 23:58:45 \*MISCN 1A63 Info:No groups or people smoking marijuana or making noise around the bar. The vehicle with loud music was GOA. We contacted security in front of the bar and they said there was a black truck parked on Maine playing loud music when this call came in. The truck was not on their property and the occupant was not one of their patrons. Security adv the driver of the truck that someone would call the police if he didnt turn off the music. The occupant of the truck told him to pound sand and then left a few minutes later.
