Subject: Rent and mortgage

-EXTERNAL-

You control the property owners. Have them help in this crisis!

There will be the biggest homeless population in the US if you do not stand with the people of this town. The industry workers will be on the streets and angry.

I do not fall into this category but the Governor recommended that renters be given special considerations. I hope our Mayor can get his hands out of the wealthy pockets of land owners and have them do the right thing!

Sincerely,

Kate Gillon
