21ST CENTURY LONG BEACH WRAP
AGREEMENT FOR SERVICES

30073

THIS CONTRACT is made this 11TH day of AUGUST, 2006, between **CITY OF LONG BEACH**, hereinafter called the Contractor, and **LONG BEACH UNIFIED SCHOOL DISTRICT OF LOS ANGELES COUNTY**, hereinafter called the District.

PURPOSE

Program funds shall be used by the Contractor to operate an after-school enrichment program at Grant Elementary School. The program will include academic components to promote participating students' achievement, and a range of services and programs to support the mental, physical, social and emotional development of participating students.

SCOPE OF WORK

Contractor agrees to operate a 21st Century Long Beach Winners Reaching Amazing Potential (WRAP) after-school enrichment program in accordance with policies and procedures issued by the District and incorporated herein by reference as Exhibit A.

TOTAL CONTRACT AMOUNT AND PAYMENT RATE

The District agrees to pay the Contractor a total amount not to exceed ONE HUNDRED FIFTY-SEVEN THOUSAND NINE HUNDRED SIXTY DOLLARS AND NO/100 (\$157,960.00) for services performed. The maximum core amount is \$121,508 and supplemental amount is \$36,452. The rate per student per day shall be the amount allowed per the funding grant.

For purposes of this agreement, a year shall be considered the period from July 1 through June 30. Contractor must submit monthly attendance reports and invoices. Payment will be made based on the number of students as set forth by the requirements of the funding grant.

TERM

The effective time period of this contract is July 1, 2006 through December 31, 2007.

TERMINATION

This contract may be terminated by either party at any time upon thirty (30) calendar days prior written notice.

BUDGET CONTINGENCY

It is mutually agreed that if sufficient funds are not appropriated for the program in the current year budget and/or subsequent years covered under this contract, then this contract shall be of no further force and effect. In this event, the District shall have no liability to pay any funds to the Contractor or furnish any other considerations under this contract, and the Contractor shall not be obligated to perform any provisions of this Contract.

AUDIT AND INSPECTION OF RECORDS

The Contractor shall maintain and the District shall have the right to examine and audit all of the books, records, documents, accounting procedures and practices and other evidence regardless of form or type, sufficient to properly reflect all costs claimed to have been incurred or anticipated to be incurred in performing the contract. Within ninety (90) days of termination of services at any site, Contractor agrees to turn over all relevant records from program operations to the District, including, but not limited to, attendance records, accounting documents, cancelled checks, and expense receipts.

The Contractor shall make said evidence available to the District at all reasonable times and without charge to the District. Said material shall be provided to the District within five (5) working days of a written request from the District. The Contractor shall at no cost to the District, furnish assistance for such examination/audit. The Contractor and its suppliers shall keep and preserve all such records for a period of no less than five (5) years, and in no event for a period shorter than required by the funding grant, from and after final payment or contract termination. The District's rights under this section shall also include access to the Contractor's offices for the purpose of interviewing the Contractor's employees.

The Contractor's failure to provide records or access within the time requested shall preclude Contractor from receiving any payment due under the terms of this contract until such evidence/documents are provided to the District.

NOTICES

All notices shall be in writing and personally delivered or deposited in the U.S. Postal service, U.S. mail, certified or registered, addressed to the Long Beach Unified School District at 2201 Market St., Long Beach, California 90805, Attn: Purchasing and Contracts Director, and to the Contractor addressed to City of Long Beach, Parks and Recreation Department at 1150 E. 4th Street, Ste. 205, Long Beach, CA 90802. All notices shall be considered received three (3) days after the date mailed certified or registered by either party.

RESPONSIBILITY

The work will be performed by the Contractor under the direction of the Director of Special Projects, for the District.

ASSIGNMENT OR TRANSFER

Neither this contract, nor any portion hereof, or interest herein shall be assigned or transferred by either party.

INSURANCE

As a material condition of this Contract, the Contractor shall maintain at its sole expense, for the duration of this Contract and if applicable throughout the close-out period of all program activities, a program of insurance or self-insurance, or a combination thereof, as required below against claims for injury, damage, or loss that may arise from or in connection with its performance or non-performance pertaining to this Contract. The Contractor shall name the District as additional insured and shall reference this Contract.

The Contractor shall furnish the District with satisfactory written evidence of insurance for the services provided herein, and the additional insured endorsement prior to commencement of this Contract. Each insurance policy or self-insurance program required by this Contract shall be endorsed to state that

coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) calendar days prior written notice. Each insurance policy shall be provided by an insurance organization acceptable to the District with a rating of at least A or better and authorized by the California Insurance Commissioner to transact insurance business in the State of California.

Minimum Scope and Limits of Insurance and/or Self-Insurance:

General Liability Coverage for injury, damage, or loss, including, but not limited to, premises and operations, contractual liability, independent contractors, personal injury, and professional liability for errors and omissions, with limits of not less than the following:

General Aggregate: two million dollars (\$2,000,000.00)

Products/Completed Operations Aggregate: one million dollars (\$1,000,000.00)

Personal and Advertising Injury: one million dollars (\$1,000,000.00)

Each Occurrence: one million dollars (\$1,000,000.00)

If coverage is written on claims made form, such coverage shall be endorsed to provide an extended period of not less than one year following the termination of this Contract.

Comprehensive Auto Liability insurance which shall be endorsed for all owned, non-owned, and hired vehicles with a combined single limit of not less than one million dollars (\$1,000,000.00) per occurrence.

Workers' Compensation insurance with limits as required by the Labor Code of the State of California and Employers' Liability coverage with limits of not less than the following:

Each accident: one million dollars (\$1,000,000.00)

Disease – policy limit: one million dollars (\$1,000,000.00)

Disease – each employee: one million dollars (\$1,000,000.00)

The Contractor agrees to provide Workers' Compensation Insurance covering services to be provided by Contractor under this contract, or to self-insure such services.

INDEMNIFICATION

Contractor agrees to hold harmless and indemnify the District, its officers, agents and employees, with respect to all damages, costs, expenses or claims, in law or in equity, arising or asserted because of injuries to or death of persons or damage to, destruction, loss or theft of property arising out of faulty performance of the services to be performed by Contractor hereunder, and Contractor agrees to defend any and all actions, suits or other legal proceedings, at Contractor's own expense, cost and risk, that may be brought or instituted against the District, its officers, agents and employees, on any such claim or demand, and pay or satisfy any final judgment or award against the District, its officers, agents or employees in any such action, suit or legal proceeding.

District agrees to hold harmless and indemnify the Contractor, its officers, agents and employees, with respect to all damages, costs, expenses or claims, in law or in equity, arising or asserted because of injuries to or death of persons or damage to, destruction, loss or theft of property arising out of willful misconduct or negligence by District hereunder.

EQUIPMENT

Contractor acknowledges that all equipment necessary for the program will be purchased by the District from 21st Century grant proceeds. District shall maintain title to all equipment purchased for the program.

IN-KIND CONTRIBUTION

The Contractor agrees that in-kind contribution to the program is integral to the on-going success of the program. The Contractor agrees to contribute 15% to the program during the term of this agreement. In-kind contributions shall be demonstrated in an In-Kind Financial Budget report to be submitted to the District on an annual basis.

REPORTING REQUIREMENTS

The Contractor shall submit to District all financial documents including a written budget of estimated expenses for each program site at the beginning of the district's fiscal year and statistical and narrative reports required by District, as further outlined in Exhibit A. At a minimum, Contractor agrees to submit the following reports: program budget for the term of this agreement, to be submitted within thirty days of the commencement of services; year end accounting reconciliation, to be submitted by September 1st of each program year; State and Federal evaluation templates; and attendance track records. All such reports shall be submitted on a timely basis. Long Beach Unified School District reserves the right to place additional reporting requirements on the Contractor as appropriate.

NO THIRD PARTY OBLIGATIONS

The execution and delivery of this contract shall not be deemed to confer any rights upon, nor obligate any parties thereto, to any person or entity other than the parties hereto.

CHANGES TO THE CONTRACT

This contract represents the entire contract between the District and Contractor and supersedes all prior negotiations, representations or agreements, either written or oral. This contract may be amended or modified only by an amendment in writing signed by both parties.

DISPUTES

All legal claims must be mediated in the County of Los Angeles within the State of California.

In the event of a dispute or claim arising out of or relating to the contract, both parties agree to engage in mediation prior to seeking any legal relief.

If either party brings an action or proceeding in order to enforce the provisions of this contract, each party shall bear the cost of its own attorney's fees.

GOVERNING LAW

This contract shall be governed by the laws of the State of California both as to interpretation and performance.

FINGERPRINT REQUIREMENTS:

During the entire term of this Contract, the Contractor shall fully comply with the provisions of Education Code 45125.1 (Fingerprint Requirements).

COMPLIANCE:

The Contractor shall conduct the program in compliance with all current and applicable laws and regulations. The Contractor shall also execute activities and expend resources in conformity with the guidelines in the Grant.

INTERPRETATION

Should interpretation of this contract, or any portion thereof, be necessary, it is deemed that this contract was prepared by the parties jointly and equally and shall not be interpreted against either party on the grounds that said party prepared the contract or caused it to be prepared. The captions and headings of the various sections of the contract are for convenience and identification only and shall not be deemed to limit or define the content of the respective sections hereof.

INDEPENDENT CONTRACTOR:

This contract is by and between Long Beach Unified School District and Contractor and is not intended, and shall not be construed by the aforementioned parties or any third parties, to create the relationship of principal or agent, officer, employee, partnership, joint venture or any other business or legal association Long Beach Unified School District and Contractor. Contractor understands and agrees that all persons furnishing services on behalf of Contractor pursuant to this contract are, for purposes of Workers' Compensation liability, employees solely of Contractor and not of Long Beach Unified School District. Contractor shall bear the sole responsibility and liability for furnishing Workers' Compensation benefits to any person for injuries arising from or connected with services performed on behalf on Contractor pursuant to this contract.

EDUCATION CODE:

In accordance with Education Code Section 17604, this contract is not valid or an enforceable obligation against the District until approved or ratified by motion of the governing board duly passed and adopted.

The undersigned hereby certify that they are authorized to bind their respective agencies.

Long Beach WRAP

VISION

Partnership Management Team Vision

Every school-age child and youth in the area served by the Long Beach Unified School District will participate in high quality and sustained comprehensive after-school experiences in their school and/or neighborhood.

Program Vision

To offer high quality, comprehensive Long Beach WRAP after-school programs to as many children and youth as possible in a collaborative, coordinated and effective manner, with measurable outcomes.

PARTNERSHIP MANAGEMENT TEAM

STRUCTURE

Structural Recommendations:

1. That the current interim facilitator for the Team meetings continue through the rest of 2005.
2. That the Chair of the Team meetings be selected in November of each year and rotate among the partners on a one year term basis beginning in January of 2006.
3. That the minutes of the Team meetings as well as team correspondence be done by the Secretary of the Team, also chosen November of each year for the following year. The Secretary should not be from the same Partner Agency as the Chairperson.
4. No officer should hold that office longer than two years in a row.
5. That the PMT will work with the citywide After-School Advocacy Partnership (ASAP) to create a full-scale local effort to provide matching funds for Proposition 49 after-school sites.
6. The work of the Team should be done in most cases at the subcommittee level. All subcommittees should be short term and developed for the completion of specific tasks or the addressing of specific issues.
7. That by December of 2006 the Team should have a set of by-laws addressing each of the areas discussed in these recommendations and other areas as needed.

HOMWORK ASSISTANCE	
Effective Date: 07.01.06	Policy # 001

Policy: Each Partner Agency must develop a Homework Assistance Policy.

Purpose: To provide students with homework assistance in an environment that facilitates productivity and success.

Suggested Guidelines:

1. Homework time is to be very similar to instructional classroom time. Homework time is quiet time with the only noises being the teachers, aides and tutors assisting a student. You should talk in a low tone so as to not disturb the other students.
2. During homework assistance hour, classrooms are used. It is very important that all items in the classroom are left alone and not used. All needed supplies are to be supplied by the after-school program and the teachers items are not to be used.
A Classroom/Facility Checklist must be filled out at least once a week when using classrooms for homework time.
3. The Program Leader is to be actively assisting students with their work. The Program Leader should be moving about the room, monitoring the progress of the students. Some students will not raise their hands to ask for help and it is important that these students receive the help they need as well.
4. No personal work is to be done while on duty. Anyone found doing personal work (reading, studying, etc) will be written up.
5. Students not having homework assigned by the teacher for that particular day may read silently or work on academic packets of extra work provided by the program leader. Math and literacy games may be permitted at the discretion of your Site Director.
6. As per the signed Parent Agreement upon student enrollment, homework time is only ONE HOUR in length. After the homework hour all students are to join activities, even if their homework is not completed (elementary schools only). If a student is continually unable to complete his/her homework, then their parent and teacher need to be notified.
7. On a daily basis, at the conclusion of homework time, the Program Leader may complete the Homework Communication Sheet (optional).

PSYCHOPHYSICAL ACTIVITY TIME	
Effective Date: 07.01.06	Policy # 002

Policy: Each Partner Agency must develop a Psychophysical Activity Time Policy.

Purpose: To provide students with the opportunity to solve problems, interact with peers, follow directions, learn new skills, get exercise and have fun. Psychophysical time is to be given the same quality and emphasis as academic time.

Suggested Guidelines:

1. Co-workers are to be supported. If a Program Leader asks for the attention of the students, staff members are required to assist them by following through with their directions and helping the students to do the same. Standing around is not permitted.
2. Clear and safe boundaries are to be established. The limits of the game and safe surroundings should be clarified for students.
3. The rules of the game must be stated prior to the game beginning. Even if the students already know the game, the rules must be reviewed. This will help them to be accountable and to follow the rules,
4. All students should be encouraged to participate. If a student does not want to play a particular game, they are to be assured that they will have the opportunity to play another game soon.
5. Staff members must facilitate the game by being an active participant, helping the students to build skills and encouraging them to have fun. Close attention should be given to the game and to the needs of the students. If a game is not going well, staff members must revise it or begin a different game as needed.
6. Staff members must participate in the game. Participation demonstrates interest in the students. If there is need for coaching, discipline, etc. during a game, staff members are not required to play. However, playing is encouraged and required for at least part of every group game session.
7. Students should be encouraged with words like, "Wow!" "Good job!" and so on. Students thrive on praise and it will encourage them to play appropriately and to do their best.
8. If a student is not participating appropriately, he/she must receive a time out before returning to the game. The time out may be no longer than 10 minutes, but may be as short as 3 minutes.

**TRANSLATION OF LIMITED ENGLISH
PROFICIENT PARENT INFORMATION
AND/OR MATERIALS**

Effective Date: 07.01.06

Policy # 011

Policy: Partner Agencies must have all parent and student documents meet the LBUSD guidelines/Ed Code Section 48985, Title III, Section 3122 (c) for translation. LBUSD will provide translation of materials upon receipt of the appropriate forms.

"In accordance with Education Code Section 48985, Title III, Section 3122 (c), when 15% or more of the student population at a school site (ELLs and FEPs) speak a single primary language other than English, all notices, reports, statements, or records sent to the parent or guardian of any such pupil by the school or school district are, in addition to being written in English, written in the primary language."

Procedure (Site Director):

1. Identify site requirements for providing translation and interpretation of forms, reports, notices or presentation information to limited English proficient parents by checking the Translation and Interpretation-Spanish and Translation and Interpretation-Khmer lists.
2. Make sure that the Parent Request Forms-Primary Language Assistance (English, Spanish and/or Khmer) are available at all points of contact with the public, such as the front reception area. These forms should be pointed out to parents who likely need translation or interpretation assistance. Completed copies must be submitted to the PALMS Office immediately.
3. Complete the WRAP Request Form for Oral Interpretation and Written Translation Services (with materials for translation attached) whenever assistance in meeting a parent's need or request for interpretation and/or translation services is required. Submit this form to the PALMS Office at least two (2) weeks in advance. Should an event or situation require less than two weeks of advance notice, contact the PALMS Office (562/997-8031) as soon as possible. Requests and materials for translation should be emailed to the PALMS Office (lleon@lbusd.k12.ca.us). Requests can also be sent via district mail or FAXED to the PALMS Office (562/997-8293).

CONTRACT REQUESTS (including DOJ FINGERPRINT PROCEDURES)	
Effective Date: 07.01.06	Policy # 013

Policy: All Partner Agencies will enter into a Contract Agreement with LBUSD before start of Long Beach WRAP program.

Purpose: To allow services to be provided by the Partner Agencies in accordance with the Long Beach WRAP grant.

Procedure:

Requesting a Contract:

1. The LB WRAP Program Facilitator submits the Contract Request to the LBUSD Contracts Office.
2. The Contracts Office will prepare a Contract Agreement and send the Agreement directly to the Contractor for signature.
3. After the signed Contract Agreement has been returned to the Contracts Office, an item is prepared for inclusion in a Board Report for submission to the Board of Education. Items are not sent to the Board for approval until the signed Contract Agreement is returned from the Contractor. Typically the contract item will be submitted to the Board within three weeks of receipt of the partially signed form in the Contracts Office. Note: All Contract Agreements with the LBUSD must be approved by the Board of Education.
4. After Board approval, the Contract Agreement is signed by the district and the Contracts Office distributes the fully executed Contract Agreement. Note: In situations requiring Department of Justice (DOJ) fingerprint clearance, the contract will not be executed by the District until the completed Contractor Certification has been received by the Contracts Office.
5. Once the Contract Agreement is fully executed, the Contractor may begin work.

Obtaining Department of Justice (DOJ) Fingerprint Certifications:

1. The District does not provide fingerprinting services for Contractors; the Contractor must obtain clearance through independent means.
2. The fingerprinting process may take as long as eight (8)

weeks.

3. The District will not execute a contract without the required Contractor Certification. **Note: If the Contractor's employees that may come into contact with students have already been cleared by the Department of Justice, the Contractor can sign the District Certification form immediately and return it to the originating site/department. It is not necessary for the Contractor to obtain DOJ clearance more than once for their employees.**
4. The Fingerprint Packet includes an instruction letter from the Purchasing and Contracts Director regarding Education Code 45125.1 and all necessary attachments, except the fingerprint card, required for the Contractor to receive DOJ clearance.
5. Quarterly fingerprinting certification should be sent to the Contracts Office with the names of employees hired throughout the year.

Monitoring of Contracts:

Contract Agreements related to the Long Beach WRAP Programs will be monitored by the Program Director.

Contract Amendments:

The same process for requesting a new contract applies for amendments.

Funding after Contract Agreement:

If additional funding is augmented after the contract is in effect, the amendment process is the appropriate method for distribution to the providers. An increase in funding does not guarantee the provider will receive additional funds.

Contract Language:

The LBUSD will be responsible for specific contract language reflective of the Policies and Procedures Manual.

LIABILITY COVERAGE	
Effective: 07.01.06	Policy 014

Policy: Each Partner Agency must have liability coverage for working with youth as specified in the LBUSD Contract Agreement. The LBUSD must be named as additional insured on all policies. The LBUSD must ensure that all Partner Agency sites are specified and covered on all policies.

Purpose: To ensure that each Partner Agency has the required liability coverage for working with youth.

Insurance Language as Stated in LBUSD Contract Agreements

Insurance Coverage

"As a material condition of this Contract, the Contractor shall maintain at its sole expense, for the duration of this Contract and if applicable throughout the close-out period of all program activities, a program of insurance or self-insurance, or a combination thereof, as required below against claims for injury, damage, or loss that may arise from or in connection with its performance or non-performance pertaining to this Contract. The Contractor shall name the District as additional insured and shall reference this Contract.

The Contractor shall furnish the District with satisfactory written evidence of insurance and the additional insured endorsement prior to commencement of this Contract. Each insurance policy or self-insurance program required by this Contract shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) calendar days prior written notice. Each insurance policy shall be provided by an insurance organization acceptable to the District with a rating of at least A or better and authorized by the California Insurance Commissioner to transact insurance business in the State of California.

Translation:

The Contractor's insurance shall cover any incidents that occur during the course of their contract.

Minimum Scope and Limits of Insurance and/or Self-Insurance:

General Liability Coverage for injury, damage, or loss, including, but not limited to, premises and operations, contractual liability, independent contractors, personal injury, and professional liability for errors and omissions, with limits of not less than the following:

General Aggregate: two million dollars (\$2,000,000.00)

Products/Completed Operations Aggregate: one million dollars (\$1,000,000.00)

Personal and Advertising Injury: one million dollars (\$1,000,000.00)

Each Occurrence: one million dollars (\$1,000,000.00)

If coverage is written on claims made form, such coverage shall be endorsed to provide an extended period of not less than one year following the termination of this Contract.

Comprehensive Auto Liability insurance which shall be endorsed for all owned, non-owned, and hired vehicles with a combined single limit of not less than one million dollars (\$1,000,000.00) per occurrence.

Workers' Compensation insurance with limits as required by the Labor Code of the State of California and Employers' Liability coverage with limits of not less than the following:

Each accident: one million dollars (\$1,000,000.00)

Disease – policy limit: one million dollars (\$1,000,000.00)

Disease – each employee: one million dollars (\$1,000,000.00)”

The Contractor agrees to provide Workers' Compensation Insurance covering services to be provided by Contractor under this agreement, or to self-insure such services.

Translation:

The district is requiring liability insurance to be provided at the Contractor's expense. The minimum limits are \$1-2million. The Contractor should share a copy of this entire article with their insurance agent to be sure the insurance they purchase is the appropriate type and in the correct amount.

Indemnification (Liability):

“Contractor agrees to hold harmless and indemnify the District, its officers, agents and employees, with respect to all damages, costs, expenses or claims, in law or in equity, arising or asserted because of injuries to or death of persons or damage to, destruction, loss or theft of property arising out of faulty performance of the services to be performed by Contractor hereunder, and Contractor agrees to defend any and all actions, suits or other legal proceedings, at Contractor's own expense, cost and risk, that may be brought or instituted against the District, its officers, agents and employees, on any such claim or demand, and pay or satisfy any final judgment or award against the District, its officers, agents or employees in any such action, suit or legal proceeding.

District agrees to hold harmless and indemnify the Contractor, its officers, agents and employees, with respect to all damages, costs, expenses or claims, in law or in equity, arising or asserted because of injuries to or death of persons or damage to, destruction, loss or theft of property arising out of willful misconduct or gross negligence by District hereunder.”

Translation:

The Contractor agrees to accept responsibility for all claims that occur due to the performance of the Contract. Also, the Contractor agrees to pay for all legal costs related to defending the district against any of these claims.

Abuse Insurance for After-School Contracts

The LBUSD does not require abuse insurance from Contractors. Unless the Contractor's insurance specifically excludes abuse from the liability policies, the LBUSD is inherently covered.

Parent/Guardian Agreement

Please read the following information carefully. In order for a student to be enrolled in the LB WRAP After-School Program, this form must be signed indicating understanding and consent.

Long Beach WRAP Mission

Long Beach WRAP provides a safe haven during the after school hours for students to receive academic support, develop relationships with caring adults, acquire new talents and increase their sense of civic responsibility.

BASIC INFORMATION AND RULES

Enrollment: Enrollment is limited to _____students and is on a first-come basis. A goal of the Long Beach WRAP program is to have enough room for all students wishing to participate.

Attendance: Everyday attendance is important. Students who have three (3) unexcused absences in a row or attend infrequently will be asked to leave. Students are expected to stay for the entire program each day, from _____to _____pm. Those who need to be picked up early on occasion must notify the site in advance with a written note or a phone call from anyone listed on the Emergency/Enrollment Card.

Student Pick-Up: The program runs Monday-Friday, from the end of the school day until _____pm. Students are dismissed at _____. Students must be picked up on time. If a late pick-up happens more than once, that student will be released from the program. The Long Beach WRAP program does not have the staff or resources to support late pick-ups.

Discipline: Participation in the Long Beach WRAP program is a privilege. Students must follow the rules of the program. Disruptive or disrespectful behavior toward other students or staff is reason for dismissal. Students must follow all standard school rules while attending Long Beach WRAP. A copy of the site Behavior Plan will be given to parents/guardian within the first week of the program. Parents are encouraged to discuss concerns about their child's behavior with the Site Director to avoid the incidence of any offenses.

Homework: Students have an hour to work on homework. The Long Beach WRAP staff will make every effort to help students complete their homework within the time allotted. It is the parents' responsibility to make sure homework is complete and correct. The Long Beach WRAP program does not have enough time or staff to check each student's homework.

Parental/Guardian Support: The Long Beach WRAP staff is committed and qualified. Parental/Guardian support is necessary to make the after school program the very best it can be. Parents/Guardians are important partners in the success of the Long Beach WRAP program. Parents/Guardians are encouraged to assist with field trips, events, activities and other special projects. School Security (562/997-8203) will be called if Parents/Guardians display disruptive behavior and the student will be dropped from the LB WRAP program.

I have read and understand all of the above information. I agree to follow all of the rules and help my child understand and follow the rules.

Contrato para padres

Por favor lea cuidadosamente la siguiente información. Debe firmar al pie de esta pagina indicando que entiende y esta de acuerdo con lo estipulado a continuación.

La Misión de Long Beach WRAP

El programa Long Beach WRAP ofrece un lugar seguro para los estudiantes después del horario escolar regular para los estudiantes, con el fin de que reciban apoyo académico, alternen con adultos, adquieran nuevos talentos e incrementen el sentido de responsabilidad cívica.

INFORMACION BASICA Y REGLAMENTO

Matricula: Solamente tenemos cupo para los 100 primeros estudiantes que se matriculen. Nuestra esperanza es la de poder tener suficientes vacantes para todos los alumnos que deseen participar en el programa "WRAP".

Asistencia: La asistencia diaria es indispensable. Los/as niños /as que tengan tres (3) faltas seguidas sin justificar o que falten frecuentemente perderán su lugar en el programa. Los niños /as deben permanecer desde las _____ hasta las _____ de la tarde. Aquellos alumnos que deban ser recogidos, ocasionalmente, antes de horario, deben notificarnos con anticipación (la nota podrá mandarla cualquier persona cuyo nombre figure en el formulario de inscripción).

Hora de salida: El programa funciona de **tunes a viernes inmediatamente después que terminan las clases regulares hasta aproximadamente las _____ de la tarde.** Los alumnos salen a las _____ de la tarde. Debe recoger a su niño /a a horario. Si recoge a su niño /a después de horario mas de una vez, él / ella perderá su lugar en el programa, ya que carecemos del personal o fondos monetarios para extender el horario de salida.

Comportamiento: La participación en el programa "LB WRAP" es un privilegio. El niño /a debe acatar el reglamento del programa. Cualquier conducta que interrumpe el funcionamiento normal o cualquier falta de respeto hacia el personal o hacia otros alumnos es motivo para ser expulsado permanentemente del programa. Su niño /a también debe seguir el reglamento de la escuela mientras asista al programa "LB WRAP" y se requiere que firme un convenio de responsabilidad personal. La escuela proporcionara al niño /a una copia del plan de la responsabilidad personal durante la primera semana que el niño /a asista al programa. Le sugerimos que converse con el /la director /a del programa sobre inquietudes que tenga acerca del comportamiento de su niño /a para evitar consecuencias.

Tareas: Los alumnos *tienen una hora* para completar su tarea. Nosotros haremos un esfuerzo para que su nifio/a complete su tarea durante la hora asignada. Los padres son responsables de asegurarse que su nino/a termine su tarea completa y eficientemente. Desafortunadamente no tenemos el tiempo o el personal suficiente para revisar la tarea de cada niño /a.

Apoyo de los padres: Aunque nuestro personal de "WRAP" es dedicado y capacitado necesitamos de su ayuda para hacer de nuestro programa el mejor posible. Usted es **un socio muy** importante para obtener un programa excelente. Esperamos que puedan colaborar con las excursiones, los eventos, las actividades y otros proyectos especiales.

He leído y comprendo la información mencionada mas arriba. Me comprometo no solo a seguir el reglamento estipulado sino también a ayudar a mi nillo/a a entender y observar el dicho reglamento. La Seguridad de la escuela (562/997-8203) se llamará si Cría/Guardianes demuestran la conducta disruptiva y el estudiante será dejado caer de la LB WRAP programa.

BEHAVIOR MANAGEMENT DOCUMENTATION	
Effective Date: 07.01.06	Policy # 016

Policy: Each Partner Agency must have a Behavior Management Plan and Process for each site. All related parent and/or student forms must be provided in the languages designated by the LBUSD PALMS Office (Any documents that require translation may be FAXED to the LBUSD PALMS Office at 562.997.8293).

Process: To communicate, remediate and document inappropriate student behavior in a uniform six-step process.

Procedure:

1. Every behavior incident must be recorded, no matter how minor the incident! EVERYTHING must be documented, even if it is just a quick note on the General Behavior/Incident Documentation Chart.
2. If a minor incident takes place during the day and it is not necessary that the Site Director be involved. The information should still be relayed to the Site Director at the close of the day, and documented on the General Behavior/Incident Documentation Chart and/or other forms. This will increase communication so all Program Leaders may review the General Behavior/Incident Documentation Chart and be aware of all the students' behavior issues.
3. All steps must be used in accordance to the Behavior Management Plan.

General Behavior/Incident Documentation Chart
Documentation of Incident/Inappropriate Behavior Form
Behavior Contract Form
Suspension Notice Form
Warning of Dismissal Form
Student Dismissal Letter Form

General Behavior/Incident Documentation (Step 1)

General documentation of every specific incident, serious or minor must be entered on the chart. A photocopy must be kept in a central location at the site.

** Writing up "time-outs" during outdoor games times is optional.*

Documentation of Student's Behavior (Step 2)

This form is to be used:

1. Any and every time a Site Director is involved
2. Any incident that has a consequence (time out, etc.)

A copy of this completed form will go out to the parent EVERY time a major offense is committed.

Major Offenses:

- Hitting
- Swearing
- Not following directions
- Defiance
- Refusal to do what they are told
- Stealing
- Anything a student has been told numerous times about
- Yelling
- Other

When this form has been filled out, it must be **reviewed with the student**. A copy is made and given to the parents. It is necessary that the incident(s) be explained to the parent that day and that the parent signs the copy. The signed copy will be kept on file at the site.

Behavior Contract (Step 3)

As long as the Documentation of Student's Behavior Form has been filled out AT LEAST ONCE, this letter must go out to the parent/s. The Behavior Contract outlines the responsibility of each person involved; the student, the parent and the program staff. Blank lines are available to note specific agreements made concerning the student's behavior. A copy of this must be made and given to the parent **the same day** it is written. The parent is to sign the site's copy. The student also signs this agreement.

Suspension Notice (Step 4)

A student may not be suspended from the program until **after** the Behavior Contract

has gone home. However, if a student's behavior is severe enough and it warrants a suspension, yet the student has never been documented for unacceptable behavior before, it may go out the same day as the Suspension Notice. This is only if the student gets in a fight, leaves the program during program hours, or does something that is considered suspension-worthy. The lower portion of the Suspension Notice provides the details of the suspension. The parent must sign the Suspension Notice and be given a copy.

If a student is to be suspended for unacceptable behavior and has not been written up before, the Documentation of Student's Behavior must also be filled out and given with Behavior Contract (the Documentation of Student's Behavior documents the exact incident in detail).

Warning of Dismissal Letter (Step 5)

After several attempts and corrective actions have occurred to improve the student's behavior and there is no improvement, then the student may be dismissed from the LB WRAP After-School Program.

The Warning of Dismissal Letter is to go home as the last step before removal. This letter states that if the student "breaks one more rule and is written up again" then he/she will be dismissed from the LB WRAP Program. **Copies of all official documentation must be attached to this sheet, to clearly outline the continual inappropriate behavior of the student.**

However, a student may not be removed from the program (by cause of a behavior issue) without first suspending the student. If a behavior warrants the dismissal of the student, even if he/she has never been suspended, the Program Coordinator and/or the Program Administrator must be called and the student may not be dismissed until the Program Coordinator has given permission to do so. When dismissing a student from the program, the school Principal and the Program Coordinator must be consulted.

Dismissal Letter (Step 6)

Only after the Program Coordinator has been consulted, **the Principal has been notified**, and the Warning of Dismissal Letter has gone home will the student be dismissed. The Dismissal Letter is to be filled out, signed by the staff member involved and the Site Director, and then given to the parent. A copy must be placed in the Principal's mailbox.

EARLY PICK-UP	
Effective Date: 07.01.06	Policy # 017

Policy: Partner Agencies must have a policy that calls for student dismissal following three early pick-ups. A child who is receiving outside services during the LB WRAP program hours can be admitted to or continue with the LB WRAP program at the Partner Agency's discretion.

Purpose: To communicate the importance of full-time participation in the LB WRAP Program.

Procedure:

1. Any time a student is picked up prior to the end of the regularly-scheduled WRAP Program hours, it will be noted on the Sign-Out Sheet. The time and reason need to be recorded. Excused absences need to be in writing and clearly defined. Failure to do so will result in a verbal warning will be given to the parent at the time of pick-up.
2. After three (3) early pick-ups and verbal warnings, an Early Pick-up/Dismissal Warning will be given to the parent.
3. The parent will sign the Warning and the Warning will be maintained at the center of attendance.
4. If the student is picked up early one more time, the student will be dismissed from the LB WRAP program.

Dear Parent/Guardian:

Your child has frequently (more than 3 times) been picked up early. He/She has been signed out early on the following date/times:

Long Beach WRAP is an After-School Enrichment Program, not after school daycare. In the Parent Agreement document, which you signed, it clearly states that children are required to stay the entire time the program is in session and are not to be picked up earlier than _____ PM. When your child is picked up early, he/she cannot participate in the required academic and enrichment activities. When a parent arrives early, a staff member must be available to sign out that child rather than lead a planned activity.

If your child is picked up early again, he/she will be dismissed from the LB WRAP program. There is a list of students who are waiting to be able to participate in the LB WRAP After-School Program.

Doctor appointments and other emergencies are acceptable. Please inform the Site Director in advance when these circumstances arise.

If you have any questions, please do not hesitate to call.

Ustedes han recogido ante de hora a sus niños en las siguientes fechas _____

El programa "Long Beach WRAP" es un programa después del horario escolar diseñado para enriquecer la educación de sus niños y no para proveer cuidado de niños. En el contrato que ustedes firmaron cuando inscribieron a sus niños en este programa, se les explicó claramente que uno de los requisitos para participar en este programa era "no recoger a su niño /a antes de las _____ pm". Cada vez que ustedes recogen a su niño antes de tiempo interrumpen el proceso de aprendizaje de sus hijos, y el de los demás.

Si _____ es recogido/a antes de tiempo otra vez, él /ella no podrá continuar en este programa. Tenemos muchos niños en lista de espera que desean participar en el programa "WRAP" de enriquecimiento educativo.

Las citas con el doctor y otras emergencias son aceptables. Pero, por favor, avísele con anticipación a la directora del programa.

Si tiene alguna otra pregunta por favor llame a el/la director/a al (562) _____

LATE PICK-UP	
Effective Date: 07.01.06	Policy # 118

Policy: Partner Agencies must have a policy that calls for student dismissal following three late pick-ups.

Purpose: To communicate the importance of full-time participation in the LB WRAP Program.

Procedure:

1. Any time a student is picked up later than the end of the regularly-scheduled WRAP Program hours, it will be noted on the Sign-Out Sheet. A verbal warning will be given to the parent at that time.
2. After three (3) late pick-ups and verbal warnings, a Late Pick-up/Dismissal Warning will be given to the parent.
3. The parent will sign the Warning and the Warning will be maintained at the center of attendance.
4. If the student is picked up late one more time, the student will be dismissed from the WRAP program.

SCHOOL SAFETY AND EMERGENCY PREPAREDNESS	
---	--

Effective Date: 07.01.06	Policy # 019
--------------------------	--------------

Policy: Under California law, Education Code §35294-35297, all Long Beach Unified School District K-12 school sites have developed comprehensive school safety and disaster preparedness plans. These plans include strategies and programs that support a high level of safety, including a safe environment conducive to learning at school, and disaster planning and procedures. WRAP staff is required and parents are strongly encouraged to review both the school site's School Safety Plan and the Emergency Preparedness Plan to understand the procedures designed to keep students safe during an emergency or disaster event, and when parents and children are reunited.

In addition, each Partner Agency must have a policy for Safety and Emergency Preparedness that includes Standard Operating Procedures (SOPs) for the following:

- Handling a Bomb Threat
- Responding to Children Abandoned at the End of the School Day
- Emergency Communications
- Handling Combative Students
- Lockdown Procedures (must be practiced quarterly)
- Program Site Shootings
- Barring Disruptive Persons from Program Sites
- Assault on a Program Employee by a Student

Purpose: To ensure that all staff members are informed of Partner Agency and site-developed comprehensive school safety and disaster preparedness plans.

Let's Talk about the Law

LBUSD Standard Operating Procedures:

9.102 Handling a Bomb Threat

9.104 Responding to Children Abandoned at the End of the School Day

9.105 Emergency Communication (Radio KKJZ FM 88.1)

9.106 Handling Combative Students

9.107 Emergency Lockdown Procedure

9.111 Emergency Procedure for School Site Shootings

9.118 Safe School Plan Administrative Reporting

9.121 Guideline for Barring Disruptive Persons from School Sites

9.123 Report of Assault on School Employee by Student

LET'S TALK ABOUT THE LAW

The principal is responsible for the supervision & administration of his school CCR Title 5 5551. This mean when they call, you are their designee to carry out directives at the site.

Alcohol, Tobacco, Dope, Guns, Locking Blade Knives - these are all illegal on our sites. Look for a uniformed officer with a gun to handle this situation (in some cases not reporting to local law enforcement is a crime).

Truant – A very detailed explanation is available on demand. Generally if they look young enough to go to school & you are the designee of the principal you can stop them (arrest) & inquire. A sidelight is a student wandering around without a pass during instructional time. They can be cited for day time loitering by a law enforcement officer. In any case take them to the office.

Assaults, Battery, Insults & other boorish behavior prohibited. A battery is an offensive touching (will be demonstrated in class). A battery plus force likely to produce great bodily injury (GBI – will not be demonstrated in class) is a felony. There is a whole bunch of sections in the Penal & Education Code to cover this topic. Disruptive behavior by adults is not allowed. If it occurs a so called 626 (stay away) Letter is sent to the adult. The adult cannot come back to the instructional area without the agreement of the principal.

Child Abuse – required reporting by school personnel. Fail to do so it's a crime.

Student Directory information – it is a crime to divulge information about a student, & be careful to not let anyone photograph or video a student without parent's permission.

Don't use corporal punishment (willful infliction of pain or suffering). This does not mean you cannot defend yourself.

Arrests of students must be reported to parents. Generally the notification takes place after the officer has taken the student off campus.

Electronic devices – tough subject to discuss since you all give your kids these things so you can keep track of them. Some of us give them to adults so we can keep track of them. Generally don't show, don't tell. If we see it during class we can confiscate it. This is a good time to use a "positive adult confrontation".

Damaging School Property – it is not only a crime, but student can be expelled. Find a site staff member or law enforcement to report the event.

KNOW WHAT AN S.O.P IS?

S.O.P. is an acronym for Standard Operating Procedure which is the rule of thumb for School Safety. Some SOP's are:

- 9.101 — Assisting persons with disabilities
- 9.102 — How to handle a bomb threat
- 9.106 — Handling combative students
- 9.107 — Lockdown procedures
- 9.111 — School Site Shootings
- 9.121 — Guidelines for Barring Disruptive Persons from School Sites
- 9.123 — Report of an Assault on School Employee by a Student

WHAT ABOUT E/PREP

- S.E.M.S. — Standardized Emergency Management System
- N.I.M.S. — National Incident Management System

SUPPOSE SOMEONE GETS HURT

Call 911 to get immediate medical support. Notify a site administrator of the event. Call School Safety Communications ext 8101 to have an officer dispatched to take a report. It is School Safety's responsibility to report death or serious injury of an employee to Cal OSHA (Section 5.209 Manual of Rules & Regulations).

9.102 GUIDELINES FOR DISTRICT STAFF IN HANDLING BOMB THREATS

The Long Beach Unified School District, Office of the Superintendent, School Safety and Emergency Preparedness Division has prepared the following guidelines to assist school staff in dealing with bomb threats received at school or support sites. Please distribute to employees who handle incoming calls and place in appendix of the Emergency Procedures Manual.

A. Upon receiving a bomb threat by telephone:

1. Complete the "bomb threat checklist" on the following page.
2. Listen closely to the caller's voice and to any noises in the background.
3. Immediately notify a site administrator or supervisor.
4. Notify the School Safety Communications Center at (562) 997-8101 (School Safety will notify law enforcement).
5. Prepare to evacuate if so ordered by public safety personnel.

B. Upon receiving a bomb threat in writing:

1. Immediately notify School Safety Communications Center at (562) 997-8101 (School Safety Communications Operator will notify law enforcement).
2. Avoid any unnecessary handling of the note.
3. Place note in a plastic bag if possible.
4. Give note to the responding law enforcement personnel.

Any questions regarding this guideline should be directed to the School Safety and Emergency Preparedness Division at (562) 997-8446.

9.104 RESPONDING TO CHILDREN ABANDONED AT THE END OF THE SCHOOL DAY

The Long Beach Unified School District has an affirmative responsibility to care for the children entrusted to us and return them to a responsible adult at the end of each school day. Unfortunately, on occasion children are left at school well after school sessions have terminated. The School Safety Branch, in conjunction with school administrators and local law enforcement, will assist in locating an adult to take responsibility for an abandoned child. Unless there is an emergency, the school administrator and the School Safety Branch will exhaust all available resources to locate a responsible adult prior to contacting the local law enforcement agency with jurisdiction.

To accomplish this goal, School Safety Communications staff are directed to take the following actions:

1. The first contact will be from a school site administrator requesting student emergency information.
2. The School Communications Operator will obtain the SASI System emergency information. This information will be faxed to the school site immediately.
3. The school sites will not re-contact the School Safety Communications Center until after 4:00 p.m. or when they are unable to locate any responsible person to take the child.
4. If the site has exhausted all information at their disposal, the School Communications Operator will dispatch an available unit to assist the site in locating a responsible adult.
5. In extreme cases, the School Safety Branch will assign an employee to help in transporting a child in an attempt to locate someone to take custody.
6. As a last resort, when a child is still at the school site after 6:00 p.m., the local law enforcement agency will be contacted. Complete records of all attempts to locate a responsible adult should be given to the law enforcement officer by the site administrator and an Incident Report should be generated. Leaving a child in these circumstances may be considered the crime of child abuse.

9.105 EMERGENCY COMMUNICATION RADIOS - KKJZ F.M. 88.1

The School Safety and Emergency Preparedness Division and Office of Multi-Media Services have developed a system to keep the Long Beach Unified School District sites better informed in case of an emergency or disaster. KKJZ, F.M. 88.1, has been configured to allow the Long Beach Unified School District unrestricted one-way communications to any site which has a pre-set district emergency communications radio.

All sites should include these receivers as part of their emergency communications package (along with cellular telephone, fax suitcase, radio, etc.) to be incorporated into their Emergency Preparedness Plan.

With approval of the Incident Commander/Supervisor at the District's Emergency Operations Center (E.O.C.)/Communication Center, one-way communications will be initiated via the KKJZ frequency. The system will broadcast information to sites regarding pending or in-progress incidents and will be used to keep the sites abreast of any pertinent emergency information. This should alleviate unnecessary use of other communication assets to obtain information.

3. KKJZ F.M. 88.1 Emergency Communications Procedure

1. Turn on emergency radio (radio is preset to F.M. 88.1).
2. Ensure radio is switched to "MX" position.
3. Monitor radio for emergency information.

4. Example of Emergency Broadcast

1. This is a Long Beach Unified School District Emergency Broadcast.
2. Please stand by.
3. The area of (perimeter destination) is locked down due to an (incident), or
4. An (event) has occurred in the (N/S/E/W) area of (Long Beach/Lakewood/Signal Hill).
5. Please perform the following steps:
 - a. Lock Down.
 - b. Deploy Incident Command System.
 - c. Monitor Emergency Radio.
 - d. Any other information, etc.
6. Please continue to monitor this radio.
7. Further emergency broadcast, for tion will be announced every (#) minutes.

Standard Operating Procedure (S.O.P.)

9.106 HANDLING COMBATIVE STUDENTS

The School Safety and Emergency Preparedness Division frequently receives requests for guidance and assistance when students are out of control, combative or acting in a bizarre manner. School Administrators may ask School Safety personnel to restrain students. When a student is harming himself or others, there is an absolute duty to control the behavior. Controlling student behavior is primarily a site responsibility and, when feasible, administrators should exercise their own procedures. If the administrator feels the student is a danger to himself or others, School Safety Communications Center should be called immediately at ext. 8101 or (562) 997-8101.

No employee should wait for injury or property damage before restraining a combative student. Restraining a student who is out of control, combative and destructive to property is not Corporal Punishment. In all cases, school district staff should attempt to control the student's behavior **without excessive** restraint or use of force.

Site administrative staff will take the lead in controlling students assigned to their school or program who are exhibiting aggressive, combative or out of control behavior. Some district employees have had specialized training in this area. In these cases, Crisis Prevention/Intervention-trained staff should assist.

The following are general guidelines for controlling students who are exhibiting combative behavior:

1. Site staff who are most familiar with the student should make every attempt to control the student and their behavior. If the number of site staff is inadequate, an administrator should call more site personnel to assist. If possible, personnel trained in Crisis Prevention Intervention should be called to intervene.
2. Site staff should consider calling for mental evaluation personnel such as the Psychological Evaluation Team (P.E.T.) of Los Angeles County. The P.E.T. Team can be accessed by calling the following phone numbers:
 - a. **310-618-9687**: Area #8 South Bay Region stationed at Harbor General Hospital. This unit will respond to "house calls" during normal working hours daily. They operate on a priority basis with suicidal/homicidal patients having first priority. Depending on workload, their response time may vary.
 - b. **800-854-7771**: P.E.T. response for after hours, holidays, and weekends.
 - c. Assistance may also be obtained from Long Beach Mental Health at **562-599-9280**. The Long Beach Mental Health Unit does not make "house calls" but can give advice over the phone.
3. The site administrator should consider if site staff can alleviate the problem by administering prescribed medication.

4. School Safety staff should immediately evaluate several factors in assisting site personnel with out-of-control student behavior such as:
 - a. If a crime is being committed, local law enforcement should be called **immediately**. While waiting for law enforcement to respond, the student should be detained by site staff and School Safety staff using minimum force. School Safety staff should ask site personnel the following clarifying questions:
 - 1) "Has anyone been injured?"
 - 2) "Has the student destroyed or damaged property?"
 - 3) "Do you want the student arrested for this behavior?"
 - b. If a crime is being committed, inform the student immediately, "If you do not stop what you are doing, you will be arrested."
 - c. Local law enforcement should be called immediately if the student, as a result of a mental disorder, is a danger to himself, others or is gravely disabled as described in Section 5150 of the Welfare and Institutions Code. School Safety staff should assist the site personnel in detaining the student.
 - d. If the student is violently destructive to him/herself or to site personnel, assist staff in controlling the student with the minimum use of force.
5. If a crime has not occurred and the situation is not a law enforcement problem, the student should be removed from the school site as quickly as possible.
6. Site administrators are to consider the following actions:
 - a. Call parents or guardians to remove the child immediately.
 - b. If parents or guardians are unavailable or unable to respond in a reasonable period of time, consider transporting the student to a responsible adult as soon as possible

Several transportation options are:

- 1) Site personnel transports the student.
 - 2) School Safety staff transports the student. If this option is used, site staff will accompany School Safety personnel during the transport.
 - 3) Law Enforcement transports the student.
7. When the incident has been concluded, site staff will file a mandatory Incident Report with Attendance Services. School Safety staff will file a detailed Incident Report. If law enforcement action has been taken, appropriate report numbers will be detailed in these reports.

A. Other Agencies Who May Notify School Sites:

1. LBUSD School Safety Branch
2. Police/Sheriffs
3. Long Beach/L.A. County Fire Departments
4. Air Quality Management District
5. Other emergency service entity/agency

B. Area Lockdown Procedure

1. All schools within a specific area perimeter identified.
2. All schools within police/sheriff geographical reporting districts.
3. Schools likely to be affected by conditions (i.e. down wind from haz-mat spill).
4. Schools in attendance area of event/emergency
 - a. Children who live within perimeter area
 - b. Children bussed into or out of perimeter area
 - c. Children who attend school in perimeter area

III. LOCKDOWN RESPONSIBILITY**A. School Sites Involved in Lockdown will:**

1. Implement Incident Command System.
2. Protect students, staff and facilities.
3. Prepare for instructions on student security.
 - a. Receiving school is always responsible for the student until they reach home.
4. Prepare for instructions on student movement .
 - a. Receiving school may be requested to staff sending school during a lock-down event to release students to responsible adults.
 - b. Receiving school may be directed to bus students out of a lockdown perimeter by the Transportation Branch.
5. Sending schools may receive bussed students during a lockdown.
 - a. Students will be held until released by the Transportation Branch.
 - b. If additional staff is necessary, receiving schools will be contacted.
 - c. If further staffing is necessary, a "Safety Team" will be activated.

B. School Safety and Emergency Preparedness Division will:

1. Provide communication between all agencies during lockdown.
2. Provide assistance to any agency or school site during lockdown.
3. Provide windshield survey checking all schools in lockdown area when needed.

C. Transportation Branch will:

1. Activate a Department Operations Center to coordinate student movement.
2. During a hostile moving event, busses will park and "Shelter in Place" or go to nearest school site.
3. During a major event or disaster, the receiving school will be notified to:
 - a. Hold students until directed to release.
 - b. Release students to Transportation Branch to be bussed to sending school.
4. Kindergarten classes may be held at the receiving school until an area lockdown is cleared.
5. Advise all agencies of attendance area and bus routes.
6. Provide on-site instruction and direction and windshield surveys of situations.

9.111 EMERGENCY PROCEDURE FOR SCHOOL-SITE SHOOTINGS

Recent events involving shootings on school campuses have increased awareness of the potential threat that exists on every school campus throughout the United States. Although the possession of firearms on or around our schools is relatively rare, the increase in firearm availability and the rise in violence as a means of dealing with everyday social problems dictates the need for a procedure to deal with violent events of this nature.

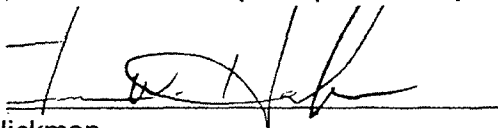

A. If a Shooting Occurs:

1. **CALL 911.** Identify your school site and exact location. Remain calm and answer the operator's questions.
2. Instruct students to drop to the ground immediately, laying face down as flat as possible. If within 15-20 feet of a safe place, cover, duck and run to it.
3. Move or crawl away from gunfire, utilizing obstructions between you and the gunfire. Be aware that many places you hide behind may not be bulletproof.
4. Go inside or behind a building and stay down.
5. When you reach a location of relative safety, stay down and do not move. Do not raise your head in an effort to see what is happening.
6. If possible, notify the school principal of the situation.
7. Wait and listen for directions from law enforcement officers.

B. If Suspect is Outside:

1. Duck and cover. Keep students inside the classroom and down on the floor. Move behind available cover inside the classroom.
2. Close and lock the classroom door if possible. Do not peek out the door or windows to see what is happening.
3. If possible, call the school principal and report location of the assailant.

Standard Operating Procedure (S.O.P.)

9.121 GUIDELINE FOR BARRING DISRUPTIVE PERSONS FROM SCHOOL SITES

The following guideline is prepared to assist site administrators in dealing with disruptive persons who interfere with the normal course of business at school sites. Numerous laws and regulations give the site administrator the absolute right to insist on good order on their campus. This guideline lists the steps necessary to bar disruptive persons from the campus.

Definitions:

Common Area - A legal term to define where routine business is conducted in the school office. The common area would include the walkway to the office from the sidewalk and the area at the counter in the office. The common area does not include any offices behind the counter such as the principal, nurse or counselor's office. This area was defined to separate a common area (the office) from those areas where the educational process takes place (classrooms, hallways, auditoriums, cafeterias, etc.). An officer will use different probable cause for arrests in "common areas" than that used in "educational areas".

Posting - A legal term requiring all schools to post certain information in a place where people can see the posted signs from the sidewalk. Schools are required to post certain instructions, such as "behavior that is legal on campus" and "instructions to all visitors to report to the office before conducting business on the site". The Maintenance Branch Paint Shop has appropriate approved signs available for "posting".

A. Important facts to remember are:

1. No person has the right to interfere with the orderly delivery of instruction.
2. Parents and guardians have a constitutional right to participate in the education of their children.
3. A parent's right is at all times tempered with the need to preserve order and tranquility at their children's school.

B. Parents and guardians who have been restricted from their children's school site can only legally remove children for the following reasons:

1. Disciplinary situations
2. Medical attention
3. Family emergencies

The restricted parents/guardians can only enter the "common area" or school office to request release of their children. They will not be allowed in other areas of the site.

C. In all cases of conflict, the District desires a positive outcome for all parties involved. If a parent/guardian or other person causes a systematic disruption of the educational environment, their access onto the school site will become limited and/or restricted. Administrative authority to restrict access is clearly identified in the California Education and Penal Codes.

The following are general guidelines for dealing with parents/guardians who are disruptive to the educational process on school sites. Although other individuals can be disruptive at times, parents/guardians usually cause the most problems.

1. When staff reports that a person is disruptive to the educational environment, that person should be **immediately** escorted to the school office. The school office is considered a "common area" where public business is conducted. An administrator will talk to the reported offender to determine if a productive solution can be found for the problem. The school's "Visitor Log-In Book" should be checked to see if the individual signed in. If not, the disruptive person will be informed that **all visitors to the campus are legally required to report to the office** prior to entering the campus for any reason. This discussion should be conducted as firmly as possible to convince the person that any disruption will not be tolerated.

In all cases, if the disruption is extreme or involves any threat of violence, the School Safety Division Communications Center should be called immediately at extension 8101. Also, if appropriate, call local law enforcement at 911. An Incident Report about the problem **will** be filed by the site administrator.

If the situation is not resolved on the first encounter, documentation will be prepared to track the problem behavior. This documentation is essential should the problem escalate and enforcement action (**an arrest**) is necessary. The administrator will consider some of the following steps as he/she attempts to resolve the problem.

- a. Meet with the parent/guardian and school staff and attempt to resolve the problem. Set up a specific set of guidelines to govern behaviors while the person is on campus.
- b. Consult with the School Safety Division regarding the behaviors exhibited by the disruptive person. By making the School Safety Division aware of the situation, it helps guarantee a more rapid response if there are continuing problems.
- c. Send a "**stay away letter**", or legally described "**626 letter**", which is designed to require a meeting prior to the disruptive person being allowed back on the school site. A sample of this letter is attached to this S.O.P. Send copies to the Superintendent, appropriate Deputy/Assistant Superintendent, Legal Services Advisor and Chief of School Safety. The meeting required in the "626 letter" process accomplishes the following objectives:
 - (1) Requires the person to always report to the office, sign in and contact an administrator prior to conducting business at the site. Remember the office is a "common area" for conducting business.
 - (2) Forbids the person from going directly to a classroom or playground without being escorted.
 - (3) Discusses the specifics of the person's disruptive behavior and advises them that they can be **arrested** for violations of Section 626 of the Penal Code.
 - (4) In cases of extremely disruptive behavior, a monitor from the School Safety Division may be assigned to assist the disruptive person with their interaction at the school site.
 - (5) The 626 letter is canceled in 14 days. This legal mandate does not relieve the disruptive person receiving the letter from obeying some fundamental rules and conditions of access after the 14 days. These would include:
 - (a) Required reporting to the office or "common area" to sign in prior to conducting business on site.
 - (b) Calling and making an appointment prior to arriving on site.

- (c) Never going directly to a classroom or playground without an escort. Remember outside of the office is not a "common area". Thus, a classroom or auditorium is not a "common area" and the offender can be forbidden access to this area.
 - (d) All behavior while at the school site must be appropriate as defined by the site administration.
- (6) The 626 letter is one of the last efforts made by staff to avoid possible stricter enforcement action (**arrest**).
3. If all efforts have been unable to resolve the behavior, then the appropriate Assistant/Deputy Superintendent Office should be notified. The Legal Services Office should be contacted only with prior approval of the Assistant/Deputy Superintendent.

Please consult with the School Safety and Emergency Preparedness Division at ext. 8203 for further assistance and/or information.

The following California Code Sections will help you evaluate the extent of your authority when dealing with a disruptive person.

Education Code:

- 32210 – Disturbing schools
- 32211 – Trespassing (school access)
- 44810 – Person on school grounds, 16 or older, willful interference

Penal Code:

Re: Disruptive Conduct at _____ School on _____ (Date)

Dear _____ of _____
Disruptive Parent/Person Name(s) of Student(s)

On (date and time of disruption), your actions disrupted the educational environment of (name of school). You were (describe as specifically as possible):

1. Rude and annoying during a phone call (describe behavior/language on phone).
2. Rude, loud and disrespectful on the campus (describe behavior/language). Remember "common area" definition. Probable cause for arrest is different in the "common area".
3. Using vulgar unacceptable language to students and staff (describe).
4. Confrontational and challenged people to fight with you (describe).
5. Slammed doors or caused damage to the site and LBUSD property (describe).
6. Appeared to be under the influence of drugs or alcohol.

Your conduct is a continuation of incidents which are unacceptable for the peaceful educational environment of (name of school). School administrators have attempted to assist you with resolving the problems. However, your conduct has reached a point where it can no longer be tolerated. Students and staff have witnessed your behavior and heard your language as you were in close proximity to them.

Based on the above information, I am withdrawing your permission to be unsupervised while at (name of school). Until further notice, you will be required to report to the office and to be accompanied by school staff while at (name of school). I will meet with you to discuss this matter. Please make an appointment by calling the school secretary at (school phone number) to meet with me to discuss this matter.

Hopefully, a resolution can be reached to stop your disruptive behavior and allow you normal access to (name of school). This is in the best interest of both you and your children.

Should you choose to violate this notice, you will be subject to criminal charges which may be filed under California Penal Code Sections 415.5 and 626 and following. These charges could result in your arrest for violations of the Penal Code.

Sincerely,

School Principal

9.123 REPORT OF ASSAULT ON SCHOOL EMPLOYEE BY STUDENT

- A. A school district employee who is assaulted by a student must do the following as soon as possible:
 - 1. Report the incident to the school principal or site administrator.
 - 2. Call the LBUSD School Safety Communications Center at ext. 8101.
 - 3. Call their local law enforcement agency (phone numbers are listed below).

- B. Education Code Section 44014 (a) states in part that "Whenever any employee of a school district...is attacked, assaulted or physically threatened by any pupil, it shall be the duty of the employee, and the duty of any person under whose direction or supervision the employee is employed...who has knowledge of the incident, to promptly report the incident to the appropriate law enforcement authorities of the county or city in which the incident occurred. Failure to make the report shall be an infraction punishable by a fine of not more than one thousand dollars (\$1,000.00)."

- C. The report to law enforcement is mandatory. Compliance with school procedures does not exempt a person from making a report to the local law enforcement. No sanctions shall be taken against any employee for reporting the incident. It is a misdemeanor for any school district employee to impede the making of such a report. Whether or not the employee presses charges is a separate issue to be decided by the employee.

- D. The appropriate law enforcement agency to be called is based on the location of the incident, as follows

The definition of sexual harassment includes many forms of offensive behavior.

Department of Fair Employment and Housing

An employer might avoid liability if

- the harasser is not in a position of authority, such as a lead, supervisor, manager or agent;
- the employer had no knowledge of the harassment;
- there was a program to prevent harassment; and
- once aware of any harassment, the employer took immediate and appropriate corrective action to stop the harassment.

Filing a Complaint

Employees or job applicants who believe that they have been sexually harassed may file a complaint of discrimination with DFEH within one year of the harassment.

DFEH serves as a neutral fact-finder and attempts to help the parties voluntarily resolve disputes. If DFEH finds sufficient evidence to establish discrimination occurred and settlement efforts fail, the Department may file a formal accusation. The accusation will lead to either a public hearing before the Fair Employment and Housing Commission or a lawsuit filed by DFEH on behalf of the complaining party.

If the Commission finds that discrimination has occurred, it can order remedies including:

- Fines or damages for emotional distress from each employer or person found to have violated the law
- Hiring or reinstatement

- Back pay or promotion
- Changes in the policies or practices of the involved employer

Employees can also pursue the matter through a private lawsuit in civil court after a complaint has been filed with DFEH and a Right-to-Sue Notice has been issued.

Sexual Harassment

The Facts About Sexual Harassment

The *Fair Employment and Housing Act* (FEHA) defines sexual harassment as harassment based on sex or of a sexual nature; gender harassment; and harassment based on pregnancy, childbirth, or related medical conditions. The definition of sexual harassment includes many forms of offensive behavior, including harassment of a person of the same gender as the harasser. The following is a partial list of types of sexual harassment:

- Unwanted sexual advances
- Offering employment benefits in exchange for sexual favors
- Actual or threatened retaliation
- Leering; making sexual gestures; or displaying sexually suggestive objects, pictures, cartoons, or posters
- Making or using derogatory comments, epithets, slurs, or jokes
- Sexual comments including graphic comments about an individual's body; sexually degrading words used to describe an individual; or suggestive or obscene letters, notes, or invitations
- Physical touching or assault, as well as impeding or blocking movements

The mission of the Department of Fair Employment and Housing is to protect the people of California from unlawful discrimination in employment, housing and public accommodations, and from the perpetration of acts of hate violence.

Employers' Obligations

All employers must take the following actions against harassment:

- Take all reasonable steps to prevent discrimination and harassment from occurring. If harassment does occur, take effective action to stop any further harassment and to correct any effects of the harassment.
- Develop and implement a sexual harassment prevention policy with a procedure for employees to make complaints and for the employer to investigate complaints. Policies should include provisions to:
 - Fully inform the complainant of his/her rights and any obligations to secure those rights.
 - Fully and effectively investigate. The investigation must be thorough, objective, and complete. Anyone with information regarding the matter should be interviewed. A determination must be made and the results communicated to the complainant, to the alleged harasser and, as appropriate, to all others directly concerned.
 - Take prompt and effective corrective action if the harassment allegations are proven. The employer must take

appropriate action to stop the harassment and ensure it will not continue. The employer must also communicate to the complainant that action has been taken to stop the harassment from recurring. Finally, appropriate steps must be taken to remedy the complainant's damages, if any.

- Post the Department of Fair Employment and Housing (DFEH) employment poster (DFEH 162) in the workplace (available through the DFEH toll-free number [800] 884-1684 or web site).
- Distribute an information sheet on sexual harassment to all employees. An employer may either distribute this pamphlet (DFEH 185) or develop an equivalent document that meets the requirements of Government Code section 12950(b). This pamphlet may be duplicated in any quantity. **However, this pamphlet is not to be used in place of a sexual harassment prevention policy, which all employers are required to have.**
- All employees should be made aware of the seriousness of violations of the sexual harassment policy. Supervisory personnel should be educated about their specific responsibilities. All employees must be cautioned against using peer pressure to discourage harassment victims from complaining.

- A program to eliminate sexual harassment from the workplace is not only required by law, but is the most practical way for an employer to avoid or limit liability if harassment should occur despite preventive efforts.

Employer Liability

All employers, regardless of the number of employees, are covered by the harassment section of the FEHA. Employers are generally liable for harassment by their supervisors or agents. Harassers, including both supervisory and nonsupervisory personnel, may be held personally liable for harassing an employee or coworker or for aiding and abetting harassment.

Additionally, the law requires employers to take "all reasonable steps to prevent harassment from occurring." If an employer has failed to take such preventive measures, that employer can be held liable for the harassment. A victim may be entitled to damages, even though no employment opportunity has been denied and there is no actual loss of pay or benefits.

In addition, if an employer knows or should have known that a nonemployee (e.g. client or customer) has sexually harassed an employee, applicant, or person providing services for the employer and fails to take immediate and appropriate corrective action, the employer may be held liable for the actions of the nonemployee.

Child Abuse Reporting Requirements

Effective January 1, 1985, all school employees must acknowledge that they are aware of the provisions of Section 11166 of the California Penal Code. This section requires: Any child care custodian, medical practitioner, non-medical practitioner, or employee of a child protective agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been victim of child abuse to report the known or suspected instance of child abuse to a child protective agency and to prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.

"Child care custodian" includes teachers, administrative officers, supervisors of child welfare and attendance, or certificated pupil personnel employees of any public or private school; administrators of a public or private day camp; licensed day care workers; administrators of community care facilities licensed to care for children; head start teachers; licensed workers or licensing evaluators; public assistance workers; employees of a child care institution including, but not limited to, foster parents, group home personnel, and personnel of residential care facilities; and social workers or, probation officers.

"Medical practitioner" includes physicians and surgeons, psychiatrists, psychologists, dentists, residents, interns, podiatrists, chiropractors, licensed nurses, dental hygienists or any other person who is licensed under Division 2 (commencing with section 500) of the Business and Professions" Code:

"Non-medical practitioner" includes state or county public health employees who treat minors for venereal disease or any other conditions; coroners, paramedics; marriage, family or child counselors; and religious practitioners who diagnose, examine or treat children.

Section 11172 (b) of the California Penal Code requires:

Any person who fails to report an instance of child abuse which he or she knows exists or reasonably should know exist, as required by this article, is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than one thousand dollars (\$1000) or both.

It is the responsibility of the employee to report suspected or actual child abuse in accordance with district procedures designed to facilitate the reporting process developed in the Long Beach Unified School District. These procedures are outlined in the Deputy Superintendent's bulletin "Reporting Suspected Child Abuse" dated September 1997. Employees should contact their immediate supervisor for further information.

GENERAL SAFETY RULES

1. All games should be approved and played in appropriate areas.
2. Children should always stand clear of red marked danger areas near softball diamonds when a game is in progress. (Do not throw bats!)
3. All games should be appropriate to the grade level of the participants (e.g. softball is not recommended below the fourth grade).
4. All playground activities must be supervised.
5. The best safety policy is good instruction and supervision.
6. Bicycles must be "walked" across the grounds, no part of the body touching the bike except the hands.
7. Bicycles must be parked in racks and locked. Children should not play around the racks.
8. Climbing is not permitted on tables, benches, buildings, trees, installations or fences.
9. Dogs are not allowed on the playground. Send for the custodian.
10. Red Lines – Children should stand clear of the red marked danger areas near the ball diamond when a game is in progress.
11. Red and Yellow Lines – Children should not play between the red or yellow restraining lines and the building.
12. Roller skates. tricycles. scooters. skateboards. anything with wheels are not to be used on playground. They will be put in ball shed until child leaves.

As stated earlier these are general rules. Specific rules for each school should be obtained from each principal and followed closely.

SUGGESTIONS FOR TEACHERS

1. Everyone connected with the school (teachers, aides, VIPS, recreation leaders, etc.) should follow the same safety rules.
2. Assemblies on safety are beneficial. The video "Playing it Safe" should also be shown.
3. Walk your class through a safety course on the playground.
4. Remember the best safety policy is good instruction and constant review of playground rules.

EQUIPMENT SAFETY RULES:

Upper Body Apparatus – Straight or Curved Design [Equipment designed to support a child by the hands only (e.g., Sky Wheels, Horizontal Ladders, Horizontal Loop Ladders, Serpent Trek Ladders, Horizontal Rail, Trapeze Ring Ladders, etc.)]

Should:

- Proceed in the same line of direction when traveling across the equipment.
- Wait to start until the prior user is halfway across the equipment.

Should Not:

- Sit, stand, walk or climb on the top of the apparatus.
- Play on the surface under the structure.

Upper Body Apparatus – Circular Design [Equipment designed to support a child by the hands only (e.g. Orbit Ladder, Wild Goose Loop Ladder, Wild Goose Trapeze, etc.)]

Should:

- Proceed to the right (all users will be moving counter-clockwise).
- Wait to start until the prior user is halfway to the next exit/entry point.

Should Not:

- Sit, stand, walk or climb on the top of the apparatus.
- Play on the surface under the structure.

Climbers with Slide Poles:

Should:

- Have both hands in contact with the climber.
- Grasp the slide pole with both hands before beginning to move off of the take-off platform.
- Keep both hands/arms and legs wrapped around the pole during descent.
- Wait until all prior users have cleared the area before sliding down the pole.

Should Not:

- Hang by the knees, stand on the top, or jump from the climber.
- Interfere with other users while climbing.
- Interfere with other users who are sliding down the poles.
- Run or play games, such as chase, tag, or train, on or under the climber.
- Play on the surface within the climber or near the base of the slide poles.

Slides:

Should:

- Climb up the ladder, one step at a time, one child at a time.
- Slide down in a seated position, feet forward.
- Line up at the base of the ladder, one child on the ladder at a time.

Should Not:

- Play under the slide structure.
- Use the slide as a climbing structure.
- Hang feet over the side of the slide.
- Slide down in any other position than seated, facing forward.
- Place objects or materials on the slide, such as toys or sand.
- Use jackets or other clothing items as toboggans to increase speed of descent.
- Walk up the slide chute.

Chin Bars:

Should:

- Grasp bar with both hands
- Use overhand, reverse or mixed grip.
- Conduct pull-ups, chin-ups

Should Not:

- Stand on the bars or attempt to jump from them.
- Hang by the knees or perform "death drops" or other stunts where the hands are not in contact with the bar.

Horizontal Bar (less than 45 inches above the surface protection material):

Should:

- Stand facing the bar, grasp it and turn forward.
- Place one leg over the bar, grasp the bar, and turn forward or backward.
- Straddle the bar, grasp it and turn in either direction.

Should Not:

- Sit on the bar in a straddle position only.
- Stand on the bar.
- Hang by the knees or perform "death drops" or other stunts where the hands are not in contact with the bar.

Geodesic Dome Climber —_Note: Restrict use to fourth and fifth grade students

Should:

- Have at least two body parts (one of which must be a hand) in contact with the climber at all times.

Should Not:

- Swing or drop from any spot above the painted red line (fourth horizontal bar).
- Push others or wrestle while on the dome.
- Stand on the top bars of the dome.
- Play running games, such as chase, tag or train, on or under the climber.
- Play on the surface under the dome.
- Play "King of the Hill."

GAME SECTION

BAT AND BALL

1. Balls should be kicked only where ample space is available. Kicking is restricted to the utility or soccer ball only.
2. Volleyballs, basketballs, and red rubber bounce balls are not to be kicked. They are to be used in the appropriate games.
3. Bat handles are to be taped. Bats must be watched for cracks and worn places. (Test the bats periodically for cracks).
4. Bats are not to be swung except in approved areas
5. Bats are not to be thrown. (Show students the proper way to drop the bat before running the bases.)
6. Masks must be worn by the person catching or umpiring behind the batter.
7. Umpires should stand behind the pitcher.

GAMES

DEFINITION

Games of low organization or those games requiring little, if any, organization, or games that can be presented quickly with minimal instruction.

FOUR SQUARE RULES

Skills to be developed:

To bounce serve a ball
To return a ball after it has bounced once in a square

Supplies: Volleyball or 9 inch rubber ball

Area: Four squares court ® as indicated above

Number of Players: 4 players, one for each square. Not more than 2 players should wait for a turn on any court.

Rules:

1. The object of the game is to advance to square A and stay there as long as possible.
2. The rotation of players is from D to C to B and finally to A.
3. The game is always started by D who bounce serves the ball to any one of the other players. The serve may be made with one or both hands. If the serve is unsuccessful, the player is "down" (goes out of the game).
4. The player whom the ball was served returns the ball to any of the other three squares after one bounce.

5. The play is continued until a player commits one of the following violations:
 - a. The ball lands on a line or out of the court area.
 - b. The ball is hit with the fist.
 - c. The ball hits a player in another square. In this case the player who is hit down, and not the player who served the ball.
 - d. Momentarily holds the ball (stickies).
6. When play is stopped because of a violation, the player committing the violation goes down to D, while the other players move up in regular rotation. When the violation is on player D, he/she is out of the game and takes his/her place at the end of the waiting line. The first person in the waiting line becomes the player in square D.
7. Scoring: None.

Teaching Suggestions:

1. Players should use the underhand toss rather than the bounce serve when learning the game.
2. Caution children not to hit the ball hard. Emphasis should be on placement.
3. Children should not form teams while playing.

Game Variations:

1. When a player commits a violation, he/she goes only to the next lower square instead of going to square D.
2. Any player committing a violation, he/she goes to the end of the waiting line. All other players move one position forward. This variation is recommended when more than two players are waiting to play.
3. All players must serve and play the ball to the next higher square.

Thus, the ball goes from D to C, to B, to A, to D, etc.

4. A player may not return the ball to the square from which it came.
5. Sixth grade children may volley the ball from player to player without allowing it to touch the ground.

(Above rules adapted from Four Squares Rules, p. 241-2, Physical Education Teaching Guide, Grades 3, 4, 5, 6; Los Angeles City Schools.)

KICK BALL RULES

Number of Players: Two teams with 10 or fewer players on each team (no less than eight).

Rules:

1. Both feet must be within the restraining square. The plant foot must be inside the restraining square at all times.
2. The players on the kicking team should be numbered consecutively and sent to kick in that order.
3. The kicking team:
 - a. Remains seated on the kicker's bench outside of diagonally marked red safety zone, or remains behind the red-painted 4" safety line and off the playing field.
 - b. Kicking rotation continues each inning where it left off the previous inning.
 - c. Team may only kick through order once per inning or 3 outs, whichever comes first.
4. The kicker:
 - a. Stands anywhere within the kicking restraining square and tries to kick any ball that rolls into the kicking zone.
 - (1) The ball is delivered by the pitcher while standing on the pitching line.
(Summer rule only – each coach will pitch to their own kickers.)
 - b. Goes to first base when he/she kicks a fair ball.
 - c. Is out when he/she:
 - (1) Is thrown out at first base.
 - (2) Is tagged with the ball before reaching first base.

Note: A fielder may not throw the ball at the runner in an attempt to put him/her out.
 - (3) Kicks a fair or foul ball that is caught on the fly.
 - (4) Does not have supporting foot inside the kicking zone while kicking.

- (5) Fads to kick a ball in play after four (4) pitches.

5. The base runner:

a. When traveling the bases:

- (1) May advance to the next base (at his/her own risk) after a fly ball is caught.
- (2) Must advance to the next base when forced to do so by the kicker becoming a base runner.
- (3) May advance only one base on an overthrow (at his/her own risk).
- (4) No stealing allowed.

b. Is out when he/she:

- (1) Leaves the base before the ball is kicked (no lead offs).
- (2) Is forced to run to the next base and does not arrive before a fielder with the ball in his/her possession touches the base.
- (3) Leaves the base before a fly ball is caught and a fielder tags him/her or that base before he/she returns.
- (4) Is hit by a "kicked" ball.
- (5) Intentionally interferes with a member of the fielding team in the act of recovering the ball.
- (6) Is tagged by a fielder with ball in his/her possession when off base.
- (7) Fails to touch base while running and the fielder tags him/her or that base before he/she returns.
- (8) Passes another base runner.

6. The defensive team:

- a. May play 10 fielders.
- b. Must remain behind the defensive restraining line until the ball is kicked.
- c. Each player must play at least one inning defensively in the field.

7. Length of the game:

- a. Five innings, or one hour. The game may be terminated at any time by mutual agreement of coaches.
- b. When there is not sufficient time to play a complete game, the score reverts to the last complete inning score (the score after both teams have been up the same number of times).

8. Scoring:

A run is made by the kicking team each time a member of that team circles the bases and returns home safely.

Note: Refer to the Official Softball Rules in Situations not covered by the above.

TETHERBALL RULES

EQUIPMENT

The tetherball pole should be ten feet in height. On the top of the pole a three and one-half foot chain should be attached. A snap hook should be fastened to the end of the chain in order that the tetherball, on a three and one-half foot rope, may be easily removed. The tetherball, now hanging on a chain and rope, should be at least three feet above the ground.

NOTE: For primary grade use, the rope may be extended so that the bottom of the ball hangs two feet six inches above the ground.

COURT

The court is a circle twenty feet in diameter crossed by two lines which meet at the center at an angle of sixty degrees (see diagram).

PLAY

The player who serves first is chosen by lot. After the first game the winner serves first. One player stands in each playing zone. The server starts the game by tossing the ball into the air and striking it with his/her hand or fist in the direction he/she chooses. His/her opponent may not strike the ball until it passes him/her on its second swing around the pole. As the ball travels, each player tries to hit it in an effort to wind the rope completely around the pole. The player, who first winds the rope completely around the pole above the foul line and in the direction of his/her play, wins the game. During the game each player must remain in his/her own playing zone.

FOULS The following are fouls:

1. Hitting the ball with any part of the body other than the hands or forearms.
2. Stopping continuous play by holding or catching the ball.
3. Touching the pole with any part of the body.
4. Interfering with the progress of the game by hitting the rope with forearm or hands.
5. Playing the ball while standing outside of the playing zone.
6. Stepping on the neutral zone lines.

7. Throwing the ball.
8. Winding the ball around pole below foul mark (five feet above ground).

Note: It is recommended that this rule not apply to primary children playing tetherball.

SCORING

The game is won by the player who first winds the rope completely around the pole or by forfeit because of a foul committed by his/her opponent.

PENALTY

A player who commits any of the fouls listed above forfeits the game to his/her opponent. Play stops immediately after a foul has been committed.

VARIATIONS

In team play with eight or fewer on each team player is allowed to hit the ball five times. A point is scored by the team whenever a member wraps the rope completely around the pole. The member of the other team then puts it back into motion by hitting it. An umpire should keep an accurate account of the times the ball is hit by each player.

A set consists of winning four out of seven games.

HANDBALL RULES

THE GAME

Handball is played by striking a ball with the hand so that it hits a wall or walls. The front wall is the main playing surface. The ball is hit alternately by opposing players or players on opposing doubles teams. On all points, the ball must hit the front wall, regardless of what other walls it hits, and must be returned by the opponent before it strikes the floor the second time. Points are scored only by the server. The first to score 21 points win the game. Two, three, or four people can play in singles, three-handed, or doubles competition.

THE ONE-WALL GAME

In elementary schools, the one-wall singles game is recommended. The basic rules are:

1. The server must stand in the serving zone while serving. He/she must not step over the short line, the service line, or the sideline. (See the diagram.)
2. The server must bounce the ball on the floor within the serving area and hit it on the first bounce.
3. When served, the ball must first strike the front wall and then bounce over the short line within bounds. On the line is considered in bounds.
4. A served ball that does not rebound past the short line or lands on the short line is called a short and is not in play.
5. A served ball landing beyond the back line but inside the sidelines is called a long.
6. Two successive shorts or a short and a long, or two successive longs constitute a handout and loss of service.
7. If a served ball goes out of bounds, a handout results and service reverts to the opponent.
8. The receiver may not return a long or a short.
9. In doubles, the server's partner must stand outside the sidelines until the ball is served.
10. Players may strike the ball on the fly or first bounce. A failure to do so or to comply with the other requirements noted above – results in either loss of service or loss of a point.
11. Interference is called a hinder and results in the point being played over. This also occurs when a player is hit by the ball

FUNDAMENTALS

There are three basic shots in handball: the overhand shot used for lobs, the sidearm shot used for passing an opponent, and the underhand shot used for killing the ball.

The only equipment needed is a wall or two and some old tennis balls. Gloves are not necessary, but they may be made out of socks. To do this, simply have the students cut their socks so that there is a hole for the thumb and a large hole for the fingers. The sock covers only the palm of the hand and the base of the fingers.

TECHNIQUES AND PRINCIPLES OF GOOD PLAYGROUND SUPERVISION:

1. Be concerned for the safety and welfare of all children of the school.
2. Keep your eyes open for strangers on the playground.
3. Know hazards to watch for on the playground.
4. Know procedure to follow in case of injury or accident.
5. Help organize activity for safe and enjoyable experience.
6. Use pupil leaders to assist.
7. Be aware of the entire area and all pupils on it.
8. Do very little "visiting" with other aides and children while on duty.
9. Use the perimeter system of supervision; i.e. circulate around the area assigned to you.
10. Use the whistle when necessary.

MONITORS The extent pupil leadership should be used in aiding supervision are up to the principal. Monitors have been used for:

1. Control of waiting lines of cafeteria and milk window.
2. Special cafeteria duty.
3. Checking the clean up of lunch tables and areas.
4. Helping to enforce safety rules.
5. Checking out and returning supplies used for the play period.
6. Umpiring, keeping score of coaching.

DISCIPLINE On a playground where equipment is ample and activities are varied there are few problems. Every effort should be made, however, to understand the occasional "problem child". His/her background should be studied. There may be some unknown reason why he/she does not adapt. Some children get little sympathy or understanding at home. Some are carrying burdens too heavy for them. Ask his or her teacher if there is a problem.

Cases of unusual behavior should be reported to the teacher and the principal.

Two things should be remembered about discipline: Be consistent and follow through! Consistent discipline gives the child a sense of security. Enforcement one day and laxity the next gives the child a feeling of not knowing just where he/she stands. Follow through – it isn't enough that the child knows the safety rules; the recreation leader or aid MUST see that they are obeyed. A rule that is not enforced is worse than no rule at all. REMEMBER – BE FAIR, FIRM AND CONSISTENT.

UNDER NO CIRCUMSTANCES IS A CHILD TO BE STRUCK OR DISCIPLINED THROUGH PHYSICAL MEASURES BY A RECREATION LEADER OR AIDE. That doesn't mean, however, that a persistent safety rule violator or constant "annoyer" can't be isolated for a while until he/she learns to conform. Take such a

case up with the principal and follow his/her instructions.

UNDER NO CIRCUMSTANCES SHOULD A RECREATION LEADER OR AIDE EVER DISCUSS A CHILD'S BEHAVIOR WITH A NEIGHBOR OR ANOTHER PARENT.

The noon hour should be a relaxed and happy time for the children. They should never be made to feel that those who supervise them are doing police duty. Enforcing discipline is a part of the job yet involving the children in safe recreational activities is the goal. Explain why he/she cannot do something.

Children enrolled in Special Education classes should receive no preferential treatment. They are to be integrated into the playground activities and the discipline will be the same unless otherwise notified by their own teachers. Usually these teachers are already on the playground supervising these students. The classroom teacher's aide should be on playground duty with their special education class if the teacher is not available.

PROGRAM

In schools with large enrollments, definite play areas and play activities for each grade or groups of grades may be set up daily or weekly. In small schools play areas may be assigned, but the child is free to choose his/her own activity. The directive will come from the principal and the recreation leader and aides should follow through with the established school program. It is important that each school has a special discipline plan and it is important that the recreation leader/aide familiarize themselves with the school plan and is consistent in its implementation.

Some general suggestions:

1. Secure a copy of the school's special playground rules and regulations and know them.
2. Become familiar with the proper usage of the slide, jungle gym, horizontal ladder, bars, rings, sandbox, climbing trees; i.e., (a) who may use them, (b) how many on a given apparatus at a time.
3. Become familiar with the official rules for Tetherball, Four Square and other games.
4. When disputes arise over child-made rules, always go back to official rules.
5. Do not allow random running and chasing.
6. Endeavor to get the children into organized activities.

Second and third graders enjoy Circle Dodge Ball, but second graders are somewhat unable to stay organized until the second semester. During the second semester, games or kickball will hold the interest of the third graders.

If the recreation leader or aide sees a child or group of children doing nothing, he/she should suggest and help organize an activity for them to play.

For the older grades, the recreation leader/aide should check with the principal regarding the plan for play area assignments and their rotation.

See that the children walk in as soon as the bell rings. See that they leave the apparatus immediately. Running after the bell has rung should not be allowed.

Check the area — articles left on the playground; i.e., clothing, equipment, etc., should be brought into the office at the end of the lunch program.

SUPERVISION GUIDELINES

Personally

- Am I dressed neatly and appropriately?
- Am I well groomed?
- Do I have a positive, cheerful attitude?

In Fulfilling My Responsibilities

- Am I at work every day except in case of illness or emergency?
- If I have to be absent for any reason, am I thoughtful in notifying the school office as soon as possible?
- Am I on time every day?
- Do I know and follow school procedures when checking in and out?
- Do I fill out my time sheet promptly and accurately?
- Am I careful to report all accidents?
- When on duty, do I refrain from talking to other leaders and to the children except when absolutely necessary?

In My Relationship with the Children

- Am I pleasant but firm?
- Do I smile frequently?
- Am I outwardly calm when facing emergencies or excited children?
- Do I give praise for good behavior?
- Am I tactful but firm in discouraging children from hanging on me or constantly following me?
- Do I give encouragement when youngsters are striving to do well?

In Discipline

- Am I consistent?
- Am I fair and impartial?
- Do I follow through?
- Do I set realistic limits and enforce them?
- Do I anticipate situations that might cause trouble and try to prevent them?
- Am I able to take care of most discipline problems myself?
- Am I careful not to send children to the office for minor infractions?
- Have I checked with the principal regarding the method of communication he/she wishes me to use with the teachers and school office?
- Do I show good judgment in making use of referral slips or other discipline aids when placed at my disposal?

On the Playground

- Do I inspect the area and apparatus for safety hazards?
- Am I aware of the whole area and everyone on it?
- Do I circulate around the area assigned to me?
- Do I always try to face the area to be supervised?
- Do I try enforcing the safety rules to the letter?
- Am I careful not "over-use" the whistle?
- Do I suggest activities for children at loose ends?
- Do I check the restrooms periodically?

Professionally

- Do I realize the importance of my job?
- Do I keep my personal problems to myself?
- Am I careful not to use up too much time "visiting" with office personnel?
- Do I refrain from criticizing other aides?
- Do I assume responsibility for my own specific task?
- Do I realize that I am also part of a team?
- Am I careful not to discuss school problems or the behavior of children with anyone other than school personnel?

On the Playground

1. Look for good things children are doing. Praise them individually and in groups. Send commendations to their teachers. The more attention you give to good behavior, the more it will spread.
2. Noon recreation leaders or aides can take positive action to prevent general discipline problems or breakdown of playground standards when they:
 - Encourage children to play approved games.
 - Consistently encourage the following of correct rules and organization of games.
 - Encourage use of play equipment correctly and at the proper time.
3. When children are quarreling:
 - Help them retrace the problem and see how it started.
 - Help them work out a solution, which is fair to all involved.
 - When this cannot be done, send them to separate places on the playground for a "cooling-off" period. Then if you have time, try to help them before they return to class.
4. See trouble spots at a glance:
 - Note kind and quality of game being played.
 - Note activities of trouble makers (before trouble starts).
 - Check crowds.
 - Watch for safety hazards, both in play and the use of equipment.
 - Check all objects brought from home and collect those, which need to be taken out of circulation.
5. How do we anticipate problems that may arise in game supervision? Do we stop the play or re-direct the energy of the children? This requires good

judgment on the part of the recreation aide on duty. Problems or safety hazards will nearly always occur when:

- Equipment is not being shared with other, thereby causing disputes.
- Children are interfering with the games or equipment of other children or classes.
- Games involving tackling, pushing or shoving are being played.
- Games such as tag, crack the whip, etc., disrupt other playground games.
- Games that may cause injury are being played, such as "piggy backing" or wrestling.

"Chase" (a favorite game) is being played, for it usually involves refuge in the restrooms.

INCIDENT REPORTING	
Effective Date: 07.01.06	Policy # 023

Policy: Partner Agencies must complete and file an Incident Report for all incidents as indicated below. Incident Reports must be submitted to LBUSD School Safety personnel, the site principal and the WRAP Office, Partner Agencies Headquarters within 24 hours of the incident.

Occurring on a LBUSD site or Partner Agency contracted location, an incident is defined as:

1. Death or injury of staff, student or any other individual
2. Arrest of staff, student or any other individual
3. Significant crime
4. Cause for negative media attention
5. Threat to the health and/or safety of student/s and/or staff and/or any other individual.

Occurring while on a field trip, an incident is defined as:

1. Arrest of district or staff employee
2. Traffic collisions involving staff or student/s
3. Criminal activity that may disrupt district or WRAP program operations
4. Death of or serious injury to staff or student/s
5. Incidents that may attract negative media attention
6. Incidents that may result in calls to LBUSD and/or WRAP Administration or LBUSD Board Members.

Purpose: To provide immediate and accurate information to LBUSD and WRAP Administration so that appropriate follow-up action can occur.

Procedure:

1. The Incident Report is to be completed by the Site Director based upon information gathered from relevant and reliable sources.
2. The Program Coordinator distributes the completed Incident Report to the site administrator and the WRAP Office within 24 hours of the incident.

3. The Program Coordinator will immediately email (schoolsafety@lbusd.k12.ca.us) or fax (562/494-6390) the completed Incident Report to the LBUSD School Safety Division.

FIRST AID FOR MINOR INJURY	
Effective Date: 07.01.06	Policy # 025

Policy: In the event of an injury, WRAP staff will determine the type of injury. If determined to be a minor injury, the procedure for minor injury must be followed.

Minor Injuries include:

- lacerations capable of closure by simple techniques (stripping, gluing, suturing)
- bruises
- minor dislocations of phalanges
- non-penetrating superficial ocular foreign bodies
- blows to the head where there has been no loss of consciousness
- foreign bodies superficially embedded in tissues
- minor trauma to hands, limbs or feet.
- partial thickness thermal burns or scalds involving broken skin
 - (a) not over 1 inch diameter
 - (b) not involving the hands, feet, face, neck, genital areas

Purpose: To ensure that appropriate first aid actions take place to stabilize or minimize injury.

Procedure for Minor Injuries:

1. Determine the extent and type of injury.
2. Keep others away from the injured student.
3. Do not contact any bodily fluids without gloves.
4. If determined to be a minor injury, contact parent.
5. Should soap, ice or band-aides be necessary to treat injury, encourage student to self-apply.
6. Contact Site Director.
7. Complete an Injury Report form and procedures.

FIRST AID FOR MAJOR INJURY	
Effective Date: 07.01.06	Policy # 026

Policy: In the event of an injury, WRAP staff will determine the type of injury. If determined to be a major injury, the procedure for major injury must be followed.

Major injuries include:

- any fracture (including a broken, cracked or chipped bone), other than to the fingers, thumbs or toes
- any amputation
- dislocation of the shoulder, hip, knee or spine
- loss of sight (temporary or permanent)
- chemical or hot metal burn to the eye or any penetrating injury to the eye
- any injury resulting from an electric shock or electrical burn (including burns caused by arcing or arcing products) leading to unconsciousness; or requiring resuscitation; or admittance to hospital for more than 24 hours
- any other injury leading to hypothermia, heat-induced illness or to unconsciousness; or requiring resuscitation; or requiring admittance to hospital for more than 24 hours
- loss of consciousness caused by asphyxia or by exposure to a harmful substance or biological agent
- either acute illness requiring medical treatment or loss of consciousness resulting from the absorption of any substance by inhalation, ingestion or through the skin
- acute illness requiring medical treatment where there is reason to believe that this resulted from exposure to a biological agent or its toxins.

Purpose: To ensure that appropriate first aid actions take place to stabilize or minimize injury.

Procedure for Major Injuries:

1. Determine the extent and type of injury.
2. Do not touch bodily fluids without gloves.
3. If determined to be a major injury, call 911 immediately.
4. Follow any and all 911 instructions.
5. Contact Site Director (by radio, if necessary).

6. Keep others away from injured person.
7. Complete an Injury Report form and procedures.

USE OF EPI-PENS	
Effective Date: 07.01.06	Policy # 027

Policy: Each Partner Agency must have a CPR certified staff member on site at all times who is trained in the administration of the Epi-Pen. Each Partner Agency must have a policy on the use and administration of the Epi-Pen.

Purpose: To be prepared in the event that a student has a life-threatening reaction that requires the immediate use of an Epi-Pen.

Procedure:

1. If a CPR certified staff member was not trained in the administration of an Epi-Pen at the time of certification, the LBUSD will provide the required training. Contact Nursing Services (562) 997-8000 ext. 7172.
2. If possible, the parent/guardian should be contacted prior to the administration of the Epi-Pen.
3. Following the emergency use of an Epi-Pen on a student, the Site Director should be notified immediately.

MEDICATION ADMINISTRATION

Long Beach WRAP

"Winners Reaching Amazing Potential"

After-School Programs

MEDICATION ADMINISTRATION FOR PUPILS	
Effective Date: 07.01.06	Policy # 028

Policy: Partner Agencies must have a policy on administering prescribed and over-the-counter medication.

Purpose: To ensure the appropriate administration and dosage of medication to students.

Suggested Guidelines:

CA Education Code 49423 A.C. Title 17: Prescribed Medication for Pupils Medical treatment is the responsibility of the parent/guardian and family physician. The parent/guardian is urged to work out a schedule, with the help of the family physician, for giving medication at home. Medications are given at school only when it is deemed absolutely necessary by the family physician.

1. Any pupil who is required during the school day to take medication prescribed by a California licensed physician, may be helped to do so by the school nurse or another authorized school employee, if the school receives:
 - a. a written statement from the physician describing the method of administration, the amount, and the time schedule of the medication,
 - b. a written statement from the parent requesting assistance, and
 - c. medication in its original pharmacy bottle, labeled appropriately.
2. Medication orders written by a nurse practitioner (NP) or physician's assistant (PA) must have their California drug furnishing number and the name of their supervising physician included. The school must receive the original copy of medication orders that are faxed to the school within five days.
3. Any disabled student who requires medication during the school day to effectively participate in the educational program shall receive assistance from district personnel on a consistent basis (34 C.F.R. 104.33).
4. Medications are not usually carried by students, however some students may need to carry their medication:

- a. students with asthma inhalers who need their medication prior to physical education and other school sport activities,
- b. students with exquisite allergies (i.e., bee stings, anaphylaxis to food, etc.),
- c. students with diabetes who receive calculated doses of insulin throughout the day by continuous subcutaneous insulin infusion (insulin pump therapy).
- d. the student's physician must provide a written statement stating
 - e. the student must carry the medication,
 - f. the student has been trained on self administration and
 - g. the student has demonstrated proficiency and responsibility in self administration.

The school nurse will also assess the student's ability to self administer medication, and may contact the physician if there are any questions or concerns.

CA Education Code 49480: Special Pupil Medication

The parent or guardian of any pupil who is on a continuing medication program is required by law to tell the school about the medication being taken, the condition the medication is prescribed for, and the name of the supervising physician.

Parents/guardians of a child with a significant health condition should contact the school principal and school nurse at the beginning of each school year, to determine if any special arrangements are needed. With the parent or guardian's consent, the school nurse may talk with the child's doctor and inform other school staff members about possible effects of the medication on the child's behavior. **At the beginning of each school year, parents are required to provide a 3-day supply of medication for their students who take daily medication outside of school hours in case of an earthquake or other emergency situation.** Medication must be in its original, prescription bottle, and a medication permission form must be completed by the parent and physician.

MEDICATION AT SCHOOL – PARENT’S REQUEST

(A separate form is needed for each medication)

Dear Parent/Guardian,

Medical treatment is the responsibility of the parent and family physician. Medications are rarely given at school; the only exceptions involve special or serious problems where it is deemed absolutely necessary by the family physician. The parent is urged to work out a schedule, with the help of the family physician, for giving medication at home, outside school hours if possible.

The law allows for school personnel to assist in carrying out a physician’s recommendation; therefore, in the absence of the school nurse, the principal, teacher, secretary or clerk may be the person administering the medication. If medication is to be administered at school, you must provide the school with all of the following:

- 1. A written statement from the physician clearly specifying the condition for which the medication is to be given, dosage, time, and specific instructions for emergency treatment in case of an allergic reaction must be provided to the district. If a nurse practitioner (NP) or a physician’s assistant (PA) writes the medication order, their California furnishing number and the name of their supervising physician must be included.
2. The parent/guardian must sign a request for administration of medication at school.
3. Medication needs to be delivered to the school by the parent/guardian or other responsible adult.
4. Medication must be in the original pharmacy labeled container, clearly stating all prescription information (name of medication, dosage, how to be given and the time). It is suggested you request two containers from your pharmacist – one for home and one for school.
5. Original copy of a FAX order must be mailed to the school within 5 days.

Please discuss your physician’s instructions with your child so that he/she is aware of the time medication is due. In the case of a disabled student who requires medication during the school day to effectively participate in the educational program, district personnel will ensure that it is administered with assistance on a consistent basis. Please arrange with the school to pick up leftover medication by the last day of the school year. Medication(s) left at school at the end of the school year will be discarded.

THIS REQUEST IS VALID FOR THIS SCHOOL YEAR ONLY. ANY TIME THERE IS A CHANGE IN MEDICATION (name, dose, time, etc.), NEW PHYSICIAN’S AND PARENT’S REQUEST FORMS ARE REQUIRED.

PARENT/GUARDIAN AGREEMENT

I, the parent/guardian of _____, Birthdate _____ request medication be administered to my child in accordance with the physician’s written instructions on the reverse side of this form. I understand that if the school nurse is not available, other trained school personnel will administer the medication. I will notify the school immediately if I change physicians, or when the medication is changed in any way (e.g., dose, method of administration, time, etc). I also authorize, as needed, the sharing of information related to my child’s health between the school nurse and the health care provider listed on the back of this form.

INVENTORY REQUIREMENTS	
Effective Date: 07.01.06	Policy # 029

Policy: Partner Agencies must follow LBUSD policies and procedures for inventoriable and controllable property purchased with any district funds.

Purpose: To abide by The California Education Code 35168 and GASB 34, as amended by GASB 37, that mandates a physical inventory and an accounting of all district property.

Definitions:

District property is defined as any items purchased with any district funds.

Inventoriable items are defined as items that are valued at \$500 or higher and are non-consumable (LBUSD Business Department Procedures: Property Control Procedure #7-3002 dated 02/04/2003).

Procedure:

1. Partner Agencies may contact the LBUSD Purchasing Office for vendor recommendations and/or purchases.
2. LBUSD will provide Partner Agencies with inventory identification tags for all district property that meets inventoriable criteria as needed.
3. Partner Agencies must immediately match the identification tag to the appropriate item and place the tag in an easily visible location on the item.
4. Any inventoriable items that are sold, traded, returned, salvaged, scrapped or destroyed must be identified according to LBUSD property disposal requirements.
5. Any inventoriable items that are transferred to a different location must be identified according to LBUSD property transfer requirements.
6. Any inventoriable items that are lost, stolen or missing must be identified according to LBUSD unauthorized disposal requirements.
7. Partner Agencies must complete an Inventory Sheet for all inventoriable items as requested by LBUSD.

ATTENDANCE TRACKER FORMS

Effective Date: 07.01.06

Policy # 030

Policy: All Partner Agencies must accurately complete the appropriate monthly Attendance Tracker Form with all required information and submit it to the LB WRAP Program Facilitator's Office by the 7th of the following month.

Definitions/Clarifications:

Core Attendance: Programs that occur on school days while school is in session and within regularly scheduled after-school hours. Core programs do NOT include inter-session, summer or vacation days or programs/activities that occur outside of the regularly scheduled after-school hours.

- **Traditional schools:**
 - The 180 days that school is open and students are in attendance.
 - All students in the traditional school program are counted.
 - Programs or activities that occur within the regularly scheduled after-school hours.
- **Year-round schools:**
 - The 240 plus days that school is open and students in session are in attendance.
 - Only the students who are in session are counted for Core. Students who are NOT in session are counted as Supplemental.
 - Programs or activities that occur within the regularly scheduled after-school hours.

Supplemental Attendance: Programs that occur on non-school days or outside of regularly scheduled after-school hours.

- **Traditional schools:**
 - All students in all non-school program days and/or outside of regularly scheduled after-school hours can be counted.
- **Year-round schools:**

- All students who are off-track or outside regularly scheduled after-school hours and in attendance can be counted as Supplemental Attendance.
- All students who are on-track and in attendance outside of regularly scheduled after-school hours can be counted as Supplemental Attendance.
- All students out-of-session and in attendance in the morning can be counted as supplemental. If a student also attends another session in the afternoon then you can count a double session for supplemental or one supplemental session in the morning and one core session for the afternoon if it is during the normal after-school scheduled hours.

Achieving the Maximum Potential Earning Power (PEP):

- Students in the same grade level schools can be enrolled from other sites (public and private schools) for school-site or off-school site programs with the principal's approval.
- Programs can be held any day of the year, including weekends, holidays or intersession as well as outside regularly scheduled after-school hours.
- When planning for annual attendance, Partner Agencies should determine the maximum amount needed to earn for Core and Supplemental Attendance. Partner Agencies will receive only the amount of money allocated for core and supplemental. They report all students served even if they go over but there will be no compensation for additional students served if they cannot be counted as core.
- Partner agencies should calculate the number of days of operation and the number of students required each day to reach Potential Earning Power (PEP).
- Attendance Trackers over the course of 12 months cannot exceed the total amount of the Core grant OR the Supplemental grant. **Partner Agencies will not be reimbursed for extra students served if the maximum number of Core or Supplemental Attendance is exceeded.**
- Students must be tracked on the appropriate Attendance Tracker form (Core or Supplemental) provided by LBUSD.
- Double stacking sessions is allowable based on the following: The second session must be held after the first three-hour session has ended. A second session that is conducted right after or before a core session will be counted towards supplemental attendance. A second session that is conducted during the summer at a traditional calendar program school site will be counted towards supplemental attendance.
- Accuracy is imperative. Attendance Trackers should be checked and rechecked every month before being submitted to the LB WRAP Attendance Office. LBUSD will check the Attendance Tracking forms for accuracy and return them if corrections must be made. **This will delay reimbursement if the district timeline for payment is exceeded.** The LB WRAP Program Facilitator's Office for remediation will contact Partner Agencies submitting inaccurate Attendance Trackers. If any of these required items on the attendance monthly tracking

forms are found to be inaccurate, then the monthly attendance form will be considered late and payment for corresponding monthly invoices may be delayed.

Procedure:

Completing the Attendance Tracker Forms (Core or Supplemental):

Daily attendance for each student served must be recorded on a sign-in and sign-out sheet. Daily attendance sign-in and sign-out sheets will be used to record the attendance on the monthly Attendance Trackers. The Attendance Tracker forms must be completed by the Partner Agency each month. If a new person starts completing the Attendance Trackers, that person must contact the LB WRAP Program Facilitator's Office to insure proper procedures are followed. Accurately completed monthly Attendance Trackers provide effective annual evaluations at the state and federal levels and insure timely reimbursement to Partner Agencies.

It is the responsibility of each Partner Agency to make sure that the monthly Attendance Tracker Forms are accurate in regard to all information requested, including the number of students served, and the type (Core or Supplemental) of form submitted, intake dates, student ID #, grade level of students, and new students added-in and listed at the end of the reports. If any of the requested information criteria are NOT met, the Attendance Tracker will be considered **LATE** and payment for invoices will be delayed.

Using the appropriate Attendance Tracker (Core or Supplemental), the following must be completed for every year (July 1-June 30):

Site: Center where after-school program is held

For the Month of: Month of attendance

Number of Core/Supplemental attendance days: Maximum number of days that students can be in attendance for the month. The attendance goal is 100%.

Prepared by: Site Director's name (consistent every month)

Student Name: LAST name, FIRST name (spelled correctly, no nicknames)

NOTE: The EXACT order of names from month to month must be repeated, adding new students at the end of the prior month's list (by grade, last name, first name). A blank row between the prior list and the newly added students must be maintained. If a student drops from the program, that student's name must be maintained on the list using a zero (0) for attendance.

Student ID: LBUSD designated ID number (must be provided by the principal from student's attendance school at the time of enrollment). In the event that a student is from another school, the school's name must be written in the Student ID space.

Intake Date: The first day of the student's attendance

Grade: Students must be sorted by grade first, then by last name alphabetically, first name

Days of the week calendar: The coinciding day/date for the given calendar month

Total: The number of days the student was in attendance for the month

Tracking Attendance:

- Attendance should be tracked on a DAILY basis. Using the Sign-In/Sign-Out Sheets, a '1' is entered next to students who were in attendance on the given day. It will be the legal obligation of each of the Partner Agencies to safely maintain daily attendance sheets (with both sign-in and sign-out verification marked) for each student served. These daily attendance sheets must be readily accessible upon request by either LBUSD or the California State Department of Education.
- **When adding new students to the bottom of an Attendance Tracker, the following procedure must be used. Otherwise, formulas will not carry over when inserting rows:**
 - 1) When inserting a row it is necessary to do so above the Final Attendance Total row. If a row is inserted on the last total line, the column formula will not continue to carry over on new rows.
 - 2) Once the appropriate cell has been highlighted, "Insert" is selected from the pull-down menu. Then "Rows" is selected.
 - 3) Once a new row has been inserted, the total formula is copied for each new row added. In order to copy the formula, the Total Column must first be selected and then a cell with the formula chosen. The cursor is moved over to the bottom right corner of the cell where a small black cross appears. This black cross must be dragged down all new rows inserted.
 - 4) Dragging the formula down is the proper way to fill in blank Total Column cells.
 - 5) The new rows should always be double-checked to see that they are adding correctly and that the Final Total Number is adding all rows.

Questions about this process should be directed to the WRAP Attendance Office.

- At the end of the month, from the EXCEL File pull-down menu, "Save As" is selected. The month and year are entered as the file name. Then the file is saved to the Attendance Folder 200_ - 200_ (needs to be recreated at the beginning of each fiscal year).
- Attendance Trackers must be submitted electronically to the LB WRAP Program Facilitator's Office by the 7th day of the following month. A copy (cc) emailed to the person submitting the Tracker creates a record of submittal.
- After the "Save As" process is completed, the month, number of attendance days, day/dates, and attendance information from the previous month is deleted. STUDENTS' NAMES, ID NUMBERS, INTAKE DATES OR GRADE SHOULD NOT BE DELETED. This information will then not have to be re-entered every month.
- The current month's information is entered and the Attendance Tracker procedure begins again.
- Original Attendance Trackers and Sign-In/Sign-Out Sheets must be maintained for the duration of the grant period at the Partner Agency headquarters as backup documentation and can be requested for audit purposes at any time. At the end of the grant period copies of all attendance records including sign-in sheets must be provided to the school district. If a Partner Agency ends contractual services at any of the LB WRAP program sites before the end of the contract period copies of all attendance records including sign-in and sign-out sheet must be provided to the school district.

SIGN-IN/SIGN-OUT PROCEDURE	
Effective Date: 07.01.06	Policy # 031

Policy: Each Partner Agency must develop and use a Sign-In/Sign-Out Sheet that contains all required information (see below).

Purpose: To document the time of each student's arrival and departure from the Long Beach WRAP program on a daily basis.

Required Information:

One sheet per student per month that includes:

- Student Name
- ID #
- Date
- Time signed in with Program Leader signature and printed name
- Time signed out with Program Leader or parent/designee signature and printed name
- Length of time in program for the day

Procedure:

1. Every student that attends the Long Beach WRAP Program is required to be signed-in and signed-out each day or can be checked-in and checked-out each day should the student arrive late or depart early. Individuals who are twelve years old or older may sign themselves or other students out with written parent/guardian approval.
2. There must be a written record of all those that attend each day and for how long each day.
3. Current month records must be maintained at the site location and can be requested for audit at any time.
4. Past month records must be maintained for the duration of the grant period at the Partner Agency headquarters as backup documentation and can be requested for audit purposes at any time. At the end of the grant period copies of all attendance records including Sign-in/Sign-out Sheets must be provided to the school district. If a Partner Agency ends contractual services at any of the LB WRAP program sites before the end of the contract period, copies of all attendance records including Sign-in/Sign-out Sheets must be provided to the school district.

EVALUATION

Long Beach WRAP

“Winners Reaching Amazing Potential”
After-School Programs

EVALUATION	
Effective Date: 07.01.06	Policy # 034

Policy: Each of the Partner Agencies, in cooperation with their respective school administration, must distribute the appropriate surveys and collect the required data for the annual California Department of Education and local evaluation reports in accordance with established timelines (see Data Collection Schedule).

Purpose: To gather meaningful data to measure the outcomes of the 21st Century Grants.

Procedure:

Each of the Partner Agencies will be required to cooperate fully in the distribution and collection of appropriate required data for the annual CDE and local evaluation reports as required, including the following:

1. Provide accurate monthly attendance tracking forms that will reflect the names of all students served, their correct I.D. numbers, intake dates, grade levels, and the number of days that each of these student attended the program.
2. Distribute and collect provided survey questionnaires for teachers, parents and students, including the California Kids Healthy Kids Survey.
3. Assist in the organization of requested focus groups involving possible program staff, students, and parents.
4. Maintain folder that is used to contain recorded anecdotal observation comments and made available as requested by LBUSD.
5. Provide copies of all program related assessment reports that may be done separately by the contracted agency or by sub-contracted agencies.

School Administration at each of the participating school sites in the LB WRAP After-School Program will be notified by the LBUSD and required to cooperate fully in the distribution and collection of appropriate required data for the annual CDE and local evaluation reports as required, including the following:

All requested data and completed surveys and copies of other local assessments need to be turned in on time as indicated per assignment to the Grant Monitor’s office at 710 W. Spring Street, Room 18 (Birney Elementary School).

Copies of completed annual evaluation reports will be provided to all partner agencies and to appropriate LBUSD school officials.

Program Assessment

Please provide a brief description of the communities where your agency currently operates after school program(s) funded by a California 21st CCLC grant in partnership with LBUSD's WRAP program. In addition to the following questions, provide any information about students, parents and the community that you may have collected during your initial needs assessment or ongoing program development. Please indicate sources of data. If you operate programs at different sites, and the communities are very different, please describe each of the communities separately.

- a. What is the socio-economic status of the students served? _____
- b. What are the home languages of the children you serve in your program? Which home language is used by the majority of your children?
- c. What about the community guides your program development and delivery?

Based on its community assessments and district data, LBUSD's WRAP program identified the following goals for the 21stCCLC grant.

- To increase academic performance of participating students in English Language Arts and Mathematics, as measured by pre- and post-test scores in Reading and Mathematics.
- The percentage of program participants who score below proficient on CST math and English will decline
- To exceed goals for improved behavior and school day attendance among at least 75% of participants with goals defined by the consortium;
- To retain at least 75% of participating students in the after-school programs, as measured by student attendance;
- At least 70% of program participants will have positive attitudes about the program and will have improved motivation to stay in school, as measured by surveys
- At least 80% of parents will report that students' behavior has improved.
- At least 50% of parents will attend adult education, literacy classes or parenting class

The district aims to achieve these goals through the following strategies:

- Provide fun, interesting “disguised” learning activities that will also address core subjects such as math and reading;
- Focus on improving student academic performance through communication between the regular classroom teacher, and after-school program staff [you will address this below under school relationships];
- Training of after-school program staff [you will address this below under staff development];
- Family literacy programming that supports student achievement; and
- Accountability for results.

With respect to the goals and strategies for LBUSD’s 21stCCLC program outlined above:

- a. Describe ways that your agency and collaborative partners are working toward these goals
- b. How have you achieved the goals above?
- c. What obstacles have you faced in your effort to realize these program goals?
- d. What about your program has been most successful?
- e. What changes do you plan to make as a result of your experience operating the program thus far? (e.g. setting retention goals)

Leveraging Resources

Identify as specifically as possible the different resources that your program has been able to leverage, (assign a dollar value to those outside services and in-kind resources you have secured). Use the table to list each of your community partners; describe how each contributes specifically to the after school program (e.g. programming, materials, volunteers, paid staffing, funding); estimate dollar value of in-kind contributions per year (200_-0_). (Add rows if needed.)

Table 1. Resources 200_-0_

Community Partner	Contribution to program	Subcontractor: Yes (Y) or No (N)	Estimated Dollar Value contribution

- How does your program benefit the community economically and how does your program reduce school expenditures and impact school revenue? [For example: increased ADA; child-care for working parents; access to computers, etc.]
- How is the program working with the school and other agencies to integrate services for greater efficiency in service delivery?
- How does your program communicate results to local leaders, school administrators, parents and other professionals? [For example: participation in conferences, community events.]

School Relationships

If you operate programs at different sites, please describe each one separately.

School; _____

Describe how your program is integrated with the regular school program.

How and how frequently does the after school program staff coordinate with the principal and school support staff and teachers?

Describe how the 21stCCLC is included in school functions and activities: (i.e. professional development activities; parent education efforts, field trips, school events such as open house, or other activities).

How does the program share information with the school and specifically what kind of information is shared about the program and about individual students?

What programs/services have been developed in collaboration with school staff?

How often is there a 21st CCLC in-service at the school?

Staff Characteristics

Who are your program staff at each of your 21stCCLC sites? Please enter the number of staff in each category, who work with students at the center. Complete a table for each site you operate: add tables and rows as needed.]

Table 2. Staff Characteristics

TOTALS			

Describe your staff's qualifications and how they match the requirements of the program.

How many paid staff regularly staffed the center this period who were not funded by the 21st CCLC grant? _____

How many paid staff left the program and were replaced with a new staff member during this reporting period? _____

Professional Development

Using the table below, please list the professional development activities your project provided to staff or volunteers during the 0_-0_ project year. These activities could be provided by a) a school, b) a partner agency, c) a regional or state agency, or d) an agency recommended by CDE. Do not include any that were provided by LBUSD or the WRAP project. Add additional lines if needed

Advisory Group

Please describe if your program has an advisory group. Which organization or individuals are in it?

How do they contribute? How regularly does the group meet? What were the accomplishments of the advisory group for the 0_-0_ school year? Do you see the advisory group's role changing over time?

Sustainability

Please discuss how, during the 0_-0_ project year, you addressed sustaining your activities after the 5 year grant period. If you did not address this issue, how will you approach it during the next year?

Collaborating Organizations

Use the table following to list each agency that your program listed as a partner in the proposal and its current role in the collaborative. Roles can include planning/designing the program; delivery of services; sharing and contributing resources; involvement in program management or oversight and working on sustainability beyond the grant period.

Anecdotal Evidence of Program's Impact

Provide anecdotal evidence you have collected during the year of the program about its impact on regularly participating students. Include representative examples of stories of particular students as well as direct quotes gathered through surveys and/or interviews and focus groups with students, parents, teachers, staff, school administrators, program partners and other

community members. Include evidence of behavioral, academic and other developmental outcomes for the children, youth and families you serve.

Regular and Infrequent Activities

Tables 7 and 8 below ask for information about your project activities. We would like you to distinguish between ongoing activities that occur once or several times a week for a period of weeks (regular activity) and activities that do not occur regularly. Provide us with the following information: the name of the activity, the number of hours the activity is offered in a typical week; the total number of weeks offered, whether the activity was offered before school after-school, on the weekend, during an inter-session, during the summer or a combination of these times. **You do not have to provide activity codes.**

We also need whether the activity occurred during the summer 200_ or earlier, in fall of 200_, in winter /spring semester 200_ , summer 200_ or a combination of these; the typical ratio of staff to student at the activity; who participated in the activity, the approximate average daily attendance at the activity.

**STAFFING REQUIREMENTS
(Site Directors and Program Coordinators)**

Effective: 07.01.06

Policy # 037

Policy: Each Partner Agency will abide by the following staffing requirements for the LB WRAP Program.

Staffing Requirements (Site Directors and Program Coordinators):

1. At each site, the ratio of Program Leaders to students must be:
 - 1/15 during Academic Enrichment
 - 1/15 during Academic Assistance
 - 1/20 during Psychophysical ActivityNOTE: Site Directors are NOT to be included in ratios.
2. Each site must have a Site Director in attendance for at least six (6) hours/day. The LBUSD site administrator must be notified immediately in the absence of a Site Director.
3. Each Partner Agency must have a plan in place in the event that a Site Director vacates a position.
4. In the event of a Site Director vacancy, the Partner Agency and the principal will work together in the hiring process. Partner Agencies retain the right to fire or move employees. If a principal has reservations regarding a Partner Agency employee, it is up to the Partner Agency and the principal to decide upon a resolution.
5. If a Partner Agency is managing four or more sites, that Partner Agency must provide one (1) dedicated Program Coordinator for those sites at a minimum of 32 hours per week.

Purpose: To ensure program uniformity, safety and quality as well as grant compliance.

CALENDAR/SCHEDULE REQUIREMENTS	
Effective Date: 07.01.06	Policy # 039

Policy: Program Leaders must provide a monthly calendar for Academic Enrichment and Recreational Activities with all required elements. Monthly calendars are due by the last Friday of each month.

Purpose: Monthly Calendars: To provide the Site Director and Program Leaders a **roadmap** of the program structure for the month. It provides Program Leaders with a general idea of what their daily assignments will be for the whole month.

Weekly Schedules: To provide Site Directors with a more detailed idea of the lessons/activities planned and the objectives for such lessons/activities. Weekly Schedules will help Site Directors hold the Program Leaders accountable for preparing materials and executing assigned lessons.

Procedure:

1. Program Leader develops a monthly calendar that includes the following required elements:

Academic Enrichment:

1. Hours of operation
2. Lessons/activities aligned to content standards (justifies reasons for teaching lesson)
3. Examples:
 - Theater
 - Thematic Art Lessons
 - Science Lessons
 - Social Studies Lessons
 - Curricular Lessons
 - Math/KidzMath
 - Literacy/KidzLit
 - Brain in the Box
4. Site Director's Name and contact information (phone, email, etc.)
5. School's name, LB WRAP Logo & Partner's Logo

Note: Monthly resource books given at Site Directors' meeting could provide ideas to fulfill component.

Psychophysical Activities:

1. Fun activities to develop students' physical and emotional well-being.
2. Content standard alignment not necessary
3. School and age appropriate
4. Give students the opportunity to experience success
5. All students must be involved.
6. Examples:
 - Organized indoor games
 - Organized outdoor games
 - Organized Sports
 - Board Games
 - Arts and Crafts

Scheduled Times:

- Academic Enrichment (45 min)
 - Psychophysical Activities (45 min)
 - Homework Time (1 hour daily)
 - Snack Time (15 min daily)
2. Program Leader develops weekly schedules to provide details of the lessons to be implemented and materials to be available.
 3. Monthly calendars are due to the Academic Director according to the Schedule of Calendar Due dates.

CLASSROOM TEACHER TO PROGRAM LEADER COMMUNICATION	
Effective Date: 07.01.06	Policy # 042

Policy: The Program Leader will give classroom teachers the Classroom Connection form for every student in his/her cluster at least three times a year at appropriately spaced intervals.

Purpose: To provide communication between the classroom teacher and the Program staff regarding student homework habits, academic needs and behavioral characteristics.

Procedure:

1. The Program Leader completes the upper portion of the Classroom Connections form for every student enrolled in his/her cluster.
2. The Classroom Connections sheet is delivered to the appropriate teacher via email, district mail or hand delivery.
3. The classroom teacher returns the completed Classroom Connection form to the Site Director by the due date requested.
4. The Site Director shares the information with appropriate Program Leader.
5. The Program Leader uses the information gathered about the student to develop or adjust the student's academic and behavior plans during activities.
