Police South Patrol Division has been restored to the same operational level as the other three Patrol Divisions in the City, adding a Crime Analyst to identify crime trends and patterns and a Directed Enforcement Team to focus attention of problem locations**

**Full time Police Academy staffing to maximize resources and eliminate the need to dedicate patrol officers to perform teaching and training responsibilities**

**37 New Public Safety Personnel Positions Added**

**The restoration of Paramedic Rescue 12 has resulted in increased emergency response capabilities, which have reduced call times in North Long Beach and Citywide, by relieving stress on our critical public safety systems**

**When Seconds Count, You Can Count on Long Beach Public Safety to Respond**

[LongBeach.gov/MeasureA](http://LongBeach.gov/MeasureA)  
[@CityofLongBeachCA](https://www.facebook.com/CityofLongBeachCA)  
[@LongBeachCity](https://twitter.com/LongBeachCity)

**KEEPING FIREFIGHTERS AND POLICE OFFICERS IN SERVICE**

**RESTORED ENGINE 8 & RESCUE 12**

**REESTABLISHED POLICE SOUTH PATROL DIVISION & FULL POLICE ACADEMY STAFFING**

**PREVENTATIVE REPAIRS TO 171 LANE MILES OF RESIDENTIAL STREETS**

**ABOUT MEASURE A**

In 2016, Long Beach voters recognized a pressing need to maintain and enhance public safety services and invest in City infrastructure. Thanks to the passage of Measure A, Fire Engine 8, Rescue 12, South Patrol Division, and Police Academy operations have been restored, enhancing public safety citywide. The City is also making a historic investment in revitalizing heavily utilized public spaces such as streets, libraries, community centers, and parks with an emphasis on improving infrastructure quality, energy efficiency, and ADA accessibility.

See a map of the Infrastructure Investment plan, on the next page.

### On his favorite part of the job ...

*What I like most is the uncertainty of not knowing exactly what you're going to see and do every day. I may have a plan in place for the day, and five minutes later we could be off to a three-alarm fire, or a multi-vehicle accident.*

**-Jackawa Jackson**  
Captain, Engine 8 for the Long Beach Fire Department

Measure A made it possible to put Fire Engine 8 back into service in 2016

Navigation icons: play, pause, left arrow, right arrow

In 2016, Long Beach voters approved Measure A, authorizing a 10-year increase in the City sales tax in order to provide funding for improvements in public infrastructure and safety. The "yes" vote by the citizens of Long Beach set scores of City employees in motion: They are currently involved in several Measure A - funded projects, all dedicated to the maintenance and renovation of bridges, streets, sidewalks, police and fire stations, libraries, senior centers, and facilities that provide other essential City services.

Whether it's the paramedic at a newly opened Long Beach rescue station, the building inspector overseeing long-awaited construction projects, or the volunteer cat rescuer creating healthy habitats at the City animal shelter, these individuals have been re-energized by Measure A funding and are at work applying their talents for the benefit of the entire city.

Often, City employees are the anonymous individuals behind the reflective vest or the distant siren. Here is an opportunity to meet some of the diverse and highly skilled personalities who make up the driving force behind many Measure A funded projects.

### On why Measure A is needed ...

*Having previously worked at the Long Beach Public Library, I saw how our facilities really need attention, but we haven't always had the resources to make that happen. Now, working on Measure A capital projects, I can see the shift in the infrastructure and community. ... People feel proud and safe in facilities which are well-kept.*

**-Nancy Villaseñor**  
Capital Projects Coordinator for the Department of Public Works, City of Long Beach

Measure A is supporting library infrastructure citywide

### On the positive effects of Measure A ...

*A lot of the cats we get are behaviorally difficult, or hissy. The difference is remarkable when cats are in an environment that's quiet, that's calm, and they're eating correctly.*

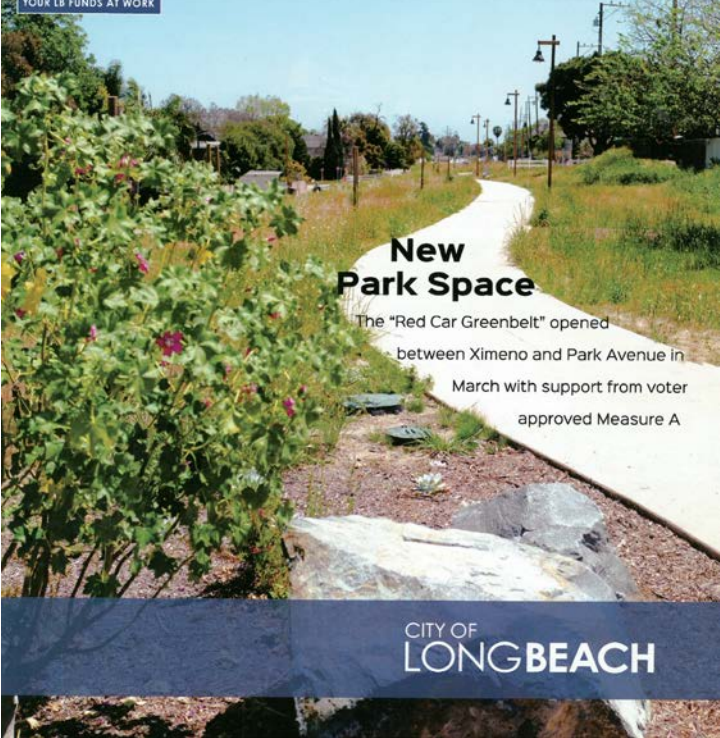

**-Julie Somers,**  
Resident/Volunteer with Long Beach Animal Care Services

Measure A is improving the housing for cats and kittens at the Long Beach Animal Care Services Center
