Subject: Ice cream truck music ban ---in support!

Hello Dee,
I have read articles about the new possible rules to help keep our neighborhoods just a little bit more quiet.
I just wanted to say that I have friends who live in neighborhoods where the ice cream truck is blaring all day long until 9pm at night.
Sometimes there are 5 trucks on a street at a time!
I am fully in support of any new rules that will help limit the noise pollution. A truck once or twice maybe during the day, a few minutes of music maybe but that's it. There needs to be some respect for the residents who need to sleep or just relax.
I noticed most of the people who don't want the ban, aren't in neighborhoods that have this problem.
Thank you and keep up the good work!
Dorsey
