CITY COUNCIL FINDINGS

VACATION OF A PORTION OF LAKEWOOD BOULEVARD NORTH OF THE TRAFFIC CIRCLE AND ADJACENT TO 1919 LAKEWOOD BOULEVARD Reference Sketch No. 988V

1. The subject right-of-way is unnecessary for present or prospective public use.

This finding is based upon the following subfindings:

- a) Lakewood Boulevard, the frontage road and the alley intersection adjacent to 1919 Lakewood Boulevard is to be reconstructed to provide a safer configuration.
- b) The excess public street right-of-way resulting from the reconstruction should be vacated and returned to private use, as it will no longer be needed for public use.
- c) On June 5, 2008, the Planning Commission determined that the subject vacation is consistent with the General Plan, as required in Section 8313 of the Public Streets, Highways and Service Easements Vacation Law.
- d) The interested City departments, including Fire and Police, have reviewed the proposed street reconstruction and right-of-way vacation and have no objections to this action. It is a condition of approval that a utility easement will be reserved.
- e) The right-of-way to be vacated would not be useful for exclusive bikeway purposes.

2. The vacation of said rights-of-way will not have a significantly adverse environmental effect.

This finding is based upon the following subfindings:

- a) The right-of-way will not be needed for public use.
- f) In conformance with the California Environmental Quality Act, Categorical Exemption No. CE- 08-005 was issued for this project.
