Dear Mrs. de la Luz Garcia,

Thank you for the notice of the hearing on 14th June, 2016, concerning the extension of the limited parking on Snowden Avenue to Los Santos Drive. Unfortunately, I am unable to attend, but I felt I would like to express my reasons for opposing the extension.

Surely the roads are considered for the use of the public so that the residents, visitors and workers have access to parking as well as driving. At present, each leasehold has space for two cars to park in the street, and those with corner locations have another three. The latter also have two-car garages and drive ways for parking. Surely, that is more than enough.

The main concern of those wanting to extend the limited parking is the students from the university parking in the area. I feel this is shortsighted and selfish. Education these days is expensive and if the students try to save on the cost of parking, <sup>and</sup> they are willing to walk a mile-and-a-half

to the centre of the campus, they should be applauded not  
victimized. They are our hope for the future.

I hope my views will be taken into consideration,

Yours sincerely,

Amiel Penabazco.
