

eComments Report for City Council Meeting Agenda of October 11, 2016

Item	Name	E-mail	Street	Neighborhood	City	State	Zip	Comment	Received
8. (16-0933) Recommendation to authorize City Manager, or designee, to execute all necessary documents to amend Contract No. 34204 with Jacobs Engineering Group, Inc., of Fort Worth, Texas, for additional community outreach related to the FIS Study, to make any changes necessary to the scope of work and extend the term for a six-month period ending March 30, 2017, and increase the contract amount by \$20,442, for a revised total contract amount not to exceed \$370,287; and Increase appropriations in the Airport Fund (EF 320) in the Airport Department (AP) by \$20,442. (District 5)	Rae Gabelich	hoorae1@aol.com			Long Beach	CA	90805	Community outreach should include a council study session prior to your council vote. It is critical to those residents who are concerned about taking this enhancement path at LGB, that most of the seated council members will not be fully educated on this subject. This has been a difficult process for Long Beach for over 30 years. It is important to understand the potential consequences related to your action, not simply receive city appointed committee support.	10/11/2016
14. (16-0931) Recommendation to receive and file a report on the development and launch of BizPort, the City's new online application to reduce the cost, confusion, and time to start and grow a business in the City of Long Beach. (Citywide)	GLENNIS DOLCE	glennisd@mac.com			Long Beach	CA	90807	support for this and hope that it does what is intended. looks good so far.	10/11/2016

18. (16-0938) Recommendation to request City Manager to draft a report on the feasibility of implementing a "Safe Parking" program such as those found in the cities of Santa Barbara and Monterey Bay that would (1) move people who reside in their cars off the street and into safe spaces (2) that those locations would provide basic essential services (3) connect these individuals with programs that will work to move them into permanent housing.	Angela Kimball	angela.kimball@aol.com			Long Beach	CA	90808	If parking restrictions for ALL RV'S/campers are not put in place "outside" these designated areas, there would be no motivation for homeless to use the areas provided for them. I believe the RV/Oversize vehicle ordinance was completely hijacked last week. Without a citywide ordinance and permitting system, you will not control the long term parking of RV's/Boats/Trailers stored on the streets. Other coastal cities have done it-Huntington Beach, Seal Beach, Manhattan Beach. Why not Long Beach?	10/11/2016
