Disposal of any substance not covered by an agreement described in R3 and R4 must be disposed of in accordance with state and local law, consistent with center SOPs on Medication Management and Center Safety and Security.
- c. Confiscated weapons (including firearms) must be secured and reported to law enforcement and disposed of according to agreements described in R3 and R4 and in accordance with the center operator's Center Safety and Security SOPs. The center must track and record all weapons and illegal drugs, including: the individual's name and his or her staff or student identification number, the date the illegal drugs or weapons were found, how they were located, disciplinary actions faced following the discovery, disposition of the illegal drugs or weapons and the date of disposition.
- d. When a student brings a weapon or potentially dangerous item that the student may legally own but is not permitted to possess on center, the item must be returned to the student according the student's choice of either:
 - 1. Returning the item after the student is sent home in accordance with the student disciplinary process, by arranging a date on which the student may safely pick up

the item; or

2. Mailing or shipping the item to an address where the student may later safely pick it up.

If a student does not want the item returned or does not provide an address for return, the item shall be considered abandoned property and the center operator must dispose of it according to the requirements of its local law enforcement agreement and Center Safety and Security SOP. Center operators must comply with all PRH recording and reporting requirements for these items before making arrangements for their return.

R7. Prohibition of Firearms

Center operators must not allow anyone to bring a firearm onto a Job Corps Center except for:

- a. Licensed security personnel contracted by the center operator to provide security during distribution of student payroll; and
- b. Law enforcement personnel when:
 1. Providing security services to a Job Corps Center pursuant to a written agreement between the center operator and the relevant law enforcement agency outlining the terms and condition of the arrangement, which addresses licensure, firearms certification, type of firearm, and additional weapons requirements and verification requirements, including the law enforcement personnel's duties at the center; or
 2. Employed by a center operator as center security personnel and acting within the scope of their duty, provided that such employment, including the use of their official firearm or other licensed firearm, is permitted by the relevant law enforcement agency.

NOTE: Nothing in this policy prohibits law enforcement personnel from conducting official law enforcement activities, including the use of firearms in accordance with the established policy of that agency, in the line of duty, including when law enforcement personnel are in the line of duty and armed on a Job Corps center campus.

R8. Active Shooter Response

An active shooter is defined as an individual actively engaged in killing/injuring or attempting to kill/injure people in a confined and populated area; in most cases, active shooters use firearm(s), and there is no pattern or method to their selection of victims.

Upon discovery of an Active Shooter event, as soon as it is safe to do so, law enforcement (911) must be called, and communicate, "There is an Active Shooter event in progress."

The 911 call (from a safely concealed area) should provide the following information:

- a. Description and possible location of suspect(s) if known
- b. Number and types of weapons
- c. Suspect's direction of travel
- d. Location and condition of any victim(s)

Safety and Security Officers and/or the person in charge must be prepared to meet and guide law enforcement officers if possible. The goal of law enforcement is to locate, isolate, and neutralize the shooter as quickly as possible to prevent any deaths or injuries.

In response to an Active Shooter event, the guidelines listed below should be followed.

1. **Evacuate.** If there is an accessible escape path, attempt to leave the premises
 - (a) Have an escape route and plan in mind
 - (b) Evacuate regardless of whether others agree to follow
 - (c) Leave belongings behind
 - (d) Help others escape, if possible
 - (e) Prevent individuals from entering an area where the active shooter may be
 - (f) Do not attempt to move wounded people
 - (g) Call 911 when you are safe
 - (h) Follow the instructions of any law enforcement officials/authorities
 - (i) Keep your hands visible in the presence of law enforcement officials/authorities
2. **Hide Out.** If evacuation is not an option, find a place to hide where the active shooter is less likely to go. Direct others into resident rooms or adjacent rooms, close the door and attempt to barricade the door. The hiding place should:
 - (a) Be out of the active shooter's view
 - (b) Provide protection if shots are fired
 - (c) Not entrap or restrict options for movement

If the active shooter is nearby:

- Lock the door
- Silence your cell phone and/or other electronic devices
- Turn off any source of noise (i.e., radios, televisions)
- Hide behind large items (i.e., cabinets, desks)
- Blockade the door with heavy furniture
- Stay as low to the floor as possible and remain quiet

If evacuation and hiding out are not options:

- Remain calm
- Call 911, if possible, to alert police to the active shooter's location

- If you cannot speak, leave the line open and allow the dispatcher to listen
3. **Take Action.** If your life is in imminent danger, as a last resort, attempt to disrupt and/or incapacitate the active shooter by:
 - (a) Acting as aggressively as possible against the active shooter
 - (b) Throwing items and improvising weapons
 - (c) Yelling
 - (d) Committing to your actions

Announce an "All Clear" when the scene is declared safe by law enforcement officials/authorities.

R9. Search and Seizure

Center operators shall conduct searches and seizures only in the following circumstances:

- a. General inspections of dorm rooms, lockers, and other center facilities may be conducted periodically.
- b. Searches for unauthorized goods may be conducted only when the Center Director believes such goods are being hidden on center. The reasons for the search must be documented.
- c. The scope of search may be no wider than what is necessary to accomplish the specific purpose of the search. Unauthorized goods found as a result of a search must be confiscated.
- d. A search of a person of an entire group of Job Corps students is prohibited when the information in the possession of Job Corps officials indicates that only some members, or less than all members, of the group are in possession of contraband that is prohibited on center property.
- e. Job Corps shall not conduct strip searches of students. If the Center Director believes a strip search of a student is necessary, local law enforcement authorities must be contacted and requested to perform the search.
- f. Searches for evidence of crime may be conducted for evidence in criminal prosecution. These must always be done by a law enforcement officer with a search warrant, except when delay would endanger the physical well-being of students.

R10. Student Notification

Center operators must notify all students of the center's policies and procedures regarding unauthorized goods, and search and seizures.

R11. Use of Physical Restraint and Isolation

Center operators must:

- a. Limit use of physical restraint to only those situations that seriously threaten persons or property. Ensure that no student is restrained for more than one hour without at least verbal consultation and approval from a physician. Staff cannot use handcuffs, mace, pepper spray (or any derivatives) on students. Staff must be aware of and abide by any state laws regarding restraint and isolation.
- b. Use on-center isolation facilities for temporary segregation of students from their peers only when behavior constitutes an immediate threat to themselves, other persons, or property.

A student placed in an isolation facility must be observed every 15 minutes and this observation must be documented on a signed log giving the exact time of observation and the signature of the staff member conducting the observation. Isolation cannot exceed 12 hours unless accompanied by a statement from the center physician that the isolation is not medically prohibited.

R12. Student Vehicles

Centers must not permit residential students to keep personal vehicles at Job Corps centers.

R13. Safety Hotline Education

Use of the Job Corps' national, toll-free Safety Hotline is the right of all students, staff, and visitors on the Job Corps Center premises. To support hotline usage among all center stakeholders, centers must ensure:

- a. All staff are adequately trained, understanding how to support and respond to questions by students regarding the Safety Hotline.
- b. Response team members are trained to triage tips, perform follow-up actions, and provide updates in the web-based Safety Hotline portal.
- c. All students are introduced to the Safety Hotline during the Career Preparation Period through the Safety Hotline orientation video.
- d. All students receive a monthly reminder on the purpose and use of the hotline.
- e. Adequately promote the Safety Hotline by:
 1. Providing wallet cards containing Safety Hotline information to each student during CPP.
 2. Promoting the use of the Safety Hotline App during CPP.

3. Provide wallet cards containing Safety Hotline information to each staff member upon hire.
4. Post Safety Hotline information in dormitory community areas and other high traffic areas and gathering spaces at the center.

R14. Response Team Composition and Functions

- a. Response Team members have a unique username and password (i.e., no shared accounts) within the hotline system provided by Job Corps.
- b. Each center must have a minimum of four (4) staff on the Response Team with system access who Safety Hotline operators can contact, as needed, to respond to tips. The Response Team must include the following key personnel:
 1. Center Director
 2. Health and Wellness Director or other Registered Nurse
- c. Contact information for Response Team members must be reviewed monthly and updated as changes occur.
- d. Centers must investigate each Safety Hotline tip and use the hotline system provided by Job Corps to:
 1. Acknowledge the tip by placing the incident into "Confirmed Status" within 24 hours.
 2. Initiate appropriate action to resolve the tip within 7 days.
 3. Place the tip into "Resolved" Status within 7 days.
 4. Respond within 24 hours to Regional or National Office requests for information related to tips or investigations.

R15. Protection Against Retaliation

Centers must ensure that students, operator staff and authorized on-center visitors have access to the safety hotline and can use it without fear of retribution, isolation, or retaliation by peers or operator staff. Center operators are charged with protecting the integrity of the Safety Hotline and must ensure:

- a. Students, operator staff, and authorized visitors are to be protected from retaliation for using the hotline. Such stakeholders are to be protected from retaliation for using the hotline regardless of the ultimate outcome or result of the underlying complaint or tip reported to the hotline, so long as the hotline was used in good faith.

- b. Retaliation by center staff against students, other staff, or authorized visitors based on actual or suspected use of the hotline is prohibited. Retaliation includes any conduct intended to dissuade a reasonable person from using the hotline, including but not limited to, confronting the individual outside of the Center's investigation (discussed below), name calling, removing privileges or imposing punishments.
- c. Suspected retaliation must be reported to the hotline. Center staff that receive a complaint of retaliation must report the retaliation through the hotline. The operator of the hotline will route complaints and tips to the Office of Job Corps and/or the center operator in question, as determined by contract or agreement between DOL and the hotline operator.
- d. If Center staff receive notice either through the operator of the hotline or through Job Corps that a complaint of alleged retaliation was received, center operators are required to conduct an investigation. The investigation must:
 - 1. Commence within three days and be conducted promptly after the center operator receives notice of the complaint as described above.
 - 2. Be conducted exclusively by Center staff that are not supervised by or otherwise within the responsibility of the subject of the complaint, if the subject of the complaint is a supervisor. In the event that the subject of the complaint is the Center Director, Deputy Center Director, or Health and Wellness staff, the investigation shall proceed as directed by the Job Corps Regional Office.
 - 3. The results of the investigation must be provided to the Job Corps Regional Office.
 - 4. Appropriate disciplinary steps must be taken by the center operator according to the operator's policies if the investigation concludes that retaliation occurred.
- e. Job Corps' Protection Against Retaliation Policy in no way alters or limits rights that students, operator staff, or visitors would otherwise have under federal or state law, Department of Labor regulations, or Department of Labor policies, including the PRH.
