REDEVELOPMENT AGENCY BOARD MEMBERS

City of Long Beach
California

RECOMMENDATION:

Recommendation to adopt a Resolution for a Replacement Housing Plan for 4800 – 4870 Long Beach Boulevard. (North - District 8)

DISCUSSION

One of the priority projects of the Redevelopment Plan for the North Long Beach Redevelopment Project Area (Project Area) is the elimination of blighting influences, including removal of incompatible and uneconomic land uses or buildings. In support of this goal, the Redevelopment Agency (Agency) is in the process of acquiring properties located at 4800 – 4870 Long Beach Boulevard (Exhibit A – Site map).

Under California State Law, before a redevelopment agency may remove housing units occupied by low- and moderate-income households, the Agency must adopt a Replacement Housing Plan that discusses how these housing units will be replaced within the community. The attached Replacement Housing Plan (Plan) prepared for 4800 – 4870 Long Beach Boulevard contains the following items:

- The number of dwelling units housing persons and families of low- or moderate-income to be removed and replaced by construction or rehabilitation;
- The general location of housing to be rehabilitated, developed, or constructed pursuant to California Health and Safety Code Section 33413;
- An adequate means of financing such rehabilitation, development, or construction;
- The timetable for meeting the Plan's relocation, rehabilitation, and replacement housing objectives; and

The mission of the Long Beach Redevelopment Agency is to enhance the quality of life by improving blighted areas of Long Beach, revitalizing neighborhoods, promoting economic development, creating jobs, providing affordable housing and encouraging citizen participation.

REDEVELOPMENT AGENCY BOARD MEMBERS

- A finding that the replacement housing does not require the approval of the voters pursuant to Article XXXIV of the California Constitution.

A summary of the current status of the Redevelopment Agency's replacement housing obligations is provided as part of the replacement housing plan. The Replacement Housing Plan, which is attached to the Resolution as an exhibit, has been available for public review and comment as required by Law.

SUGGESTED ACTION:

Approve recommendation.

Respectfully submitted,

PATRICK H. WEST
EXECUTIVE DIRECTOR

RESOLUTION NO. R.A.

A RESOLUTION OF THE REDEVELOPMENT
AGENCY OF THE CITY OF LONG BEACH, CALIFORNIA,
ADOPTING A REPLACEMENT HOUSING PLAN FOR THE
4800 – 4870 LONG BEACH BOULEVARD PROJECT

WHEREAS, the Redevelopment Agency of the City of Long Beach, California (“Agency”), is negotiating the redevelopment of property located at 4800 – 4870 Long Beach Boulevard (the “4800 – 4870 Long Beach Boulevard Project”); and

WHEREAS, the 4800 – 4870 Long Beach Boulevard Project will result in displacement of existing housing units; and

WHEREAS, California Health and Safety Code Section 33413.5 requires that the Agency adopt a housing replacement plan for the 4800 – 4870 Long Beach Boulevard Project;

NOW, THEREFORE, the Redevelopment Agency of the City of Long Beach, California, resolves as follows:

The Agency hereby adopts the Replacement Housing Plan for the 4800 – 4870 Long Beach Boulevard Project, which is attached as Exhibit “A” to this resolution.

APPROVED AND ADOPTED by the Redevelopment Agency of the City of Long Beach, California this _____ day of _____, 2007

Executive Director/Secretary

I. INTRODUCTION

This Replacement Housing Plan (the “Replacement Housing Plan”) for the proposed future development project located at 4800 – 4870 Long Beach Boulevard (“Project”) has been prepared pursuant to Section 33413.5 of the California Health and Safety Code for the Redevelopment Agency of the City of Long Beach (“Agency”). Section 33413.5 requires that, not less than 30 days prior to the execution of an agreement for acquisition of real property, or the execution of an agreement for the disposition and development of property, or the execution of an owner participation agreement, which agreement would lead to the destruction or removal of dwelling units from the low and moderate-income housing market, the Agency shall adopt by resolution a replacement housing plan.

In addition, Section 33413.5 mandates that the Replacement Housing Plan shall include the following components:

- The number of dwelling units housing persons and families of low- or moderate-income to be removed and replaced by construction or rehabilitation;
- The general location of housing to be rehabilitated, developed or constructed pursuant to Section 33413;
- An adequate means of financing such rehabilitation, development, or construction;
- The timetable for meeting the Replacement Housing Plan’s relocation, rehabilitation, and replacement housing objectives; and
- A finding that the replacement housing does not require the approval of the voters pursuant to Article XXXIV of the California Constitution, or that such approval has been obtained.

II. DEFINITIONS

Very Low-Income Household

Persons and families whose gross incomes do not exceed 50 percent of the area median income adjusted for family size.

Low-Income Household

Persons and families whose gross incomes exceed 50 percent but do not exceed 80 percent of the area median income adjusted for family size.

Moderate-Income Household

Persons and families whose gross incomes exceed 80 percent but do not

exceed 120 percent of the area median income adjusted for family size.

Affordable Owner-Occupied Housing Cost

Section 50052.5 of the California Health and Safety Code states that for any owner-occupied housing, “affordable housing costs” shall not exceed the following:

- (1) For very-low-income households the product of 30 percent times 50 percent of the area median income adjusted for family size appropriate for the unit.
- (2) For lower-income households whose gross incomes exceed the maximum income for very-low-income households and do not exceed 70 percent of the area median income adjusted for family size, the product of 30 percent times 70 percent of the area median income adjusted for family size. In addition, for any lower-income household that has a gross income that equals or exceeds 70 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable housing cost not exceed 30 percent of the gross income of the household.
- (3) For moderate-income households whose gross incomes exceed the maximum income for lower-income households and do not exceed the 110 percent of the area median income adjusted for family size, the product of 35 percent times 110 percent of the area median income adjusted for family size appropriate for the unit. In addition, for any moderate-income household that has a gross income that equals or exceeds 110 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable housing cost not exceed 35 percent of the gross income of the household.

Affordable Renter-Occupied Housing Cost

Section 50053 of the California Health and Safety Code states that for any rental housing development, “affordable rent,” including a reasonable utility allowance, shall not exceed:

- (1) For very-low-income households, the product of 30 percent times 50 percent of the area median income adjusted for family size appropriate for the unit.
- (2) For lower-income households whose gross incomes exceed the maximum income for very-low-income households, the product of 30 percent times 60 percent of the area median income adjusted for family size appropriate for the unit. In addition, for those lower-income households with gross incomes that exceed 60 percent of

the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable rent be established at a level not to exceed 30 percent of gross income of the household.

- (3) For moderate-income households, the product of 30 percent times 110 percent of the area median income adjusted for family size appropriate for the unit. In addition, for those moderate-income households whose gross incomes exceed 110 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable rent be established at a level not to exceed 30 percent of gross income of the household.

Replacement Dwelling Unit

For this Replacement Housing Plan, "Replacement Dwelling Unit" means a dwelling unit developed or constructed in the City of Long Beach pursuant to Section 33413 in replacement of a dwelling unit destroyed or removed from the low- and moderate-income housing market by the Agency and which is decent, safe, and sanitary, contains at least the same number of bedrooms and other living areas as the dwelling unit destroyed or removed, and is available at affordable housing cost to low- and moderate-income households.

III. REPLACEMENT HOUSING REQUIREMENTS

Section 33413(a) of the California Health and Safety Code requires that whenever low- or moderate-income household dwelling units are destroyed or removed from the housing market as part of a redevelopment project which is subject to a written agreement with a redevelopment agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low- or moderate-income, an equal number of replacement dwelling units which have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency.

When dwelling units are destroyed or removed on or after January 1, 2002, 100 percent of the replacement dwelling units shall be available at affordable housing cost to persons in the same or lower income category (low, very low, or moderate), as the persons displaced from those destroyed or removed units.

Section 33413(f) of the California Health and Safety Code modifies these requirements as follows:

Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

- (1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.
- (2) The replacement units are affordable to the same income level of households as the destroyed or removed units.

IV. PROJECT DESCRIPTION

In September 2005, the Redevelopment Agency presented offers to purchase the properties located at 4800 – 4870 Long Beach Boulevard (“Subject Property”) within the North Long Beach Redevelopment Project Area about the possible voluntary acquisition of these properties. The purchase of blighted property to assemble land into parcels suitable for modern, integrated development, allowing for future development in this Redevelopment Project Area is consistent with the goals of the North Long Beach Redevelopment Plan. After acquiring and assembling these properties, future re-use will take place.

Future activities will include the following:

A. Acquisition, Relocation and Demolition

The Agency is in the process of acquiring the Subject Property. The Agency will demolish the existing structures to prepare the site for a new development. The Subject Property is composed of the following: an automobile service facility with one single-family residential unit, three buildings with seven multi-family residential units, a motel with 32 guest rooms plus a manager’s unit, and a second motel with 10 guest rooms and a single-family residential unit. At the time of acquisition, the presence of long-term units at the motels was not apparent; however, it was later discovered that the motel located at 4860 Long Beach Boulevard had three long-term residents and an owner-occupied unit. Also, the motel at 4870 Long Beach Boulevard had an owner-occupied unit. The housing units at the Subject Property are detailed in the table below. The transaction was negotiated through voluntary acquisition and all of the tenants have been relocated in accordance with state relocation law.

APN	Address	Type of Dwelling	Number of Units and Buildings
7133-010-001,007	4800 Long Beach Boulevard	Auto service business & one residential unit	3 buildings, 1 unit
7133-010-006	4856 Long Beach Boulevard.	Multi-family residential unit)	3 buildings, 7 units
7133-010-027	4860 Long Beach Boulevard	Motel plus manager unit/office	2 buildings, 4 units
7133-010-008	4870 Long Beach Boulevard	Motel and one residential unit	3 buildings, 1 unit

B. New Construction and/or Substantial Rehabilitation

The existing residential structures will not be rehabilitated. New construction on the Subject Property is anticipated. Demolition of these structures will facilitate the removal of a blighting influence in the community. Replacement housing may be created on site.

The assemblage of Subject Property and any subsequent new construction will be in accordance with the City of Long Beach General Plan, the North Long Beach Redevelopment Plan, and current City zoning requirements.

V. RESIDENTIAL UNITS TO BE REMOVED AND REPLACED

The Subject Property contains a total of thirteen residential units, which includes ten one-bedroom residential units, two two-bedroom units and one three bedroom residential unit. The following table illustrates the units by the number of bedrooms contained therein as well as their respective income levels. Four of the thirteen residential units are not included because they exceed the income standards.

Housing Units & Bedrooms by Income Level

Income Level	One BR	Two BR	Three BR	Four BR	Five BR	Units	Total Bedrooms
Very-Low Income	5	0	1	0	0	0	8
Low Income	3	0	0	0	0	0	3
Moderate Income	0	0	0	0	0	0	0
Total Units	0	0	0	0	0	0	
Total Bedrooms	0	0	0	0	0		11

In summary, a combined bedroom count of eleven bedrooms in two buildings will be removed from the Subject Property. Six households qualify as very low income and three households qualify as low-income. The eleven bedrooms will be replaced within four years. Any replacement units will be made available to very-low or low-income households as required by Section 33413, based upon the actual income levels of the households previously displaced from those units.

VI. GENERAL LOCATION OF HOUSING TO BE REHABILITATED, DEVELOPED, OR CONSTRUCTED

Pursuant to California Health and Safety Code Section 33413, the Agency will, within four years, rehabilitate, develop or construct, or cause to be rehabilitated, developed or constructed, for rental or sale to persons and families of very-low, low- or moderate-income an equal number of dwelling units which have an equal number of bedrooms as those dwelling units removed, or potentially a fewer number of replacement dwelling units if the replacement dwelling units collectively contain an equal or greater number of bedrooms than the combined bedrooms destroyed or removed and are available at affordable housing cost to households of the same income category as the displaced households.

It is anticipated that the replacement dwelling units will be on or near the Subject Property, as allowed by Section 33413.

VII. FINANCING OF REPLACEMENT HOUSING

The Agency transfers all of the 20% set-aside funds from each redevelopment project area into the City's Housing Development Fund, which is administered by the Long Beach Housing Development Corporation (LBHDC), a non-profit corporation. This money is used by the LBHDC to assist in the production of affordable housing as required by Law. Current LBHDC programs funded by set-aside tax increment revenues include the following:

- First-time Home Buyer Down Payment Assistance Program;
- Interest Rate Reduction Program;
- Moderate-Income Rehabilitation Loan Program; and
- Developer Assistance Program

Should the LBHDC build or otherwise assist in the creation of affordable housing in the territorial jurisdiction of the Agency, it will do so in accordance with California Health and Safety Code Section 33413(b). In addition, the creation or rehabilitation of replacement dwelling units can be financed through a variety of means other than set-aside tax increment revenues, including:

- State of California Cal Home Program Funds;
- State of California HELP Program Funds;
- State of California CHFA Tax-Exempt Mortgage Revenue Bond Program Funds;
- Federal HOME Program Funds;
- Mortgage Credit Certificate Program; and
- Conventional bank loans

VIII. TIMETABLE FOR DEVELOPMENT OF REPLACEMENT HOUSING

Within four years of the destruction or removal of any low- or moderate-income housing as a result of implementing the Project, the Agency will rehabilitate, develop or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to low- or moderate-income families an equal number of replacement dwellings for those units lost as a result of the Project's implementation.

At this time, possible replacement units for very-low income housing residents include Pacific Apartments at 1601 Pacific Avenue, Puerto Del Sol Apartments on 3rd Street between Golden and Maine Avenues, and Cabrillo Family Housing located at the Villages at Cabrillo campus in west Long Beach. Pacific Apartments will include 31 affordable residences with a total of 94 bedrooms available to very-low income households, including one four-bedroom unit and 30 three-bedroom units. Puerto del Sol Apartments will provide 63 affordable residences with a total of 166 bedrooms available to very-low income households, including 11 four-bedroom units and 16 three-bedroom units. The Cabrillo Family Housing development will encompass 81 residences with a total of 149 bedrooms available to very-low income households and 63 bedrooms available to low-income households, including 8 four-bedroom units and 43 three-bedroom units. Low-income and moderate-income housing units can also be replaced within Olive Court, being developed at 1856 Long Beach Boulevard. In no event will replacement housing be available later than four years from the adoption of this Replacement Housing Plan.

IX. COMPLIANCE WITH ARTICLE XXXIV OF THE CALIFORNIA CONSTITUTION

Article XXXIV of the California Constitution requires voter approval of all low-rent housing projects that are developed, constructed, or acquired by a public entity. Under Section 37001 of the California Health and Safety Code, the Project is not a "low-rent housing project" as defined in Section 2 of Article XXXIV of the California Constitution because the housing units are being developed to replace dwelling units previously or currently occupied by lower-income households. Therefore, the proposed replacement housing does not require the approval of voters pursuant to Article XXXIV of the California Constitution.

X. PROVISION FOR PUBLIC REVIEW AND COMMENT

In accordance with Section 33413.5, a draft of this Replacement Housing Plan has been made available for review and comment by the general public and other public agencies.

REPLACEMENT HOUSING STATUS SUMMARY

	Very Low Income					Low Income					Moderate Income				
	Bedroom Size					Bedroom Size					Bedroom Size				
	0	1	2	3	4	0	1	2	3	4	0	1	2	3	4
Housing Removed	129	93	37	11	0	12	24	12	5	1	7	13	3	0	0
Total: 347 units with 434 BRs	270 units with 329 bedrooms					54 units with 79 bedrooms					23 units with 26 bedrooms				
Housing Produced	42	96	187	81	13	4	191	506	83	0	0	0	33	0	0
Total: 916 units w/1,832 BRs	419 units with 807 bedrooms					784 units with 1,456 bedrooms					33 units with 66 bedrooms
