USE TAX DIRECT PAYMENT PERMIT

(General Information and Filing Instructions)

Revenue and Taxation Code section 7051.3 authorizes the State Board of Equalization to issue a Use Tax Direct Payment Permit to qualified applicants. This permit allows purchasers and lessees of tangible personal property (other than lessees of motor vehicles the lease of which is subject to the terms of section 7205.1 of the Sales and Use Tax Law) to self-assess and pay use taxes directly to the Board instead of to the vendor or lessor from whom the property is purchased or leased.

Permit holders will be provided with a *Use Tax Direct Payment Exemption Certificate* which they can issue to retailers and lessors when they purchase tangible personal property subject to use tax or make qualified leases of tangible personal property. Vendors who timely take the certificate in good faith from a permit holder are relieved of the duty to collect use taxes on the sales for which the certificate was issued. Permit holders who acquire property under a certificate must self-assess and report the use taxes directly to the Board on their tax returns, and allocate the local taxes to the county, city, city and county, or redevelopment agency in which the property is first used. Permit holders who fail to properly pay any use taxes that are due on property for which a certificate was given are subject to interest and penalties assessments in addition to their tax liability.

To qualify for a Use Tax Direct Payment Permit, an applicant must meet the following conditions:

- (1) The applicant must agree to self-assess and pay directly to the Board any use tax which is due on property for which a use tax direct payment exemption certificate was given; and
- (2) The applicant must certify to the Board either of the following:
- (A) The applicant has purchased or leased for its own use tangible personal property subject to use tax which cost five hundred thousand dollars (\$500,000) or more in the aggregate, during the calendar year immediately preceding the application for the permit; or
 - (B) The applicant is a county, city, city and county, or redevelopment agency.

Persons wishing to obtain a use tax direct payment permit must be pre-qualified and either hold a California seller's permit or a consumer use tax account.

Persons other than governmental entities who currently hold either a California seller's permit or a consumer use tax account must complete the application for a *Use Tax Direct Payment Permit*, sign the certification statement attesting that they qualify for a permit under conditions of Part (2)(A) above, and submit a "Statement of Cash Flows" or other comparable financial statements acceptable to the board for the calendar year immediately preceding the date of application which discloses total purchases of property and equipment for own use and a separate statement under company letterhead certifying that five hundred thousand dollars (\$500,000) or more of such purchases were subject to use tax.

Persons other than governmental entities who are not required to hold a seller's permit and who do not currently hold a consumer use tax account must obtain a consumer use tax account and then complete the application for a Use Tax Direct Payment Permit, sign the certification statement attesting that they qualify for a permit under the conditions of Part (2)(A) above and submit a "Statement of Cash Flows" or other comparable financial statements acceptable to the board for the calendar year immediately preceding the date of application which discloses total purchases of property and equipment for own use and a separate statement under company letterhead certifying that five hundred thousand dollars (\$500,000) or more of such purchases were subject to use tax.

Governmental entities who currently hold either a California seller's permit or a consumer use tax account must complete the application for a *Use Tax Direct Payment Permit*, sign the certification statement attesting that they qualify for a permit under the conditions of Part (2)(B) above, and submit an additional statement to that effect under official letterhead and signed by an authorized governmental representative.

SALES AND USE TAX REGULATIONS

Regulation 1699.6 USE TAX DIRECT PAYMENT PERMITS

Reference: Sections 6007, 6070, and 7051.3, Revenue and Taxation Code

- (a) FOREWORD. "Use tax direct payment permit" means a permit issued by the board that allows a use tax direct payment permit holder to self-assess and pay state, local, and district use taxes under Part 1 (commencing with Section 6001, Part 1.5 (commencing with Section 7200), and, if applicable, Part 1.6 (commencing with Section 7251) directly to the board. The provisions of this regulation apply only to transactions subject to use tax.
- (b) (1) APPLICATION FOR PERMIT. Persons seeking to pay use taxes directly to the board shall file an application for a use tax direct payment permit. An application for a use tax direct payment permit shall be made on Board of Equalization Form BOE-400-DP (no revision date). The application shall be signed by the owner, if a natural person; in the case of an association or partnership, by a member or partner, and in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application.
- (2) Within 30 days of receipt of an application for a direct payment permit the board shall inform the applicant in writing either that the application is complete and has been accepted or that the application is deficient and what additional specific information is required to make the application complete. Within 60 days of acceptance of a complete application the board shall approve or deny the issuance of a direct payment permit and notify the applicant in writing of its decision.
- (c) REQUIREMENTS FOR PERMIT. Pursuant to an application, a use tax direct payment permit shall be issued to any person who meets all of the following conditions:
- (1) The applicant agrees to self-assess and pay directly to the board any use tax liability incurred under this regulation.
 - (2) The applicant certifies to the board either of the following:
- (A) The applicant is the purchaser for its own use or is the lessee of tangible personal property subject to the use tax at a cost of five hundred thousand dollars (\$500,000) or more in the aggregate, during the calendar year immediately preceding the application for the permit. Tangible personal property purchased for own use includes both property subject to use tax and property exempt from use tax except that it does not include property purchased for resale; or
 - (B) The applicant is a county, city, city and county, or redevelopment agency.
- (d) REPORTING OF LOCAL USE TAX. Any person who holds a valid use tax direct payment permit shall self-assess and pay directly to the board with each return the use taxes due under Division 2, Part 1 (commencing with Section 6001), Part 1.5 (commencing with Section 7200), and, if applicable, Part 1.6 (commencing with Section 7251), for all purchases subject to use tax for which a use tax direct payment exemption certificate was issued, and shall report the local use tax component to the jurisdiction in which the property is located at the time the state imposed use tax must be reported. Temporary storage for the purpose of reporting local tax shall be disregarded. Any tax so reported may be redistributed in accordance with law.
- (e) **RETURNS.** On or before the last day of the month following each quarterly period, a holder of a direct payment permit shall file a return with the board. The person required to file the return shall deliver it together with a remittance for the amount of tax due to the board. The return shall show the aggregate sales price of tangible personal property purchased during the reporting period with respect to which the person filing the return has issued a use tax direct payment exemption certificate relieving the retailer of liability for reporting and paying use tax, and such other information as the board may require.
- (f) EXEMPTION CERTIFICATES. The board shall allow any holder of a use tax direct payment permit to issue a use tax direct payment certificate to any registered retailer or seller subject to all of the following:

Regulation 1699.6 (Continued)

- (1) The use tax direct payment exemption certificate shall be in a form prescribed by the board, and shall be signed by, and bear the name, address, and permit number of, the holder of the use tax direct payment permit.
- (2) Once a use tax direct payment exemption certificate has been issued by a holder of a use tax direct payment permit, it shall remain effective until revised or withdrawn by the holder of the permit or until the retailer or seller has received written notice that the permit has been revoked by the board.
- (3) A use tax direct payment certificate relieves a person selling property from the duty of collecting use tax only if taken timely and in good faith from a person who holds a use tax direct payment permit. A certificate will be considered timely if it is taken at any time before the seller bills the purchaser for the property, or any time within the seller's normal billing and payment cycle, or any time at or prior to delivery of the property to the purchaser.
- (4) A purchaser who issues a use tax direct payment certificate that is accepted in good faith by a seller or retailer of tangible personal property shall be the sole person liable for any sales tax and related interest and penalties with respect to any transaction that is subsequently determined by the board to be subject to sales tax and not use tax. The local sales tax portion so determined shall be allocated to the city, county, city and county, or redevelopment agency to which the tax would have been allocated if it had been reported and paid by the retailer in accordance with Part 1.5 (commencing with Section 7200). Such allocation shall be based on the place of sale as provided in Regulation 1802 and Regulation 1822.
- (5) Any person who holds a use tax direct payment permit and gives a use tax direct payment certificate to a seller or retailer shall, in addition to any applicable use tax liabilities, be subject to the same penalty provisions that apply to a seller or retailer.
- (g) RESALE TRANSACTIONS. A use tax direct payment exemption certificate shall not be substituted for a resale certificate, because the tax consequences are different. Resale certificates shall only be issued with respect to property which the purchaser intends to resell, and use tax direct payment exemption certificates shall be issued only for property purchased for use or other consumption. If a retailer makes sales under both a use tax direct payment exemption certificate and a resale certificate to the same customer, an audit trail must be maintained to identify which property is sold pursuant to each certificate.
- (h) **REVOCATION OF PERMIT.** The board may revoke the use tax direct payment permit of any person who fails to purchase tangible personal property for own use of at least \$500,000 per year. The permit shall remain valid for all transactions taking place prior to the date the permit is revoked.
- (f) SUCCESSOR ENTITIES. A successor entity to a use tax direct payment permit holder shall qualify to obtain a use tax direct payment permit if the predecessor entity so qualified in the calendar year in which the succession occurred but must obtain its own permit.
- (j) OPERATIVE DATE. The provisions of this regulation apply only to purchases that occur on or after January 1, 1998.

History: Adopted September 23, 1998, effective July 9, 1999.

Sales Tax Jobsite Sub-Permits for Construction Contractors

Some construction contractors are liable for sales or use tax on materials and fixtures consumed or sold on construction contracts. A portion of that tax, the local tax, is distributed to the county government, and city governments within the county, of the jobsite location. The allocation of the local tax is performed by listing the amount of local tax due to each county on Schedule B of the sales and use tax return.

Effective January 1, 1995, construction contractors may elect to allocate the local sales and use tax derived from construction contracts of \$5,000,000 (five million dollars) or more directly to the local jurisdiction where the jobsite is located. This is accomplished by obtaining a sub-permit of their seller's permit for a specific jobsite and allocating the local tax to that jobsite on Schedule C of their sales and use tax return. This qualifying contract price applies to each contract or sub-contract for work performed at the jobsite. Contractors who are already fulfilling a construction contract on January 1, 1995, must have work remaining with a value of \$5,000,000 or more. The sub-permit will be automatically closed-out six months after the estimated completion date of the contract. If delays extend the completion date, contractors should contact the Board of Equalization to extend the active period of the sub-permit.

Permits will not to be issued to contractors who are not normally sellers of materials. Contractors may not purchase tangible personal property for resale, including materials, which they will install or consume at the jobsite.

Contractors may not purchase machinery and equipment, to be used on the construction job, without payment of sales tax in order to allocate the use tax to the specific jobsite.

Local tax on sales of machinery and equipment by the contractor as part of the contract, should continue to be allocated to the contractor's permanent place of business where the principal negotiations of the contract take place in accordance with Regulation 1802.

In accordance with Regulation 1806, where the contractor has not elected to obtain a sub-permit, local tax must still be allocated countywide using Schedule B for jobsites which have contracts of \$5,000,000 or more along with smaller contracts of less than \$5,000,000.

If you have any questions regarding a sub-permit for construction jobsites, please contact the nearest Board of Equalization office.

SALES AND USE TAX REGULATIONS

Regulation 1699. PERMITS

Reference: Sections 6066-6075, Revenue and Taxation Code.

(a) IN GENERAL - NUMBER OF PERMITS REQUIRED. Every person engaged in the business of selling (or leasing under a lease defined as a sale in Revenue and Taxation Code section 6006(g)) tangible personal property of a kind the gross receipts from the retail sale of which are required to be included in the measure of the sales tax, and only a person actively so engaged, is required to hold a permit for each place of business in this state at which transactions relating to sales are customarily negotiated with his or her customers. For example:

A permit is required for a branch sales office at which orders are customarily taken or contracts negotiated, whether or not merchandise is stocked there.

No additional permits are required for warehouses or other places at which merchandise is merely stored and which customers do not customarily visit for the purpose of making purchases and which are maintained in conjunction with a place of business for which a permit is held; but at least one permit must be held by every person maintaining stocks of merchandise in this state for sale. However, permits are required for warehouses or other places at which merchandise is stored and from which retail sales of such merchandise negotiated out of state are delivered or fulfilled.

If two or more activities are conducted by the same person on the same premises, even though in different buildings, only one permit is required. For example:

A service station operator having a restaurant in addition to the station on the same premises requires only one permit for both activities.

- (b) PERSONS SELLING IN INTERSTATE COMMERCE OR TO UNITED STATES GOVERNMENT. A permit is not required to be held by persons all of whose sales are made exclusively in interstate or foreign commerce but a permit is required of persons notwithstanding all their sales (or leases under a lease defined as a sale in Revenue and Taxation Code section 6006(g)) are made to the United States or instrumentalities thereof.
- (c) PERSONS SELLING FEED. Effective April 1, 1996, a permit is not required to be held by persons whose sales consist entirely of sales of feed for any form of animal life of a kind the products of which ordinarily constitute food for human consumption (food animals), or for any form of animal life not of such a kind (nonfood animals) which are being held for sale in the regular course of business, provided no other retail sales of tangible personal property are made

If a seller of hay is also the grower of the hay, this exemption shall apply only if either:

- 1. The hay is produced for sale only to beef cattle feedlots or daines, or
- 2. The hay is sold exclusively through a farmer-owned cooperative.
- (d) CONCESSIONAIRES. For the purposes of this regulation, the term concessionaire is defined as an independent retailer who is authorized, through contract with, or permission of, another retail business enterprise (the prime retailer), to operate within the perimeter of the prime retailer's own retail business premises, which to all intents and purposes appear to be wholly under the control of that prime retailer, and to make retail sales that to the general public might reasonably be believed to be the transactions of the prime retailer. Some indicators that a retailer is not operating as a concessionaire are that he or she:
 - Appears to the public to be a business separate and autonomous from the prime retailer. Examples of
 businesses that may appear to be separate and autonomous, while operating within the prime retailer's
 premises, are those with signs posted on the premises naming each of such businesses, those with
 separate cash registers, and those with their own receipts or invoices printed with their business name.
 - Maintains separate business records, particularly with respect to sales.

Regulation 1699. (Cont.)

- Establishes his or her own selling prices.
- Makes business decisions independently, such as hiring employees or purchasing inventory and supplies.
- Registers as a separate business with other regulatory agencies, such as an agency issuing business licenses, the Employment Development Department, and/or the Secretary of State.
- Deposits funds into a separate account.

In cases where a retailer is not operating as a concessionaire, the prime retailer is not liable for any tax liabilities of the retailer operating on his or her premises. However, if a retailer is deemed to be operating as a concessionaire, the prime retailer may be held jointly and severally liable for any sales and use taxes imposed on unreported retail sales made by the concessionaire while operating as a concessionaire. Such a prime retailer will be relieved of his or her obligation for sales and use tax liabilities incurred by such a concessionaire for the period in which the concessionaire holds a permit for the location of the prime retailer or in cases where the prime retailer obtains and retains a written statement that is taken in good faith in which the concessionaire affirms that he or she holds a seller's permit for that location with the Board. The following essential elements must be included in the statement in order to relieve the prime retailer of his or her liability for any unreported tax liabilities incurred by the concessionaire:

- The permit number of the concessionaire
- The location for which the permit is issued (must show the concessionaire's location within the perimeter of the prime retailer's location)
- Signature of the concessionaire
- Date

While any statement, taken timely, in good faith and containing all of these essential elements will relieve a prime retailer of his or her liability for the unreported sales or use taxes of a concessionaire, a suggested format of an acceptable statement is provided as Appendix A to this regulation. While not required, it is suggested that the statement from the concessionaire contain language to clarify which party will be responsible for reporting and remitting the sales and/or use tax due on his or her retail sales.

In instances where the lessor, or grantor of permission to occupy space, is not a retailer himself or herself, he or she is not liable for any sales or use taxes owed by his or her lessee or grantee. In instances where an independent retailer leases space from another retailer, or occupies space by virtue of the granting of permission by another retailer, but does not operate his or her business within the perimeter of the lessor's or grantor's own retail business, such an independent retailer is not a concessionaire within the meaning of this regulation. In this case, the lessor or grantor is not liable for any sales or use taxes owed by the lessee or grantee.

- (e) AGENTS. If agents make sales on behalf of a principal and do not have a fixed place of business, but travel from house to house or from town to town, it is unnecessary that a permit be obtained for each agent if the principal obtains a permit for each place of business located in California. If, however, the principal does not obtain a permit for each place of business located in California, it is necessary for each agent to obtain a permit.
- (f) INACTIVE PERMITS. A seller's permit may only be held by a person actively engaged in business as a seller of tangible personal property. The Board may revoke a seller's permit where it finds that the person holding the permit is not actively engaged in business as a seller of tangible personal property.
- (1) Any person who holds a seller's permit but is not actively engaged in business as a seller of tangible personal property shall promptly surrender the permit by notifying the Board to cancel it.
- (2) Except as explained in paragraph (3) of this subdivision, a person holding a seller's permit will be held liable for any taxes, interest, and penalties incurred, through the date on which the Board is notified to cancel the permit, by any other person who, with the permit holder's actual or constructive knowledge, uses the permit in any way. For example, a permit holder may be held liable for tax, interest, and penalty actually incurred by his or her transferee where the transferee displays the permit in his or her place of business, or uses the permit number on a resale certificate, or files sales and use tax returns under the permit number. The permit holder has the burden of establishing that the Board received notice to cancel the permit.
- (A) The permit holder may notify the Board by delivering the actual seller's permit to the Board with the clear request that the permit be canceled. Where the reason for cancellation is that the permit holder transferred the business, the permit holder should identify the name and address of the transferred at the time the permit is surrendered to the Board. The permit holder may also notify the Board by delivering a written statement or email to

Regulation 1699. (Cont.)

the Board that the permit holder has transferred or otherwise ceased the business, or will do so at a specified time, and requesting that the permit be canceled. The statement should identify the name and address of the transferee, if any. The permit holder may also provide this notice to the Board orally, but it will be presumed that such notice was not provided unless the Board's records reflect that the permit holder clearly notified the Board of the cessation or transfer of the business for which the permit was held.

- (B) The Board will also be regarded as having received notice of cancellation of the permit, and the permit holder will be excused from liability for the tax, interest, and penalty incurred by another person using the permit, as of the date the Board receives actual notice of transfer of the business for which the permit was issued. It will be presumed such notice was not received by the Board unless the Board's records reflect that the Board received a clear notice of the cessation or transfer of the business for which the permit was held. For example, the Board's receipt of an application for a seller's permit from the transferee constitutes sufficient notice if it contains adequate information to show that the application pertains to the same business for which the permit was held. Notice to another state agency of a transfer or cessation of a business does not constitute notice to the Board. Rather, the Board must itself receive actual notice of the transfer or cessation of business.
- (3) Where the permit holder does not establish that the Board received actual notice of the transfer of the business for which the permit was held and is thus liable for the taxes, interest, and penalties incurred by another person using that permit, that liability is limited to the quarter in which the business was transferred and the three subsequent quarters, and shall not include any penalties imposed on the other person for fraud or intent to evade the tax. However, these limitations (liability only for the quarter in which the business was transferred and the three subsequent quarters and no fraud or intent to evade penalty) do not apply where, after the transfer of the business, 80 percent or more of the real or ultimate ownership of that business is held by the permit holder. For these purposes, stockholders, bondholders, partners, or other persons holding an ownership interest in an entity are regarded as having the "real or ultimate ownership" of that entity.
- (g) DUE DATE OF RETURNS CLOSEOUT OF ACCOUNT ON YEARLY REPORTING BASIS. Where a person authorized to file tax returns on a yearly basis transfers the business to another person or discontinues it before the end of the yearly period, a closing return shall be filed with the Board on or before the last day of the month following the close of the catendar quarter in which the business was transferred or discontinued.

(h) BUYING COMPANIES - GENERAL.

- (1) DEFINITION. For the purpose of this regulation, a buying company is a legal entity that is separate from another legal entity that owns, controls, or is otherwise related to the buying company and which has been created for the purpose of performing administrative functions, including acquiring goods and services, for the other entity. It is presumed that the buying company is formed for the operational reasons of the entity which owns or controls it or to which it is otherwise related. A buying company formed, however, for the sole purpose of purchasing tangible personal property ex-tax for resale to the entity which owns or controls it or to which it is otherwise related in order to re-direct local sales tax from the location(s) of the vendor(s) to the location of the buying company shall not be recognized as a separate legal entity from the related company on whose behalf it acts for purposes of issuing it a seller's permit. Such a buying company shall not be issued a seller's permit. Sales of tangible personal property to third parties will be regarded as having been made by the entity owning, controlling, or otherwise related to the buying company. A buying company that is not formed for the sole purpose of so re-directing local sales tax shall be recognized as a separate legal entity from the related company on whose behalf it acts for purposes of issuing it a seller's permit. Such a buying company shall be issued a seller's permit and shall be regarded as the seller of tangible personal property it sells or leases.
- (2) ELEMENTS. A buying company is not formed for the sole purpose of re-directing local sales tax if it has one or more of the following elements:
- (A) Adds a markup to its cost of goods sold in an amount sufficient to cover its operating and overhead expenses.
 - (B) issues an invoice or otherwise accounts for the transaction.

The absence of any of these elements is not indicative of a sole purpose to redirect local sales tax.

(i) WEB SITES. The location of a computer server on which a web site resides may not be issued a seller's permit for sales tax purposes except when the retailer has a proprietary interest in the server and the activities at that location otherwise qualify for a seller's permit under this regulation.

(a) IN GENERAL

- (1) RETAILERS HAVING ONE PLACE OF BUSINESS. For the purposes of the Bradley-Burns Uniform Local Sales and Use Tax Law, if a retailer has only one place of business in this state, all California retail sales of that retailer in which that place of business participates occur at that place of business unless the tangible personal property sold is delivered by the retailer or his or her agent to an out-of-state destination, or to a common carrier for delivery to an out-of-state destination.
 - (2) RETAILERS HAVING MORE THAN ONE PLACE OF BUSINESS.
- (A) If a retailer has more than one place of business in this state but only one place of business participates in the sale occurs at that place of business.
- (B) If a retailer has more than one place of business in this state which participate in the sale, the sale occurs at the place of business where the principal negotiations are carried on. If this place is the place where the order is taken, it is immaterial that the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. For the purposes of this regulation, an employee's activities will be attributed to the place of business out of which he or she works.
- (3) PLACE OF PASSAGE OF TITLE IMMATERIAL. If title to the tangible personal property sold passes to the purchaser in California, it is immaterial that title passes to the purchaser at a place outside of the local taxing jurisdiction in which the retailer's place of business is located, or that the property sold is never within the local taxing jurisdiction in which the retailer's place of business is located.

(b) PLACE OF SALE IN SPECIFIC INSTANCES.

- (1) VENDING MACHINE OPERATORS. The place of sale is the place at which the vending machine is located. If an operator purchases property under a resale certificate or from an out-of-state seller without payment of tax and the operator is the consumer of the property, for purposes of the use tax, the use occurs at the place where the vending machine is located.
- (2) ITINERANT MERCHANTS. The place of sale with respect to sales made by sellers who have no permanent place of business and who sell from door to door for their own account shall be deemed to be in the county in which is located the seller's permanent address as shown on the seller's permit issued to him or her. If this address is in a county imposing sales and use taxes, sales tax applies with respect to all sales unless otherwise exempt. If this address is not in a county imposing sales and use taxes, he or she must collect the use tax with respect to property sold and delivered or shipped to customers located in a county imposing sales and use taxes.
- (3) RETAILERS UNDER SECTION 6015. Persons regarded by the Board as retailers under Section 6015(b) of the Revenue and Taxation Code are regarded as selling tangible personal property through salespersons, representatives, peddlers, canvassers or agents who operate under or obtain the property from them. The place of sale shall be deemed to be:
- (A) the business location of the retailer if the retailer has only one place of business in this state, exclusive of any door-to-door solicitations of orders, or
- (B) the business location of the retailer where the principal negotiations are carried on, exclusive of any door-to-door solicitations of orders, if more than one instate place of business of the retailer participates in the sale.

The amendments to paragraph (b)(3) apply only to transactions entered into on or after July 1, 1990.

Regulation 1802. (Contd.)

- (4) AUCTIONEERS. The place of sale by an auctioneer is the place at which the auction is held. Operative July 1, 1996, auctioneers shall report local sales tax revenue to the participating jurisdiction (as defined in subdivision (d) below) in which the sales take place, with respect to auction events which result in taxable sales in an aggregate amount of \$500,000 or more.
- (5) FACTORY-BUILT SCHOOL BUILDINGS. The place of sale or purchase of a factory-built school building (relocatable classroom) as defined in paragraph (c)(4)(B) of Regulation 1521 (18 CCR 1521), Construction Contractors, is the place of business of the retailer of the factory-built school building regardless of whether sale of the building includes installation or whether the building is placed upon a permanent foundation,

(6) JET FUEL.

- (A) For sales of jet fuel prior to January 1, 2008, the place of sale or purchase of jet fuel is the city, county, or city and county which is the point of the delivery of the jet fuel to the aircraft, if both of the following conditions are met:
- The principal negotiations for the sale are conducted at the retailer's place of business in this state;
 - 2. The retailer has more than one place of business in the state.
- (B) For sales of jet fuel on or after January 1, 2008, the place of sale or purchase of jet fuel is the city, county, or city and county which is the point of the delivery of the jet fuel to the aircraft.
- (C) The local sales or use tax revenue derived from the sale or purchase of jet fuel under the conditions set forth in this subdivision shall be transmitted by the Board, to the city, county, or city and county where the airport is located at which such delivery occurs.
- (D) Multi-Jurisdictional Airports. For the purposes of this regulation, the term "multi-jurisdictional airport" means and includes an airport that is owned or operated by a city, county, or city and county, that has enacted a state-administered local sales and use tax ordinance and as to which the owning or operating city, county, or city and county is different from the city, county, or city and county in which the airport is located. Through June 30, 2004, the local tax rate is imposed at 1,25% by Revenue and Taxation Code section 7202 (a). Operative July 1, 2004, the local tax rate is imposed at 1% by Revenue and Taxation Code section 7203.1 The local tax revenue derived from sales of jet fuel at a "multi-jurisdictional airport" shall, notwithstanding subdivision (B), be transmitted by the Board as follows:
- 1. In the case of the 0.25% local sales tax imposed by counties under Government Code section 29530 and Revenue and Taxation Code section 7202(a), or operative July 1, 2004, imposed by counties under Revenue and Taxation Code section 7203.1(a)(1), half of the revenue to the county which owns or operates the airport (or in which the city which owns or operates the airport is located) and half to the county in which the airport is located.
- 2. In the case of the remaining 1% of the local sales tax imposed by counties under Revenue and Taxation Code section 7202(a), or operative July 1, 2004, the remaining 0.75%, imposed by counties under Revenue and Taxation Code section 7203.1(a)(2), and in the case of the local sales tax imposed by cities at a rate of up to 1%, or operative July 1, 2004, at a rate of up to 0.75% under Revenue and Taxation Code section 7203.1(a)(2), and offset against the local sales tax of the county in which the city is located under Revenue and Taxation Code section 7202(h), half of the revenue to the city which owns or operates the airport and half to the city in which the airport is located. If the airport is either owned or operated by a county or is located in the unincorporated area of a county, or is owned or operated by a county and is located in the unincorporated area of a different county, the local sales tax revenue which would have been transmitted to a city under this subdivision shall be transmitted to the corresponding county.
 - 3. Notwithstanding the rules specified in subdivisions 1. and 2., the following special rules apply:
- a. In the case of retail sales of jet fuel in which the point of the delivery of the jet fuel to the aircraft and place of sale or purchase, as described in subdivision (A) or (B), is San Francisco International Airport, the Board shall transmit one-half of the local sales tax revenues derived from such sales to the City and County of San Francisco, and the other half to the County of San Mateo.

Regulation 1802. (Contd.)

- b. In the case of retail sales of jet fuel in which the point of the delivery of the jet fuel to the aircraft and place of sale or purchase, as described in subdivision (A) or (B), is Ontario International Airport, the Board shall transmit local sales taxes with respect to those sales in accordance with both of the following:
- c. All of the revenues that are derived from a local sales tax imposed by the City of Ontario shall be transmitted to that city.
- d. All of the revenues that are derived from a local sales tax imposed by the County of San Bernardino shall be allocated to that county.
 - (E) Otherwise, as provided elsewhere in this regulation.
- (c) TRANSACTIONS NEGOTIATED OUT OF STATE AND DELIVERED FROM THE RETAILER'S STOCK OF TANGIBLE PERSONAL PROPERTY IN CALIFORNIA
- (1) If an out-of-state retailer does not have a permanent place of business in this state other than a stock of tangible personal property, the place of sale is the city, county, or city and county from which delivery or shipment is made. Local tax collected by the Board for such sales will be distributed to that city, county, or city and county.
- (2) If a retailer has a permanent place of business in this state in addition to its stocks of tangible personal property, the place of sale, in cases where the sale is negotiated out of state and there is no participation by the retailer's permanent place of business in this state, is the city, county, or city and county from which delivery or shipment is made. Local tax collected by the Board for such sales will be distributed to the city, county, or city and county from which delivery or shipment is made.

(d) ALLOCATION OF SALES TAX AND APPLICATION OF USE TAX.

Local sales tax is allocated to the place where the sale is deemed to take place under the above rules. The local use tax ordinance of the jurisdiction where the property at issue is put to its first functional use applies to such use. As used in this subdivision, the term "participating jurisdiction" means any city, city and county, or county which has entered into a contract with the Board for administration of that entity's local sales and use tax.

Persons who voluntarily collect use tax under Regulation 1684(c) may, solely at their own discretion, report the local use tax revenues on transactions of \$500,000 or more directly to the participating jurisdiction where first functional use is made.
