

**Date:** November 4, 2011

**To:** State Legislative Committee

**From:** Patrick H. West, City Manager 

**Subject:** **Recommended Changes to the 2012 State Legislative Agenda**

---

Each year, City staff reviews the State Legislative Agenda and recommends changes to the State Legislation Committee and the City Council to ensure that the agenda is up-to-date and addresses the legislative concerns of the City. The 2011 agenda was sent to all departments for their input. Attached for your review are staff's proposed changes. Below is a summary of those proposed changes, which helps explain why each deletion and addition is recommended.

## **BUSINESS GROWTH & WORKFORCE DEVELOPMENT**

### **Item A: Workforce Development**

The Department of Human Resources recommends several changes for the Workforce Development section of the 2012 Proposed State Legislative Agenda. These changes align with the adopted priorities of the Pacific Gateway Workforce Investment Board, of which Long Beach is a member.

It is recommended that Item 3 be deleted and revised into two separate items to reference specifically a regional industry approach to workforce development and educational partnerships. These new items are addressed in Item 6 and Item 7.

Item 5 is amended to include language specific to attracting, retaining or expanding jobs in the region, while promoting job growth among the Workforce Investment Board's adopted *Demand Sectors* – especially those that support the *Self Sufficiency Standard* and/or serve as a step on an established career pathway. This item retains existing language that supports well-paid green collar jobs.

Item 6 is amended to highlight the importance of regional approaches to workforce solutions, including planning, project delivery, operational efficiencies, and industry convening/research for the purposes of improving employability of workers in the region. This item retains existing language that supports educational successes and graduation rates.

Item 7 is added to highlight the importance of educational partnerships in workforce development, especially those that enhance the delivery of career pathways and technical education strategies for youth and low-skilled workers.

Item 8 is added to oppose state legislation that would limit the flexibility of federal Workforce Investment Act dollars.

Item 9 is added to support state incentives that increase the marketability of unemployed or under-employed workers.

Item 10 is added to support local small business development in Long Beach.

Item 11 is added to highlight specific populations in Long Beach who demonstrate a particular need for workforce development interventions. These populations include: emancipating foster youth, probationary youth, dropouts, military veterans and their spouses, re-entry populations, disabled individuals, older workers and transitioning dislocated workers.

## **COMMUNITY SAFETY**

### **Item B: Public Safety & Crime Prevention**

Item 1 was amended per the Fire Department to include language specific to maintaining local control of municipal public safety services; this includes emergency medical services.

Item 16 has been proposed to be moved from "Community Safety: Item B – Public Safety & Crime Prevention" to "Community Safety: Item C – Animal Care".

The Fire Department proposes the addition of Item 17 for the purposes of supporting legislation to authorize funding for regional interoperable public safety communications.

Item 18 from the 2011 Adopted State Legislative Agenda was deleted as recent rulings on existing guidance has enabled the Long Beach Health Department to redact social security numbers on informational death certificates in the interest of protecting social security information without the need for state legislation.

The Police Department proposes the addition of Item 18 for the 2012 Legislative Agenda to sponsor or support state legislation for the purposes of regulating second hand precious metal transfers and/or transactions.

### **Item C: Animal Care**

Staff proposes to add Item C: Animal Care to the State Legislative Agenda under Community Safety to recognize legislative advocacy on behalf of the City's Animal Care Center.

Item 1 is existing language transferred from Item B: Public Safety & Crime Prevention. This item supports legislation that facilitates emergency planning and management efforts for animal rescue and sheltering in the event of a disaster.

Item 2 enables the City to support legislation that would require all dogs and cats to be microchipped prior to their release from any animal care center, or similar facility. This addition is consistent with the City Council's support for SB 702 (Lieu) on June 7, 2011. The Long Beach Animal Care Center currently operates under this practice per the City's local ordinance.

Item 3 enables the City to support legislation that allows non-profit organizations dedicated to animal care to establish a specialized license plate with the California

Department of Motor Vehicles for the benefit of animal spay and neuter programs, as supported by the City Council on July 7, 2011.

## **ENVIRONMENTAL**

### **Item A: Climate Change**

Item 3 is amended to include reference to cap-and-trade, landmark State regulations designed to reduce greenhouse gas emissions by creating a market for carbon credits.

### **Item C: Water Quality**

Item 1 is amended to include lakes in the City's priorities for clean-up and capital improvements of impaired water bodies within the City.

Item 7 is added to support legislation that facilitates and/or provides funding for the implementation of low impact development best practices to capture stormwater at its sources. This action is consistent with the City's Sustainable Action Plan, which was adopted in 2010; as well as the City's Low Impact Development Ordinance, which applies to all new business developments.

### **Item N: Single Use Carryout Packaging/Bags**

The title for Item N is amended to reflect single use carryout packaging.

Item 2 is amended to specifically include language to support legislation that bans the use of Styrofoam. This action is consistent with the City Council's vote to support SB 568 on June 7, 2011. If enacted, this legislation would prohibit food vendors from utilizing Styrofoam packaging materials for takeout or take-home consumables.

## **TRANSPORTATION**

### **Item E: Alternative Transportation & Mobility**

Item 5 is added to allow the City to support legislative efforts, participate in California Department of Transportation hearings, and/or provide public comments in support of naming the proposed bicycle and pedestrian path on the new Gerald Desmond Bridge after Mark Bixby. This action is consistent with the City Council's vote on April 19, 2011.

### **Item F: Transportation Funding**

Item 7 is added to support legislation and initiatives that promote an equitable distribution of regional transportation dollars to cities. Legislation was proposed late in the 2011 legislative session to allow a metropolitan planning organization, subject to majority voter approval, to impose, for up to 30 years, a gas tax for transportation projects and programs that have been identified in the region's transportation plan as having a potential to reduce transportation congestion.

## **CHILDREN/YOUTH & EDUCATION**

### **Item E: Children/Youth Education & Workforce Readiness**

Item 8 is added to reflect the City Council decision to support AB 130 and AB 131 (Cedillo) in the 2011 State Legislative Session on June 7, 2011. This language allows the City to support legislation that would enable qualifying students to access financial aid for the purposes of education. AB 130 and AB 131 were enacted in 2011 and enables AB 540 students to access non-state and state financial aid, respectively, for the purposes of a higher education.

## **HOUSING**

### **Item A: Housing**

Item 1 is amended to remove language pertaining to Proposition 46. The City's Department of Development Services notes this funding source has been depleted.

Items 6 through 9 were added in response to City Council action on August 16, 2011. The Long Beach City Council unanimously voted to approve changes to the housing portion of the City's 2011 Legislative Agenda. These provisions were adopted to protect the City against State legislation to eliminate Redevelopment agencies and implement various housing reforms that could have detrimental effects on redevelopment and housing in Long Beach.

Item 10 is proposed for addition as general protection for local housing funds, and how the City currently uses these funds to provide affordable housing.

Item 11 is added to allow the City to support legislation that would modify redevelopment rents to bring them in line with California Housing and Community Development (HCD) and tax credit program rents. This will result in less complexity and confusion regarding the issue, and provide additional funds for housing. Item 6 is proposed by the Development Services Department.

## **REDEVELOPMENT**

### **Item A: Redevelopment**

Staff proposes to add a new section specifically for Redevelopment to the City's 2012 State Legislative Agenda. The purpose for this addition is to establish clear legislative positions regarding Redevelopment, an area of need the City Council has repeatedly taken action to protect against adverse State raids.

Item 1 is a transfer of existing language from the section on Additional Issues of State Legislative Importance, City Revenues.

Item 2 is a transfer of existing language from the section on Additional Issues of State Legislative Importance, City Revenues.

Item 3 through 4 have been added in response to City Council action on August 16, 2011. The Long Beach City Council unanimously voted to approve changes to the City's 2011 Legislative Agenda. These provisions were adopted to protect the City and Long Beach Redevelopment Agency against State legislation that may eliminate Redevelopment agencies statewide.

## **ADDITIONAL ISSUES OF STATE LEGISLATIVE IMPORTANCE**

### **Item A: City Revenues**

Items 6 and 7 pertain to Redevelopment. Staff proposes to move these items to the new Redevelopment section in the 2012 State Legislative Agenda.

### **Item Q: Form 700 Filing**

Staff recommends technical amendments to the language in this item to be consistent with City Council action on September 6, 2011 regarding support for legislation to provide cities with ongoing authority to accept electronic filing of Statement of Economic Interest forms.

### **Item S: Alcoholic Beverage Control (ABC) License**

Item S is added to allow the City to support or sponsor legislation to reclassify person-to-person ABC license transfers as a new ABC license, subject to regulation by the local jurisdiction. This item will provide the City with additional flexibility to manage ABC licensees in Long Beach.

## **NEXT STEPS**

A State Legislation Committee meeting has been called for November 15, 2011 to review and discuss the recommended changes. City Council discussion and approval of the Committee's recommendations is expected to take place after the Committee takes action.

If you have questions or comments about the legislative ideas, or for more information, please contact Tom Modica, Director of Government Affairs and Strategic Initiatives at 8-5091.

# Proposed 2012 State Legislative Agenda

NOVEMBER 15, 2011

Title	Section
<p><b>BUSINESS GROWTH &amp; WORKFORCE DEVELOPMENT</b></p>	<p><b>A. Workforce Development</b></p> <ol style="list-style-type: none"> <li>1. Support efforts to maximize allocation of State-allocated formula driven resources locally, and prioritize statewide discretionary resources to be retained within the workforce investment/Workforce Investment Board (WIB) system.</li> <li>2. Support efforts to increase outcomes and relevancy of One-Stop Career Centers through resource integration with State “merit staff” systems and alignment of performance measures and goals among programs.</li> <li>3. <del>Support efforts to ensure that planning efforts and monetary resources targeting post-secondary education (specifically community colleges) are aligned and times with the needs of industries and residents.</del></li> <li>4. Support the EDGE Campaign, a broad-based coalition of entities, in its work to advance workforce policy around regional economic and workforce development strategies, access to post-secondary education, worker opportunities to obtain higher-paying jobs, and stronger education and workforce system alliances, to ensure that the State maintains a competitive advantage of skilled workers over other states.</li> <li>5. Support efforts <u>that help attract, retain, or expand jobs in the region, while promoting job growth among the Workforce Investment Board’s adopted Demand Sectors – especially those that support the Self Sufficiency Standard and/or serve as a step on an established career pathway, including efforts towards training and retraining workers for well-paid, local green collar jobs.</u></li> <li>6. Support <del>efforts to increase funding for the development and training of the education workforce</del><u>regional approaches to workforce solutions, including planning, project delivery, operational efficiencies, and industry convening/research</u> in order to facilitate improved <u>employability of workers in the region, educational</u><del>including educational</del> success and graduation rates for all children, youth and young adults (ages 0-24).</li> <li>7. <u>Support Career Technical Education efforts that promote further coordination between the Workforce Investment Board, education partners, and that enhance the delivery of career pathways and technical education strategies for youth and low-skilled adults.</u></li> <li>8. <u>Oppose efforts to restrict federal Workforce Investment Act (WIA) dollars through state mandated thresholds.</u></li> <li>9. <u>Support state incentives that increase the marketability of unemployed or under-employed workers.</u></li> <li>10. <u>Support strategies and business incubator approaches that support and grow small business activity, including targeted growth among “homegrown” businesses in Long Beach.</u></li> <li>11. <u>Support efforts to ensure effective responses and resources for projects that support populations in particular need of interventions: e.g. emancipating foster youth, probationary youth dropouts, military veterans (and spouses), re-entry populations, disabled individuals, older workers, and transitioning dislocated workers.</u></li> </ol> <p><b>B. Aerospace Industry:</b> Support legislation that creates a more competitive business environment for the Aerospace Industry.</p>

Proposals and policies consistent with this agenda will be supported by the City. Those policies or proposals inconsistent with this agenda may be subject to opposition by the City.

Title	Section
	<p><b>C. <u>Space Technology:</u></b> Support legislation that promotes the development of space oriented technology for commercial uses, space-oriented development, and space exploration.</p> <p><b>D. <u>Enterprise Zones:</u></b> Pursue and support legislation that protects and/or increase the value of State Enterprise Zones and encourages their use.</p> <p><b>E. <u>Economic Development</u></b></p> <ol style="list-style-type: none"> <li>1. Support efforts to develop and promote policies that help urban areas..... foster greater economic opportunity.</li> <li>2. Support efforts to retain, expand, and attract manufacturing, technology and other high value businesses.</li> <li>3. Support legislation to require the state's Employment Development Department to provide the same economic data they provide for counties to the ten largest cities in the state.</li> <li>4. Support efforts to attract and retain local green collar jobs in industries such as green building, renewable energy technologies, and energy efficiency.</li> </ol> <p><b>F. <u>Workers' Compensation:</u></b> Support efforts to reform workers' compensation statutes to simplify the system and reduce costs to employers while ensuring adequate protection for injured workers.</p> <p><b>G. <u>The Boeing Company:</u></b> Support legislation that creates a more competitive business environment for the Boeing Company and the aerospace industry overall, to attract new aerospace manufacturing to Long Beach.</p> <p><b>H. <u>CalOSHA:</u></b> Support legislation that would ensure new safety regulations be made available for review and comment by employers prior to implementation.</p>
<p><b>COMMUNITY SAFETY</b></p>	<p><b>A. <u>Public Health</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation and grants that provide additional funding for public health programs, including substance abuse programs, services, infrastructure, debt service relief, seismic upgrades, and bio-terrorism response enhancements.</li> <li>2. Support the implementation of a pilot needle exchange program for the prevention of the spread of HIV disease and the provision of swift treatment to individuals impacted by HIV.</li> <li>3. Support legislation for grants and sustainable funding mechanisms that provide support for programs for the reduction of youth obesity and the promotion of physical activity, including programs that support the development of policies for healthy food access and options, healthy food labeling, access to healthy locally grown food, low cost exercise options, and promotion of walkability and physical activity policies.</li> <li>4. Support legislation to protect local health jurisdiction funding for core public health services, including the State Public Health Realignment Program.</li> <li>5. Support legislation that provides a sufficient process for businesses and other governmental entities to implement ADA requirements, while protecting the rights of the disabled community.</li> <li>6. Support legislation that preserves funding for non-profit organizations that provide child and family mental health services for the Long Beach community.</li> </ol> <p><b>B. <u>Public Safety &amp; Crime Prevention</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislative efforts to <u>maintain local control of, and</u> improve <u>municipal public safety services</u>, local law enforcement, fire suppression and prevention, hazardous materials mitigation, rescue, emergency medical services and disaster preparedness initiatives.</li> </ol>

Proposals and policies consistent with this agenda will be supported by the City. Those policies or proposals inconsistent with this agenda may be subject to opposition by the City.

Title	Section
	<ol style="list-style-type: none"> <li>2. Support legislation and pursue grants to fund new apparatuses, technology and equipment, improve existing apparatuses, technology and equipment, and replace obsolete apparatuses, technology and equipment for Police and Fire.</li> <li>3. Support legislation and pursue grants that would provide funding for maintenance and construction of public safety facilities.</li> <li>4. Support legislation that reduces the percentage required for passage of public safety bonds to the same percentage as school bonds (55%).</li> <li>5. Support legislation that provides immunity to public safety personnel who have been trained and assigned to take emergency calls from the public.</li> <li>6. Support legislation that seeks to reimburse the City for overtime costs paid to public safety personnel who are required to appear in State and/or County courts.</li> <li>7. Support legislation to make state law enforcement grant funding less restrictive and allow more discretionary uses of funds for support staff within the jail, communications and records divisions.</li> <li>8. Support legislation that enhances the ability of local public safety units to respond to, prevent, and prepare for terrorist threats.</li> <li>9. Support legislation to strengthen penalties for those using motor vehicles to evade peace officers.</li> <li>10. Support legislation and grants that enhance or promote the efforts of the City's gang prevention, diversion and intervention programs.</li> <li>11. Support legislation that would make it a specific crime to carry a weapon or engage in violent activity in or around a mass transit system and enact stronger penalties for violation of that law.</li> <li>12. Support legislation that provides more local government control on the regulation of re-entry points for sex offenders and parolees.</li> <li>13. Support legislation that will strengthen penalties for traffic violations in school zones in an attempt to reduce speed of drivers and protect youth.</li> <li>14. Support legislation that will protect witnesses from intimidation during and after criminal proceedings.</li> <li>15. Support legislative efforts to ban the sale and use of fireworks in the State of California, with the exception of professional demonstrators.</li> <li><del>16. Support legislation for the planning, logistics and execution of an emergency/disaster management plan for animal rescue and sheltering, which includes temporary housing, veterinary/medical care, and inventory for lost or abandoned animals.</del></li> <li><u>16. Support State legislation that further clarifies medical marijuana laws in order to enable clear local enforcement of State law.</u></li> <li><u>17. Support legislation that authorizes and funds regional interoperable public safety radio communications.</u></li> <li><del>18. Support legislation that protects against identity theft through the removal of social security numbers on informational death certificates.</del></li> <li><u>18. Support or sponsor legislation to regulate second hand precious metal transfers and/or transactions.</u></li> </ol> <p><b>C. <u>Animal Care</u></b></p> <ol style="list-style-type: none"> <li><u>1. Support legislation for the planning, logistics and execution of an emergency/disaster management plan for animal rescue and sheltering, which includes temporary housing, veterinary/medical care, and inventory for lost or abandoned animals.</u></li> <li><u>2. Support legislation that would require all dogs and cats to be microchipped upon release from an animal care center, shelter, or similar facility.</u></li> </ol>

Proposals and policies consistent with this agenda will be supported by the City. Those policies or proposals inconsistent with this agenda may be subject to opposition by the City.

Title	Section
	<p><u>3. Support legislation that would enable non-profit organizations focused on animal care to establish a specialized license plate through the California Department of Motor Vehicles for the benefit of spay and neuter programs.</u></p>
<p><b>ENVIRONMENTAL</b></p>	<p><b>A. <u>Climate Change</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation that aids in the implementation of the goals and policies of the California Air Resources Board (CARB) as they relate to AB 32 (The Global Warming Solutions Act of 2006).</li> <li>2. Support legislation that promotes and protects early local government actions to address climate change and reduce greenhouse gas emissions.</li> <li>3. Support legislation that provides funding for local government actions on climate change under SB 375, <del>and</del> AB 32 regulations, <u>including cap and trade</u>.</li> <li>4. Support legislation that provides funding for mitigation and adaptation related to the effects of climate change.</li> </ol> <p><b>B. <u>Air Quality</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation that improves the quality of air in the City of Long Beach by reducing particulate matter.</li> <li>2. Support legislation that seeks to improve the air quality and health issues associated with construction improvements and operations of the I-710 Freeway and Port of Long Beach.</li> <li>3. Support ongoing efforts by the California Air Resources Board (CARB) and the South Coast Air Quality Management District (SCAQMD) to increase regulatory control of stationary and non-stationary sources of air pollution in the Long Beach and greater Los Angeles air basin.</li> <li>4. Support efforts related to the implementation of the South Coast Air Quality Management District (SCAQMD) Final 2007 Air Quality Management Plan (AQMP), focusing on mobile source controls.</li> <li>5. Support the adoption of the most stringent and aggressive state air quality standards for mobile sources feasible, including passenger vehicles, heavy-duty trucks, locomotives, and ships.</li> <li>6. Support the implementation of a port container fee, which would provide a funding source for goods movement infrastructure and air quality improvements.</li> <li>7. Support legislation that would assist the Port of Long Beach in their efforts to deliver major air quality benefits to the community and is consistent with the goals of the Clean Air Action Plan.</li> </ol> <p><b>C. <u>Water Quality</u></b></p> <ol style="list-style-type: none"> <li>1. Support efforts to improve clean-up and capital improvements for beaches, rivers, <u>lakes</u> and waterways that affect the City and impair water bodies within the City.</li> <li>2. Support legislation that excludes stormwater and urban runoff management fees and charges from the current constitutional approval requirements for the establishment or increase of a property-related fee or charge.</li> <li>3. Support legislation that will fund regional cooperative conservation partnership accounts, natural resource protection and restoration programs, regional watershed protection and recovery programs, and watershed improvement programs.</li> <li>4. Support legislation that increases NPDES Permit Fees and/or tries to remove Maximum Extent Practicable (MEP) language from MS4 permits.</li> <li>5. Support legislation that will fund or enhance funding to local health department recreational water testing programs.</li> <li>6. Support legislation that allows the County of Los Angeles to conduct an election</li> </ol>

Title	Section
	<p>to implement a fee to improve stormwater systems and water quality, provided Long Beach receives an appropriate benefit in the proposed measure.</p> <p><u><a href="#">7. Support legislation that facilitates and/or provides funding for the implementation of low impact development best practices to capture stormwater at its source.</a></u></p> <p><b>D. Naples Seawalls:</b> Support legislation that will enable needed maintenance and improvements to the Naples Seawall System, maximizing fair financial contributions from all responsible parties.</p> <p><b>E. Beach Erosion:</b> Support legislation and pursue funding to protect our beaches and bluffs from erosion.</p> <p><b>F. Ocean Channel Dredging:</b> Support legislation and grants, which fund the dredging of ocean channels to enhance navigation and recreation, and which allow cost-effective and safe methods of disposal of dredge materials.</p> <p><b>G. SERRF:</b></p> <ol style="list-style-type: none"> <li>1. Support legislation that protects the City's ability to efficiently operate the Southeast Resource Recovery Facility (SERRF), including efforts to classify the SERRF facility as a renewable resource, similar to the facility in Stanislaus County.</li> <li>2. Support efforts to require any cap and trade program to give credit for the reduction of greenhouse gas emissions from waste to energy facilities.</li> </ol> <p><b>H. Alternative Fuel/Energy</b></p> <ol style="list-style-type: none"> <li>1. Support legislation and grants that encourage the use of clean burning alternative fuels for vehicles that provide incentives and rewards for cities with innovative alternative fuel programs.</li> <li>2. Support efforts that promote the use of solar/alternative energy within city facilities and promote solar energy solution programs for residents.</li> <li>3. Support alternative energy proposals that further the utilization of environmentally friendly energy applications at both the customer and utility level.</li> </ol> <p><b>I. Department of Boating and Waterways (DBAW)</b></p> <ol style="list-style-type: none"> <li>1. Advocate for the protection of the proper use of funds from DBAW for recreational uses.</li> <li>2. Oppose the use of these funds for unrelated purposes.</li> </ol> <p><b>J. Oil Properties</b></p> <ol style="list-style-type: none"> <li>1. Seek funding for existing infrastructure maintenance, repair and improvement.</li> <li>2. Support the full funding of the state's future obligation for abandonment and cleanup of oil fields located in the Long Beach Tidelands.</li> </ol> <p><b>K. Wetlands:</b> Support legislation and grants designed to acquire, restore and rehabilitate wetlands in the City of Long Beach and the surrounding region.</p> <p><b>L. Water Conservation</b></p> <ol style="list-style-type: none"> <li>1. Support legislation and grants designed to replace/repair irrigation infrastructure with water efficient systems.</li> <li>2. Seek funding for water conservation efforts on city property and throughout the City of Long Beach, and support regional efforts at water conservation.</li> </ol>

Title	Section
	<p><b>M. <u>Conversion Technology:</u></b> Support legislation and grants designed to evaluate and promote the development of next generation conversion technologies that minimize landfill disposal, create green collar jobs, and utilize waste material in an environmentally beneficial manner.</p> <p><b>N. <u>Single Use Carryout Packaging/Bags</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation that promotes an environmentally responsible approach to consumer goods, including requiring product take-back and recycling, reduction of packaging waste, phase out of toxic products, and reduction in single-use disposable goods.</li> <li>2. Support legislation that bans the use of single-use carryout bags <u>and/or Styrofoam</u>.</li> </ol>
<p><b>NEIGHBORHOOD DEVELOPMENT</b></p>	<p><b>A. <u>Library Construction &amp; Development</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation and grant programs that provide funding for library construction, renovation and development.</li> <li>2. Support full funding of the Public Library Fund.</li> </ol> <p><b>B. <u>Arts:</u></b> Support legislation that assists the City in obtaining funding for community arts programming.</p> <p><b>C. <u>Homeless Assistance:</u></b> Support legislation to reduce homelessness, including housing assistance and case management service funding, including those related to mental health, and support efforts to ensure each city within the region is providing appropriate homeless accommodations.</p> <p><b>D. <u>Parks, Recreation, and Marine</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation and grants to fund parks, recreation and marine facilities, capital improvements, and programs to increase the quality of life for Long Beach residents.</li> <li>2. Support the implementation of Proposition 84, including criteria to put Long Beach in the best competitive advantage.</li> <li>3. Support or sponsor legislation to amend State Park grant requirements to allow cities to utilize a federally approved overhead allocation system to account for the costs associated with the administration of these grants.</li> </ol> <p><b>E. <u>Senior Services:</u></b> Support legislation, which provides funding for enhanced services such as facilities, senior housing, housing for the disabled, social services, mental health services, health care, supportive care, recreational programs and transportation to address the diverse needs of Long Beach’s senior community.</p> <p><b>F. <u>Drug and Alcohol Recovery Facilities</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation that provides more local government control on the regulation of drug and alcohol recovery facilities.</li> <li>2. Support legislation that provides more local government control over the regulation of sober-living homes that rent up to six beds and are not currently required to register for city business licenses, obtain conditional use permits or state licenses.</li> <li>3. Support legislation to reduce the overconcentration of drug and alcohol recovery facilities by specifying that a required distance be maintained between facilities.</li> </ol> <p><b>G. <u>Mortgage Reform/Assistance</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation and grants that provide assistance to homeowners regarding reworking their mortgages to allow them to remain in their homes.</li> </ol>

Title	Section
	<p>2. Support legislation and grants to cities to provide funding to combat the negative impacts of vacant residential foreclosed properties on local communities.</p> <p><b>H. <u>Planning</u></b></p> <p>1. Oppose legislation that diminishes the City’s local control over land use, planning, zoning and development decisions, and oppose legislation in conflict with the City’s adopted General Plan or other Council adopted land use policies.</p> <p>2. Support coupling planning efforts with greenhouse gas emission reduction, green building, and transit-oriented development strategies.</p> <p><b>I. <u>Shopping Carts:</u></b> Support legislation that allows for local control of shopping cart retrieval.</p> <p><b>J. <u>Housing Requirements for Sex Offenders and Parolees:</u></b> Support legislation prohibiting the over-concentration of sex offenders and parolees, and their location within close proximity to daycare centers and neighborhoods in residential areas.</p> <p><b>K. <u>Vehicles</u></b></p> <p>1. Support or sponsor legislation that extends or makes permanent the authority to allow vehicles, on two-way, dead end streets that have been identified by the local jurisdiction as being parking impacted, to park with their left-hand wheels adjacent to the left hand curb on either side of the street, thereby reducing the risk of accidents and/or property damage.</p> <p>2. Support legislation to reduce blight in neighborhoods by placing reasonable restrictions on utilizing vehicles solely for the purpose of advertisement.</p>
<p><b>TRANSPORTATION</b></p>	<p><b>A. <u>I-710 Freeway</u></b></p> <p>1. Pursue funding to improve, beautify, maintain, and increase the safety of the I-710 Freeway, which serves as a vital thoroughfare for residents, businesses and commerce.</p> <p>2. Pursue funding to initiate and complete the I-710 Early Action Projects, beginning with the realignment of the Shoemaker Bridge and ramps.</p> <p><b>B. <u>Improve Freight Movement</u></b></p> <p>1. Support efforts to maintain and enhance funding for the Alameda Corridor, including enhanced connections for trucks to Alameda Street and the development of shuttle rail for local container movements.</p> <p>2. Support efforts to explore, fund, and construct zero emissions goods movement infrastructure.</p> <p><b>C. <u>Long Combination Vehicles:</u></b> Support legislation that will ban Longer Combination Vehicles (LCVs) that consist of longer double tractor and tripe tractor-trailers from traveling on state highways and freeways to improve traffic congestion and prevent fatal accidents.</p> <p><b>D. <u>Prop 42 Funding:</u></b> Strongly advocate for the State to repay previous loans from this source to cities and guarantee long-term preservation of these funds through ongoing annual appropriations, which are sorely needed by cities for local roads.</p> <p><b>E. <u>Alternative Transportation &amp; Mobility</u></b></p> <p>1. Support efforts to increase funding for infrastructure improvements that improve connections to and facilities around public transit, buses, and Metro Lines (i.e. the Blue Line).</p> <p>2. Support efforts to improve public education to promote an increase in transit</p>

Proposals and policies consistent with this agenda will be supported by the City. Those policies or proposals inconsistent with this agenda may be subject to opposition by the City.

Title	Section
	<p>ridership.</p> <ol style="list-style-type: none"> <li>3. Support efforts that promote and provide funding for development near transit.</li> <li>4. Continue to support funds for alternative transportation and mobility projects.</li> <li>5. <a href="#"><u>Support efforts and/or sponsor legislation to name a potential bicycle path on the new Gerald Desmond Bridge after Mark Bixby.</u></a></li> </ol> <p><b>F. <u>Transportation Funding</u></b></p> <ol style="list-style-type: none"> <li>1. Support efforts to increase funding for transportation programs and projects within the City.</li> <li>2. Support efforts to increase funding for system preservation and relax funding requirements that prohibit the use of existing transportation funding for rehabilitation, resurfacing and reconstruction of local streets.</li> <li>3. Support efforts to secure the maximum amount of state funding for the construction and maintenance of local roads, infrastructure, transportation projects and major corridors.</li> <li>4. Support legislation that allows cities and/or jurisdictions to collect fees from parties responsible for detrimental impacts on transportation infrastructure.</li> <li>5. Support legislation that seeks to improve the air quality and health issues associated with construction improvements and operations of the I-710 Freeway and the Port of Long Beach.</li> <li>6. Support or sponsor legislation that would grant discretion to local government Traffic Engineers to make the final determination of a safe and reasonable speed limit.</li> <li>7. <a href="#"><u>Support legislation and initiatives that promote an equitable distribution of regional transportation dollars to cities.</u></a></li> </ol>
<p><b>CHILDREN/YOUTH &amp; EDUCATION</b></p>	<p><b>A. <u>Good Health:</u></b> Support legislation and grants that enhance the health services provided to children, youth and young adults (ages 0-24) including pre-natal services, infant and early childhood health care, access to affordable medical, dental, and mental health care and prevention and intervention services for children and youth who may be at risk for drug and alcohol dependency (including tobacco), asthma, obesity, and other conditions that threaten health.</p> <p><b>B. <u>Safety and Survival:</u></b> Support legislation and grants that increase the level of safety and survival of children and youth (ages 0-21), and support programs which reduce child abuse, accidental injury, deaths, homicides of youth, gang involvement, misdemeanor and felony arrests and incidents of violence among youth.</p> <p><b>C. <u>Economic Well-Being:</u></b> Support legislation and grants that assure children and youth (ages 0-21) have access to resources such as food, shelter, employment opportunities and transportation and that aim to reduce the poverty level of the City's children and youth (ages 0-21), including emancipated youth.</p> <p><b>D. <u>Social and Emotional Well-Being</u></b></p> <ol style="list-style-type: none"> <li>1. Support legislation and grants that enhance social and emotional well-being for children and youth (ages 0-21) including literacy, quality childcare, teen pregnancy prevention, mentor, mental health, human dignity, foster and kinship care, after school and weekend enrichment activities, and other cultural enhancement programs.</li> <li>2. Support legislation that facilitates foster youth transition from the foster system into independent adulthood.</li> </ol> <p><b>E. <u>Children/Youth Education &amp; Workforce Readiness</u></b></p> <ol style="list-style-type: none"> <li>1. Support efforts to create strong pathways to post-secondary education and careers for young adults and emancipated youth, including opportunities to</li> </ol>
