PLEDGE OF ALLEGIANCE	diana lejins	dianalejins@yahoo.com				CA	90815	The words "liberty and justice for all" simply is not true and should be removed until it is true.	10/4/2016
14. (16-0876) Recommendation to request City Attorney to draft a citywide ordinance restricting oversized and recreational vehicles in residential and commercial corridors based on elements from the surrounding cities of Lakewood, Costa Mesa and Westminister like:	diana lejins	dianalejins@yahoo.com				CA	90815	Our city streets were not designed to be storage facilities for oversized vehicles, boats, trailers, etc. They are dangerous in that they block the view and path of other vehicles, emergency vehicles, pedestrians, bicycles, etc. Please don't wait til some child gets killed because a driver cannot see around one of these monstrosities. The time is right to pass this ordinance for the safety of all.	10/4/2016
14. (16-0876) Recommendation to request City Attorney to draft a citywide ordinance restricting oversized and recreational vehicles in residential and commercial corridors based on elements from the surrounding cities of Lakewood, Costa Mesa and Westminister like:	Erik Jensen	erik@wiredplanet.net			Long Beach	CA	90808	RVs and other large vehicles that are perpetually parked in the street are an eyesore to residents and cause a danger on city streets where visibility might be restricted due to their over-sized nature. If you own an RV, you should park it on your own property, period. No street parking unless you're loading or unloading. Thanks for the opportunity to comment.	10/4/2016

14. (16-0876) Recommendation to request City Attorney to draft a citywide ordinance restricting oversized and recreational vehicles in residential and commercial corridors based on elements from the surrounding cities of Lakewood, Costa Mesa and Westminster like:	Ramsey Savard	ramseysavard@gmail.com			Long Beach	CA	90808	My Family and I are deeply concerned about the growing numbers of Rv's parking on city and residential streets. You see most of these Rv's are harboring homeless people that are committing crimes and overall making my community look rundown. Residents like me are spending alot of Money to live in Long Beach. A huge concern is that these people may be on "Megan's Law database but there's no way to track them since they are living in vehicles off the grid. Please clean up our communities and pass.	10/4/2016
14. (16-0876) Recommendation to request City Attorney to draft a citywide ordinance restricting oversized and recreational vehicles in residential and commercial corridors based on elements from the surrounding cities of Lakewood, Costa Mesa and Westminster like:	Michael Zion	mzion@verizon.net			Long Beach	CA	90804	My 4th District parking impacted neighborhood has a problem with boat trailers parked (stored for free) on the streets and only being moved once a week for street sweeping. If I read this agenda item correctly, boat trailers (nonmotorized vehicles) can only be parked on city streets for loading or unloading for max of 24 hours. If that is correct, then I hope this passes and the ordinance written accordingly.	10/4/2016

RV parking should be allowed in front of the owners residence. Require the resident to display and owners permit. This will provide control of the homeless parking on our street without affecting the tax paying homeowners.	10/4/2016

14. (16-0876) Recommendation to request City Attorney to draft a citywide ordinance restricting oversized and recreational vehicles in residential and commercial corridors based on elements from the surrounding cities of Lakewood, Costa Mesa and Westminister like:	Christie Yatman	cyatman11@gmail.com				CA	90808	Please impose this restriction. Our streets are littered with those living on vehicles creating a safety and health risk. They are an eyesore and create safety issues by preventing visibility of smaller vehicles and making narrow streets impossible to navigate. Permits will additionally prevent crime by identifying those vehicles which do not belong in the neighborhood, preventing the vehicles from being used as drug distribution premises and storage for contraband including stolen items.	10/3/2016
14. (16-0876) Recommendation to request City Attorney to draft a citywide ordinance restricting oversized and recreational vehicles in residential and commercial corridors based on elements from the surrounding cities of Lakewood, Costa Mesa and Westminister like:	Brooke Moriarty	brookiecookie_us@yahoo.com			Long Beach	CA	90815	We strongly support this Agenda item. It's a safety issue as many RVs are pulling up and making a new home here in Long Beach since other surrounding city's have oversized vehicle restrictions. Additionally, our house is on the corner with Spring frontage road on one side. In the summer the frontage road becomes a boat and RV storage lot for people in the surrounding area. It's difficult to see getting in and out of the garage as well as difficult to drive down an already narrow road.	10/3/2016

We have a RV camp sat up on wardlow rd people are living in these rvs! They throw trash, needles, human stool and toilet paper all over, drain sewage into the ocean drains, ride bikes around our neighborhood at night going thru cars, steel packages form our porchs, destroy golf course property . Does Megan's law apply 2 these people? They blatantly ignore current signage! HELP US	10/3/2016

Without it you turn a "72 hour cat and mouse game" into a "48 hour cat and mouse game." All residents citywide should be required to obtain proper permit to park on city streets. Save LBPD and Traffic Enforcement resources. Ends red tagging. No permit, they get a ticket. The city streets should not be allowed to be an RV/Boat/Trailer storage yard nor should it be allowed to be turned into campgrounds.	10/3/2016
