1. (11-1240) Recommendation to receive supporting documentation into the record? conclude the public hearing? deny the appeals by David Robertson and Mary Suttie; Los Cerritos Wetlands Land Trust; Heather Altman; "Our Town- Long Beach" (ten people); and Kerrie Aley? and uphold the decision of the Planning Commission certifying the Final EIR and approving the Site Plan Review? Tentative Subdivision Map? Standards Variance? and Local Coastal Development Permit requests; Adopt resolution recertifying the Final EIR 04-09 for the Second + PCH project (State Clearinghouse No. 2009101014);	John Purpura	japurpura2@gmail.com		3rd District? Gary Delong	Long Beach	CA	90803	If 2nd and PCH is to be built as proposed? they should have to connect Studebaker Road from PCH to 2nd Street. This may help mitigate some of the traffic problems we currently see in the 2nd/PCH area. If they don't do this? the 2nd/PCH project should be either rejected or shrunk to no more than 7 stories.	12/19/2011
(11-1239) Adopt resolution amending the Local Coastal Program (LCP) of the General Plan and forward supporting materials to the California Coastal Commission for approval and certification; and	Eileen Ryan	ryaneileen@verizon.net		3rd District, Gary Delong	Long Beach	CA	90803	I believe the City Council has a lot of nerve to attempt to amend the LCP without Public Hearings. The 2nd and PCH project will hugely impact the east boundary of Long Beach and SEADIP was developed over a long period of time to guide what our eastern border looked like. If zoning changes are needed for a project, careful study over a significant period of time with input from all involved communities (Seal Beach, local LB neighborhoods). I hope the city can afford the law suits!	12/20/2011
