Subject Entertainment/Dancing Permit for
Roxanne's

Tim J. Spivey
3446 Cerritos Ave.
Long Beach, Ca. 90807

I am a citizen and resident of the Calights that will be directly impacted by such a permit. I already suffer from the 2 a.m. patrons who leave Roxanne's yelling and often fighting as they get into their cars parked in front of my house. This particular area of the neighborhood has already suffered from the success of the Black Bird Café on Orange and Wardlow. My friends and family have to park long distances to visit because there is absolutely no parking for said restaurant and patrons must park on our street. They close in the afternoon just in time for patrons of Roxanne's and City Limits to clog up Cerritos Ave. because they too have such limited parking. This new permit will only depreciate the quality of life further for our neighborhood. This has been designated as an Historical District. We have won numerous awards for outstanding neighborhood. I am disappointed with the city even considering such a permit in such a parking impacted neighborhood. No, No, a thousand times No!!! Now is the time
