**Subject:** Agenda Item #24 - Recommendation to Receive and File the Report on the Optimization of the School Crossing Guard Program and Adopt the Recommendations of the Pedestrian Safety Advisory Committee

---

As I conducted my briefings with Councilmembers this week, it became clear from the comments I heard that there is an interest in referring the matter of the Optimization of the School Crossing Guard Program and recommendations of the Pedestrian Safety Advisory Committee to the City Council's Public Safety Committee for a more in-depth discussion prior to the City Council taking action on this item. I have spoken to Councilmember Lerch, who chairs the Public Safety Committee, and he has expressed his willingness for the Public Safety Committee to receive this item for further review and discussion.
