Public Comment	diana lejins	dianalejins@yahoo.com	90815					Discrimination against groups of people is wrong. In 2010, State initiative Prop 19 fully legalizing marijuana passed with flying colors in the City of Long Beach. Yet, this Council and government continues to demonize and degrade people who are sick and disabled that use medical cannabis. Prejudice is just as egregious whether it's towards race, culture, gender, choice of medical care, or towards any other group of people. Isn't it time to stop the discrimination for those in need?	7/19/2016
19. (16-0660) Recommendation to request City Attorney to prepare and return to the City Council for its consideration, all documents necessary to place one or more possible ballot initiatives on the November 8, 2016 ballot related to the taxation of recreational and medical marijuana; and/or request City Attorney to prepare and return a competing medical marijuana regulatory ordinance for placement on the November 2016 ballot.	diana lejins	dianalejins@yahoo.com	90815					What is it that you're not getting? Medical marijuana is a miraculous God-given herb that treats a myriad of ailments, including cancer, multiple sclerosis, epilepsy, PTSD, etc. You had the opportunity to create an ordinance but failed. The citizens put forth the money and effort. Now you want to undermine this effort--totally disrespectful! The best you could do is to allow their ordinance to become effective immediately and then put a tax measure on the ballot for recreational only.	7/19/2016

Jeff Abrams	jma4bb@gmail.com		Belmont Heights	Long Beach	CA	90803	This is a shameful disregard for your constituents who look to you to better our city. Instead you waste more money, now millions to defeat the evil menace of medical marijuana that CO, WA, D.C. and AK know to be untrue. But LB must be different in your eyes. How, why ? This will spark a real rebellion in LB to this new edict. We can and will mobilize. You have toyed with us enough. Your friends, neighbors and relatives deserve better than you are providing. With respect, J	7/18/2016
